### Between Parker and Hearst.

Albany, N. Y., March 5.—Pursuant to the call issued last week by Chairman Campbell the members of the Democratic State Committee of New York met at the state headquarters here at noon today to discuss the matter of time and place for holding the state convention. From all indications it appears probable that the convention will be held in New York City immediately following the adjournment of the legislature. From statements made by members of the committee and by other leading democrats who are here for the meeting it seems to be the general opinion among them that the contest for the democratic nomination for president is narrowing down to Judge Parker and William E. Hearst.

Childhood is always democratic. The snob is made, not born.

### STATE NEWS.

It has been stated by Major H. A. London, of Pittsboro, that the Confederate Veterans reunion will be held in Nashville on the 14th, 15th and 16th of June.

Warrants have been issued by the Supt. of Public Instruction for the establishment of seventeen new rural libraries as follows: One each in Scotland Neck, Currituck, Caldwell, Cleveland, and Surry, two each in Montgomery, Guilford and Gates, three each in Alamance and Chatham.

A contract has been awarded for the erection of an additional shop building at Spencer, the total cost of which will approximate \$483,000, including the necessary machinery and tools. Work will begin on the new building as soon as the weather will permit and nearly a year will be required for the completion of the improvements.

### Ohio Dinner to Taft.

New York, March 5.—The annual banquet of the Ohio Society of New York at the Waldorf-Astoria tonight promises to be one of the most notable affairs of its kind given in New York this winter. The special guest of honor will be William H. Taft, secretary of war, and until recently governor of the Philippines. It is the purpose of the society to make this a army and navy function, and the chief department officials and many officers of the highest rank in both branches of the service have promised to be present.

### Launching of the Virginia.

Washington, D. C., March 5.—The launching of the battleship Virginia, which originally scheduled to take place today at Newport News, has been postponed on request of the builders until early next month, when it will be christened by the daughter of Governor Montague, of Virginia. The Virginia is the first of the large battleships under construction to be made ready for launching.

### They Say Americans Offer Help to Russia.

St. Petersburg, Mar. 5.—Novoo Verenya asserts that American ship owners have offered to fit out a large number of fast steamships to act as privateers at Russia's service, destroying Japan's merchant marine and harrassing her coast.

### More Japs Landed.

Cheefoo, China, Mar. 5.—Word reached here today that Japanese troops had landed in some force at Gen San, on the eastern coast of Korea. They are not proceeding north towards Vladivostok as might have been expected they would, but are instead making for Ping Yong where they will reinforce the Japanese forces already there. The forces at Ping Yang are also being reinforced daily from Seoul. The Russian advance column which is now situated at Anju, twenty miles north of Ping Yang, is but small in number.

### GENERAL NEWS.

Wages in the United States on the average are more than twice those in Belgium, three times those of Denmark, France, Germany, Italy and Spain and one and a half times those in England and Scotland.

John Hopper, J. C. Butler and C. A. Blair, white men, and Walter Jackson, a negro, were killed in a conflict between whites and blacks, at Bokasha, Indian Territory, Wednesday evening.

Prairie fires that have just swept over large portions of Kiowa, Okla., and Comanche counties have destroyed hundreds of farm buildings and much live stock, made 1,000 persons homeless and caused the death of several persons.

London claims during the past year to have had fewer murders and fewer burglaries than in previous years. There has also been no case of murder in which there was a failure to bring the perpetrator to justice.

Dan Cushing, younger brother of E. B. Cushings, superintendent of maintenance of the Southern Pacific railway, who was kidnaped by bandits on the night of the 2nd in Texas, has been turned loose. The bandits did not attempt to force their claim for ransom.

### Bible Society's Centenary.

London, March 5.—In these stirring times, when war and preparations for war are engrossing the public mind, it is pleasing to note the extraordinary plans that have been made for the observance tomorrow of what has been designated "Universal Bible Sunday." The day has been set aside for celebration of the centennial of the British and Foreign Bible society, which was founded March 7, 1804.

### Smallpox Epidemic.

St Petersburg, Mar. 5.—A serious smallpox epidemic is raging in the trans Baikal district. Fears are felt that the scourge will spread to the troops stationed there and enroute to far East.

### Still Contending.

Indianapolis, Mar. 5.—According to the program given out Friday afternoon, the miners and operatives met this morning in joint convention to hear the report of the joint scale committee. This report practically asks for 5 cents per ton reduction.

### Haste Makes Waste.

St. Petersburg, March 5th.—Admiral Maharoff, who is enroute to the far East, has arrived at trans Baikal district, but only after a trip consuming a fortnight. This is five days longer than it would normally take to cover the distance, shows in transportation resulting from confusion caused in the attempt to rush troops more rapidly than the trans Siberian road is capable of accommodating them. Owing to this slowness it is stated that sufficient troops cannot reach the zone of hostilities in time to begin an active campaign before next month.

### MONDAY NIGHT.

Edsall Winthrop Co. Presents The Signal of Liberty.

The Edsall Winthrop Stock Co. will present on Monday night the great military drama The Signal of Liberty, one of the strongest plays ever seen at popular prices.

The company is too well known here to need an introduction to the Greenville theatre goes as they made such a decided hit here only a few weeks ago.

An entire new line of specialties will be introduced between the acts. Seats are now on sale at Burch's.

Prices 15, 25 and 35cts. Special ladies and children's Matinee Wednesday.

### Request to the Aldermen.

### EDITOR REFLECTOR:

Ask the board of aldermen to turn on the lights. Let them meet at the mayor's office, Monday night, and adjourn to the court house so as to give the interested public an opportunity of attending and hearing the discussions on the returns of the dispensary election. Many gentlemen and ladies would like to be present and the opportunity should be given them.

### CITIZENS.

Several stores at Parmele were destroyed by fire a few days ago.

William Duffy, alias W. M. O'Brien, an insane discharged soldier, made a violent attack upon several officers and clerks in the war department about noon on the 4th, with a pistol, wounding Robert Manning, a messenger boy, and Arthur Wicker a clerk.

There have been some 12 or 15 real estate transfers of town property here since the fire. The prices paid would do credit to a very much larger town.

Deputy sheriff Leon Tucker and Dr. J. E. Nobles, of Greenville, were here Thursday.

R. H. Hunsucker and wife went shopping to Greenville Thursday.

Joe Barber, near here, has a tenant named Joe, an adopted orphan named Joe, a hired man named Joe, and a member of the family by the same name. These in company with others here the other day by actual count numbered 14 Joe's present. Joe Barber says with him to fight fire and Joe Blow to watch robbers, things are bound to be a Joe full success.

Mrs. J. D. Cox has some beautiful hyacinths in bloom in her yard.

Somerecent German experiments show the possibility of a dangerous electrical current passing down the stream from a fire engine that is playing on a wire carrying a heavy voltage.

# THE DAILY REFLECTOR

EVERY AFTERNOON EXCEPT SUNDAY.

D. J. WHICHARD, EDITOR AND PROPRIETOR.

Entered at the post office at Greenville, N. C., as second class matter. Subscription rates: One Year, \$3.00; One Month, 25 cents; One Week, 10 cents. Delivered in town by carriers without extra cost. Advertising rates reasonable and can be had on application to the editor or at the office.

We desire a live correspondent at every post office in the county, who will send in brief items of news as it occurs. Write plainly, and only on one side of the paper.

SATURDAY AFTERNOON, MARCH 5, 1904.

Columbia is mighty quiet. Must be the season for spring fever down there.

Smoot is likely to get some smut by the time the investigation comes to a finish.

Cotton is worth 15 cents again. If there is any left it is a good time to trot it out.

Greensboro people are doing some kicking over a notice that it is going to cost more to say hello.

Things are surely swinging around to moral reform. The governor of South Carolina had a cock fight stopped.

There are some people saying if it had to be done over again they would not be found voting against a dispensary.

The Standard Oil Company has obtained a control of the New York ice trust. Deacon Rockefeller is, "gatherin' 'em all in."

The thing has been told before but will bear repeating often: Failure to pay poll tax by the first of May will be a barrier to voting in the fall election.

Judge Simonton of the United States Court has fixed March the 10th as the date for the hearing in Raleigh of the Atlantic and North Carolina receivership matter. Then we shall see, what we shall see.

A Russian army officer became suddenly insane while waiting for the latest war bulletin, firing into a St. Petersburg crowd, with the result that three civilians were killed and several wounded. This was the very officer Russia needed at the front.

The Charlotte News is progressive from the word go. It has purchased an automobile in order to quickly get the paper to suburban districts of the city. The News is the leading afternoon paper of the state.

The editor of THE REFLECTOR is not unmindful of the many kind personal references recently made to him by the brethren of the state press. We have many warm friends among them, and their esteem is appreciated.

There is talk of organizing a North Carolina Society in Norfolk among the people from this state living in that city. If all North Carolinians there join the society the balance of the population will be well in the minority. Tar heels form the largest part of the city.

The old canard used by those who try to justify President Roosevelt's social equality acts, that there was a precedent in ex-President Cleveland inviting a negro to lunch with him, has been again exploded. Mr. Cleveland says "it is a deliberate fabrication out of the whole cloth."

Congress is going to give Professor Langley twenty-five thousand dollars more to be used in experimenting in his air ship. We hope the professor will personally superintend the next launching of his machine. Perhaps a ducking in the Potomac will cure him and save the government further waste of money. —Wilmington Messenger.

General Fred Grant has affirmed the ruling discharging a clerk at Fort Sheridan who refused to mispell the word routing when a superior officer ordered him to spell it with an "e." The intelligent clerk might, have better emulated the intelligent compositor who "follows 'copy,' even if it has to be followed out the window.

The fact that eastern Asia already buys \$55,000,000 worth of European and American manufactured products shows why the western world is so keenly interested in the present war situation in the Far East. The United States derives \$90,000,000 worth of this trade. A few years more of development will find the Mongolians taking more than a billion dollars' worth of foreign goods, and, with open ports, the United States getting as much or more trade than any competing nation. —Atlanta Constitution.

An effort will probably be made to increase the amount set apart for pensions for the ex-confederates. The amount now allowed is only \$200,000 and this gives to widows and to fourth class soldier pensioners who, of course, are most numerous, barely \$14 a year. This mere pittance really does very little good. The state is now in a position to increase the pension allowances, owing to the increased assessment of all classes of property. —Concord Times.

Senator Simmons has issued his call for the meeting of the democratic state central and executive committee. It will be held Thursday night, March 17, in the senate chamber at Raleigh. It seems to be conceded that the committee will call the convention to meet in Greensboro but the observing Durham Herald says that Greensboro wants to watch Raleigh and we think ourselves that the town is tricky particularly when it is a state convention that is at stake. —Greensboro Telegram.

### Put the Lie and the Liars Are Nailed.

In a debate in the house Monday Mr. Gilbert, of Kentucky, "made reference to the dining of Booker Washington at the White House," whereupon Mr. Scott of Kansas, "jumped up and repeated the old, threadbare story to the effect that President Cleveland dined a negro when in the White House." Mr. Thos. J. Pence, the well-informed and trustworthy correspondent of the Raleigh Post, in relating the incident says: "As soon as Roosevelt planted his knees against Booker's under the White House mahogany Republicans began to circulate this story. They have been doing so ever since despite authentic denials. No one in Washington ever took it seriously." The republicans do not deny President Roosevelt's receiving Booker Washington as a social equal, and they do not attempt to defend the act, for they dare not. The falsehood they are undertaking to spread is all that they have to fall back upon. —Winston Sentinel.

New York, Mar. 5.—Two more bodies have been taken from the ruins of Hotel Darlington which collapsed Wednesday afternoon, making 17 in all that have been recovered.
