

SUITS

-- FOR --

WORKINGMEN

If there is a class of men that this store strives hard to please with good dependable clothing, it's the mechanic and Workingman.

We have suits made especially for workingmen—made from stout, serviceable mixtures that will not soil easily—and

Put Together to Stay.

Seams sewed with the best of silk and put on with the strongest linen thread.

Our workingmen's suits are cut to be roomy and easy—and still retain an appearance of style and gentility.

Workingmen who have given these suits one trial, are ever afterwards our steady patrons. Moderate.

Attempt to Land Repulsed.

Port Arthur, Feb. 11.—Fifteen Japanese transports and six war ships conveying troops attempted to land at Dalny while the remainder of the Japanese fleet bombarded the harbor. The Siberian Rifles of the Russian artillery repulsed them after two hours of hard fighting with heavy loss on both sides.

Bishop Horner to be Here Sunday.

Rt. Rev. Junius M. Horner, D. D., Bishop of the Missionary Jurisdiction of Asheville, will conduct services at the Episcopal church next Sunday, Feb. 14th at 11 a. m. and 7 p. m. The Holy communion and the rite of confirmation will be administered at the morning service. All are cordially invited.

Of Interest in the Household.

The March Delineator contains much matter of interest and value in its household departments. One of the most excellent features is an article by Eleanor Marchant on serving the Informal Sunday night supper and Impromptu Evening Refreshments, effectively illustrated. Refreshments for receptions, illustrated, as well as the unique luncheon dishes a la Planchette, will appeal to all who enjoy dainty confections.

Lent-observing housewives will find many suggestions to lessen their table difficulties at this season, including Novel Oyster Recipes by Frances E. Peck, Special Lenten Dishes by Alice Chittenden, and Dainty Suffles by Margaret Hill. In addition there are numerous other seasonable recipes and useful information for many home needs.

\$4,200 More to National Guard.

It was announced Wednesday from the Adjutant General's office that the war department had made another allotment of \$4,200 to the National Guard of North Carolina. This makes a total of nearly \$35,000 received by the state troops for encampment expenses, etc. The entire amount appropriated for all the states for this purpose was \$2,000,000.

More Snow.

This section is covered in snow again, and it is a rather peculiar kind of the article. Most of Wednesday afternoon and all night there was a continuous fall of fine hominy snow, and notwithstanding it fell so many hours there is a depth of only 2 to 3 inches. As the snow fell it had much the appearance of granulated sugar. Had it been flake snow the depth would have been considerably greater.

Society's New Game.

"Trail" has taken society by storm. It is something new, something different. "Trail" as the name implies, is founded on a popular hunting sport, is played with fifty-three fine cards in four colors, representing a fox to be chased and caught, and four packs of hounds of thirteen each. "Trail" has a constantly recurring interest for players as they prefer their playing from evening to evening, marked contrast to certain recent boisterous games that bore the players at the end of an hour. With the one pack six other splendid, new, copyright games can be played. Two educational games, and two games of fun, making it suitable for all members of a family. "Trail" can be had of dealers or sent postpaid, 75c. gilt edge, plain 60c. Rules for the seven games free. COMBINATION CARD CO. Atlanta, Ga.

Child Burned.

The oldest child of Mr. J. A. Forrest, a little girl seven years old, who is living with her grandmother, Mrs. Mary Forrest, near Ridge Spring, happened to the very serious accident of being badly burned last Friday morning. The grandmother had just stepped out of the house to get some clothes from a wire. In a few minutes as she was returning to the house, she heard the child screaming and saw it wrapped in flames. Mrs. Forrest hastened to the little one and extinguished the flames as soon as possible. The body, arms, and neck of the little one were badly burned.—Avden Baptist.

Speaking Postponed.

Owing to the snow the speaking announced for tonight on the subject of temperance and dispensary by J. W. Bailey, of Raleigh, has been postponed to one night next week. Due announcement of the night will be made.

Cotton exchange will take holiday tomorrow, it being the anniversary of Lincoln's birthday and observed by some of the states. Who is the king of the goober trust? 'Tis time to give so great a man newspaperity.—Atlanta Constitution. John D. Rockefeller has resigned from the directorate of the steel trust. Must be the steal is complete.—Atlanta Constitution. It's a mighty dull congressman who cannot think of some new plan by which to make a raid upon the surplus in the treasury.—Atlanta Journal. The State Normal.

Greensboro, N. C., Feb. 9.—Letters have been sent to all pupils, stating that the work of the State Normal and Industrial College will be resumed on Thursday, February 18th, and students are expected to arrive in Greensboro on the 17th. The executive committee of the college was in session all day Saturday and until a late hour Saturday night, considering the question of erecting a new dormitory building to take the place of the one destroyed. The only definite and decisive action taken in regard to the matter was the employment of Hook and Sawyer, of Charlotte and Durham as architects. The full board will meet within the next three weeks and decide finally upon plans, and upon the amount of money that can be invested in the dormitory. The contract will then be let and work will be commenced in time to complete the building by September.

Mysterious Death of Scott Wright.

Washington, N. C., Feb. 9.—Scott Wright, who is engaged in hauling logs for C. B. Willis, of this city, was found early this morning about three miles from here lying on the road dead. His carrylog and horses were standing in the road just a few feet from the body. Master John Willis found Wright on his way to the woods to haul wood. There were no bruises on the body, and how he came to his death is not known. He was a resident of this city.

Three Negroes Jailed.

Greensboro, N. C., Feb. 10.—Three negroes, Tom Parker, Jim Richardson, Eugene Salsbury, arrested in Juilian last week, charged with wholesale robbery of Southern Railway freight cars at Pomona shifting yards near here, were given a preliminary trial here this afternoon in nine cases. In default of bonds they are in jail to await next term of Superior court.

Deed of a Devil.

Wilmington, N. C. Feb. 10.—Burning with a fiendish desire to persecute his wife with whom he had quarrelled intermittently for a year or more, Will McKoy, a young negro, employed at the Navassa guano factory, came home Saturday night, lifted his only child, three months old, from its crib and literally drenched it from a pint flask of powerful acid used in the manufacture of fertilizers where the negro worked. The child died in great agony within three hours, and the inhuman wretch of a father made good his escape.

Mrs. Post Guilty.

Jacksonville, Fla., Feb. 9.—A verdict of guilty was returned this evening by the jury in the case against Helen Wilmons Post, the mental science healer who has been on trial for the past ten days in the United States Court. The charge against Mrs. Post was that of violating section 3480 of the Revised Statutes of the United States. It was specifically charged that she devised a scheme to defraud divers people and that she used the United States mails to further said schemes.

Dear Sir: A man said: Send me 25 gallons. Generally I use 24; don't think it'll be enough. Had 7 left. Ordered 9 more for another job: 16 for the job. Had 6 left. This comes from Messrs. W. A. & F. STATE NEWS.

Governor Aycock declined to exercise executive clemency in the case of Jabel Register, of Columbus county, and the condemned man will be hanged on the 25th inst. The Christian church in this state is moving to establish an orphanage. Rev. J. A. Kuykendall, a Baptist minister of Buncombe county, suddenly dropped dead in the pulpit, Sunday morning, just after taking his text. He was in apparent good health when he went to the church. The citizens of Gatesville, N. C., have organized a bank at that place with a capital stock of \$10,000. They claim that the need of a bank at that place had become so apparent that they could not well do without it. Hon. THURSDAY AFTERNOON, FEBRUARY 11, 1904.

Spring is the time candidate for sowing, as well as other kinds of sows.

About the next largest thing to the cotton crop this year will be the crop of candidates.

There is one redeeming feature about it—this is the kind you can't be snow balled with.

The census bureau reports 9,485,537 bales of cotton of this season's crop ginned up to Jan. 16th, 1904.

Admiral Evans has been ordered to take his squadron to Chinese waters to observe the naval operations.

The ground hog can laugh in his hole at those who thought spring had come in the pretty weather a few days ago.

Practically all of the vaults and safes of financial concerns in Baltimore whose places were destroyed by the fire are found to be unharmed.

Fifty thousand people are thrown out of employment by the Baltimore fire. This means much additional loss to the actual property damage. The extent of such a disaster is far reaching.

The year 1904 is early making a record. Already we have had the Chicago theatre holocaust, the Pennsylvania mine horror, the Baltimore fire and several smaller disasters. And now the Japanese-Russian war is on.

The outlook opposes the proposed service pension bill, and says to pass it would be an act of unfairness to the South. It says: "The South has borne tremendous burdens and is still bearing them as a result of the war; it is unfair to that section to make another great addition to those burdens." The South is now paying millions in pensions of which it gets back nothing. It is willing to pay to pension every soldier who needs the government's help, but to pension others is to tend to impoverish it for those who do not need it.

The State Chemist of Pennsylvania has taken 1,000 specimens of the cheap liquor sold in different parts of that state and submitted them to analysis, finding that of 92 per cent of the specimens, wood alcohol was their basis, and that prunes, red pepper and tobacco were among their constituents. The Raleigh correspondent of this paper stated a few years ago that concentrated lye enters into a considerable part of the "chemically pure" that is manufactured in North Carolina, this being employed to "take hold," or, as Pooh Bah said, to make it "bite and scratch." Whether the specific things stated above are true or not still the wonder about the business is, not that sows get so many men but that it gets so few.—Charlotte Chronicle.

Moving Dollars.

A stationary dollar is a poor thing. Money is made to calculate. It is not intended that it should be idle and remain in one place all the time. And he gets hold of a dollar and confines it so it will do no on-

any good prevents it from its legitimate course and use. So then, every man ought to be in a hurry to pay his debts, so that the man to whom he pays money may in turn pay it to another, and he to another. Thus one dollar may pay ten times a dollar debt in a day if men were careful to keep the dollar in constant circulation. Every man who can ought to pay his honest debts everyday.—Scotland Neck Commonwealth.

A New York broker who is a philanthropist, let his pretty typewriter buy a brass bedstead and make purchases to the amount of \$200. The bills got into the hands of the old lady at home, and the philanthropist looked like 30 cents at the breakfast table when his wife asked him to explain what connection brass bedstead had with philanthropy.

Some of the Country's Great Fires.

The Observer is indebted to Mr. Thomas Griffith for the following record of some of the greatest fires that have occurred in the country—the year of their occurrence, their scenes and the losses:

1838, New York	10,000,000
1845, New York	8,000,000

Party Debts to Newspapers.

After the last election the Charlotte Observer had a well considered article on the subject of the unpaid and unpayable debts which parties and politicians owe to the newspapers, especially the country newspapers, which print the full country ticket at their mast-head, and do besides all manner of gratuitous booming of candidates for office directly or through the medium of correspondence contributed by their friends. It was pointed out that hardly one of these organs printed less than a thousand dollars worth of such party literature gratuitously, and the Charlotte paper thought it was a foolish practice, but yet a kind of folly which would long be continued though probably in lessening degree.

Of course, the successful candidates do their best to make some return for this gratuitous by giving to the county paper that kept the successful county ticket standing all through the campaign, as much public printing as the law authorizes, but that necessarily falls far short of value received. The unspeakable ingratitude and meanness of giving any portion of the public printing to papers that do not support the ticket was not averted to by the Charlotte paper, no doubt because it could not imagine that such a base thing could occur.

The subject is one to which the newspaper fraternity is giving more and more attention, as the money value of advertising is more and more realized. The Baltimore Sun makes the contending politicians in its halliwick pay for their communications, and it is probable that it receives a hundred thousand dollars per annum from that source alone, and hence is able to make a better paper for the general public.—Fayetteville Observer.

When You Have a Cold.

The first action when you have a cold should be to relieve the lungs. This is best accomplished by the free use of Chamberlain's Cough Remedy. This Remedy liquefies the tough mucus and causes its expulsion from the air cells of the lungs, produces a free expectoration, and opens the secretions. A complete cure soon follows. This remedy will cure a severe cold in less time than any other treatment and it leaves the system in a natural and healthy condition. It counteracts any tendency toward pneumonia. For sale by Wooten's Drug Store, Greenville, R. L. Davis & Bro. Farmville.

AN EARLY RISER.

A strong, healthy, active constitution depends largely on the condition of the liver. The famous little pills known as DeWitt's Little Early Risers not only cleanse the system but they strengthen the action of the liver and rebuild the tissues supporting that organ. Little Early Risers are easy to act, they never gripe and yet they are absolutely certain to produce results that are satisfactory in all cases. Sold by J. L. Wooten.

Dorothy Dodd SHOES.

The "Dorothy Dodd" Shoe has that something in beauty and style that means individuality.

It possesses "style" in the highest degree; it gives distinction to the foot. In the diversity of kinds there are styles for every person from the exquisite evening slipper to the sturdy winter street boot; they all have a light, airy gracefulness peculiarly their own, which is sure to appeal to a woman's eye. "DOROTHY DODD" SHOES FIT; They Fit Perfectly.

Shoes should always fit closely under and about the instep so as to make it impossible for the foot to slip forward and crowd the toes, while the ball and toes should have plenty of room thus giving free play to the foot.

This is exactly what "Dorothy Dodd" shoes do. Our new Spring Styles in oxfords and sandals will be here very shortly.
