GENERAL NEWS.

Mrs. J. C. McDay, emptied the contents of a double barrel shotgun into the body of a man in McDowell county, W. Va., who was trying to force an entrance into her house on the night of the 17th, killing him instantly. He had been ejected from the house early in the night. The woman was not arrested.

The weighing of the United States mail hauled by the railroads in every state from North Carolina to Texas was started on the 17th and will continue for 35 days. This is done in accordance with an order from the postoffice department that another contract for carrying the mails four year may be made with the railroads.

It is only a few papers now that keep up the race issue, the Bassett incident and other defunct, slacker topics.—Raleigh Times.

LETTER TO DR. E. A. MOYE.

Greenville, N. C.,
Dear Sir: You understand chemistry; how'd you like to earn \$1000 Devoc lead and zinc—that's the name of our paint that takes fewer gallons than mixed paint and wears twice as long as lead-and-oil—is made of white-lead, white zinc, its color, turpentine dryer, and lin-seed oil.

If any chemist finds any adulteration in this paint we'll pay his bill and \$1000 besides.

It's nobody's business what we put in our paint, of course; but we want it known. For lead-and zinc and linseed oil, ground together by machinery are the stuff to paint with; and lead-and-oil mixed by hand is not.

We want it known that one word describes the best paint in the world; and that word is Devoc.

Are you going to paint?
Yours truly,
F. W. Devoc & Co.

WAR AND OTHER NEWS FLASHED BY TELEGRAPH TODAY.

THREE REGIMENTS OF SOLDIERS DROWNED-- RUSSIA'S DESIGN UNMASKED--STEAMER ON FIRE--SENATOR HANNA'S FUNERAL.

Dowager Empress Dead.

London, Feb. 19. (Special).—A dispatch received this afternoon states that it is reported in official circles that Dowager Empress is dead.

Three Regiments Drowned.

Vienna, Feb. 19. (Special).—Newspapers at Prague print the report that two regiments of Russian pioneers and one regiment of railway troops had been drowned while crossing lake Baikal in Russia.

Steamer on Fire.

Port Said, Feb. 19. (Special).—Fire is raging on board the Aeneas Line steamer Persia here. The blaze is beyond control and it is feared the steamer will be destroyed.

Russia's Design Unmasked.

St. Petersburg, Feb. 19. (Special).—Newspapers today discard the mask regarding Russia's design in Korea and state that that country must pass under Russian control as a matter of self preservation. One paper adds "we have every confidence that the army will shortly begin operations in Korea and drive out the Japanese, whereupon we must annex that country. We must confess we are no great sea power and perhaps never will be, but Russia naturally has territorial power."

The Sportsmen's Show.

New York, Feb. 19.—Judging from indications at today's opening the tenth annual Sportsman's show will be the most successful of any yet held. Stepping inside Madison Square Garden the visitor finds himself in a realistic reproduction of a wild, mountain country, with sparkling streams gushing out of the hillside and tumbling down the rocks into the spacious lake which covers a large area of the big amphitheatre.

Senator 100 Years Old.

Fredrick, P. B., Feb.—Senator Wark, the oldest member of the Canadian parliament, celebrated his 100 birthday today, having been born February 19, 1804. Despite his great age the senator is still in the full possession of his mental faculties and enjoys fair bodily health. For several days he has been receiving congratulatory letters and messages from many parts of the Dominion.

Balfour's Health Alarming.

Manchester, Feb. 19. (Special).—A dispatch states that the health of Premier Balfour is alarming his friends. It is now necessary that he take a long vacation in a warmer climate.

France's Explanation.

Paris, Feb. 19. (Special).—Official explanation has been issued stating that the sending of reinforcements to the far East has no sinister significance. The state of general unrest is due to Japanese victories extending to French Indo-China, and consequently the French forces there require strengthening.

Funeral of Senator Hanna.

Cleveland, Ohio, Feb. 19. (Special).—The remains of Senator Marcus A. Hanna, after lying in state for 24 hours, and being viewed by nearly sixty thousand people, were taken to St. Paul under police and military escort. Thousands of people lined the route to pay their last tribute of respect.

The church was filled with people. Eight pall bearers carried the casket to the front altar, and at 1 o'clock the funeral service began. President Pierce, of Kenyon college, read a lesson from First Corinthians. Rt. Rev. W. A. Leonard, Bishop of Ohio, delivered an address, after which a hymn was sung "Forever With The Lord."

Committal service of the Episcopal church was read by Bishop Leonard, after which the casket was borne out of church to strains of music: "Now The Laborer's Work is O'er." The body was then taken to a temporary resting place, in Ware's Memorial Chapel at Lake View Cemetery.

Koreans Attack Americans.

Washington, D. C., Feb. 19. (Special).—United States Minister Allen, at Seoul, Korea, cables the state department that a company of Korean soldiers made an attack on Wednesday night last on an electric carriage belonging to American citizens, damaging the carriage and injuring the operator. He says American seamen were immediately sent to the scene of the outrage and quitted the disturbance.

Nurses Selected.

Washington, D. C., Feb. 19. (Special).—Four of the American trained nurses who will accompany Dr. Anita McGee to Japan to help care for the sick and wounded in the war, have been selected. They are Miss Mary Gladwin, of Boston; Miss Alice Remes, of Indiana; Miss Elizabeth Stock, of Brooklyn and Miss Barbara Weidman, of Washington. They will sail about the end of this month.

Anglo French Trouble Anticipated.

London, Feb. 19. (Special).—Lloyd's agency is today asking a premium of 30 percent on marine risks against of Anglo-French war within the next three months. This high rate is based on the fact that France has not given a formal declaration of her attitude of neutrality toward the Eastern belligerents. In fact the French government, instead of giving such assurance, has allowed Russia to use Jibull, which is a French colony, as a base of rendezvous. This is contrary to usage of other neutral powers.

Again French ships and soldiers have been ordered to the East from Mediterranean posts. It is known that Russia is using the utmost effort to get France to stretch every point in her power and is anxious to have a strong French fleet in Asiatic waters as a menace to Japanese vessels. British foreign officers are uneasy regarding the outlook, while the admiralty is getting ready for rapid mobilization in case certain eventualities develop.

MAN AND TWO MULES DROWNED

Whiskey Causes Loss of Life and Property.

On Wednesday Mr. Luther Ellis, a tenant on the farm of Mr. R. R. Cotten, near Falkland, brought a wagon load of tobacco to Greenville. Other tenants from the farm also came with tobacco that day, and the road was so bad that Mr. Cotten told them all to return home on the North side of the river and cross at the Centre Bluff ferry.

Mr. Ellis drank too much while here and did not go back in company with the others. Not getting home through the night it was thought he had spent the night in town, but next morning both he and the mules were found drowned in the river.

It is supposed that sometime late in the night, between midnight and day, Mr. Ellis reached the river, and being under the influence of liquor he drove the mules in the river instead of calling and awaking the ferryman. Both the mules, with the wagon still hitched to them, were found drowned about 200 yards below the ferry and the body of Mr. Ellis was found on the river bank some father down stream.

Mr. Ellis' overcoat was found on the wagon, indicating that he had realized his danger, removed the coat and swam ashore. The river bank where he reached the shore showed that he had attempted to get out of the water, but getting his foot hung in a vine had fallen back and drowned.

The team belonged to Mr. Cotten and he valued the mules at \$400.

Mr. Ellis leaves a wife and two children. He was an industrious man and good worker when sober, but would drink when he got where whiskey was. Thus the drink evil is directly responsible for this loss of life and property and for depriving a home of husband and father.

Cushions for Two.

This morning Col. I. A. Sugg walked in our business office and the telegraph office armed with two nice cushions for chairs. One of these was placed in the editor's chair and the other in the telegraph operator's chair. Col. Sugg said he wanted both to look more comfortable while at work and the cushions will give something softer to sit on than hard chairs. His thoughtfulness and kindness are appreciated and we thank him for the handsome cushions. It is just like him to be thoughtful of other people and to contribute to their pleasure and comfort.

Prof. Shockey to Leave.

Prof. Shockey wishes to announce to the Greenville public that he will discontinue his class of instruction in this place, having been offered a fine position in New York city to tour the whole United States for a large piano firm of that place and has accepted.

About half the people you meet now talk like they have swallowed a megaphone.

Delivered in town by carriers without extra cost. Advertising rates reasonable and can be had on application to the editor or at the office. We desire a live correspondent at every post office in the county, who will send in brief items of news as it occurs. Write plainly, and only on one side of the paper.

FRIDAY AFTERNOON, FEBRUARY 19, 1904.

A MATTER OF BUSINESS.

The REFLECTOR is giving its readers a good afternoon press service. We believe they like this, and the paper would like to continue it as a regular feature. But it costs considerable to do this, and the present circulation of the paper does not justify the additional expense. We see but two ways for continuing a telegraph service—one is to increase the present subscription price, and the other is to have more subscribers. The former plan is perhaps the most difficult, as it is usually a hard matter to raise prices. As to the other plan—there are enough people in and close around Greenville, if they would all become subscribers, to easily bring our list up enough to justify continuing the press dispatches. Even if every present reader of the paper was a prompt paying subscriber, and not so many of them borrowers, it would go a long ways toward it. We mention these things that those who feel interested may help extend the circulation of the paper enough to justify the service in giving them the news.

Virginia has got some first class advertising by sending the negro brute who assaulted Mrs. Shields and daughter, back to Roanoke in the very teeth of a mob and trying him even if it did take 18 companies of soldiers to guard him. It comes high to the state but is a lesson to the rest of them. He could, under a special act passed by the legislature on Monday last, have been tried in Richmond, but the authorities saw that this would show an acknowledgment of their weakness and stood pat. Virginia is all right, and is entitled to all her free advertising.

The oft made assertion that there is no honesty among politicians, has been discounted. Mr. Shafroth, a congressman from Colorado, discovered during an investigation that he had been elected by fraud at certain precincts in his district. Even though the fraud was unintentional and without his knowledge, he arose in congress and after a frank statement voluntarily resigned his seat, saying he could not occupy a position upon which the taint of fraud rested. He was warmly applauded for the honest and manly position he had taken.

The Virginia legislature has just passed, and the governor has approved, a bill to allow women, victims of felonious assault, to give their testimony in private. This is a good law, and should be enacted by all the states. To force a woman upon the stand to give public the details of such a crime is abhorrent to every man who is a man, and much more to the woman. No doubt this has contributed much to the cause of lynching so as to avoid the appearance of the woman in the court room.

Before a man makes up his mind to vote to continue the open saloons in Greenville, he should ask himself this question: Is my boy safe?

Only about ten days in which to work for the dispensary.

The next turn cotton will take is about as uncertain as the weather.

Men of Greenville, where do you stand on the dispensary question?

Wheat is now up to the dollar mark, and may go higher as a result of the war in the East.

If the Atlantic & North Carolina railroad does not get leased it will not be because of a scarcity of applications from persons anxious to lease it.

In the kind of weather we are having lately is a time when you should be merciful by caring for your beasts and protecting them as far as possible against the cold.

You fathers of Greenville will have a terrible sin to account for if you vote for saloons and your boy falls in the clutches of the drink evil and fills a drunkard's grave.

The sheriff's advertisement of his last round to collect taxes again calls to mind the fact that all who fail to pay their poll tax by the first of May will disfranchise themselves from voting.

Col. J. S. Carr is reported as saying that the democratic party with Cleveland as its candidate for the presidency will stand a better chance of success than with any other man at the head of the ticket.

The successive misfortunes to the state in the loss of educational institutions for women is becoming alarming. In the last few weeks three colleges, all of them for women, have been destroyed by fire. The burning of Greensboro Female College, Thursday morning, is a loss and sorrow not only to the Methodist denomination, but also is felt keenly by every citizen of the state.

A new fraud is being perpetrated throughout the country towns, says an exchange. A man wearing a government badge and claiming to be in the secret service and looking for counterfeit money enters a country store and looks over the cash drawer. He invariably finds a few counterfeit dollars which he confiscates. If any business man would permit a stranger to thus inspect his cash drawer he should not only lose a few dollars but every cent it contained.—Durham Sun.

How it Affects Ayden.

The cry went up over the country that Ayden was a dead town when the bar rooms were closed here. Today our merchants are doing better than ever before. Enterprises are springing up all around. Schools, churches, hotels and everything of a public nature are much better. Who would prefer a lot of dram shops placed over our fair town? Some may yet claim that we have been greatly damaged on account of being what is termed a dry town. If we have been morally, spiritually or even financially worsted we are fooled and fooled miserably bad.—Ayden Baptist.

Perfect Confidence.

Where there used to be a feeling of uneasiness and worry in the household when a child showed symptoms of croup, there is now perfect confidence. This is owing to the uniform success of Chamberlain's Cough Remedy in the treatment of that disease. Mrs. M. I. Basford, of Poolsville, Md., in speaking of her experience in the use of that remedy says: "I have a world of confidence in Chamberlain's Cough Remedy. My child Garland is subject to severe attacks of croup and it always gives him prompt relief." For sale by Wooten's Drug Store, Greenville; R. L. Davis & Bro., Farmville.

When You Have a Cold.

The first action when you have a cold should be to relieve the lungs. This is best accomplished by the free use of Chamberlain's Cough Remedy. This Remedy liquefies the tough mucus and causes its expulsion from the air cells of the lungs, produces a free expectoration, and opens the secretions. A complete cure soon follows. This remedy will cure a severe cold in less time than any other treatment and it leaves the system in a natural and healthy condition. It counteracts any tendency toward pneumonia. For sale by Wooten's Drug Store, Greenville; R. L. Davis & Bro., Farmville.

The ordinance so adopted is in the following language:

Whereas, a petition has been filed with this board, at a special meeting held on this the 29th day of January, 1904, signed by 104 citizens of the town of Greenville, asking that an election be ordered in said town to determine whether a dispensary shall be established therein, and whether the manufacture of liquors shall be allowed in said town.

And Whereas, it has been found after a careful investigation and verification of said petition with the registration books of the town, that said petition contains the names of one third of the registered voters of the town of Greenville who were registered for the preceding municipal election.

Section 6. That the following named persons are hereby appointed as registrars and judges of election for the several wards of the town to hold and conduct said election, to-wit:

Second Ward—At Mrs. V. H. Whichard's school house on Pitt street.

Fifth Ward—At the Centre Brick Warehouse on Dickinson Avenue.

Section 7. That the mayor shall cause a copy of this order to be published in one or more newspapers published in the town.
This February 1st 1904,
HARRY W. WHEEBEE,
Mayor of Greenville.

A CURE FOR ECZEMA.
My baby had Eczema so bad that its head was a solid mass of scabs, and its hair all come out. I tried many remedies but none seemed to do any good until I used DeWitt's Witch Hazel Salve. The Eczema is cured, the scabs are gone, and the little one's scalp is perfectly clean and healthy, and its hair is growing beautifully again. I cannot give too much praise to DeWitt's Witch Hazel Salve.—Frank Farmer, Bluff City, Ky., in buying Witch Hazel Salve look out for counterfeits. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run down women. No other medicine can take its place in our family." Try them. Dorothy Dodd SHOES.

The "Dorothy Dodd" Shoe has that something in beauty
and style that means individuality.

It possesses 'style' in the highest degree; it gives dis-
tinction to the foot. In the diversity of kinds there are
styles for every person from the exquisite evening slipper
to the sturdy winter street boot; they all have a light,
airy gracefulness peculiarly their own, which is sure to
appeal to a woman's eye. "DOROTHY DODD" Shoes
Fit, They Fit Perfectly.

Shoes should always fit closely under and about the
instep so as to make it impossible for the foot to slip for-
ward and crowd the toes, while the ball and toes should
have plenty of room thus giving free play to the foot.

This is exactly what "Dorothy Dodd" shoes do.

Our new Spring Styles in oxfords and sandals will be
here very shortly.
