### The Suit Compromised.

Winston Salem, N. C. 17.—The libel suit instituted last year against the Charlotte Observer by Mrs. Victoria Roberts, of this city, has been compromised. The papers were signed today. The Observer pays \$100 and the costs attached to the action. Mrs. Roberts sued for \$10,000.

The suit grew out of a telegram published in the Charlotte paper which reflected on the character of Mrs. Roberts. The message was sent to the Observer from Norfolk, Va., while Mrs. Roberts was in that city. She went there to visit her friend, Mrs. Osborne, who was found dead and whose husband was arrested later, charged with the murder.

Mrs. Roberts also instituted suit against the Norfolk Pilot for publishing a story about the same time which reflected upon her good name. She won in this suit, the Norfolk paper paying her and her counsel about \$500.

### Hardee-Patrick.

ORMONDSVILLE, N. C., Dec. 17. Yesterday afternoon at 3 o'clock, a very pretty and unique marriage took place at Snow Hill, at which time Mr. W. J. Hardee, a very popular and enterprising young man of our neighborhood, and Miss Lillie Patrick, the beautiful and accomplished daughter, of Mr. D. W. Patrick, were united in marriage. The groom entered the parlor with his best man, Mr. J. R. Turnage, followed by the bride, with her maid of honor, Miss Fannie Hardee, a sister of the groom.

Rev. E. Pope performed the ceremony in a very impressive manner. Other attendant: Miss Maggie Holmes and Chas. Harper, Miss Florence Dail and C. L. Hardee, Miss Lucy Turnage and Roy P. Taylor, Miss Hannah Hardee and J. V. Johnson. Immediately after the ceremony, the happy couple with friends returned to the home of the groom, where an elegant dinner was served.

Mr. and Mrs. Hardee received many valuable and useful presents which showed the extreme popularity of the couple.

A moonshine still of 160 gallons capacity has been captured near Durham.

### ENTYTY OF VACANT LANDS.

North Carolina, Pitt County. Henry Baker claims and enters the following piece or parcel of lands, containing seventy five acres more or less, lying and being in Pitt county, on the south side of Tar river in Greenville township and on both sides of Swift Creek swamp adjoining the lands of Thomas Tucker and Henry Corey, the heirs of Bryant Baker and others and south westerly course from the mouth of Laurel swamp, where Laurel swamp enters into Swift creek. Any person, or persons claiming title to or interest in the above described lands, must file their protest in writing with me within the next thirty days, against the issuing of a warrant, or they will be barred. This Dec. 18, 1903.

R. WILLIAMS, Entry Taker Ex-officio.

Will Joyner, of Norfolk, has been visiting relatives here the past week.

Last night and this morning out at the depot everything was like a bee hive. Lovely girls and gallant youths waiting to take the train for home to spend the holidays. All gay and happy. It was a scene to gladden the heart and cheer the soul. Each seemed to vie with the other in making the parting pleasant and many were the kind wishes for a happy Christmas and a pleasant return to school. Yes, we too, wish them all a happy Christmas and when they come back none will be more pleased to meet them than we.

Pension Agent Goethe, of Washington, D. C., has been here several days in an official capacity.

Mrs. Sarah Taylor has received a splendid assortment of Christmas toys, &c., and would be pleased to have everyone coming this way to call and examine.

### Cotton.

Col. I. A. Sugg furnishes us with the information that five years ago today cotton sold in New York for 4.98 per pound. Just one year ago it sold for 8.27. Just five cents per pound less than today. What a fluctuation caused by conditions.

Song. Recitation—Baptist Sunday school.

Song. Address—Suggestion for our work in 1904.

Song. Reports of committees and miscellaneous business.

Doxology and benediction.

It is understood by all intelligent people who are keeping up with North Carolina that the material progress of the state is something simply wonderful. This fact is evidenced very clearly in the number of certificates of domestic corporations filed during 1903 which is 554. In 1893—just ten years ago the number was 21. The corporations for which certificates were granted in 1903 represent an authorized capital of \$48,790,150 with \$15,771,490 subscribed. The secretary of state issued during 1903 423 land grants. This large number is especially significant in indicating that the value of land is increasing at an enormous rate, and that there is a phenomenal rise in the value of agricultural products, and lumber mining development. Five railroads have filed charters with the secretary of state during the year.

These are the Kinston and Carolina Railroad Company, Holly Shepter Railroad Company, Atlantic and Western Railroad Company, North State Railroad Company, and Atlantic Railway Company.—Raleigh Christian Advocate.

### They Are Reinstated.

Besides the mention made in THE REFLECTOR a few days ago about the members of the 67th Regiment of state troops being dropped from the roll of Confederate pensioners several letters from Greenville were sent at once to the State Auditor calling attention to this injustice to the old soldiers. We are glad that the effort in behalf of those who were dropped from the roll has borne fruit quickly, and today Superior Court Clerk D. C. Moore received a telegram from State Auditor B. F. Dixon that checks for the others had been forwarded. This is good news for those who were left off.

### Aycock and Pou Speak in Baltimore.

Baltimore, Dec. 18.—Governor Aycock was the star in the banquet of the North Carolina Society of Baltimore at the Carrollton Hotel tonight. From all the chandeliers hung North Carolina flags, and tiny Carolina flags adorned the lapels of every guest. The tables were decorated with trailing vines, Southern gray moss holly and open bolls of cotton, while small Carolina pine trees stood at intervals around the room. The menu included North Carolina planked shad, turkey and roast, partridge.

President Edwin Geer presided. The governor was greeted by prolonged cheers and aroused great enthusiasm. Congressman Edward W. Pou, of the fourth district, made an eloquent address, on the progress of the state in the thirty years.

SATURDAY AFTERNOON, DECEMBER 19 1903.

It makes you shiver if you don't have a fire and shakes your pocket if you do.

The government pensions for the current year amounts to \$138,150,000. These are figures to think about.

The country is waiting for the next big negro, college professor or preacher to bob up for a little notoriety.

Charlotte policemen arrest ganders when they make too much noise on the street. Is a case of "goosey geese, gander?"

In his report Dr. McKee, superintendent of the hospital for the insane at Raleigh, says there are now on file 103 application for the admission of patients who cannot be received for treatment because of the lack of room. This is the state's greatest shame. All things else should be relegated to the rear until ample provision is made to properly care for the insane. Foisting of state progress along all other lines pales beside this shameful neglect.

So long as the farmers find a ready market for their cotton at 12 1-2 cents per pound, we hardly see why the country should worry over any threatened stagnation in her cotton mills.

Nothing has been said of the stagnation which has for years been stifling existence on farms and driving thousands from the fields to the overcrowded cities.

The people will still continue to use cotton goods, and since the mills will always have a sale for their products, the cost of the raw cotton should be an insignificant matter. Make the price of the one correspond with the cost of the other—that's all.—Asheville Citizen.

Using the Time.

After supper these winter nights it is a long time until bed time. Much depends on how our boys and girls employ the hours from five to nine or ten o'clock. If you live in a town or village, young man, it is a great temptation to go up town and trifle the hours away with men who ought to be at home with their families, but who prefer to waste the time in senseless gabble about the stove in the grocery or the drug store. Do not go near them, boys, we beseech you. Use these four hours every night in improving yourselves. If you have had a poor chance in school here is where you may make up lost time. Lay off a plan of reading for the winter. Get some biography, history, a little poetry, and three or four books from the masters of fiction, such as Dickens or Scott or Cooper. You can get them. Ask your preacher to help you out. He will take pleasure in doing what he can. Then set yourself to your task. Somebody who knows it all will tell you you had better be reading your Bible. Pay no attention to him; he has never hurt himself reading his. Lay out your course of reading and then stick to it. By next May you will find your mind wonderfully strengthened and enriched.—Charity and Children.

A young frenchman who discovered that his fiancee spent 50,000 francs a year at her dressmaker's broke his engagement and married a dressmaker.—Durham Sun.

The man who informs you that life isn't worth living is the first to telephone for a doctor if a spider bites him.

Every man expects to wake up some day and find himself famous. As a rule he does get as far as the waking-up part.

It sometimes happens that the man who has a wife and an automobile has two unmanageable things on his hands at once.

Rev. Dr. Hillis, the successor to the pulpit of Henry Ward Beecher, predicts that women will know more than men in fifty years. No doubt about it, for they have known more for fifty years past.—Durham Sun.

Judge William S. Bennett says that New Yorkers live beyond their means and says he can recall six men whose incomes average six thousand dollars a year each, who in the last six months have been dispossessed in his court for non payment of rent. Better have one thousand and contentment in a rural village than six thousand and distress warrants in the metropolis.—Winston Journal.

A Blessing in Disguise.

The "industrially educated" negro is yet destined to be a blessing, if in disguise, to the south. He has been "industriously educated" till he industriously avoids work and his absence from the cotton patch has so depressed the cotton crop as to advance the price to 12 1-2 cents a pound, and still higher later.—Duplin Journal.

The Farmers Chance.

This is the farmer's chance. Everything he has to sell, except tobacco, is bringing remunerative prices. Tobacco would bring good prices if the trust had not decided upon a wholesale spoliation of the farmer this year. But, now that the time for preparing plant beds is near at hand, tobacco is selling higher. The trust wishes to "bait farmers" to raise another large crop next year.

The people living in towns and cities upon whom the higher prices of everything to eat bears heavily, should remember that they enjoyed prosperous times when the farmers were selling their products at the cost of cultivation. "It is a long lane that has no turning." With better prices for what a farmer has to sell, there will be a new and happier life on the farm, boys will quit deserting it to come to town, and the state will be blessed. The way to secure better conditions is to raise chickens, turkeys and meat, as well as truck and "garden sass" for the market. The farmer who has plenty of something to eat to sell is strictly "in it" and will make more money than growing cotton at twelve cents a pound.

With better prices for farm products, the tendency for men to leave the farm and crowd into factories will end, and the exodus will be rather from the towns to the country so that the threatened danger of the destruction of prosperous conditions that prevailed in 1894 will pass away.—Raleigh News and Observer.

Mr. Chris Kennedy, a white employe of the Gay Lumber Company's railroad was killed Friday morning by the engine of the log train running over him.—Kinston Free Press.

### FROM SOUTH AFRICA.

New Way of Using Chamberlain's Cough Remedy.

Mr. Arthur Chapman writing from Durban, Natal, South Africa, says: "As a proof that Chamberlain's Cough Remedy is a cure suitable for old and young, I pen you the following: A neighbor of mine

had a child just over two months old. It had a very bad cough and the parents did not know what to give it. I suggested that if they would get a bottle of Chamberlain's Cough Remedy and put some upon the dummy teat the baby was sucking it would no doubt cure the child. This they did and brought about a quick relief and cured the

baby." This remedy is for sale by Wooten's Drug Store Greenville and R. L. Davis Farmville.

### The Best Liniment.

"Chamberlain's Pain Balm is considered the best liniment on the market," write Post & Bliss, Drug Store, Greenville, R. L. Davis & Bros. Farmville, of Georgia, Vt. No other liniment

will heal a cut or bruise so promptly. No other affords such quick relief from rheumatic pains. No other is so valuable for deep seated pains like lame back and pains in the chest. Give this liniment a trial and you will never wish to be without it. Sold by Wooten's Drug Store, Greenville, R. L. Davis & Bros. Farmville.

### Chamberlain's Cough Remedy is Pleasant to Take.

The finest quality of granulated loaf sugar is used in the manufacture of Chamberlain's Cough Remedy, and the roots used in its preparation give it a flavor similar to maple syrup, making it quite pleasant to take. Mr. W. L. Roderick, of P. Olesville, Md., in speaking of this remedy, says: "I have used Chamberlain's Cough Remedy with my children for several years and can truthfully say it is the best preparation of the kind I know of. The children like to take it and it has no injurious after effect. For sale by Wooten's Drug Store, Greenville, R. L. Davis & Bros. Farmville.

### Only Makes a Bad Matter Worse.

Perhaps you have never thought of it but the fact must be apparent to every one that constipation caused by a lack of water in the system, and the use of drastic cathartics like the old fashioned pills only makes a bad matter worse. Chamberlain's Stomach and Liver Tablets are much more mild and gentle in their effect, and when the proper dose is taken their action is so natural that one can hardly realize it is the effect of a medicine. Try a 25 cent bottle of them. For sale by Wooten's Drug Store, Greenville, R. L. Davis & Bros. Farmville.

### A GOOD NAME.

From personal experience I testify that DeWitt's Little Early Risers are unequalled as a liver pill. They are rightly named because they give strength and energy and to their work with ease.—W. T. Easton, Boerne, Tex. Thousands of people are using these tiny little pills in preference to all others, because they are so pleasant and effectual. They cure biliousness, torpid liver jaundice, sick headache, constipation, etc. They do not purge and weaken, but cleanse and strengthen. Sold by Jno. L. Wooten.

### DOESN'T RESPECT OLD AGE.

It's shameful when youth fails to show proper respect for old age, but just the contrary in the case of Dr. King's New Life Pills. They cut off maladies no matter how severe and irrespective of old age, Dyspepsia, Jaundice, Fever, Constipation all yield to this perfect Pill. 25c, at Wooten Drug Store.

## THE AMERICAN MONTHLY REVIEW OF REVIEWS

**THE NECESSARY MAGAZINE IN THE PRESIDENTIAL YEAR**

The Review of Reviews is often called a necessity, in recognition of its usefulness in keeping readers "up with the times."

In Presidential election years the REVIEW OF REVIEWS is more than ever "the necessary magazine." Everybody wants to be truly and quickly informed about this or that public question that has forged to the front; to know about the new candidates and personal factors in politics, to have a complete picture at hand of the current movement of history.

In Dr. Shaw's editorials, in its authentic and timely contributed articles, in its brilliant character sketches, in its condensation and reviews of all the important articles of other magazines, and in its hundred a month of valuable portraits, witty cartoons, and interesting views, the REVIEW OF REVIEWS gives the much desired news of the world's and our own progress. "The World under a Field-glass" is the way one subscriber describes it. "When in public life, like President Theodore Roosevelt, the members of Congress, and the great captains of industry, who must keep up with the times, intelligent men and women all over America, have decided it is indispensable."

### A REMARKABLE CASE.

One of the most remarkable cases of a cold, deep seated on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Fenner, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I ran down in weight from 148 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." Sold by John L. Wooten.

### WROD OFFICES AFTER 40 YEARS.

Mr. C. Hauey, of Geneva, O., had the piles for 40 years. Doctors and dollars could do him no lasting good. DeWitt's Witch Hazel Salve cured him permanently. Invaluable for cuts, burns, bruises, sprains, laceration, eczema, tetter, salt rheum, and all other skin diseases. Look for the name DeWitt on the package—all others are cheap, worthless counterfeits. Sold by Jno. L. Wooten.

### ALL OVER THE HOUSE.

Some of the Things Which Explain Why the Cake is a Failure. When the cake is a failure it may be because, firstly, the fruit has sunk to the bottom of the cake. If so, the cake was badly mixed, or it was moved in the oven before it was set, or the oven door was heavily banged; hence the cake fell, and great was the fall thereof, because, like Humpty Dumpty, it cannot be restored to its former estate.

Secondly, the cake may be a failure because it has heavy, dull colored streaks through it. If the streaks run through the center only the cake is not sufficiently baked; if all through the cake the butter and sugar are not creamy enough or else the butter is not rubbed in thoroughly. There is no remedy.

Thirdly, the cake may have risen splendidly at first, then have sunk in, with perhaps a hole in the middle. The reason for this is that there was too much baking powder, or the cake was moved in the oven, or the oven door was banged before the cake was set.

Fourthly, the cake may be badly burned beneath. The reason for this is that the bottom heat in the oven was too fierce. To correct this evil stand the cake tin in a baking tin containing about one and a half inches of common salt or sand. This acts as a nonconductor of heat.

### Laundry Pointers.

Clothes cannot be rinsed too much. The little spots of iron rust which appear in most mysterious places—in gathers, under ruffles, trimming, etc.—are due to the soap not having been rinsed out, and it united with the bluing and formed an iron compound. Rust often comes from the boiler, but one can always tell when such is the case.

The question of whether clothes should be soaked overnight or only a short time is a much discussed question; but, considering the action of soaking to be the removal of dirt, to lessen the wear on clothes, soaking overnight is too long. The first action of soap, which is alkaline, is to soften dirt and make it soluble. If the clothes soak too long other compounds are formed much more difficult to remove. One cannot always see them, but they are there.

The use of chemicals in the laundry, unless properly handled, should not be allowed. The strong washing powders and fluids, if used in moderation, will not injure the clothes. The chemicals in use are ammonia, borax, chloride of lime. All chemicals should be dissolved before the clothing is put in the tubs. These chemicals rot the goods, and they soon fall to pieces.

### Cleaning Hairbrushes.

To wash hairbrushes dissolve a couple of tablespoonfuls of borax in a little boiling water and add to it a sufficiency of cold water in a shallow vessel, deep enough only to cover the bristles. In this dab the brush up and down till clean, rinse with clear water and put in the air to dry. Remember in washing brushes that hot water must not be used, and they must not be placed near a fire or in the sun to dry. Carelessness in these points will result in the bristles losing their stiffness and becoming discolored.

### A Medicine Closet.

The up to date architect when planning a bath room is almost sure to make room for a medicine closet. It is high enough to be out of reach of childish hands, but low enough to be accessible to the busy housewife.

In these days of telephones the medicine closet may seem a superfluity, but experience teaches every mother that a judicious use of its contents may obviate too frequent calls for the doctor and furnish the ounce of prevention which is worth a pound of cure.

### Useful to Know.

A cup of milk added to the water with which an oilcloth or oiled floor is to be washed gives it a luster like new.

The application of a bit of soap on the point of a lead pencil to a creaky hinge will cure its stiffness and silence its complaints.

Ink stains may be removed from linen by putting melted tallow on the mark and then washing the article. The ink and grease will come out together.

### Disinfecting.

The following solution is found satisfactory for disinfecting vessels and clothes used in the sick room, where there are infectious diseases, since it leaves no stain and will not harm the most delicate fabrics: Dissolve one-half dram of nitrate of lead in one-half pint of hot water and a tablespoonful of salt in a pail of cold water. Mix together, and it is ready for use. This is poisonous to drink.

## Women's Headaches

542 1-2 Congress Street, PORTLAND, MAINE, Oct. 17, 1902.

I consider Wine of Cardui superior to any doctor's medicine I ever used and I know whereof I speak. I suffered for nine months with suppressed menstruation which completely prostrated me. Pain would shoot through my back and sides and I would have blinding headaches. My limbs would swell up and I would feel so weak I could not stand up. I naturally felt discouraged for I seemed beyond the help of physicians, but Wine of Cardui came as a God-send to me. I felt a change for the better within a week. After nineteen days treatment I menstruated without suffering agonies I usually did and soon became regular and without pain.

Wine of Cardui is simply wonderful and I wish that all suffering women knew of its good qualities.

*Mrs. Wilhelmina Snow*  
Treasurer, Portland Economic League.

Headaches are the danger signals of coming disease. Both men and women suffer headaches, but periodical headache falls only to the lot of women and is the unerring sign of irregular menstruation and bearing down pains. Completely prostrated by nine months of suppressed menses, blinded by headaches and racked with pain Mrs. Snow was made a strong and healthy woman again. Remember with Wine of Cardui no case is hopeless because this great remedy cures permanently nineteen out of every twenty cases and never fails to benefit a case of irregular menses, bearing down pains or any female weakness. If you are discouraged and doctors have failed, try Wine of Cardui, and try it now. Remember that headaches mean female weakness. Secure a bottle of Wine of Cardui today. All druggists sell \$1.00 bottles of Wine of Cardui.
