THE MOST BEAUTIFUL
Cotton - Goods
--- YOU EVER SAW. ---

That's a pretty broad claim, but we consider it entirely warranted by the facts.

The fabrics have the richest and most lustrous finish that we ever saw on any but silks.

You have heard of cotton going up recently to the almost fabulous figures of eighteen cents a pound while its ordinary price should be about ten cents.

Well this cotton cost the manufacturer eighty cents a pound. It is grown on an island not far from Cuba, and it is said to grow nowhere else. It takes three years to grow to maturity, and because of its strength and lustre it has been previously used only by fine lace makers. They say it lasts for hundreds of years. It is serviceably, it is exquisitely beautiful, the colorings are rich, but dainty. It is on sale today in many stores at One Dollar a yard.

Today we have about six thousand yards to offer at 20, 35, 50 and 60 cents a yard. ---

The patterns are in keeping with the high quality of the goods. Sixty different patterns in all.

GLEE CLUB CONCERT.

Greenville Pleased with Wake Forest Boys.

The Wake Forest Glee Club and Orchestra, composed of about twenty young men from Wake Forest college, gave a splendid concert in the opera house here Wednesday night. The quartette and choruses by the club and the selections by the orchestra were all good. The violin work of Mr. Thomas and Mr. Potat was perfect, and the vocal solos of Mr. Davis and Dr. Cooke were fine. The audience was so well pleased that there were many encores.

The young men were entertained in the homes of our people, and their gentlemanly conduct was creditable to both themselves and the college.

At the close of the entertainment the young men were extended the courtesy of a visit to Carolina

Club rooms which most of them accepted and enjoyed.

Greenville was delighted to have the young men as her guests and they seemed equally pleased with their visit here. Two of them had relatives and others personal friends here, and all were made to feel equally welcome.

Japanese Base of Supplies.
Rome, Feb. 18. (Special)—The Russian ambassador here is authority for the statement that the Japanese fleet has established a base of supplies at Elliot Island off the coast of Liao Tung peninsula and about 75 miles Northeast of Port Arthur.

Fins About to be Pressed in Service.

Helsing Fors, Finland, Feb. 18 (Special)—There is a strong undercurrent of hostility and anti-Russian feeling current throughout Finland. Under the present arrangement with Russia Fin conscripts cannot be sent outside of Finland, but as the old Fin army organization was recently abolished and the Russian system introduced, it is feared all Fin troops will be sent to far East, despite Russian promises to the contrary. It is predicted that riots and mutinies will follow such an order, and such disturbances would give Russia an excuse for abolishing the last vestige of Finland autonomy.

Just Playing So Far.

Chefoo, Feb. 18 (Special)—The Japanese plan as ascertained is to continue to harass Port Arthur from the sea until they are ready to begin the land campaign. The Japanese say the attacks thus far have been merely skirmishes, though they proved unexpectedly successful. The Russians will be surprised when the real attack begins.

Czar Disheartened.

Lemberg, Feb. 18. (Special)—The Slovo Polskie newspaper states that the Czar is still exceedingly depressed over the war. He was recently heard to say "I am unlucky with the Japanese, ill luck began when I and the Czarevitch were attacked by Japanese soldiers."

"Old Dartmouth" Burned.

Hanover, N. H., Feb. 18. (Special)—Fire starting at 8 o'clock this morning destroyed "Old Dartmouth" building, the oldest structure of the Dartmouth college buildings. Many of the students had narrow escape and lost everything. It was built in 1768.

Russia Not Ready For War.

St. Petersburg, Feb. 18 (Special)—The Russian government has issued a proclamation setting forth the fact that Russia was not prepared for the breaking out of hostilities with Japan at the time the war was started, and stating that it is necessary to get her forces in proper position before a definite victory for Russian arms can be looked for. The proclamation further states that considerable time will elapse before operations on land can be expected. Officials feel sure that in time Russia will inflict a crushing blow to Japan.

Loss At Chemulpo.

London, Feb. 18. (Special)—The Tokio correspondent at Renter telegraphs that 17 Russian officers and 439 men were either killed or drowned in the fight at Chemulpo, Korea, on Feb. 9.

A woman who wants but little here below should get married and let it go at that.

Another Greensboro College Burned.

Greensboro, N. C. Feb. 18.—The Greensboro Female College buildings were destroyed by fire at 4 o'clock this morning. There were ninety inmates, including the faculty, all of whom escaped without injury, saving their trunks and wearing apparel. Most of the furniture, bedding, etc. were also saved.

The hotels and private residences of the city opened their doors to the burned out students.

The fire originated back of the sleeping rooms, in same location where the slight fire started three weeks ago. Miss Ella Transou, a student from Ashe county, was awakened by smoke and gave the alarm. The fire department found the fire beyond control when it reached the college. Only two out of the twenty pianos were saved.

The college property was transferred only last week to the two Methodist conferences of the state. It has a bonded indebtedness of \$40,000 and was valued at \$125,000. There is \$40,000 insurance on the buildings and equipment.

The students will go to their respective homes pending consideration of plans for resuscitation. This college, next to Wesley, at Macon Ga., was the first chartered college for women in the South and was burned forty years ago.

Remains Reach Cleveland.

Cleveland, Ohio, Feb. 18 (Special)—The body of Senator Hanna reached Cleveland at noon today on the train that brought it from Washington. A great crowd had gathered about the station hours before the train arrived. The station was kept clear of all except those holding special permits. As soon as the train arrived Mrs. Hanna and others who accompanied the remains left in carriages. The body was taken to the chamber of commerce.

Turkey and Bulgaria.

London, Feb. 18. (Special)—Diplomatic circles in London believe that the Tereo-Bulgarian war is almost certain in the spring. A member of one of the embassies said to your correspondent, "The most disquieting feature is the fact that only diplomatic pressure can be brought to bear to restrain the antagonists."

"Neither Austria nor Russia would use force to prevent hostilities. Turkey and Bulgaria both understand this and they are now consulting their own desires which are rapidly inclining to war."

Roanoke Fiend to Hang March 18th.

Henry Williams, the burly negro, who at noon on January 30th, last entered the home of George J. Shields, in Roanoke, Va., and assaulted Mrs. Shields and her three-year-old daughter with a hatchet, razor and pocket knife and left them for dead, was tried Tuesday and sentenced to hang on march 18.

After hacking and fracturing the skulls of his victims with a hatchet, Williams cut Mrs. Shields' throat from ear to ear and locked her in a clothes closet. He then escaped to the coal fields where he was captured last Wednesday. He confessed the crime and on Friday was rushed across the State of Virginia on a special train to Richmond for safe keeping. He was brought to Roanoke Tuesday on a special train, accompanied by 500 Richmond soldiers and another special train bearing 300 soldiers. He was hurried to the court house under the protection of eighteen companies of state militia and was tried on the charge of felonious assault.

The prisoner, who had already made several confessions pleaded "not guilty," but made no defense. The jury was out five minutes and in another five minutes the judge had passed sentence on him to hang march 18th.

THURSDAY AFTERNOON, FEBRUARY 18, 1904.

MR. BAILEY'S SPEECH.

Mr. J. W. Bailey, of Raleigh, made a strong, clear cut presentation of the dispensary question Tuesday night in the opera house. His portrayal of the problem of the drink evil in some of its broader and less familiar aspects ought to convince the minds of many who hitherto have hesitated to support the dispensary in Greenville.

Mr. Bailey stated at the outset that he had no apology to make as an advocate of the dispensary system. It is a moral issue, aimed at the drink evil. The dispensary plan is not a fight against saloon men, but against the terrible evil of drink now foisted on the country by the saloon system.

It was made plain that the fight for a dispensary in Greenville was hand to hand and man to man only when the friends of the cause fought thus was victory over the saloon forces possible. This battle has been fought successfully in 14 towns and cities in North Carolina. It is a work organized throughout the state, and needs no apology from its friends.

The aim of this dispensary system is high and noble, directing its attack against the greatest and most alarming of modern sins, the drink evil.

The dispensary is designed to reach each drink evil by destroying the saloon system and substituting a better system in its place.

The evil itself needs no elaboration. Everybody sees the terrible havoc it works. Doctors, ministers, lawyers, fathers and mothers can present accumulated evidence that overwhelms.

This evil, terrible as it is now, is growing worse. The amount of liquor consumed in the United States per capita has doubled in 20 years. That is to say, while the population has increased enormously, the drink evil has not only kept pace with this increase in population but doubled in 20 years. Notwithstanding all that has been done by state and national legislation, by cities and towns, by churches and temperance organization to suppress this evil, the evils of the saloon and have played by drink in the United States has doubled in 20 years.

If the citizens of this land sit still and acquiesce in this enlarged and growing business of the saloon system, what is to become of our boasted civilization, its religion and institutions?

In 1820 the rate, per capita, was 5 gallons, in 1880 it was 10 gallons, while in 1903 it had reached 20 gallons. Let another period of 20 years pass without grappling with this demon of drink, and our cause is lost, our boasted civilization is gone.

Such an evil is not to be cured in a day. The growth of centuries will require time and patient effort to destroy. The dispensary plan strikes a death blow to the saloon system.

Under what system of liquor selling has the drink evil reached such alarming proportions? Not the dispensary, not pro-

hibition, but the saloon. This terrible indictment against the saloons of our land stands unchallenged.

Is it not the plain duty of every thoughtful citizen, who loves his home and country, to join in offering resistance to this evil so great now and spreading in its blighting effects?

Shall we grow used to the sin? Can we take any pride in acknowledging subjection to the saloon, and the evils thereof?

The dispensary is a constructive step, leading to a final solution of this evil. The evil is put under control by the dispensary system. By closing at night, by not selling to boys, nor to anyone drunk—the drink evil is checked. Experience shows this to be true.

In Raleigh during the month of Jan. 1904, under a dispensary, 16 arrests were made for drunkenness. During Jan. 1903, under the saloon system, 86 arrests for drunkenness. None of the 16 arrests in January last were young men.

Arrests made for all offences in January, 1903, 147, in Jan. 1904, only 38. A leaven of goodness is at work in the city.

Not only in Raleigh, but in every town where the dispensary under the Watts law has been tried, the results are greatly encouraging. After seeing a dispensary run by the friends of temperance, many of the best citizens who did not vote to establish the dispensary are free to say that now they would gladly vote for it, if the opportunity offered. Will not the voters of Greenville consider and act in the light of facts?

"If you let the saloon alone, it will let you alone"—this is often quoted and many honest minds are deceived by it. "The saloon will let you alone!" It is a lie. The saloon must have one boy in every five to make into a drunkard. Whose boy will the saloon catch next? Its snares are laid by day and by night. Will the saloon let you alone? you father? You mother? How many boys have you given up to the drink demon?

Across our land and the whole earth is the trail of the serpent.

Are you afraid to move or to strike it? It will strike you if you do not strike first.

The dispensary offers escapes from the drink demon. Let every man and woman in Greenville take part in this campaign now being waged. You are not fighting the men in the bars, they may be your friends. You fight the drink evil, the drink demon.

The value of the estate left by Senator Hanna is estimated at from seven to eight millions of dollars.

The Davie county school teacher who thrashed twenty-six unruly boys in his school takes our minds back to the good old times. Would that there were more like him.

Sidney Moore, colored, was tried at Winston-Salem on the 19th, and sentenced to 15 years in the penitentiary for attempting to commit criminal assault last June on Miss Claud Pegram, a young lady of Forsyth county.

Kodol
 Digests What You Eat

Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.

Kodol
 Digests What You Eat

Mrs. Loring Nichols of Penn Yan, N. Y., writes: After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured.

Kodol cures indigestion, dyspepsia and all stomach disorders, and gives the heart a full, free and untrammelled action.

Whiskey and Beer Habit

PERMANENTLY CURED BY "ORRINE,"
 A SAFE, SURE AND HARMLESS SPECIFIC
 Physicians pronounce drunkenness a disease of the nervous system, creating a morbid craving for a stimulant. Continued indulgence in whiskey, beer or wine eats away the stomach lining and stupifies the digestive organs, thus destroying the digestion and ruining the health. "No will power" can heal this inflamed stomach membrane.
 "ORRINE" permanently removes the craving for liquor by acting directly on the affected nerves, restoring the stomach and digestive organs to normal conditions, improving the appetite and restoring the health. No sanitarium treatment necessary; "ORRINE" can be taken at your own home without publicity. Can be given secretly if desired.

CURE GUARANTEED OR MONEY REFUNDED.
 Mrs. E. Wycliff, New York City, writes: "ORRINE" cured my husband, who was a steady drunkard for many years. He now has no desire for stimulants, his health is good and he is fully restored to manhood. He used only five boxes of "ORRINE."
 Mrs. W. L. D. Helena, Mont., writes: "I have waited one year before writing you of the permanent cure of my son. He took sanitarium treatment, as well as other advertised cures, but they all failed until we gave him "ORRINE." He is now fully restored to health and has no desire for drink."
 Mr. A. E. L. Atlanta, Ga., writes: "I was born with a love of whiskey and drank it for thirty-two years. It finally brought me to the gutter, homeless and friendless. I was powerless to resist the craving and would steal and lie to get whiskey. Four boxes of "ORRINE" cured me of all desire and I now hate the smell of liquor."
 Price \$1 per box. Mailed in plain, sealed wrapper by Orrine Company, 817 14th St., Washington, D. C. Interesting book—Treatise on Drunkenness, (sealed) free on request.

AN EARLY RISER.

A strong, healthy, active constitution depends largely on the condition of the liver. The famous little pills known as DeWitt's Little Early Risers not only cleanse the system but they strengthen the action of the liver and rebuild the tissues supporting that organ. Little Early Risers are easy to act, they never gripe and yet they are absolutely certain to produce results that are satisfactory in all cases. Sold by J. L. Wooten.

A CURE FOR ECZEMA.

My baby had Eczema so bad that its head was a solid mass of scabs, and its hair all come out. I tried many remedies—but none seemed to do any good until I used DeWitt's Witch Hazel Salve. The Eczema is cured, the scabs are gone, and the little one's scalp is perfectly clean and healthy, and its hair is growing beautifully again. I cannot give too much praise to DeWitt's Witch Hazel Salve.—Frank Farmer, Bluff City, Ky. In buying Witch Hazel Salve look out for counterfeits. DeWitt's is the original and the only one containing pure Witch Hazel. The name E. C. DeWitt & Co. is on every box. Sold by J. L. Wooten.

Dorothy Dodd SHOES.

The "Dorothy Dodd" Shoe has that something in beauty and style that means individuality.

It possesses 'style' in the highest degree; it gives distinction to the foot. In the diversity of kinds there are styles for every person from the exquisite evening slipper to the sturdy winter street boot; they all have a light, airy gracefulness peculiarly their own, which is sure to appeal to a woman's eye. "DOROTHY DODD" Shoes Fit, They Fit Perfectly.

Shoes should always fit closely under and about the instep so as to make it impossible for the foot to slip forward and crowd the toes, while the ball and toes should have plenty of room thus giving free play to the foot.

This is exactly what "Dorothy Dodd" shoes do.

Our new Spring Styles in oxfords and sandals will be here very shortly.
