WILSON-BLOW NUPTIALS.

A beautifully brilliant wedding was celebrated at the Methodist church at 9 o'clock last evening, May 18th, 1904, the ceremony was performed by the pastor Rev. J. A. Hornaday.

The contracting parties were Mr. Walter B. Wilson and Miss Lizzie Blow—two of the most popular and beloved of Greenville's best people. The church was gorgeously decorated with the most artistic taste—a real Eden of white and green flowers—triple arch—with lovely ornamentations and mounds of flowers scattered in luxuriousness. Long before the hour of 9 o'clock the church was filled to its utmost capacity and hundreds stood in the lobby and on the streets in front and around the church, anxious to see the popular couple. At the appointed hour the bridal party entered the brilliantly lighted church, the ushers in full dress, Dr. B. Carr and J. R. Moore on the right, and B. W. King and J. D. Garden on the left, following were the bridesmaids: Misses Lillian Cherry and Betsy Greene, Lottie Blow and Mary Higgs, Annie Lawrence and Myrtle Wilson. Following were the groomsmen: John R. Davis and Dr. Zeno Brown, W. L. Brown and W. B. Wilson, Jr., J. B. Higgs and B. W. Mosely. Following these were Mrs. W. H. Dail, Jr., Mrs. H. A. White and Mrs. Richard Williams dames of honor, and Miss Fannie Blow, maid of honor. Then came the bride on the arm of her brother, W. J. Blow, up the left aisle, while the groom with his brother, Frank Wilson, up the right aisle. The wedding march was beautifully rendered by Mrs. J. B. Cherry. After the impressive ceremony was performed and the benediction pronounced the bridal party, and a host of friends, repaired to the home of the groom, in South Greenville, where a brilliant and delightful reception was held—where the chivalry and beauty were resplendent. Many costly and beautiful gifts were displayed, showing the great popularity and high esteem with which these contracting parties are held. The bride was handsomely and exquisitely dressed in white—point de esprite over taffeta, the maids in pure white, carrying flowers, the brides in white silk with flowers. The groom and his attendants were in full evening dress. The weather was auspicious and all went beautiful as a wedding bell indeed and in truth.

The host of friends of the bride and groom wish for them much joy and happiness.

GRIMESLAND ITEMS.

GRIMESLAND, N. C., May 17, 1904. Mrs. J. O. Proctor and Mrs. J. W. Mayo returned from Jamesville today, where they have been spending a few days.

L. E. Elks went to Greenville today.

Harvey Boyd and Mrs. Bettie Britt went to Winterville Friday.

Bob Proctor, of Washington, has taken a position with J. O. Proctor & Bro.

Misses B. G. Mayo and C. E. Boyd went to Aurora Sunday.

Several of the people attend church at Black Jack Sunday.

S. Frank, of Norfolk, spent some time in town last week.

Misses Myrtle Proctor and Helen Galloway returned from their school Saturday. Glad to see them back with us.

Jack Gibson has taken a position with J. L. Gibson.

We are very dry in this section, the farmers say they have no grass and they have no work to do. We hope to see a rain soon.

Herbert White was in town today

We hear there is to be several weddings in town soon. We guess there will be some widows in the bunch.

The ladies of our town will give an ice cream supper for the Christian church here on Thursday night May 26. Also a very beautiful church Quilt will be sold to the highest bidder let every body come get "cool" have a good time and take a bid on the quilt it will be a nice present for your wife or the one you expect to make your wife.

The Meeting.

The meeting at the Christian church continues to grow in interest. Although a number attended the wedding, the church was well filled. Mr. Jones preached another very strong sermon. His subject was "Prepare to meet thy God." His presentation of this subject was a powerful appeal to sinners to prepare to meet God. We must meet him. No one will escape meeting him. Therefore it is necessary to be prepared for that meeting. He vividly pictured the sinners, death and constricted it with the death of the Christian. One ends in darkness and despair, the other ends in triumph and joy.

Two responded to the invitation at the close of the sermon. Service again tonight at 8 o'clock.

Ladies and Children's Meeting.

Rev. J. Boyd Jones will speak to ladies of the town Friday afternoon at 3 o'clock at the Christian church. His subject will be "Woman's Place and Power." The ladies of the town are cordially invited to attend this meeting.

There will be a meeting held for the children at the Christian church Saturday afternoon at 3 o'clock. Every child is requested to bring a cord as many inches long as he or she may be years old. Let all the children under 15 years old come.

Sudden Death.

Warren L. Cobb, of Beaver Dam township, died very suddenly this morning. His wife arose to look after the preparation of breakfast and Mr. Cobb said then he was feeling badly.

After breakfast was ready she went to the room to call him and found he was dead. Mr. Cobb was 51 years of age.

The Bee Hive opened today and are as busy as bees. See ad.

THURSDAY AFTERNOON, MAY 19, 1904.

Col. Worthington Dead.

Col. Worthington was well known in this part of the state and had many friends who will regret to learn of his death. The News and Observer says of him:

"In the death of the late Col. D. Worthington, the state loses a patriot who served North Carolina well in peace and in war. He was but a boy in 1861 when the South seceded, but he promptly volunteered and won promotion by conspicuous bravery. He served several terms in the General Assembly, was chairman of the Judiciary Committee, and bore a conspicuous part as a leader. He practised law at Williamston. Rocky Mount and Wilson and was an honor to that honored profession. He was the author of a delightful book, depicting the Southern life at its best. For more than a year, in failing health, he made his home with his daughter, Mrs. H. H. Horne, at Hanover, N. H. He passionately loved his State and his friends. He closed an honorable career in peace."

Counted Himself Out.

Des Moines, Iowa, May 16.—"One two, three." Raising himself to his elbow and slowly, but painfully breathing his last breaths, Dr. Crayke Priestly a great-great-grandson of Dr. Joseph Priestly of England, discoverer of oxygen, with seemingly studied emphasis counted time today against pneumonia death. As he faintly whispered "three," he gasped, his muscles relaxed and he fell back dead.

Dr. Priestly was one of an unbroken line of physicians of more than ordinary distinction since the days of the great London physicians. His father, James Taggart Priestly, survive him. Young Priestly became afflicted with pneumonia a few days ago. He grew rapidly worse, but rallied and was thought to be improved. Suddenly he became worse and messengers were dispatched for friends, who came in time to see the young physician count himself out.

An Active Worker at the Age of 99

Mr. John Hall, who lives near Rusk post-office, this county, will be one hundred years old on the 25th of December next if he is permitted to live about eight months longer. Mr. Hall was born in Stokes county but moved to Surry many years ago. He is an old confederate soldier, having served throughout the great struggle between the states. He is enjoying fine health, considering his great age, and has the promise of living many more years. He does more hard work than half the men in Surry county, putting in nearly full time either on the farm or in the blacksmith shop. He expects to be visited by all his children, grand children and great grand children Christmas day, the day he will be one hundred years old.—Mt. Airy News.

Discussing the speed attained on the railroads, The Manufacturers' Record says:

"We may expect to see a mile a minute through runs in the South and Southwest about as soon as in any other part of our country. The development of these sections has given a great impulse to the building and improving of railroads, and the wide stretches of territory to be traversed between centers of population tend to increase the demand for higher speed. As traffic conditions warrant more and more expenditures will be made upon the great lines of transportation that will result in a very high development of track which is the very foundation of all practical efforts to provide high-speed express service."

Cured His Mother of Rheumatism

"My mother has been a sufferer for many years with rheumatism," says W. H. Howard, of Husband, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried, in fact, she is never without it now and is at times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale at Wooten's Drug Store, Greenville; R. L. Davis & Bro., Farmville.

THE LAW OF AVERAGES.

Pascal's Doctrine Upon Which Life Insurance is Based.

It is a curious fact that the "doctrine of probabilities," or the scientific basis upon which all insurance rests, had its origin in a game of cards—that is to say, the foundation upon which this great economy depends and upon which it owes its claims to the confidence and patronage of the community originated from investigations regarding games of chances.

It happened in this way: About the year 1650 the Chevalier de Mere, a Flemish nobleman who was both a respectable mathematician and an ardent gambler, attempted to solve the problem of dividing equitably the stakes when a game of chance was interrupted. The problem was too difficult for him; and he sought the aid of the famous Abbe Blaise Pascal, a Jesuit priest, author of "Night Thoughts" and one of the most accomplished mathematicians of any age. Pascal solved the problem, and in doing so enunciated the "doctrine of probabilities," or laws governing so called chances.

Upon this depend not only the laws governing insurance of all kinds, but also the laws governing the motions of planets in space and, in fact, all astronomical science. This doctrine or theory Pascal illustrated by throwing dice. When a single die is thrown, the chance of turning up an ace is precisely one out of six, or one out of the total number of sides or faces. But if a large number of throws are made it will be found that each face will be turned up an equal number of times.

From this Pascal laid down the proposition that results which have happened in any given number of observed cases will again happen under similar circumstances, provided the numbers be sufficient for the proper working of the law of average. Thus the duration of the life of a single individual is one of the greatest uncertainties, but the duration or rate of mortality of a large number of individuals may be predicted with great accuracy by comparison with the observed results among a sufficiently large number of persons of similar ages, occupations and climatic influences.

The Indian Hornbill.

A hornbill is something like a big magpie in all its tricks and ways. It catches a little ball of food if thrown to it with a sharpness and precision worthy of a cricketer. On one occasion, when Mrs. Hornbill had made herself a nest in a hollow in the trunk of the tree in which was their house and deposited her eggs in it, Mr. Hornbill came and plastered up the opening with mud, leaving only a space sufficient for him to insert his bill and feed the female and the nestlings. He feeds them in a very affectionate manner by throwing up from his own stomach pellets of food enveloped something like a sausage in "gizzard sacs" formed of portions of the interior lining of his own stomach. This is perhaps more curious than nice.—Longman's Magazine.

How They Fatten Brides in Tunis.

A girl in Tunis after she is betrothed is cooped up in a small room, with shackles of gold and silver upon her ankles and wrists. If she is to be married to a man who has discharged, dispatched or lost a former wife, the shackles which the former bride wore are put upon the new bride's limbs, and she is fed till they are filled up to the proper thickness. The food used for this custom, worthy of barbarians, is a seed called drough, which is of an extraordinary fattening quality. With this seed and their national dish, cuscusso, the bride is forcibly fed, and many actually die under the spoon.

Rabbi Landau's Wit.

Ezekiel Landau received his call to Prague while he was still in early manhood. His appointment evoked some jealousy on the part of older aspirants, who had deemed themselves better fitted for the high appointment. When he took his seat for the first time at a gathering of the notables, on a raised dais, one of these disappointed rivals observed ironically, "Rabbi, it seems to me that thy chair is somewhat too high for thee." Landau, turning to him, answered with a good natured smile; "Friend, thou art mistaken. Thy table is too low for me."—Nineteenth Century.

Whooping Cough

"In the spring 1904 my children had whooping cough," says Mrs. D. W. Capps, of Capps, Ala. "I used Chamberlain's Cough Remedy with the most satisfactory results. I think this is the best remedy I have ever seen for whooping cough. This remedy keeps the cough loose, lessens the severity and frequency of the coughing spells and counteracts any tendency toward pneumonia. For sale at Wooten's Drug Store, Greenville; R. L. Davis & Bro., Farmville.

An Open Letter

From the Chapin, S. C., News: Early in the spring my wife and I were taken with diarrhoea and so severe were the pains that we called a physician who prescribed for us, but his medicines failed to give any relief. A friend who had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy on hand gave each of us a dose and we at once felt the effect. I procured a bottle and before using the entire contents we were entirely cured. It is a wonderful remedy and should be found in every household. H. C. Bailey, Editor. This remedy is for sale at Wooten's Drug Store, Greenville; R. L. Davis, Farmville.

When The Sap Rises

Weak lungs should be careful. Coughs and colds are dangerous then. One Minute Cough Cure cures coughs and colds and gives strength to the lungs. Mrs. G. E. Fenner, of Marion, Iuc., says, "I suffered with a cough until I run down in weight from 148 to 92 lbs. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." Sold by J. L. Wooten.

A Starting Test,

To save a life, Dr. T. G. Merritt of No. Monocopy, Pa., made a startling test resulting in a wonderful cure. He writes, a patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles so I prescribed them. The patient gained from the first, and has not had an attack in 14 months." Electric Bitters are positively guaranteed for Dyspepsia, Indigestion, Constipation and Kidney troubles. Try them Only 50c at Wooten's Drug Store.

A Cure For Piles

"I had a bad case of piles," says G. F. Carter, of Atlanta, Ga., "and consulted a physician who advised me to try a box of DeWitt's Witch Hazel Salve. I purchased a box and was entirely cured. It is splendid for piles, giving relief instantly, and I heartily recommend it to all sufferers." DeWitt's Witch Hazel Salve is unequalled for its healing qualities. Eczema and other skin diseases, also sores, cuts, burns and wounds of every kind are quickly cured by it. Sold by J. L. Wooten.

Ladies And Children

Who can not stand the shocking strain of laxative syrups and cathartic pills are especially fond of Little Early Risers. All persons who find it necessary to take a liver medicine should try these easy pill and compare the agreeably pleasant and strengthening effect with the nauseating and weakening conditions following the use of other remedies. Little Early Risers cure biliousness, constipation, sick headache, jaundice, malaria and liver troubles. Sold by J. L. Wooten.

BENSONIZER LUNG CURE.

NO MORE EXILE FOR CONSUMPTIVES.

A Cure at Last Obtained, After a Searching Investigation, by St. Louis Interests.

A few months ago the attention of a few scientific and philanthropic gentlemen of St. Louis was directed to an entirely new method of combating that most dreadful of all diseases, tuberculosis, commonly called consumption. Out of 115 test cases, 77 were completely cured and 28 have shown such improvement that their ultimate recovery is but a question of a few weeks.

So astonishing have been the results and absolute cures in cases pronounced incurable by all old methods that a company has been formed and is now prepared to furnish at a normal cost, this cure to all sufferers of the "White Plague." One of its chief features is that patients can remain at home, surrounded by friends and relatives, and in a great many instances, especially the incipient or early stages of the disease, pursue their daily vocations and still become completely cured.

Patients receiving the same treatment here in St. Louis have completely recovered as rapidly as those in Colorado, New Mexico and Texas. The wonderful results in question have been accomplished by the Bensonizer, and the company which controls this marvelous medical device have located their main office at 417 North Seventh street, St. Louis. They have also located a factory on Easton avenue and a laboratory has been built at Hillside, Mo. The cure will be known as the Bensonizer Lung Cure, and Mr. C. P. Benson, the discoverer of the fluid inhalants which are used, will personally have charge of the affairs of the company. Mr. Benson will personally meet all who call at the office of the company on Seventh street, and will answer all communications from sufferers who are unable to make a personal call.—From the St. Louis Globe Democrat.

Free booklet on request. BENSONIZER COMPANY, 417-19 N. Seventh St., St. Louis, Mo.

LETTER TO C. T. MUNFORD.

Greenville N. C.

Dear Sir: The easiest business in this world is dry-goods; the reason is: your customers want your stuff as much as you want to sell it; they come-in; you show it and sell it. That's the whole business, except your buying the goods. Devoe comes next. It saves money, and people like money. They like some-body else's more than their own; they like to make it more than to save it; they like to keep it perhaps as well as to make it.

Buildings run-down fast, with out-paint; poor paint is the same Devoe is the means of stopping that leak; a big one. All we've got to do, to sell Devoe, is to show that a man saves money by using it.

E D Jewell, Corry, Pa, painted his house 5 years ago with a mixed paint; 14 gallons. Last spring he painted Devoe; 10 gallons Saved \$15 to \$20.

Yours truly
F. W. DEVOE & Co.

P. S. H. L. Carr sells out paint.
