#### Bidding for Ships of War.

London, Dec. 29.—It is said at the Japanese legation here to-night that no sale has yet been effected of the Argentine warships Moreno and Rivadavia, now building at Genoa, Italy, for the purchase of which Japan is negotiating. Russia has made a counter bid and the negotiations are continuing.

#### Oil for Less Money.

Toledo, Ohio, Dec. 29.—The Standard Oil Company has reduced the price of oil five cents in the east and two cents in the west. This comes as a disagreeable surprise to producers in the northwestern Ohio field, who are inclined to believe it is intended to cause holders to throw their stock on the market.

#### Coal for Japan.

Norfolk, Va., Dec. 29.—The big British steamship Knight Errant arrived here today and will begin tomorrow to take on 11,500 tons of Pocahontas coal for the Japanese government, to be used by Japanese warships in the event of war with Russia.

#### Pneumonia in Chicago.

The Chicago board of health is confronted with a serious problem by the prevalence of pneumonia, which has established a new death record. The County Hospital is crowded and only the most serious cases are taken in. The disease claimed 139 victims in the seven days ending Saturday, which is 27 per cent of the death list.

#### Scared Away by Boll Weevil.

The boll weevil has turned a considerable tide of immigration from Texas to Mississippi. There are 90,000 Mississippians settled in Texas, who with their families constitute 250,000 persons, the largest element in the Lone Star State. The holidays have brought hundreds of these Mississippians back to their old homes, and they say they have come for good, the failure of crops this year, largely because of the boll weevil having convinced them that they can do better in Mississippi than Texas.

#### Mayor's Court.

Mayor H. W. Whedbee has disposed of the following cases in his court from Dec. 22th to 30th inclusive:

Right Blount, drunk and engaging in riotous conduct, fined \$5 and cost, total \$7.20.

Turner Thorne, larceny bound over to Superior court.

Zeno Allen, drunk and down, fined \$2 and cost, total \$4.30.

Zeno Allen, carrying concealed weapon, bound over to Superior court.

Till Daughy, drunk and down, fined \$2 and cost, total \$4.20.

Jesse Starkey, violating chapter 3, section 1, of the town ordinance, fined \$1 and cost, total \$2.95.

James Barber, drunk and down, fined \$2 and cost, total \$4.30.

Noah Barber, drunk and down, fined \$2 and cost, total \$4.30.

John Lackany, drunk and down, fined \$2 and cost, total \$4.20.

Tony Baptist, assault with deadly weapon, bound over to Superior court.

Arden Evans, drunk and down, fined \$2 and cost, total \$4.20.

John Taft and Alex. Bailey, (col.) drunk and disorderly, fined \$2 each and cost, total \$8.35.

Frank Forbes, carrying concealed weapon, bound over to Superior court.

Joe Summons, drunk and down, fined \$2 and cost, total \$4.20.

Richard White, carrying concealed weapons, bound over to Superior court.

Elmer McMinn, drunk and down, judgement suspended upon leaving town at once and not to return in twelve months.

Wm. Hanrahaa, drunk and down, fined \$3 and cost, total \$5.30.

#### Farmer's Wife Shot.

Charlotte, N. C., December 29.—A masked man entered the residence of John K. Orr, a farmer who lives two and a half miles north of this city, about 10 o'clock this morning, secured Mr. Orr's revolver and shot Mrs. Orr just above the heart, inflicting a serious, though not necessarily fatal, wound, and then robbed the house of various articles and a small sum of money.

There is no tangible clue to the guilty party. Mr. Orr left home this morning and came to Charlotte, and it was during his absence that the robbery and attack upon Mrs. Orr occurred.

#### Gagged Policeman.

Richmond, Va., Dec. 29.—Bound with ropes and wire and securely gagged, Policeman J. L. Garrett was forced to sit quietly by and see the safe in the post office at West Point, Va., blown open and robbed of an amount estimated at \$5,000.

#### Build More Houses.

Two houses advertised for rent in THE REFLECTOR bringing a half dozen applicants in less than that number of hours after the paper is out, shows the need of more houses in Greenville. The growth of the town would be more rapid if people could get houses as fast as wanted.

#### Same Old Story.

Two small colored children were burned to death about seven miles from LaGrange Saturday, in a cabin in which they had been left by themselves. The mother looked them in and went to a neighbor's, and it is supposed they set fire to the house by playing with fire and were burned in it.—Kinston Free Press.

#### Another Wet.

An election was held in Farmville, Monday, on the question of dispensary against saloons. The saloons won by a majority of twenty odd.

#### Entertainment Postponed.

The committee for the Christmas entertainment of the Episcopal Sunday school wish to announce on account of the diphtheria scare they have decided not to have the usual tree, but will have an Easter entertainment for the school instead.

#### Farm Labor.

The textile mills of North Carolina now give employment to about fifty thousand operatives. Other manufacturing interests, such as saw mills, furniture factories, trouser factories, tobacco factories and many others, engaged about fifty thousand more. Most of these have come from the farms inside of twenty years, perhaps most of them inside of ten years. It is said that the Southern Railway has four thousand hands employed in Virginia double tracking its line out of Washington southward, and the Richmond, Fredericksburg & Potomac has approximately as many more double-tracking its line from Washington to Richmond. Many of these have been drawn from farms in North Carolina. Perhaps ten thousand able-bodied negroes, fitted only by endowment and training as farm laborers, are living in towns and cities and being supported in idleness by cooks and other servants from the households of white people.

Perhaps these facts have something to do with the scarcity of cotton for the mills and its abundance in the fields unpicked at this season. It's a condition, however, which makes farming attractive to the willing worker and opens the way for immigration of the better class of good white farmers from other parts of this country and Europe.—Charlotte Chronicle.

#### Mr. Benj. May Assigns.

Mr. Benj. May, general merchant, made a general assignment today, naming as assignee Mr. Jas. F. Parrott. There were no preferences and it is thought the liabilities and assets are about equal, amounting to between \$5,000 and \$6,000.

Mr. May and Mr. Parrott are busy taking inventory and no details were learned. The doors were closed this afternoon.

Mr. May embarked in the mercantile business about a year ago, prior to that time being engaged in the tobacco warehouse business as one of the proprietors of the Central warehouse from the time it was established until he opened a general merchandise store.—Kinston Free Press.

#### WINTERVILLE ITEMS.

WINTERVILLE, N. C., Dec. 29.

Mrs. Fannie Tyson and Mrs. Rudolph Croon, from near Kinston, are visiting Mrs. Ed. Ne'son.

Misses Mimie Cox and Ethel Carroll came home Wednesday evening from Raleigh to spend the holidays.

Mr. Huff, of Maple Cypress, has been a visitor here this week.

W. L. Hurst has accepted a position in the store of the Winterville Mfg. Co.

R. L. Little, of Florence, S. C., is visiting his parents for a few days.

Unusual—Christmas morn an old hog with appetite voracious and a keen sense of appreciation for the good things that naturally come along during the holidays, wended her way in the neighborhood of the boy's dormitory and there she spied a pussy cat. No sooner done than sad to satisfy the voracity of her inner feelings she pounced upon poor pussy and with one mighty crush of her ponderous jaws she crushed, and in a moments time as we have never before heard, ate poor pussy up. Prof. Nye and the ladies deserve much credit for the valor they displayed, but alas! the old hog was victor and the vanquished are now silently sitting by their friends musing and wondering did ever before in the knowledge of man did hog display such taste. Yes! the hog ate the cat.

Misses Mollie Bryan, Kate Chapman, Hulda Cox, Lena Dawson and Lida Roberson, after spending Christmas at home, have returned to their various schools in the country.

Claude Dawson has been home during the week from the A. & M. college at Raleigh.

The school girls and boys are all back and everything is now serene and Josephus is his own again.

Jerry Nichols, of Green Pond, S. C., is here on a visit.

Miss Olivia Cox, who has been attending college in Tennessee, has returned home and her many friends are glad to see her.

J. A. Nichols, of Plymouth, is spending the holidays with relatives here.

Joe Smith received a painful burn near the eyes from fire works Christmas.

Oce Christmas tree was a success and everybody was happy.

Rev. Mr. King, of Ayden, preached in the Missionary Baptist church Sunday morning, and Rev. J. B. Jackson Sunday night.

G. R. Dixon has the cutest fire place outside the capital. 6 x 8.

#### \$13,000 Bill.

A correspondent signing himself "Siam" has the following letter in last Saturday's New York Sun:

"Having just arrived here in this land of the free, &c., from Siam, where I have lived for many years, I take the liberty of asking you if there is such a thing as a thirteen thousand dollar bill in circulation.

"It has been my custom for years to give, every Christmas, a Siamese bank note of the value of \$12,999.99 in your money to each of my ten children; and hoping that I won't have to disappoint the little dears I appeal to you for information.

"I have exhausted every other known method. Yesterday I loaded down with large checks and presented one or more at every bank in the city hoping thereby to receive in change the notes of the denomination I desire. Can you help this 'distinguished foreigner'?"

WEDNESDAY AFTERNOON, DECEMBER 30, 1903.

The bulls are rubbing the flank where the bears took hold.

You can't always tell when it comes to guessing what cotton is going to do.

Tong Chew, a young Chinaman and brilliant scholar, is arranging to start a newspaper in New York to be printed in the Chinese language.

"With the present price of the two commodities, would you advise me to plant cotton or tobacco next year?" asked a farmer. Cotton of course.

And Josiah comes back at Josephus in a 4-column article. The public will be glad when this controversy is at an end. Both have said enough, and too much.

Monday night the plant of the Norfolk Landmark was damaged by fire to the extent of \$7,000. We hope the paper will not be crippled by this misfortune.

A recent poll of the democratic senators and representatives in congress places Gorman in the lead as their preference for presidential candidate.

It required an appropriation of \$153,000,000 to run the postoffices and postal routes of this country, this year, with a deficit of \$4,000,000. The appropriation for next year will be \$160,000,000.

When it comes to treachery, ex Gov. Daniel Russell going to Washington in the interest of the reapointment of Miss Dalby as postmaster and getting the appointment for his own wife oversteps all.

It is well to have a high standard of life, even though we may not be able altogether to realize it. Whoever tries for the highest results cannot fail to reach a point far in advance of that from which he started.

The Panama canal treaty is the all absorbing topic. The South is very anxious for a canal to be built, but does not want to see it secured by dishonorable means nor the country involved in war just for the sake of getting it.

Be patient with everyone, but above all, with yourself. Do not be disturbed because of your imperfections, and always rise up bravely from a fall. Make a daily beginning; there is no better means of progress in life than to be continually beginning afresh.

To retain the spirit of youth while age weakens the body is a splendid thing. There are those of whom we say "he never grows old." Their hair may be whitened, their faces wrinkled and their shoulders bent, but in heart they are young. If "their strength is labor and sorrow," their lively interest in the things that concern those of younger generations gives no indication of it. Their tenderest and inmost thoughts may be of the past, but they live in the present.

The death of Mrs. Cicero W. Harris, which occurred a few days ago in Washington City, is learned with regret in North Carolina, her native home. She was well known and has been prominent as a newspaper correspondent.

Troubles and blessings increase by being aired and ventilated. Therefore say little about your troubles that they may decrease and talk much of your blessings that they may grow upon your hands. Why should you be self-afflicted when you can help to bless yourself?

Saxony has decided to follow the example of Prussia in stealing the eastern frontier against emigrants for America from Russia and other Eastern countries, except they pass through the stations of the North German Lloyd and Hamburg American companies. Owing to the new regulations the competition of rival companies for the emigration traffic will be further restricted.

Hit Em Agan.

A writer who made a flying trip through the South gives his impressions in one of the northern magazines, the chief of which relates to "the far-reaching poverty" of this section. Suppose we admit that we are poor though, as a matter of fact we are not nearly so poverty-stricken as the average northern observer infers from superficial appearances, still poverty has some compensations, and besides the poverty of the South is honorable. The people of the North should be among the last to speak of it. Poor as we are, we have been helping to pay pensions to the men who devastated our country and to numerous fraudulent claimants besides. They robbed us and have done what they could since to keep us poor.—Danville Register.

Russia and Japan.

Russia, of course, does not want to fight with Japan, but Russia intends nevertheless not only to retain and fully annex Manchuria, but also, by a gradual and quiet process of encroachment, to secure Korea also in due time. But Japan's geographical, ethnical, commercial, and historic relations with Korea are such that almost every son of the Mikado's empire would be willing to yield up his life in fierce combat rather than have Korea made a Russian province. It is the opinion of many impartial experts that if war should occur promptly, Japan would have the advantage, her fleet and her army being in full readiness for action. But Japan's only hope for permanent success would seem to lie in a policy, for instance, would involve the seizure and annexation of Korea, and would be followed by war with Russia only as Russia should dispute such annexation, and should attempt to drive the Japanese out. Having actually seized and occupied Korea, Japan might propose to negotiate with Russia on the basis of acknowledging Russia's permanent authority in Manchuria in return for a like acknowledgment regarding Korea. It is fairly probable that if Japan were bold enough to take such a course, and to act upon it with the utmost vigor and without a particle of delay, her very audacity might prevent a protracted and bloody war, and might lead to a permanent and valuable solution of the far Eastern question.—From "The Progress of the World," in the American Monthly Review of Reviews for January.

New Way of Using Chamberlain's Cough Remedy.  
Mr. Arthur Chapman writing from Durban, Natal, South Africa, says: "As a proof that Chamberlain's Cough Remedy is a cure suitable for old and young, I pen you the following: A neighbor of mine

had a child just over two months old. It had a very bad cough and the parents did not know what to give it. I suggested that if they would get a bottle of Chamberlain's Cough Remedy and put some upon the dummy teat the baby was sucking it would no doubt cure the child. This they did and brought about a quick relief and cured the

baby." This remedy is for sale by Wooten's Drug Store Greenville and R. L. Davis Farmville.

Chamberlain's Cough Remedy is Pleasant to Take.

The finest quality of granulated loaf sugar is used in the manufacture of Chamberlain's Cough Remedy, and the roots used in its preparation give it a flavor similar to maple syrup, making it quite pleasant to take. Mr. W. L. Roderick, of P. Olesville, Md., in speaking of this remedy, says: "I have used Chamberlain's Cough Remedy with my children for several years and can truthfully say it is the best preparation of the kind I know of. The children like to take it and it has no injurious after effect. For sale by Wooten's Drug Store Greenville, R. L. Davis & Bros. Farmville.

Only Makes a Bad Matter Worse.

Perhaps you have never thought of it but the fact must be apparent to every one that constipation caused by a lack of water in the system, and the use of drastic cathartics like the old-fashioned pills only makes a bad matter worse. Chamberlain's Stomach and Liver Tablets are much more mild and gentle in their effect, and when the proper dose is taken their action is so natural that one can hardly realize it is the effect of a medicine. Try a 25 cent bottle of them. For sale by Wooten's Drug Store, Greenville, R. L. Davis & Bros. Farmville.

A GOOD NAME.

From personal experience I testify that DeWitt's Little Early Risers are unequalled as a liver pill. They are rightly named because they give strength and energy and do their work with ease.—W. T. Easton, Boerne, Tex. Thousands of people are using these tiny little pills in preference to all others, because they are so pleasant and effectual. They cure biliousness, torpid liver jaundice, sick headache, constipation, etc. They do not purge and weaken, but cleanse and strengthen. Sold by Jno. L. Wooten.

WEDDING PILLS AFTER 40 YEARS.

Mr. C. Haney, of Geneva, O., had the pills for 40 years. Doctors and dollars could do him no lasting good. DeWitt's Witch Hazel Salve cured him permanently. Invaluable for cuts, burns, bruises, sprains, laceration, eczema, tetter, salt rheum, and all other skin diseases. Look for the name DeWitt on the package—all others are cheap, worthless counterfeits. Sold by Jno. L. Wooten.

A SCIENTIFIC DISCOVERY.

Kodol Dyspepsia Cure does for the stomach that which it is unable to do for itself, even when but slightly disordered or over-loaded. Kodol Dyspepsia Cure supplies the natural juices of digestion and does the work of the stomach, relaxing the nervous tension, while the inflamed muscles of that organ are allowed to rest and heal. Kodol Dyspepsia Cure digests what you eat and enables the stomach and digestive organs to transform all food into rich, red blood. Sold by John L. Wooten.

## Motherhood

MOTHERHOOD is the reward nature bestows upon healthy womanhood. Women whose vitality has been sapped by disease cannot safely give birth to children. In pregnancy and in childbirth weakness of the mother is revealed in the pain and agony she suffers.

This great medicine drives out every vestige of inflammation and weakness, and gives tone and strength to the delicate organs which mature the child. The pains of pregnancy are banished by Wine of Cardui, and miscarriages, which blast so many fond mother's hopes, are prevented. Flooding, which so often occurs after childbirth, is corrected when Wine of Cardui is used during pregnancy. Wine of Cardui babies are healthy babies, because, during the months of pregnancy, the mother is able to give them necessary vitality and strength.

With these facts presented to American women no expectant mother should be satisfied without the reinforcement that Wine of Cardui will give her. Every mother should be able to treat herself in her home with this valuable medicine.

Wine of Cardui can be secured from any druggist at \$1.00 a bottle.

Polyeap, N. C., Jan. 11, 1902.

I am the mother of seven children and while in pregnancy with the first six suffered untold misery until they were born. One month before the seventh was born I began to take a bottle of Wine of Cardui, which gave me relief after taking three doses. I used the remainder of the bottle until the birth of the child, and was stouter in three days after the birth than I was in a month after the birth of either of the first six. I am 29 years old.

MRS. V. ELIZABETH STAFFORD.

## THE AMERICAN MONTHLY REVIEW OF REVIEWS

THE NECESSARY MAGAZINE IN THE PRESIDENTIAL YEAR

The Review of Reviews is often called a necessity, in recognition of its usefulness in keeping readers "up with the times."

In Presidential election years the REVIEW OF REVIEWS is more than ever "the necessary magazine." Everybody wants to be truly and quickly informed about this or that public question that has forged to the front; to know about the new candidates and personal factors in politics, to have a complete picture at hand of the current movement of history.

In Dr. Shaw's editorials, in its authentic and timely contributions, in its brilliant character sketches, in its condensations and reviews of all the important articles of other magazines, and in its hundred a month of valuable portraits, witty cartoons, and interesting views, the REVIEW OF REVIEWS gives the much desired news of the world's and our own progress. "The World under a Field-glass" is the way one subscriber describes it. Men in public life: the President Theodore Roosevelt, the members of Congress, and the great captains of industry, who must keep "up with the times," intelligent men and women all over America, have decided it is "indispensable."

### A REMARKABLE CASE.

One of the most remarkable cases of a cold, deep seated in the lungs, causing pneumonia, is that of Mrs. Gertrude E. Fenner, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I ran down in weight from 148 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." Sold by John L. Wooten.
