### THE MOST BEAUTIFUL Cotton-Goods

--- YOU EVER SAW. ---

That's a pretty broad claim, but we consider it entirely warranted by the facts.

The fabrics have the richest and most lustrous finish that we ever saw on any but silks.

You have heard of cotton going up recently to the almost fabulous figures of eighteen cents a pound while its ordinary price should be about ten cents.

Well this cotton cost the manufacturer eighty cents a pound. It is grown on an island not far from Cuba, and it is said to grow nowhere else. It takes three years to grow to maturity, and because of its strength and lustre it has been previously used only by fine lace makers. They say it lasts for hundreds of years. It is serviceably, it is exquisitely beautiful, the colorings are rich, but dainty. It is on sale today in many stores at One Dollar a yard.

Today we have about six thousand yards to offer at 20, 35, 50 and 60 cents a yard. - - -

The patterns are in keeping with the high quality of the goods. Sixty different patterns in all. - - -

### CHINA LIKELY TO GET IN WAR---RUSSIA LOSES ANOTHER SHIP WITH OFFICERS AND MEN

#### German Cruiser Fired On.

St. Petersburg, Feb. 16.—A semi official from the headquarters of Viceroy Alexieff at Port Arthur states that the German cruiser Hansa, which had been at Port Arthur to take away German subjects, was fired on by the Japanese. The Hansa also had some Russian women and children on board.

#### Another Cruiser Blown Up.

London, Feb. 16.—A dispatch from St. Petersburg this morning states that it has been officially announced there that the Russian cruiser Boyarin has suffered a like fate as the transport Yenesie and has been blown up by a submarine mine in the harbor of Port Arthur. The Boyarin is said to have been completely destroyed and 197 officers and men killed.

#### Cutting Railroad.

London, Feb. 16.—The Exchange Telegraph company publishes a dispatch stating that word has reached Paris that a large Japanese fleet has been sighted in the gulf of Liao Tung and that fears are entertained that troops are to be landed for the purpose of cutting up the railroad leading to Port Arthur.

#### Tribute to Senator Hanna.

Cleveland, Ohio, Feb. 16.—The Plain Dealer (Dem.) has this say of Senator Hanna: "When the life of Hanna is written, it will stand as an example of temperance, integrity, honesty, capability and indomitable courage. Few men ever lived in such a large circle of social, business and political life so temperate and clean as Mark Hanna.

"What he won was by work. Life to him was practical. He was not idealistic. He never knew such a word as fail, and difficulties were stepping stones to success. They were orders for more resources, more work for more intense battle."

#### To The White Teachers of Pitt County.

You will see from a notice in the papers that the president of the Teachers' Association has called a meeting of the Association for next Saturday, February 20th.

We are not complaining that you were not present last Saturday. The weather was not such that you could come. It is a known fact, however, by those who do attend that a number of the teachers are not taking the interest they should in these meetings. I desire to be frank with you and to beseech you to attend these meetings, and yet some of you pay no attention to these. Our agents in Bridgeport, Conn., Hubbell & Wade Co., tell us: "There are a great many working-men's houses here. They used to paint lead-and-oil and take ten gallons. We have been selling them ten gallons Devoe lead and zinc, and have had, in every instance, two gallons returned." The proportion is often higher than that; we have known it five in ten; but that is exceptional. This is the explanation: Devoe is ground by machinery, and is ground fine; lead-and-oil is mixed by hand, and isn't ground at all.

Again I ask you to come. Will you do so? Your duty to yourself and the school work demands that you avail yourself of the opportunities for improvement which this association gives. You are earnestly invited, and expected to be present at the meeting Saturday and all succeeding meetings. What will you do about it? We wait to see. W. H. BAGSDALE, County Supt. Schools.

#### China Cannot Remain Neutral.

Pekin, Feb. 16.—It appears today more certain that absolute neutrality on the part of China towards the Russo-Japanese war cannot be maintained. The Dowager Empress has dismissed Prince Su, who was the strongest advocate of Chinese neutrality in the corps of advisers. The Empress is said to be in somewhat of a dilemma. The conviction is growing that China is in the midst of a real state of war, and that it is necessary to prepare to resist absorption by which ever of the two nations proves victorious.

The result may be that China, instead of joining hands with Japan, will take up arms against both and that the war will become three-cornered.

#### Opinions on the Hay Note.

St. Petersburg, Feb. 16.—Diplomats here regard Secretary Hay's note relative to limitation of the war area and retaining of the integrity of China, as practically harmless. They believe that should Japan be crushed by Russia the powers are not likely to dispute any arrangement Russia may wish to make regarding China, while in the event of Japan winning, Russia, with greater European influence, would likely find the Hay note useful in depriving Japan of the fruits of her victory.

#### Prominent Ex-Confederate Dead

Mobile, Ala., Feb. 16.—Daniel O'Hugara, president of the Mobile cotton exchange, an ex-Confederate veteran and native of South Carolina, died yesterday. He was 69 years old and leaves a widow and two daughters.

#### Senator Hanna Dead.

Washington, D. C., Feb. 16.—The Arlington hotel this morning was a scene of quiet in comparison with the theatre of excitement it had been. Throngs of callers visited the Hanna suite, but there were no rushing messenger boys, no excited newspaper correspondents running down stairs and through corridors, no shrill jingling telephone bells.

Members of the stricken family are bearing up under the bereavement remarkably well. In spite of the blow which has fallen, it was a relief for them to know the worst.

On account of Senator Hanna's death, Secretary and Mrs. Cortelyou have recalled invitations for a cabinet dinner which was to have been given at their home this evening.

The senator's remains will be taken to the capitol Wednesday and will lie in state in the marble room of the senate until noon, when official funeral services will be held in the senate chamber. Dr. Edward Everett Hale, chaplain of the senate, will conduct the services. The president and members of the diplomatic corps, as well as all prominent Washingtonians, and people throughout country will be present.

The president may possibly accompany the body to Cleveland.

Ladies as well as men, in fact everybody interested in temperance and the establishment of a dispensary, should be at the opera house tonight to hear J. W. Bailey speak on this important subject.

#### LETTER TO BEAUFORT LUMBER CO.

Greenville, N. C.,

Dear Sir: A gallon saved is \$4 or \$5 earned. Devoe saves 2 or 3 gallons in 10. How much is it worth a gallon?

A gallon saved saves the painting too; and both together cost \$4 or \$5—\$4 where labor is cheap; \$5 where labor is dear.

Our agents in Bridgeport, Conn., Hubbell & Wade Co., tell us: "There are a great many working-men's houses here. They used to paint lead-and-oil and take ten gallons. We have been selling them ten gallons Devoe lead and zinc, and have had, in every instance, two gallons returned." The proportion is often higher than that; we have known it five in ten; but that is exceptional.

TUESDAY AFTERNOON, FEBRUARY 16, 1904.

Lent jokes are in order.

Are you at work for the success of the dispensary election?

One thing the voter should keep in mind is that if he fails to pay his poll tax by the first of May he cannot vote in this year's election.

We are for a dispensary not because we think it will remove the evils of the drink habit, but because we are satisfied it will greatly lessen its evils.

Japan has fifty or sixty war vessels afloat but it is doubtful whether Russia has a clear idea of how many she has at this time.

In our endeavors to close up bar rooms, and establish a dispensary in Greenville, let us bear in mind that we are at the same time to put a period to the distillery down on the classic Tar.

Every man, woman and child in Greenville, capable of forming an opinion, should take a bold, open stand either for or against the proposed dispensary, and then be able and willing to give a reason for his position.

The Czar of Russia takes particular pains to throw the entire blame for the conflict now raging in the far East upon Japan. The Japanese are apparently not busying themselves just now with any efforts to locate responsibility, but are devoting themselves to efforts to whip their enemies. They probably have an idea that there will be time enough to explain after the scrap is over.

In reading the papers the name of a hero is occasionally found. Engineer Bruce Taylor, late of Wilmington, is one of them. He was a faithful engineer on the Atlantic Coast Line. His train collided with another train near Pee Dee, in South Carolina, and when the wreckage was cleared away several hours later his lifeless body was found in the cab of the engine, one hand tightly clasped to the throttle. He died at his post, his position showing that he gave his life in the effort to save his train and those on board. That was heroism.

There has come to be a great demand for labor in the South, and especially farm labor. In one way or another this labor is likely to be supplied. Movements are on foot to bring it. Once the labor begins to show up from other sources, negro labor may cease to be regarded as indispensable. When the negro refuses to make himself indispensable by a refusal to work or otherwise he becomes an enormous loser. Just what it will mean to him it is impossible to conceive. Up to this time he has enjoyed better industrial opportunities in the South than have been open to him in other sections of the country. To fail now to make the most of these opportunities is, seemingly, to ignore the best

industrial prospect offered to the race anywhere in the United States. What the negro's future is to be on this continent becomes more and more problematic.

## A FARMER TALKS TO FARMERS.

EDITOR REFLECTOR:

I beg the use of your columns to speak to my brother farmers.

While the weather has been bitter cold tobacco has been advancing—about 25 per cent since Jan. 4th. Lookout for the pin hooker (or fool catcher). All the warehouses swarm with them. The roads are alive with them, this snowy weather, calling on every farmer who has any leaf tobacco and buying it at 25 per cent below what it would bring on the Greenville market.

August last I advised you to buy and store the raw leaf, that when the trust needed it they would pay you a profit for it. Now the trust took warning from the farmers' protest against low prices and is paying a fair price for our tobacco. Probably this is to get us to sow plant beds. I will admonish you not to bite at the trust bait by putting in another large crop of tobacco.

You know that the lion invited the small animals to his dangerous den. When they had once accepted his bait, or got near, he grabbed and devoured them. Just so the trust devoured your tobacco last season.

Plant some tobacco, but do not get wild over present prices. Remember the many sleepless hours you have to spend around your barns, and that old back when you have to set out the plants. You will have to spend 25 cents for a plaster to get your back again in gear.

## ABOUT COTTON.

The writer has not seen cotton sold for 16 cents since 1873, and only then early in the season as a panic came, and prices soon tumbled to 10 cents, then climbed to 12 or 13 cents. I have seen middling cotton as low as 5 cents; have seen labor a way down, have seen it way up and very unreliable as it is now; have seen broken merchants and broken farmers and penniless tenants by the score. Some years labor all wants to farm, other years all want to work for wages. When cotton gets high only once in thirty years you cannot trust all to that.

## REMEMBER YOUR STOMACH.

I have seen pork selling at \$30 a barrel and as low as \$8. Have seen corn sell as high as \$1.40 cents per bushel and as low as 40 cents. Have seen flour selling at \$16 per barrel and as low as \$3. I have seen cotton and provision high, and have seen both low at the same time.

As our stomachs want attention three times a day, would it not be a wise suggestion to you, brother farmers, to move smoke house, larder and granary from the Northwest to your farm, more convenient to the every day wants of the stomach? If we of the Southland would raise our food at home, overstocked cotton and tobacco markets would be a thing of the past.

Should the war in the far East involve Europe, lookout for all food products to advance quick and high. G. T. Tyson.

The question is being asked. What are fire proof buildings? Possibly mud houses with dirt floors come nearest to it.

**NOTICE OF A DISPENSARY AND DISMILERY ELECTION.**

Notice is hereby given to the voters of the town of Greenville that an election will be held in said town on Wednesday, March 2nd, 1904, in accordance with an ordinance adopted by the board of aldermen of said town at two special meetings of said board one held on Friday, January 29th, and the other on Saturday, January 30th, 1904. The ordinance so adopted is in the following language:

Whereas, a petition has been filed with this board, at a special meeting held on this the 29th day of January, 1904, signed by 104 citizens of the town of Greenville, asking that an election be ordered in said town to determine whether a dispensary shall be established therein, and whether the manufacture of liquors shall be allowed in said town.

And Whereas, it has been found after a careful investigation and verification of said petition with the registration books of the town, that said petition contains the names of one third of the registered voters of the town of Greenville who were registered for the preceding municipal election.

And Whereas, the law having been complied with, it has become the duty of this board to order an election and to fix the time thereof, therefore

The board of aldermen of the town of Greenville, in the state of North Carolina, do ordain,

Section 1. That an election shall be held in the several wards of the town, at the usual places therein on Wednesday, the 2nd, day of March 1904, at which the qualified voters of said town may, if they desire, vote upon the two questions set out in said petition, to wit: First, shall there be established in said town a dispensary. Second, shall the manufacture of liquors be allowed within the corporate limits of said town. At said election those who favor the establishing a dispensary will vote a written or printed ticket upon which shall be written or printed the words "For Dispensaries." Those who are opposed to establishing a dispensary shall vote a written or printed ticket upon which shall be written or printed the words "Against Dispensaries." Those who are in favor of allowing the manufacture of liquors in said town shall vote a written or printed ticket upon which shall be written or printed the words "For Distilleries," and those who are opposed to allowing the manufacture of liquors in said town shall vote a written or printed ticket upon which shall be written or printed the words "Against Distilleries."

Section 2. That it shall be the duty of the registrar and judges of election at each voting place to provide a separate box for the voters on the question of dispensaries and a separate box for the voters upon the question of the manufacture of liquors, and the votes upon each shall be deposited in the appropriate box.

Section 3. That there shall be appointed for each ward in the town one registrar and two judges of election, who shall attend at their respective voting places on said 2nd day of March, 1904, and open and conduct said election according to law, and they shall make returns of said election to this board at its regular meeting on Thursday the 3rd day of March, 1904.

Section 4. That the registrars appointed for said election shall attend the usual voting place of their respective wards three days immediately preceding the Saturday next preceding the election. They shall remain at said voting place from nine o'clock a. m. to five o'clock p. m. during said three days with their books of registration, to register such persons as may be entitled to register.

Section 5. That the registrars appointed to conduct said election shall give at least ten days notice, of the time and place of registration, in one or more newspapers published in the town and at some public place in their respective wards.

Section 6. That the following named persons are hereby appointed as registrars and judges of election for the several wards of the town to hold and conduct said election, to wit:

- First Ward—E. M. McGowan registrar and B. T. Bailey and B. H. Hearne judges of election.

**When You Have a Cold,**

The first action when you have a cold should be to relieve the lungs. This is best accomplished by the free use of Chamberlain's Cough Remedy. This Remedy liquefies the tough mucus and causes its expulsion from the air cells of the lungs, produces a free expectoration, and opens the secretions. A complete cure soon follows. This remedy will cure a severe cold in less time than any other treatment and it leaves the system in a natural and healthy condition. It counteracts any tendency toward pneumonia. For sale by Wooten's Drug Store, Greenville, R. L. Davis & Bro. Farmville.

**Escaped an Awful Fate**

Mr. H. Haggins of Melbourne, Fla., writes, "My doctor told me I had Consumption and nothing could be done for me. I was given up to die. The offer of a free trial bottle of Dr. King's New Discovery for Consumption, induced me to try it. Results were startling. I am now on the road to recovery and owe all to Dr. King's New Discovery. It surely saved my life." This great cure is guaranteed for all throat and lung diseases by Wooten's Drug Store. Price 50c and \$1.00. Trial bottles free.

### BEAVER DAM ITEMS.

BEAVER DAM, Feb. 15, 1904.

S. P. Erwin was kicked by a mule about two weeks ago and two ribs were broken. A few days later a mild case of pneumonia developed. He is now able to sit up. Mr. Erwin is one of our best citizens and is 68 years of age.

Rev. J. T. Erwin, of the University of Tennessee (a former Pitt county boy) came in last week to see his sick father, S. P. Erwin.

Titus Elks, an old soldier, aged 77 years and a member of the 44th Reg., and was in many a hard fought battle, is very sick.

W. A. Pollard has gone to Norfolk to spend the snow days.

Miss Mary Anderson, who was indisposed with a cold, went to her home in Ayden under the care of a good mother. She is now improving and will soon return to her school in Marl town. Miss Mary is a sweet little woman, and oh, her smiles just charm those smoothfaced youths.

Mrs. Luinda Wainwright, a pension widow aged 72 years, is sick with heart disease. She is a good, hard working woman. Her husband, Jim Wainwright, fell in defense of his country. She put her own hands to the plow and raised a large family. When young she was a strong woman, but that strong heart is soon to beat no more.

S. V. Joyner is grading tobacco all this snowy weather.

A. H. Crother, of Greenville, spent Friday night in Beaver Dam, of course to buy tobacco. He is a jolly good fellow.

Old man Arnold Baldree, another old soldier of Lee, is spending some time with his son near Ballards. May "Uncle Arnold" be with us a long time. He is a good and honest man and is nearing his four score years.

Old man Billy Williams, an old time school teacher, who has learned many young ideas how to shoot, and who once taught at Bethel, Tyson church, Rountrees and various other places, is with his son, Louis, at Ballard's. "Uncle Billy" is a jolly old man but does not seem to grow old.

The earth is yet covered with snow. Lookout, birds, or the small boy will get you with his breech loading gun.

# Dorothy Dodd SHOES.

The "Dorothy Dodd" Shoe has that something in beauty and style that means individuality.

It possesses "style" in the highest degree; it gives distinction to the foot. In the diversity of kinds there are styles for every person from the exquisite evening slipper to the sturdy winter street boot; they all have a light, airy gracefulness peculiarly their own, which is sure to appeal to a woman's eye. "DOROTHY DODD" SHOES FIT; They Fit Perfectly.

Shoes should always fit closely under and about the instep so as to make it impossible for the foot to slip forward and crowd the toes, while the ball and toes should have plenty of room thus giving free play to the foot.

This is exactly what "Dorothy Dodd" shoes do.

Our new Spring Styles in oxfords and sandals will be here very shortly.
