Baltimore Ready for Business.

BALTIMORE, MD. Mar. 1, 1904. EDITOR REFLECTOR:

The Merchant's & Manufacturers Association of Baltimore wishes to call the attention of all those who in the past have favored this city with their trade to the fact that the temporary interruption to business by the great fire has passed, and to state that business has resumed its normal condition. While the section burned contained a large part of the wholesale district, no lives were lost, and it was necessary only to find other quarters.

In all large cities there is a belt of buildings that are neither strictly in the business section nor are they in the residential section. These have been brought into use, and our business is now transacted as before, being removed only a few squares from its old location.

Since the fire the greatest energy and desire to get started again has been displayed, resulting in the collection of new stocks, and our merchants are now offering a perfectly fresh assortment of all kinds of materials.

With all our great loss we have not up to this time appealed to the country for financial help, but we do ask that you continue your trade with us and give us the means of helping ourselves. We can supply all your requirements.

Yours very truly,
E. STANLEY GARY,
President.

C. H. FORREST,
Secretary.

With Another Firm.

W. S. Greer, of Baltimore, who is in town looking after his trade and shaking hands with a host of friends, tells us that he has changed firms. Until February 1st he represented the Sligo Iron Store Co., in the West, but since that time he has been with Carpenter Bros., of Cincinnati, and is now representing them in his old territory. Mr. Greer has been coming on occasional trips through this section for 22 years, and is well known to the trade. Carpenter Bros. are large manufacturers of carriage supplies, and having such a good representative they may expect large patronage from the buggy and carriage manufacturers throughout this section.

Barn and Stables Burned.

Early Saturday night R. H. Allen, who lives about 3 miles above Greenville, lost his barn and stables by fire. The barn contained a quantity of corn, peas and feed stuff, all of which were lost, and several stacks of fodder nearby were also burned. Mr. Allen says some hands had been on the second floor of the barn shelling peas during the afternoon and he thinks they must have been smoking and dropped some fire.

Tobacco Going Down..

"The tobacco market in Raleigh has fallen off about 30 per cent. in the last ten days and the reports that I hear from other tobacco towns is that the markets there are off about 25 per cent," said a well known tobacco man yesterday.

Continuing he said: "The prices were doing a little better after Christmas up to about ten days ago, but since then I have noticed that they are going down. While there had been an advance it had not touched the figures of last year. The sales here have decreased lately, though last week we had excellent sales. Unless the prices move up again the outlook is not near as promising as it was two weeks ago."

These remarks show the effect of the tobacco trust having the farmer by the throat. It moves up the price a little as a coxer and then puts on the screws again.—Raleigh News and Observer.

Better Later On

We hear one farmer say it looked liked he would almost have to abandon trying to make a crop this year, the weather keeps so bad. Don't give up, there will be good weather for work after a while.

"Germs cause an enormous amount of sickness, don't they?" said the superficially informed young man.

"Yes," answered the old-fashioned doctor; "if they don't get into a man's system they are liable to get on his mind and worry him half to death.—Washington Star.

GENERAL NEWS.

Somewhere between Lewiston and Lombard, Mont., nobody knows just where, three trains, one freight and two mixed passenger, have been buried in snow drifts for two weeks. Snow plows with gangs of men have been bucking the drifts night and day, but the missing trains, have not been reached. The two mixed trains carried about twenty persons.

Barker Robinson, Jr., colored, was hanged at Lawrenceville, Va., on the 4th for the murder of his mother.

A tremendous earthquake, which did much damage, occurred in Lima, Peru, a day or so ago. Nothing comparable with it has been experienced during the last thirty years. No lives were lost.

STATE NEWS.

Elenore Funderbunk, of Monroe, got his foot caught in the carriage of his saw mill on the 5th and had it crushed off.

Conductor Wm. H. Branch, of the Atlantic Coast Line, and a native of Wilmington, was killed on the night of the 4th at Kissimmee, Fla., by being crushed between cars of a freight train.

John Outlaw, of Currituck county, N. C. became tired of his wife and two children and sold them to his brother, Jerome Outlaw. He received in exchange

two fishing nets. Warrants were sworn out for them and it developed the fact that John Outlaw did not think there was anything wrong in the affair. Neither did Mrs. Outlaw or Jerome Outlaw. As the two children are dependent upon them no punishment was inflicted and they are now living together as if nothing had happened.

Nine murder cases on the docket of Madison county court is a big record for one county.

Miss Katharine Stedman, daughter of Maj. C. M. Stedman, of Greensboro, eloped to Danville with Prof. Alfred Palmer and they were married in that city. They will make their home in Michigan.

Non resident hunters in Richmond county have been shipping birds out of the state by mail.

Fine Tobacco.

The tobacco board of Greenville have sent a 300 pound box of fine tobacco with the North Carolina exhibit at the St. Louis exposition. We venture the prediction that no finer tobacco will be on exhibition than that from Pitt county.

Edsall Winthrop Stock Company.

Return engagement. We are pleased to announce the arrival of manager Osman and this favorite troupe of performers. We are assured of good entertainment for three nights and a matinee Wednesday.

They play at Kinston the latter part of the week.

Delivered in town by carriers without extra cost. Advertising rates reasonable and can be had on application to the editor or at the office. MONDAY AFTERNOON, MARCH 7, 1904.

It will look more like doing things when the canal diggers get to throwing dirt.

Folks in high life, as well as others, will elope when they want to get married contrary to the wishes of the old folks.

Now that they have gone to making paper out of corn stalks, there will be a market for that heretofore worthless product of the farm.

For the year 1902 the gold actually produced in North Carolina amounted to \$91,650. Thirty-three counties contributed to this. There was \$30,212 in silver taken from the same mines. Gold is all about in the old North State.

United States Senator James B. McCrarny, addressing the Kentucky House by invitation, declared he would oppose the nomination for president of any man who had not supported the democratic ticket in the last two presidential campaigns.

A contract has been given for a monument to be erected on the graded school lot in Winston of the late Rev. Dr. Calvin H. Wiley, the first State Supt. of Schools in North Carolina. The Daily Sentinel says that the monument is to be completed by May 1, and will cost \$400.

Now here is something that should make every white creature possessed of a soul and made in the image of his God think and think seriously:

"While dying in Colleton county, former Section Foreman Jones, of the Atlantic Coast Line Road, has confessed being the murderer of his wife at Haveland, S. C., fourteen miles from Charleston in May, 1902, for which crime three negroes were lynched. The crime which was charged to the negroes was one of the most brutal ever committed in the state, and after the capture of the negroes quick work was made of them by the mob."

Comment is certainly superfluous. What must be the feelings of those who participated in the lynching.—Morning Post.

Question for the Lawyers.

The State Bar Association—composed of lawyers, not barkeepers—will meet in Charlotte in June. The Landmark makes bold to suggest a question which we trust the association will discuss and elucidate, and we bespeak the aid of The Charlotte Observer, which is on the ground, getting the matter before the association. The question is "should a 'possum dog eat 'possum, and if not why not?" It is becoming more apparent every day that a 'possum dog won't eat 'possum—a lawyer won't prosecute a lawyer, if he can help it, and only half heartedly if at all. An apparently conspicuous example of it occurred in the State the other day. If this is a settled rule of the legal profession the laity, who furnish the business, are interested in knowing the whys and wherefores.—Statesville Landmark.

There is a renewed rumor that the next cabinet member will be selected from the South. The South is not as anxious about his name as about his color.—Washington Messenger.

Will Stay Dry.

At the regular monthly meeting of the board of town commissioners of Wilkesboro, N. C., a petition to hold an election to decide whether liquor should be manufactured and handled in the town failed for lack of sufficient support.

At the same meeting another petition for an election on bond issue of \$30,000 for waterworks, sewerage, etc., was presented and an election was ordered for May 16, 1904.

Congressman a Hero.

Congressman John H. Small, of North Carolina, who is well known in Norfolk, and who has been identified as the leader of the project for the establishment of an inland waterway between Norfolk and Beaufort, N. C., was the hero in a fire which recently burned out the top floors of the Elsmere Hotel in Washington, D. C.

Mr. Small was one of the first to discover the fire, and, instead of looking out for his own interests, began to notify the numerous sleepers on the floor in which the fire was located. By his efforts all were saved. He then went to his own room and dragged a heavy trunk down several flights of stairs.—Norfolk, Va., Landmark.

Poor Prices Predicted.

An Observer reporter had a talk yesterday with a gentleman who is identified with the tobacco industry, and in answer to a question as to his opinion of prices for the remainder of this season and for the next crop, he said:

"The low prices which prevailed during last fall were due to lack of sufficient competition. The few very large tobacco companies—virtually one company—bought a percentage of the whole crop and predominated to such an extent that they could control the market. Whatever prices they desired to pay governed the market. Quite recently prices have advanced materially particularly in Eastern North Carolina, and this advance was caused and stimulated by the large companies.

Occurring as it does just at the time the farmers should prepare for the planting of a new crop, one can see clearly that it was done to cause a large crop to be planted and no doubt the farmers will be fooled into planting an unusual crop of tobacco. My opinion is that if they do they will find low prices again. In fact, I believe that as soon as the time is past for the planting of the new crop, the remainder of this year's crop yet to be sold will find lower prices than those prevailing at present, and I would sell tobacco now if I were a farmer with tobacco on hand. I look for a usual crop to be planted and expect to see another year of low prices."—Charlotte Observer.

Perry Heath and General Miles are in the same class in so far as the failure of the President to toss them bouquets upon their retirement is concerned.—Savannah News.

If the thing had happened a couple years ago J. Pierpont Morgan would have been financing the war on both sides. Times have changed so much that a shortsighted man could notice it.—Toronto Star.

When You Have a Cold.
The first action when you have a cold should be to relieve the lungs. This is best accomplished by the free use of Chamberlain's Cough Remedy. This Remedy liquefies the tough mucus and causes its expulsion from the air cells of the lungs, produces a free expectoration, and opens the secretions. A complete cure soon follows. This remedy will cure a severe cold in less time than any other treatment and it leaves the system in a natural and healthy condition. It counteracts any tendency toward pneumonia. For sale by Wootens Drug Store, Greenville, R. L. Davis & Bro. Farmville.

A CURE FOR ECZEMA.

My baby had Eczema so bad that its head was a solid mass of scabs, and its hair all come out. I tried many remedies but none seemed to do any good until I used DeWitt's Witch Hazel Salve. The Eczema is cured, the scabs are gone, and the little one's scalp is perfectly clean and healthy, and its hair is growing beautifully again. I cannot give too much praise to DeWitt's Witch Hazel Salve.—Frank Farmer, Bluff City, Ky., In buying Witch Hazel Salve look out for counterfeits. DeWitt's is the original and the only one containing pure Witch Hazel. The name E. C. DeWitt & Co is on every box. Sold by J. L. Wooten.

Dorothy Dodd SHOES.

The "Dorothy Dodd" Shoe has that something in beauty and style that means individuality.

It possesses 'style' in the highest degree; it gives distinction to the foot. In the diversity of kinds there are styles for every person from the exquisite evening slipper to the sturdy winter street boot; they all have a light, airy gracefulness peculiarly their own, which is sure to appeal to a woman's eye. "DOROTHY DODD" Shoes Fit, They Fit Perfectly.

Shoes should always fit closely under and about the instep so as to make it impossible for the foot to slip forward and crowd the toes, while the ball and toes should have plenty of room thus giving free play to the foot.

This is exactly what "Dorothy Dodd" shoes do. Our new Spring Styles in oxfords and sandals will be here very shortly.
