#### WITH THE TEACHERS.

##### Interesting Meeting of Association.

Though the weather was pretty today, the county roads are very bad and it was with difficulty that the teachers could get here to the meeting of the association. Notwithstanding the difficulties there was a large attendance and the exercises were interesting and helpful.

President Everett called the meeting to order at 11 o'clock and the devotional exercises were conducted by Rev. J. A. Honaday.

After reading minutes of last meeting and calling the roll of members the program as previously arranged was taken up.

Miss Annie Perkins with a model class gave an interesting lesson in first grade work and sight reading.

A discussion of the method of first grade work followed by Prof. Dove.

Miss Georgia Joyner spoke on the use of objects and models in teaching, impressing the importance of the subject and illustration matching.

Co-relation of geography, history and literature was very ably discussed by Prof. J. D. Everett. He was assisted by Miss Louie Creef, of Bethel, who stated very fully how she would teach the history and geography of New York city. Also Miss Anabel Moore read a fine paper telling how she would teach its literature.

"Our plan of work" was interestingly discussed by Miss Hennie Brown

"How to secure a library" was the subject of a very interesting and practical paper read by Miss Daisy Carman, and discussed by Prof. Ragsdale telling what had been done in Pitt county and its effect upon the schools.

Rev. F. G. Hartman made an excellent talk on "Positive teaching of morals."

The teachers show much interest in their work and the monthly meetings of the association are very helpful.

#### Less Than Half Price.

I have five music cabinets left over of a lot bought sometime ago at a bankrupt furniture sale in Norfolk at about fifty cents on the dollar. These cabinets can be seen at A. H. Taft & Co's., furniture store, all marked in plain figures less fifteen percent. If you have any earthly use for a music cabinet it would pay you to take a look at them. They are of choicest mahogany and latest design. G. G. FINEMAN. 3 12 4t

#### Look Out.

Our neighbor town, Wilson, has been touched by a well dressed stranger who raised \$1 bills and worked them off on the people for \$10. Other towns should keep a sharp watch for him and be careful in handling \$10 bills.

SATURDAY AFTERNOON, MARCH 12, 1904.

It is getting to look like Russia will have to do a little fighting with Great Britain, too.

Durham is a prohibition town, but has licensed the sale of cider, placing the tax at \$50 and limiting the sale to apple cider only.

The price of radium has gone up to \$12,600,000 a pound. We wouldn't think of lugging any of the stuff around, not even a dust of it.

Maryland has joined the list of states wanting a constitutional amendment that will remove the negro as a factor in politics and insuring the administration of state affairs by those who are capable of managing them.

Just look at Hearst, will you? Rhode Island has held her state convention to nominate delegates to the national convention and six out of eight are for Hearst. The bee will buzz in Willie's cap worse than ever.

If the Bristow wholesale charge against senators and congressmen of helping to loot the treasury calls forth a joint resolution raising a congressional committee to investigate all the government departments tainted with scandal, great good will come out of it. Just think of the horde of rascals such an investigation will disclose.

Judge Simonton, of the United States Circuit court, has made permanent the injunction which the Western Union Telegraph Co., obtained temporarily against the state to restrain the collection of a privilege tax of 25 cents for each mile of wire operated within the state. The judge held that such a privilege tax would be a burden on inter-state commerce, the telegraph company doing much more inter-state than inter-state business, using the same wires for both.

We see that Greenville, N. C., is to have a dispensary in the place of open bars. The town has done itself great credit to carry this election. A dispensary is better than one bar, much less a dozen. One of the very best steps ever taken by Raleigh is the closing of the saloons and the establishing of the dispensary. All that is necessary is to put the right men on as a board of managers and it is a success from the first. Make it a financial success as well, as the best method of dispensing whiskey, and this will strengthen it among the citizens of the town and the tax payers. People want whiskey, and will have it. The right thing to do is to give them the very best that can be had, sell at a good profit, and use the revenue wisely, to lessen taxes and to bring about necessary improvements in the town, and to pay the expenses of the schools. If there is one thing in the world that ought to be taxed, it is whiskey. So let it be taxed to the utmost, and sold in a manner to minimize the evil as much as possible, and let nobody be afraid to make the dispensary a financial success. This is the way to cause the tax-payers to prefer it to any other method of dealing with the whiskey business.—Raleigh Times.

WASHINGTON CORRESPONDENCE.

WASHINGTON, D. C. Mar. 11, 1904. The appropriation bills slide glibly along and it begins to look as if Congress might adjourn by May 1st, unless members take up too much time with speeches explaining that they are not post-office boodlers.

In the investigation of Reed Smoot's qualifications as Senator the principal Mormon apostles are still being examined. The implication seems to be that if one apostle has four wives, and another forty-two children, Reed Smoot, who has only one wife, should be expelled from the Senate. There may be a curious anti-climax to this investigation. By a clever maneuver the Mormons may succeed in getting all their testimony printed, which will include the four books on which their church is founded, the Book of Mormon and the Protestant Bible being two of them. An effort is being made to keep out the last two. It would be unprecedented to have the whole Bible printed as a public document. Would it be less shocking to have the Book of Mormon appear in the same way and be franked all over the country? As a missionary enterprise this has never been equalled.

Some of the state papers are criticising some of the judges for failing to get to the courts in time. The next legislature should change the law so as to open courts in the various counties on Tuesdays, and this would give the judges as well as litigants time to get to the courts without traveling Sundays.—Louisburg Times.

Newspapers are improving our language out of sight. A tourist calls his lecture a "travelog;" a trolley-man calls himself a "montoneer;" a Manchester, N. H., undertaker advertises himself as a "morticin;" a Cleveland, O, in-keeper claims to have had a rapid rise in "the hotelic field" and "gabsquirt" is a new word recently emitted in the house of representatives by a congressman from Minnesota. Hurry up the next new dictionary!—Durham Sun.

AN EARLY RISER.

A strong, healthy, active constitution depends largely on the condition of the liver. The famous little pills known as DeWitt's Little Early Risers not only cleanse the system but they strengthen the action of the liver and rebuild the tissues supporting that organ. Little Early Risers are easy to act, they never gripe and yet they are absolutely certain to produce results that are satisfactory in all cases. Sold by J. L. Wooten.

A family of seven people at Dotham, Ala., were poisoned by eating biscuits made from flour in which rough on rats had been placed by one of the children. Prompt medical attention saved them all.

When You Have a Cold.

The first action when you have a cold should be to relieve the lungs. This is best accomplished by the free use of Chamberlain's Cough Remedy. This Remedy liquefies the tough mucus and causes its expulsion from the air cells of the lungs, produces a free expectoration, and opens the secretions. A complete cure soon follows. This remedy will cure a severe cold in less time than any other treatment and it leaves the system in a natural and healthy condition. It counteracts any tendency toward pneumonia. For sale by Wooten's Drug Store, Greenville, R. L. Davis & Bro., Farmville.

#### Russians Make Attack.

St. Petersburg, March 11.—The Russian torpedo boat flotilla left Port Artur at broad daylight this morning and attacked the Japanese fleet. One Japanese torpedo boat was sunk and one Russian torpedo boat-destroyer, the Bezposhtchadni, was sunk also. The fate of the latter's crew is not known.

Admiral Makaroff inaugurated his assumption of the command of the Russian fleet at Port Arthur by a complete change of tactics. As soon as he appeared he ordered the removal of the battleship Retvizan, which was stranded at the mouth of the harbor and barred the channel at certain stages of the tide, making the egress of battleships impossible.

This morning he directed a sortie of the torpedo boat flotilla, supported by part of the Russian squadron, against the Japanese.

#### Died in the Woods.

Washington, N. C., March 11.—The body of Joseph J. Sermons, who disappeared mysteriously from near the town of Bath, this county, last Sunday night, was found yesterday afternoon. A party of over one hundred men had been searching for Sermons for three days. When found he was sitting between the fork of two gum trees about one hundred yards behind his field. The six hundred dollars that it was alleged disappeared with him was found on his person, being located in his pocket. The surmise is that after Sermons left the house of a Mr. Swindell Sunday night he wandered about, he knew not where, until he became exhausted and then died.

# Dorothy Dodd SHOES.

The "Dorothy Dodd" Shoe has that something in beauty and style that means individuality.

It possesses "style" in the highest degree; it gives distinction to the foot. In the diversity of kinds there are styles for every person from the exquisite evening slipper to the sturdy winter street boot; they all have a light, airy gracefulness peculiarly their own, which is sure to appeal to a woman's eye. "DOROTHY DODD" Shoes Fit, They Fit Perfectly.

Shoes should always fit closely under and about the instep so as to make it impossible for the foot to slip forward and crowd the toes, while the ball and toes should have plenty of room thus giving free play to the foot.

This is exactly what "Dorothy Dodd" shoes do. One of our Spring Styles in oxfords and sandals will be re very shortly.
