## Other Short Locals.

This weather puts fruit prospects close to the danger line.

The union services in the Presbyterian church came to a close Sunday night.

The showers are as frequent as if April had come.

Register of Deeds R. Williams issued only two marriage licenses last week, both for colored people.

California peaches, extra fine at B. E. Patrick & Co's. 3 28 4.

On Sunday six persons were received into the membership of the Baptist church and two in the Methodist church.

Partly cloudy tonight and Tuesday.

Extra La Bella Macaroni at B. E. Patrick & Co's.

The colored people had a large baptism at the river Sunday morning. Fifty-two were baptised.

## GENERAL NEWS.

Near DeWitt, Ark., five negroes who had been arrested on account of race troubles, were taken from the guards and shot to death.

Fruit growers along the Hudson river valley, in New York, say the hard winter has killed thousands of peach trees. They estimate the loss on this year's peach crop at two millions dollars.

Up in Minnesota they have become so cranky on the subject of foot ball that those who apply for positions as teachers in the colleges are asked if they know how to instruct the students in a game of foot ball.

## More Forged \$10 Bills.

Raleigh continues to be liberally supplied with fake \$10 bills, on dollar notes raised to ten by the skilful use of a pen. The Post has mentioned that one such forged bill was passed on Dunn Brothers, another at the Seaboard Air Line ticket office and a third turned up at the post office. Yesterday another fake \$10 bill, exactly like the others, was passed on a woman who keeps a little store near the Standard Oil Company. The bill was carried in there to be changed and detected. Only a short time since similar forged notes were passed in Fayetteville and one negro has been arrested there for circulating a bill knowing that it was not genuine. However, it is evident that he was not the forger since only an expert could do the work.—Raleigh Post

## TEACHER'S ASSEMBLY.

Annual Meeting to be held at Morehead City.

The executive committee of the North Carolina Teacher's Assembly has decided that the annual meeting of the assembly will be held this year at Morehead City during the week beginning June 8th.

The hotel will be operated under good management this year and the teachers will be well entertained at a cheap rate. The committee will make thorough preparation for the pleasure and amusement of every one who attends.

One of the best programs in the history of the assembly is being arranged. Special attention will be given to the country schools and the problems of those schools. It is probable that State Superintendent W. W. Stetson, of Maine, will be present during the entire meeting; and to come in contact with this wise and enthusiastic school man will be well worth the trip to Morehead. He will be very helpful to all, but especially to those interested in the rural schools. Governor Aycock will attend the meeting and address the assembly. Prominent men from outside the state will be present. Those will be announced later.

Dr. J. B. Carlyle, of Wake Forest college, is president; Prof. J. I. Foust, of the Normal and Industrial college, is first vice-president, and Prof. W. D. Carmichael, of the Durham public schools, is secretary and treasurer.

The local committee for Pitt County is composed of W. H. Ragsdale, G. E. Lineberry and J. W. Everett. The officers are working hard to plan a successful meeting. There is more than usual interest manifested already over the state, and it seems now that the attendance on the Assembly will be the largest in years.

Every teacher in the state should plan to attend the meeting this year. The teachers will be glad to have their friends generally meet with them and join in their work and pleasure.

A teacher can ill afford to miss this meeting, as it will be one of the most important sessions of the assembly held in years.

The railroads will give a low rate, and any one who wishes to do so may obtain this rate, as well as the reduced hotel rate.

## Found Farmer's Funds.

Several jars, containing more than \$900,000 in gold and paper money were found buried in the rear of the home of Wesley Ferrens, who died recently at the age of eighty-six years, near Bradyville, Ia. Ferrens had lived on the farm sixty-one years. Besides the money he left realty valued at \$200,000, which no one knew any thing about, as he was thought to be very poor.

## Electric Train Beats a Steam Engine.

Last week a press dispatch from Kansas City stated that in a two-and-one-half-mile race between a Missouri Pacific express train and an electric car on the Leavenworth-Kansas City line, the railroad locomotive was beaten by two car lengths.

The roads are parallel, and the electric line manager waited with a party of road officials at the beginning of the stretch. The railway engineer put on all steam and the cars ran even until the last quarter of a mile, when the electric slowly forged ahead, and bounded across the finished line at fifty miles an hour, winner by 120 feet.

Court continues this week.

## STATE NEWS.

The case at Durham that promised to develop into a sensation—in which B. L. Duke was suing his wife for divorce—came to a quick end, Friday afternoon, by the granting him absolute divorce.

Several towns of the state that have prohibition are waging war against the sale of such patent medicines as are composed mainly of alcohol.

The number of convict in the penitentiary is now small as it has ever been, only 104. Of the number only about 40 are able bodied men. Of these 18 are digging clay, for use in making brick. The manufacture of the brick has begun. The machines were first used last year and are found to operate very well. There are a number of female convicts and also quite a number of sick and disabled ones.

The Equitable Life Assurance Society of the United States, is the strongest Life Company in the world, having a Surplus of seventy three million dollars above all liabilities. A man of character and ability, who can furnish satisfactory references, can secure a valuable renewal contract to represent the Equitable in Greenville and surrounding territory. Address.

## LETTER TO R. L. HUMBER, Greenville, N. C.

Dear Sir: A big mill owner, Spartansburg, S. C., wanted 5,000 gallons of paint, and bought by price: paid 5 cents less than ours; got a "lead-and-zinc" paint; but the lead was sulphate of lead, not carbonate. Sulphate costs about half; and covers about half.

That paint was adulterated about six times as much as the 5 cents paid for the "saved" 5 cents; and cost him 30.

Oh no, it cost him more than that; we forgot the labor. Can't work it out exactly; don't know how long it'll wear.

Short-measure besides; that alone was twice as much as his "saving" 5 cents.

It was this, too; some loss there don't know how much.

There was to much dryer in it. The maker made something on that; I didn't.

Taking it altogether, he didn't make much by that 5 cents.

Go by the name; and the name is Devoe lead-and-zinc.

Yours truly

F. W. DEVOE & Co.  
P. S. H. L. Carr sells our paint.

The physicians of Pitt county in Convention assembled announce that their Black List will be placed in the hands of the subscribers by May 1st. Any one indebted to a physician for medical service had best settle their account prior to this date and avoid being placed upon the list. D-Sw-24 to 1.

## The Reflector to Move.

Tomorrow THE REFLECTOR printery will be moved to the second story of its own building, into the large room formerly occupied by the Masons and other orders as a lodge room. Some of the lighter portions of the outfit will be moved this evening and the presses will be transferred tomorrow morning. While moving the plant is a considerable undertaking, it is our purpose not to miss an issue of the paper, and if no mishap arises it will be out at the usual time tomorrow afternoon.

## That's Easy.

Who is it in Greenville that gets more mail and handles more mail than any one person in town, and still has no box at the post office, and does not even call for his mail either? Why the post-master of course.

The farmer's plow doth now make many a furrow.

## Sunday School Union.

The quarterly Sunday school mass meeting was held in the Presbyterian church, Sunday afternoon, with a much improved attendance.

The devotional exercises were conducted by Rev. W. E. Powell. Rev. J. A. Hornaday made an interesting address on how to enlarge the Sunday schools of Greenville.

Prof. W. B. Dove spoke on what had been gained from the study of the lessons of the last quarter. Miss Bernice Hornaday gave a beautiful recitation.

The reports of the Sunday schools showed increased attendance and larger collections, not withstanding the bad weather and other hindrances.

The next mass meeting will be held in the Christian church the last Sunday in June.

Clean up your premises and scatter lime freely.

Published at the post office at Greenville, S. C., as second class matter.  
 Subscription rates: One Year, \$3.00; Six Months, 25 cents; One Week, 10 cents.  
 Delivered in town by carriers without extra cost.  
 Advertising rates reasonable and can be had on application to the editor or at the office.  
 We desire a live correspondent at every post office in the county, who will send in brief items of news as it occurs. Write plainly, and only on one side of the paper.

MONDAY AFTERNOON, MARCH 28, 1904.

Keep up this kind of weather through the week and Easter finery will have a cold time.

Those farmers who had cotton and sold it at the high prices have cause to keep Mr. Sully in grateful remembrance.

Finch has faced the preliminary music was required to give bond in the sum of \$2,000. Looks like cause for action exists.

**A Successful Colored Man.**

It always gives us pleasure to commend those of our colored citizens who have done well, and we have quite a number of this class in the county, too. Sometime ago we spoke of the wonderful success Rembert Beverly, colored, a citizen of Gullidge township, had met with in the accumulation of property, but since we wrote that article Rembert has bought another plantation and may now be said to be a rich man, as riches go in this section.

Uncle Isham Dean, who lives in west Wadeboro township, is another colored man who has been successful, and whose success is due to hard work and economy. At the close of the war Uncle Isham was about 13 years of age, but he went to work at once and has worked all his life. He has always attended to his own business and has never known what it was to have trouble with either white or black. He owns nearly three hundred acres of land—all paid for—and is living a happy, contented life. He has no boys but his girls, five in number, have worked in the field and helped to accumulate his property.—Wadesboro Messenger-Intelligencer.

**Aunt Emily's Tax.**

High Point, N. C. March 25.—Almos' every day something occurs to remind one of the kindly feeling of the white people towards the well disposed colored people and each and every act is a sermon in itself to the unsophisticated northern peddler who ever and anon tries to paint in lurid terms word pictures of the inconsistency and brutal treatment of the southern white men towards his brother in black. No where under God's green canopy is the negro treated better as a whole than in the south and especially in North Carolina. Let him behave himself and stay in his place and he has the respect of the white people who will help him in time of need, but let him become a savage and threaten and destroy our household then the quicker he embraces the arms of his sympathizers in the north the better. But I had another object in view in speaking of this and drawing a comparison. There lives in this city a decrepit old colored woman who was a pupil of the old school, having been born years before the war and who has been the "loving old black mammy" in several generations. She was a slave in civil strife, and after the freedom remained a slave from choice to her kind masters until all had passed to the great beyond. She was born before the "new darkey" came to curse the world and himself, hence possesses none of his disgusting characteristics. Therefore everybody was and is Aunt Emily's friend. This week I saw the tax collector approach two young men who handed him 40 cents—this was to pay Aunt Emily's tax. Upon inquiry I found out that these two young men had been paying her tax for several years, not because the world might know of it and applaud their deed but because they had

known the old colored woman from infancy, knew she was a good old soul, and they wanted to help her. It was small, this amount of only 40 cents, yet they were doing a big thing—paying Aunt Emily's taxes for she could not pay it, and they knew that "black mammy" would be happy—therefore it was a pleasure to them.

**Original Observations.**

There is nothing easier than to be miserable.

In money matters treat strangers as though they were your relatives.

People who try to get something for nothing generally get nothing.

Think of your own faults and you will talk less about the faults of others.

Your girl is indeed a treasure if she is worth her weight in cotton cloth.

Steadily develop the best, and the worst will die out for lack of attention.

You can't drown your sorrows in the flowing bowl—most of them can swim.

The fish is a dependent creature, it never comes out of the water on its own hook.

A man may not go to prayer-meeting but the grip will bring him to his sneeze.

Many bad men expect that a good wife will get them into heaven just as she has kept them out of jail.

Lots of men have college diplomas hanging in their parlors and weeds growing in their back yards.

Where the streets are paved with gold what little a man would get in this world would be swept into the garbage pile.

There is no patent separator for taking the cream of society from the milk of human kindness. They should always go together.
