#### Conductor's Dying Request.

The remains of the late Conductor W. T. Oliver, who died here Tuesday afternoon as the result of injuries received by being run over by an engine on the Conway Seashore railroad, were sent to his home for interment yesterday morning. It is said that a dying request of the conductor to Capt. F. A. Burroughs, president of the Seashore railroad, was that his

administrator bring no suit against the railroad and that Capt. Burroughs promise that the wife and four children be provided for. The request was made on the train as the dying man was being brought to Wilmington, and with a tear in his eye Capt. Burroughs is said to have promised the conductor that his request would be granted.—Wilmington Star.

#### Sam White for Treasurer.

#### MR. EDITOR:

As the time is drawing near for the nominating convention, I will ask you to permit me to nominate through your columns Sam White for treasurer of Pitt county.

He was a candidate before the last democratic convention and came within a very small fraction of a vote of receiving the nomination then. He was and is eminently qualified for the position.

Since that convention his ability to manage business and especially finance has become still more manifest to the people, and at the coming convention there ought not to be any difference between democrats as to the nominee for treasurer.

Let us nominate Sam White by acclamation. Mr. J. B. Cherry has declined to run, and it seems to me that the man who was so close a second to the man who has been treasurer of Pitt county so long, should now receive the unanimous vote of the democratic convention.

May 14, 1904. A VOTER.

The patterns are dainty, the colors rich and lasting, the prices are wonder workers.

SATURDAY AFTERNOON, MAY 14, 1904.

Who was it said the Philippine war was over?

The Lumberton lawyers are in court, but it is not likely they will get in jail.

The forty millions have been paid and the digging of the canal can now proceed.

There is no use of Judge Parker doing any talking. Others are doing it for him.

The friends of all the gentlemen say there is no doubt about their man getting it.

If Japan keeps on capturing the Russians she will have a job on hand to feed them.

Bob Glenn's picture looks all right in the papers, and his phiz will not make a bad show in the governor's mansion.

The white man who engaged in a prize fight with a negro at Fresno, Cal., and was killed by the latter, does not deserve to have any tears shed over his taking off.

Admiral Walker says that the Panama Canal will cost \$200,000,000 to build and will require ten years—perhaps more. It will employ 60,000 men during that time besides the engineers, machinists laborers.

A Chicago man was led by hearing an eloquent sermon to make confession of an embezzlement of which he was guilty. That is in keeping with the old saying "an honest confession is good for the soul," even if does get him in jail.

There is division of opinion as to whether North Carolina shall send an instructed delegation to the national convention in St. Louis. The vote of this state will be for Parker so it matters but little whether any instructions are given the delegates. It has been the custom in the past; however, not to instruct the delegation, but still that is no reason the custom can not be changed if desired.

If it may be accepted as true, the most important piece of news that has yet been received concerning the war between Russia and Japan is that which states that General Kuropatkin, if pressed, will retreat to Mukden, and if necessary to Harbin. The report comes from St. Petersburg by way of Paris, and this gives the stronger probability that it is true. The Japanese can be counted on to press General Kuropatkin. They have certainly showed no lack of energy so far. If the Russians retreat to Harbin they will give up half of Manchuria. If the Japanese should take Harbin they would control the railroad leading to Vladivostok, as well as to Port Arthur. If they should approach near Harbin they might, with raiding parties, cut the Siberian road. Russia would not abandon half of Manchuria without a struggle if she were not hopeless of successfully defending it. She would find it difficult to reconquer the territory thus given up, for it is mountainous and easily defended. It would be strange if the Russians should fail to take advantage of these mountains to make the Japanese conquest cost as dearly as possible.—Times-Union.

There is plenty of gold in the sands around Wilmington. The strawberry growers have made the discovery, for they have shipped \$1,000,000 worth of berries to the Northern markets in less than three weeks.—Wilmington Star.

Riddles.

Why is a race horse like a waiter? Because he runs for steaks (stakes), plates and cups.

Why is a spider a good correspondent? Because he drops a line at every post.

When is water not water? When it's dripping.

What paper represents a sneeze? Tissue.

Warning to Boys.

Boys, obey your mothers. They are the best friends you have on earth. In fact, heed the advice of all good people, and avoid bad company. By doing so, you may not only save your life, but your soul.

And don't jump trains, and go to beating rides on the trains for the fun, or name of it. Such boys never come to any good, but find a premature grave and a devil's hell. Go to work, stick to it and make men of yourselves. The world needs you.

In Statesville a poor mother had a boy. His name was Hilary Reavis. He was sixteen years old. She loved her boy. She had nursed him, fed and clothed him. Had not only advised him, but had prayed for him. On last Tuesday night she told her dear boy to go to church. Instead of obeying his mother, like many boys in Hickory, he went off and got into bad company. They made it up and beat a train to Hickory. They beat a through train back that night. It did not stop in Statesville, and the boys had to jump off. This boy who would not obey his mother, fell under the cars, and was instantly killed. His legs were broken, his head cut off, and his soul ushered into eternity unprepared.

Boys, how do you think that poor mother feels? How would you like to be in his place? He would give worlds like this to be in your place. He was killed because he would not obey his mother, and as a warning to you. If you do not heed this warning, then it will be worse for you than for him in the judgment.—Hickory Mercury.

### Cured His Mother of Rheumatism

"My mother has been a sufferer for many years with rheumatism," says W. H. Howard, of Husband, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried, in fact, she is never without it now and is at times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale at Wooten's Drug Store, Greenville; R. L. Davis & Bro., Farmville.

Bobby Liked It.  
"Well, Bobby, how do you like church?" asked his father as they walked homeward from the sanctuary, to which Bobby had just paid his first visit.  
"It's fine!" ejaculated the young man. "How much did you get, father?"  
"How much did I get? Why, what do you mean? How much what?" asked the astonished parent at this evident irreverence.  
"Why, don't you remember when the funny old man passed the money around? I only got 10 cents."—Lippincott's.

### She Ruled.

She was ordering him about in her usual imperative style, for they were married, of course. And he, usually the meekest and most submissive of men, like the proverbial worm was now beginning to retort.  
"Do you think you rule the universe?" he asked sarcastically when he had the chance to edge in a word.  
"No, but I rule the first letter of it," was the prompt reply.  
And once again he realized that his wife was one too many for him.

### His Status.

"In my native land," explains the pundit, "humanity is divided into castes. Thus, one family will do nothing but menial labor because their caste prescribes and proscribes their occupation. Another family will do no menial work for the same reason."  
"Then," timidly asks the earnest young lady who hopes to gather sufficient material for a club paper on sociology, "I suppose the people who put mortar on the walls belong to the plaster cast, do they?"—Judge.

### Orderly Procedure.

Rev. Goodman—But surely you're going to invite the Stuckup girls to your reception.  
Miss Cutts—I certainly am not!  
Rev. Goodman—That's not Christian behavior. You will make them your bitter enemies. The Bible tells us—  
Miss Cutts—The Bible tells us, among other things, that we must "love our enemies," but I've got to make enemies before I can love them, haven't I?—Philadelphia Press.

### A Curious Example.

A youth at Oxford, being examined in Paley, was asked if he could mention any instance of the divine goodness which he had found out for himself. "Yes, the conformation of the nose of the bulldog. Its nose is so retracted that it can hang on to the bull and yet breathe freely. But for this it would soon have to let go." The bull's point of view was not regarded at all.—"Twenty-five Years of St. Andrews."

### How They Liked Babies.

When Mark Twain, nursing his firstborn, was asked by a friend if he loved it he drawled in reply, "I don't exactly love it, but—I respect it." Dr. Johnson was of somewhat the same opinion, for when Boswell asked what he would do if he were shut up in a castle with a newborn infant the doctor confessed he should prefer solitude. When Charles Lamb was asked how he liked babies he made stuttering answer, "Madam, I like them b-b-oiled."

### An Open Letter

From the Chapin, S. C., News: Early in the spring my wife and I were taken with diarrhoea and so severe were the pains that we called a physician who prescribed for us, but his medicines failed to give any relief. A friend who had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy on hand gave each of us a dose and we at once felt the effect. I procured a bottle and before using the entire contents we were entirely cured. It is a wonderful remedy and should be found in every household. H. C. Bailey, Editor. ### BENSONIZER LUNG CURE.

NO MORE EXILE FOR CONSUMPTIVES.

A Cure at Last Obtained, After a Searching Investigation, by St. Louis Interests.

A few months ago the attention of a few scientific and philanthropic gentlemen of St. Louis was directed to an entirely new method of combating that most dreadful of all diseases, tuberculosis, commonly called consumption. Out of 115 test cases, 77 were completely cured and 28 have shown such improvement that their ultimate recovery is but a question of a few weeks.

So astonishing have been the results and absolute cures in cases pronounced incurable by all old methods that a company has been formed and is now prepared to furnish at a normal cost, this cure to all sufferers of the "White Plague." One of its chief features is that patients can remain at home, surrounded by friends and relatives, and in a great many instances, especially the incipient or early stages of the disease, pursue their daily vocations and still become completely cured. Patients receiving the same treatment here in St. Louis have completely recovered as rapidly as those in Colorado, New Mexico and Texas. The wonderful results in question have been accomplished by the Bensonizer, and the company which controls this marvelous medical device have located their main office at 417 North Seventh street, St. Louis. They have also located a factory on Easton avenue and a laboratory has been built at Hillside, Mo. The cure will be known as the Bensonizer Lung Cure, and Mr. C. P. Benson, the discoverer of the fluid inhalants which are used, will personally have charge of the affairs of the company. Mr. Benson will personally meet all who call at the office of the company on Seventh street, and will answer all communications from sufferers who are unable to make a personal call.—From the St. Louis Globe Democrat.

Free booklet on request.

# Whiskey and Beer Habit

PERMANENTLY CURED BY "ORRINE,"

A SAFE, SURE AND HARMLESS SPECIFIC

Physicians pronounce drunkenness a disease of the nervous system, creating a morbid craving for a stimulant. Continued indulgence in whiskey, beer or wine eats away the stomach lining and stupefies the digestive organs, thus destroying the digestion and ruining the health. No "will power" can heal the inflamed stomach membranes. "ORRINE" permanently removes the craving for liquor by acting directly on the affected nerves, restoring the stomach and digestive organs to normal conditions, improving the appetite and restoring the health. No sanitarium treatment necessary; "ORRINE" can be taken at your own home without publicity. Can be given secretly if desired.

CURE GUARANTEED OR MONEY REFUNDED.

Mrs. E. Wycliff, New York City, writes: "ORRINE" cured my husband, who was a steady drunkard for many years. He now has no desire for stimulants, his health is good and he is fully restored to manhood. He used only five boxes of "ORRINE."

Mrs. W. L. D. Helena, Mont., writes: "I have waited one year before writing you of the permanent cure of my son. He took sanitarium treatment, as well as other advertised cures, but they all failed until we gave him "ORRINE." He is now fully restored to health and has no desire for drink."

Mr. A. E. L., Atlanta, Ga., writes: "I was born with a love of whiskey and drank it for thirty-two years. It finally brought me to the gutter, homeless and friendless. I was powerless to resist the craving and would steal and lie to get whiskey. Four boxes of "ORRINE" cured me of all desire and I now hate the smell of liquor."

Price \$1 per box. Mailed in plain, sealed wrapper by Orrine Company, 817 14th St., Washington, D. C. Interesting book—Treatise on Drunkenness, (sealed) free on request. Sold and recommended by

J. W. BRYAN, Druggist, Greenville, N. C.
