STATE NEWS.

Thomas Thacher, of Greensboro, has disappeared mysteriously and so far no trace of him is found

Miscreants drew spikes from the rails of the Southern railway track on a curve near Greensboro. It is believed their purpose was to wreck a train.

A colored man working in Duke's tobacco factory, at Durham, was caught in a fly wheel and instantly killed.

Receipts of the Raleigh dispensary during February were \$12,000. \$900 more than in January.

Fisherman along the sounds say the outlook is that the catch of shad and herring will be large this spring.

The commissioners of both Craven and Lenoir counties passed resolutions condemning the receivership business of the Atlantic & North Carolina railroad.

Barlow and Wilson Minstrels.

Were the curtain of time rooled back and the performers of twenty-years ago to appear on the scene, what a revelation would last night's performance have been to him. How he would have wondered at the simplicity of arrangements of his day, and the magnificence of the drapery of the present, when a little burnt cork and banjo constituted a performer, while now it requires all the present grandeur of a colossal attraction, like Barlow and Wilson's Minstrels, to satisfy the public. Every aggregation has its stars, but none cast their rays brighter than do Barlow and Wilson's magnificent aggregation of star performers.—New Orleans Daily Picayune.

REFORM LEAGUE.

Important Work Before the Ladies.

The meeting of the Ladies League for Moral Reform held Thursday in the Baptist church was well attended and deep interest was shown in the work they represent.

Many important measures were discussed. Some of the ladies present signed a pledge not to serve wines or liquors as a beverage in their homes, nor use it in their house keeping.

This is regarded by many as an exceedingly important step. Few among us realize how extensively wines and brandies are used in seasoning desserts, an how dangerous the custom is in homes where young people are growing up.

Simply to discuss seriously this custom, now entirely too common in town and county, is great gain. It is hoped that ere long many other ladies will lend their influence to avoid creating or developing such a taste. Other seasoning can easily be substituted and danger avoided.

The next meeting of the League will be held in the Presbyterian church two weeks hence.

Buzzard Won't Eat 'Possum.

A human being is a queer animal after all. We eat 'possums and pay fancy prices for them, yet a vulture will not touch one. During a long season of snow some years ago, a farmer said the buzzards in his locality were almost starved and to test the matter he killed a 'possum and put him out where he could be easily found. The vultures would not touch him, though they "examined" the carcass. Not satisfied, the farmer cooked another 'possum up brown and spread him out, but the buzzard declined the feast.—Greensboro Record.

Paid \$300 for the Hire of a Horse and Buggy.

Last July a man by the name of Sweeny, of Greensboro, traveling representative of Pratt's Food Company, hired a horse and buggy from Thompson & Loy, of this city. Up to the present the outfit has not been returned. Mr. Thompson and Mr. Squires went up to Greensboro and arrested Mr. Sweeny and brought him to Burlington. He compromised the matter by agreeing to pay for the use of the horse and buggy since the time he hired it which amounted to \$300, and will have the outfit returned at once. The horse and buggy is now at Weldon and has been there for several months, where Sweeny left it. He claims that it was simply negligence on his part that the outfit was not returned. The liverymen who had the horse at Weldon advertised for the owner, and Messrs. Thompson & Loy will pay them for feeding the animal.—Burlington News.

More Trouble for Groff.

Samuel A. Groff, recently convicted in connection with the famous post office conspiracy case, and a member of the Washington police force, is to face a trial board of the police department, and will no doubt be dismissed from the service.

Refused Requisition.

Gov. Pennypacker, of Pennsylvania, has refused to honor the requisition papers of Gov. Aycock, asking for the surrender of Wm. Hill, charged with the murder of James Morris at Greensboro about four years ago. The cause of the Pennsylvania Governor's refusal is not given.

UNION SERVICES.

Churches Join in Evangelistic Work.

The Ministers Union of Greenville, in a special meeting on Friday, decided to begin a series of union evangelistic services, on Sunday night, 13th, services will be held in the Presbyterian church, Rev. J. A. Hornaday to preach, Rev. A. T. King to conduct the song services.

The night services will begin at 7:30, and a morning service lasting three quarters of an hour will be held regularly at 10:30 o'clock.

This united work is entered upon with the confidence that the Christian people of Greenville will welcome this another opportunity to join heart and hand in an effort to uplift and save.

Utilizing Vacant City Lots.

In the April Delineator Allan Sutherland writes of a remarkable sociological experiment—no longer an experiment, for its practical value has been demonstrated—that has been tried in several large cities, of changing unbeautiful vacant lots into garden spots. Vacant tracts of land are borrowed from generous owners of real estate, divided into small tracts and loaned to needy people, chiefly old men, invalids and children. They are furnished with seed, tools, etc., and their work is directed by competent supervisors. Among the many beneficent results of the efforts of the Vacant Lots Association, the following are mentioned in the article: Hundreds have found employment who would otherwise have been idle; land has been rescued from weeds and rubbish and made to bring forth fruits and flowers; little children who at best could hope only for a "country week" have found a glorious "country summer;" they have had in large measure at least suggestions of country life, with its blessings of pure air, wholesome food and health-giving exercise, and many have already set their faces resolutely to look for pleasant homes in the country; indeed, the demand from suburban property owners is rapidly increasing for these youthful trained workers of the soil.

Great Facts About a Kiss.

The kiss: A kiss is a peculiar proposition. Of no use to one, yet absolute bliss to two. The small boy gets it for nothing, the young man has to steal it and the old man has to buy it. The baby's right, the lover's privilege, the hypocrite's mask. To a young girl, faith; to a married woman, hope; and to an old maid, charity.

LETTER TO W. M. SMITH.

Greenville N. C.

Dear Sir: Devoe is worth \$4 or \$5 a gallon, put-on; how much is another paint worth?

Depends on how many gallons you've got to put-on, to be equal to one of Devoe.

Mr. J. J. Hall, Sheffield, Pa., painted two houses one coat, five years ago, lead-and-oil, took 40 gallons.

Last summer bought 40 gallons Devoe for same houses; had 10 gallons left.

Mr. N. Avery, Delhi, N. Y. owns two houses exactly alike; painted one with Devoe; took 6 gallons. The other with some other; took 12 gallons.

What'd you give for those off paints? Bear in mind you've got to pay for the painting.

Yours truly,

F. W. DEVOE & Co.

DEATH OF PROF. STEPHENS.

Principal of Ormondville High School.

ORMONDSVILLE, N. C. March, 10, When the sad announcement of the death of Mr. B. W. Stephens, principal of Ormondville High School, was made last night, at 9:45 o'clock, it was a great shock to the community.

Mr. Stephens has been principal of our high school since Sept. 1902, and has not only had a successful career in the school room, but has won his way to the hearts of the people. He was confined to his room on March 2, and for seven days he wrestled with pneumonia. His home is at Roxboro. His brother and sister reached his bedside only a few hours before death came.

He was a young man of great promise, a pure, Christian hearted man, and a man who was loved by all who knew him. He graduated at Trinity College in the class of 1901, and since that time he has been teaching. In his death Ormondville High School has lost a most excellent leader, and the community a powerful influence.

His remains were taken to Kinston today and will leave for Roxboro tonight. We share to a great extent the grief that the family is suffering.

Miss Elizabeth Carver, assistant and music teacher of the school, J. W. Ormond, R. P. Taylor and J. R. Turnage accompanied to the corpse to Roxboro.

GENERAL NEWS.

An electric railroad is to be built through the principal truck and peanut section of Virginia from Portsmouth to Richmond.

Two thousand people have been rendered homeless by the recent flood in the Wyoming valley of Pennsylvania.

Senator Tillman, of South Carolina, is very ill in Washington.

A French steamer is reported wrecked off the coast of China and it is believed 100 persons perished.

Hoarding Money.

There is no telling how much money is hid away by persons about in the country, instead of investing it. A citizen of this county recently deposited \$700 in gold in a bank of a neighboring town, which he had been hoarding at home for twenty years. He was induced to put it in a bank at last because somebody had tried to break in his house and steal it, as he thought.

Of course this man had never listed this money for taxation, as is too often the case with such persons. If he had invested this \$700 twenty years ago it would have more than doubled at simple interest.—Pittsboro Record.

Somehow a deaf man can always hear an invitation to take a drink.

FRIDAY AFTERNOON, MARCH 11, 1904.

Greensboro continues to be agitated over the "hello" situation in that city.

Hereafter democratic congressmen had best let republican postmasters look after their own allowances.

It looks like there has been enough of the Smoot scandal heard for the committee to call off the investigation and send him home.

This winter's back bone seems to have as many joints as a cat has lives. You just can't tell when the thing is broke to stay broke.

Whether Cleveland will allow his name to go before the convention remains to be seen, but as time goes on it daily looks more like Cleveland.

A man in New Jersey arraigned for bigamy astonished the court by admitting that he had been married forty-seven times. It is not stated if he ever lived in Utah.

Possibly the fourth assistant postmaster general was merely trying to take attention away from the stench in his department by pulling the congressmen into the mud pile.

When a weather item is written these days it is not with any certainty of being correct by the time it is printed. Changes are too sudden to keep up with them.

We hope the esteemed Durham Sun is not ignorant of the existence of a town in North Carolina named Goose Nest. If so our brother should take Sam Jones' advice and travel some.

The Atlantic & North Carolina railroad being in the hands of a receiver does not hurt the price of the stock but has given it a healthy stimulus. What stock has been on the market brought high prices.

Seven divorces in twenty minutes is a record made in Wake county Superior court. It is a crying shame that divorces are so easily obtained in North Carolina. The next legislature should be quick to put a stop to this disgrace.

The thanks North Carolina congressmen get for helping republican postmasters get more pay, is to be charged by the fourth assistant postmaster general in helping to loot the treasury. And the charge is raising a warm time around Washington.

Emperor William, of Germany, wants to present a statue of Frederick the Great to the United States government to be erected in Washington. Some of the senators are opposed to accepting the statue on the ground that the former German king, was not in sympathy with American institutions.

Too much of the milk of human kindness savors of the pump.

The meaning of an epigram is concealed by the brilliant effect it produces.

Can Japan Whip Russia.

The London Times, which is credited with being the most powerful shaper of public opinion on earth, estimates that Russia can not use more than 200,000 soldiers in Manchuria: this is because of the great distance from the base of supplies and the necessity for maintaining armies in other parts of Europe. Japan at the beginning of 1904 had 273,268 soldiers in active service and has now about 450,000. The permanent army can be and probably will be rushed through Korea to Manchuria and this army alone (273,000 troops) will outnumber the total available forces of Russia. In addition, Japan's military forces other than this permanent army number 225,000 and those will be ample for home service. When the question of naval supremacy shall have been settled, the two nations will be about equal as to numerical strength. Russia is plainly at a disadvantage with regard to supplies and will of course be more so after the inevitable capture of Port Arthur by the enemy. It seems that Russia is defending contiguous territory but it would matter but little to her if the Atlantic Ocean were in the place of Siberia. As to the comparative fighting and campaigning qualities of the two armies the American official report of the Peking campaign described the Russian soldiers as "industrious foragers," and said of the Japanese: "If Japan can keep the armament and equipment on a par with her soldiers, she is a most valuable ally and a most formidable enemy." All things being considered and if it be true that the American people sympathize with the underdog, it begins to appear that we made a mistake in deciding which was the under one.—Charlotte Chronicle.

The liquor lawyers who went up to Raleigh last winter to defend the whiskey business, failed to earn their fees. In looking for big things, they did not discover that innocent looking little anti-jug law for four counties that turns out to be big enough to cover the whole State like a horse blanket.—Charity Children.

The next annual Reunion of the United Confederate Veterans will be held at Nashville, Tennessee, on the 14th, 15th, and 16th of June. From there many of the veterans will go to the great exposition at St. Louis, as it is only about ten hours ride from Nashville to St. Louis and the railroad fare will be greatly reduced. Thus, in one trip veterans can attend the Reunion and the exposition.

The Confederate Reunion was held at Nashville during the last week of June, 1896, and was one of the most enjoyable we have ever attended. No doubt this will be equally or even more enjoyable.—Pittsboro Record.

For three days this editor has been feeling bad—very bad. In fact has been confined to his room for the best part of two days. Sunday afternoon Ma Laria grabbed hold of him with a capias instant, and served it forth with without so much as a sitacious dessert, and then threatened him with fever. But we all have our ills, and we are not talking an air ship to those we know not of. We are sure of one thing. We are not immune to the machinations of Ma Laria or Bil I. Ous, and as a good doctor's patient we are patiently aliding our time and Japaneseing this physical rushin' fleet.—Durham Sun.

Army Bill Passed.

Washington, March 9.—The army appropriation bill was taken up in the senate today and almost the entire day was devoted to its consideration. After several amendments of little importance had been agreed to the measure was finally passed, and the remainder of the session was occupied by the Philippine bill.

More Riots.

Disturbances of strikers are not nearly as grave as an individual disorder of the system. Overwork, loss of sleep, nervous tension will be followed by utter collapse, unless a reliable remedy is immediately employed. There's nothing so efficient to cure disorders of the Liver or Kidneys as Electric Bitters. It's a wonderful tonic and effective nerve and the greatest all around medicine for run down systems. It dispels nervousness, Rheumatism and Neuralgia and expels Malaria germs. Only 50 cents, and satisfaction guaranteed by Wooten's Drug Store.

Perfect Confidence.

Where there used to be a feeling of uneasiness and worry in the household when a child showed symptoms of croup, there is now perfect confidence. This is owing to the uniform success of Chamberlain's Cough Remedy in the treatment of that disease. Mrs. M. I. Buford, of Pooksville, Md., in speaking of her experience in the use of that remedy says: "I have a world of confidence in Chamberlain's Cough Remedy for I have used it with perfect success. My child Garland is subject to severe attacks of croup and it always gives him prompt relief." For sale by Wooten's Drug Store, Greenville; R. L. Davis & Bro., Farmville.

DO YOU WANT STRENGTH?

If you want to increase your strength you must add to and not take from the physical. In other words, food that you eat must be digested, assimilated and appropriated by the nerves, blood and tissues before being expelled from the intestines. Kodol Dyspepsia Cure adds to the physical. It gives strength to and builds up strength in the human system. It is pleasant to the taste and palatable, and the only combination of digestants that will digest the food and enable the system to appropriate all of its health and strength-giving qualities. Sold by J. L. Wooten.

AN EARLY RISER.

A strong, healthy, active constitution depends largely on the condition of the liver. The famous little pills known as DeWitt's Little Early Risers not only cleanse the system but they strengthen the action of the liver and rebuild the tissues supporting that organ. Little Early Risers are easy to act, they never gripe and yet they are absolutely certain to produce results that are satisfactory in all cases. Sold by J. L. Wooten.

When You Have a Cold.

The first action when you have a cold should be to relieve the lungs. This is best accomplished by the free use of Chamberlain's Cough Remedy. This Remedy liquefies the tough mucus and causes its expulsion from the air cells of the lungs, produces a free expectoration, and opens the secretions. A complete cure soon follows. This remedy will cure a severe cold in less time than any other treatment and it leaves the system in a natural and healthy condition. It counteracts any tendency toward pneumonia. For sale by Wooten's Drug Store, Greenville, R. L. Davis & Bro. Farmville.

Dorothy Dodd SHOES.

The "Dorothy Dodd" Shoe has that something in beauty and style that means individuality.

It possesses 'style' in the highest degree; it gives distinction to the foot. In the diversity of kinds there are styles for every person from the exquisite evening slipper to the sturdy winter street boot; they all have a light, airy gracefulness peculiarly their own, which is sure to appeal to a woman's eye. "DOROTHY DODD" Shoes Fit, They Fit Perfectly.

Shoes should always fit closely under and about the instep so as to make it impossible for the foot to slip forward and crowd the toes, while the ball and toes should have plenty of room thus giving free play to the foot.

This is exactly what "Dorothy Dodd" shoes do. Our new Spring Styles in oxfords and sandals will be re very shortly.
