### FARMVILLE GRADED SCHOOL.

Interesting Close of the First Session.

FARMVILLE, N. C., MAY 28.

EDITOR REFLECTOR:

As you were not present at the close of our graded school, I trust you will print this short reference to what occurred at the close of the first session. Had you been here you would doubtless have said much more. We suggest that you come next year.

The exercises began on Thursday night with a program rendered by the first four grades. One marked feature of the exercises was the taste shown in the selection of the pieces. The very best in art, literature, wit, humor, pathos and music was so interspersed that the audience was delightfully entertained.

The rendering of this splendidly selected program was admirable, every child acquitting himself in such a manner as to show he had been in the hands of an accomplished teacher who had done her work well.

On Friday Hon. R. B. Glenn was to have delivered the address but was prevented from being present. In his absence an address was delivered by Rev. A. T. King, of Greenville, on the subject of education. For appropriateness to the occasion, for depth of thought, for beauty and elegance of language, for grandeur of diction and for masterfulness of delivery, this address has seldom if ever been surpassed in the county. The Farmville people were a unit in expressing their appreciation of such address.

Col. I. A. Sugg followed and in a happy manner delighted the audience with some reminiscences of the past history of Farmville, giving some timely references to its present and some encouraging predictions as to its future. The audience by its manner showed the colonel they were glad he was here.

Mr. F. C. Harding, of Greenville, was present and kindly consented to speak for a short while. After pleasing reference to the exercises, the people and school he plead for a record of North Carolina history in such a way as would do justice to this great state. To those who know the speaker it is useless to say that he did as he always does, fulfilled the most ardent hopes and anticipations of his many friends. He is always equal to the occasion.

At night a program was rendered by the remaining grades of the school. It caught the audience and exhibited the wonderful talent possessed by the larger girls and boys in the school. The success of this night's exercises, as well as those of the first night, must have been gratifying to the teachers who have worked so faithfully and earnestly both in preparation of these exercises and during the entire session of the school.

The large audiences present were profuse in praise of everything that was done or said, and the unanimous verdict of every one is that the closing exercises of the first year of this splendid school were a grand success. X.

[We assure our Farmville friend that had it not been for sickness we would have been present at the commencement. Hearing only words of highest praise from those who were there, several of whom have spoken to us about the excellence of the exercises, make us regret all the more being prevented from attending.—Ed.]

### TO THE VOTERS OF GREENVILLE

The writer wishes call the attention of the people to a very important matter worthy of thought and consideration. From now on our town aldermen will have to levy a special tax to cover the interest on bonds of thirty seven hundred and fifty dollars (\$3,750.00) per year, for thirty years. This amount, in addition to our present tax, will be very burdensome unless there is a curtailment of expenses that now exist, as the total interest for thirty years will be one hundred and twelve thousand and five hundred dollars (\$112,500). In my opinion the best way to reduce the expenses will be to reduce the salaries of the town offices. Take for instance the salary of the tax collector, which could be reduced at least half, while the treasurer's salary could also be reduced three fourths. As it now stands the tax collector gets in the neighborhood of a thousand dollars per year, while it could be easily reduced to forty dollars per month. The treasurer of the town also gets about the same amount for not more than a month's solid work—this could be reduced to at least two hundred dollars a year. By this means there would be a saving to the taxpayers of the town twelve or thirteen hundred dollars or one third enough to pay the interest on the improvement bonds. Will the voters please elect a set of aldermen who will not be under obligations to the few for fat offices, nor friendship, at the expense of our tax payers, but let the interest of the town come first in the expenditure of every dollar. I don't mean to cast any reflection on our present board, whatever, but the offices mentioned have cost the town too much. Their management, so far as I know, in other respects have been excellent. A VOTER.

### SENATOR QUAY OF PENNSYLVANIA DEAD.

Beaver, Pa., May 28.—Colonel Matthew Stanley Quay, senior senator from Pennsylvania, slept peacefully into death at 2:48 today after an illness which had been more or less persistent for the past year, which took a turn for the worst ten days ago and which the doctors diagnosed as chronic gastritis.

The funeral will be at 3 o'clock on the afternoon of Tuesday, May 31 and the remains will be interred in the historic family burial plot in Beaver cemetery.

Senator Quay's illness began about a year ago. It was a recurrence of the trouble that beset him during the latter part of 1900 and the early days of January 1901 when he was undergoing the strain of a desperate fight for re election to the senate.

Affiants Attached.

Raleigh, N. C., May 28.—A climax came in the contempt proceedings at Lumberton today when Judge Peebles, with the order before him for removal of the case to Judge Brown, awaiting his signature, suddenly turned on three witnesses for respondents, E. W. Kerr, of Sampson, C. F. Carroll, of Duplin, and R. C. Southerland, of Sampson, and ordered them to jail for direct contempt in that their affidavits charging him with drunkenness were corruptly false. The Lumberton bar are preparing to come to Raleigh and apply for habeas corpus for imprisoned witnesses. Mr. Kerr is also fined \$250 and Southerland \$100. All the parties will be arrested Monday.

MONDAY AFTERNOON, MAY 30, 1904.

IMPORTANT ELECTION.

The town election to be held next Monday is of more importance to the people of Greenville than any in which they are to participate during this year, excepting neither county, state nor national election. The next board of aldermen will have important duties to perform and the interest of the town will be affected largely by what they do. There should be a board of aldermen that will work in conjunction with the board of internal improvements in installing electric lights, water works and better streets to the best advantage of the town. It should be a board that will also carefully guard the expenditure of money by economizing at every possible point so as to make reasonably light the burden of taxation upon the people. Too high taxation will drive people from the town rather than draw them.

The ward primaries to nominate candidates for aldermen will be held the latter part of this week, and the result of these primaries will determine who are to compose the board of aldermen. It is important, then, that the primaries nominate good men. Too much is at stake for these primaries to be treated with indifference by a single voter.

Whooping Cough

"In the spring 1904 my children had whooping cough," says Mrs. D. W. Capps, of Capps, Ala. "I used Chamberlain's Cough Remedy with the most satisfactory results. I think this is the best remedy I have ever seen for whooping cough. This remedy keeps the cough loose, lessens the severity and frequency of the coughing spells and counteracts any tendency toward pneumonia. For sale at Wooten's Drug Store, Greenville; R. L. Effect of Sleeping Outdoors

Mr. and Mrs. Neil Stalker, who live near the Charter Oak Park entrance, sleep out of doors. Some time ago Mrs. Stalker was very low with nervous prostration, and she lost weight until she was reduced to 120 pounds. She went to a resort for invalids, where the principle treatment was sleeping outdoors. When she returned to this city, she continued the treatment at her home at Charter Oak Park, and now she weighs 160 pounds.

Mr. Stalker has never been sick, but he wanted to try the treatment, too; and while he has not gained in weight, he says he feels better than he ever did before and neither he nor his wife would sleep inside the house for anything. They have beds out on the veranda, which are enclosed with awnings to keep out the rain and the sun.

When the nights are clear, the awnings are drawn in and the fresh air has a clean sweep around the veranda. They sleep with the same amount of covering that one does inside in the winter with all the fires going.

When it is twenty degrees below zero Mrs. Stalker covers her face sometimes, but Mr. Stalker does not think he gets the full benefit of the weather if his face is covered. He says he sleeps like a top and he could not be induced to sleep inside a house again.—Hartford Courier.

## OUR NEXT GOVERNOR.

HON. ROBERT B. GLENN.

### HON. R. B. GLENN ON EDUCATION.

Hon. R. B. Glenn, candidate for governor, fully sets forth his position on negro education. Mr. Glenn is The Transcript's choice for governor and we believe that when our readers, and especially the democracy of Chowan and Eastern Carolina read the following and learn his views on public questions and especially negro education, that he will be the choice and the nominee of the party, for as Mr. Glenn says, the white people are tired of being taxed and retaxed for the education of the negro, in higher branches, thus putting desires in their minds that never can be realized, making them wish for a social equality that they can never attain.

We take the following from The Elizabeth City Economist of a recent date. It is an educational address delivered by Hon. Mr. Glenn in E. City recently.

Those who failed to hear Hon. R. E. Glenn at the court house Friday night, missed a literary treat. By the hour appointed the room was filled with a representative audience of this city and for about an hour Mr. Glenn held his audience in most intense interest as he spoke on the great subject of education.

He was introduced by Mr. W. L. Cahoon and upon his appearance was greeted with applause. He is a splendid speaker and is thoroughly informed on the subject of education in the South. His speech was very patriotic and abounded in information on the subject of education and the progress in this direction made by the state. It is regretted that the whole of his magnificent effort cannot be reproduced in full, but a limited space forbids. Among the many good things he said the following excerpts are taken.

In speaking of education he said, while not objecting to others entertaining views differing from him, still his views on education were positive and pronounced. That while all needed education, to read, write and understand arithmetic and other useful studies, still it seemed to him a mistake had been made in not giving our boys and girls a more practical, and industrial education, training the hands

with the mind thus making useful citizens that could develop our resources. As to negro education; he said while the strong ought not to oppress the weak, that in his opinion, the present policy for negro education should be, not to educate them in the higher branches, thus putting desires into their minds that never could be realized, and making them wish for social equality that they never could attain, but they should be taught and trained how to work, to be more useful citizens as farmers, laborers, servants, etc., thus enabling them to accumulate some wealth and property, so that they might bear part of the burden of their own education, for the whites are getting very tired of being taxed and retaxed to educate the negro in his idleness, while he furnished nothing in his own behalf. He advised no extreme course but suggested that the Legislature submit an amendment to the people for their approval, leaving the matter and manner of the distribution of the school fund to the wisdom and justice of the Legislature.

As to the white education, while he advocates the improving and training of the young, physically, mentally and morally, he declared the need of our state was the education of our boys and girls in skilled, industrial ways. With our vast resources, our raw material, our people should be educated to take the raw material and convert it into all kinds of finished work, and our people should do it and not have to send off for skilled artisans, etc.

He wanted farmers taught to analyze their soil and see what soil was best for certain crops. He wanted skilled electricians, manufacturers, engineers and every class of skilled workmen educated for useful work.

He said one reason the industrial pursuits had not been followed more, was because our people kind of looked down on such pursuits, and so the father, who was a mechanic, etc. puts his boy, though perhaps unfit; into the learned professions, instead of having him educated in skilled work. He was glad however this day has past, and now we would judge men not by their clothes or look down on their profession, but judge them by their work, their character and their success.—From the Edenton Transcript

### Cured His Mother of Rheumatism

"My mother has been a sufferer for many years with rheumatism," says W. H. Howard, of Husband, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried, in fact, she is never without it now and is at times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale at Wooten's Drug Store, Greenville; R. L. Davis & Bro., Farmville.

### An Open Letter

From the Chapin, S. C., News: Early in the spring my wife and I were taken with diarrhoea and so severe were the pains that we called a physician who prescribed for us, but his medicines failed to give any relief. A friend who had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy on hand gave each of us a dose and we at once felt the effect. I procured a bottle and before using the entire contents we were entirely cured. It is a wonderful remedy and should be found in every household. H. C. Bailey, Editor. This remedy is for sale at Wooten's Drug Store, Greenville; R. L. Davis & Bro., Farmville.

To save a life, Dr. T. G. Merritt of No. Meboopany, Pa., made a startling test resulting in a wonderful cure. He writes, a patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles so I prescribed them. The patient gained from the first, and has not had an attack in 14 months." Electric Bitters are positively guaranteed for Dyspepsia, Indigestion, Constipation and Kidney troubles. Try them Only 50c at Wooten's Drug Store.

**A Cure For Piles**  
"I had a bad case of piles," says G. F. Carter, of Atlanta, Ga., "and consulted a physician who advised me to try a box of DeWitt's Witch Hazel Salve. I purchased a box and was entirely cured. It is splendid for piles, giving relief instantly, and I heartily recommend it to all sufferers." DeWitt's Witch Hazel Salve is unequalled for its healing qualities. Eczema and other skin diseases, also sores, cuts, burns and wounds of every kind are quickly cured by it. Sold by J. L. Wooten.

#### NO MORE EXILE FOR CONSUMPTIVES.

#### A Cure at Last Obtained, After a Searching Investigation, by St. Louis Interest.

A few months ago the attention of a few scientific and philanthropic gentlemen of St. Louis was directed to an entirely new method of combating that most dreadful of all diseases, tuberculosis, commonly called consumption. Out of 115 test cases, 77 were completely cured and 28 have shown such improvement that their ultimate recovery is but a question of a few weeks.

So astonishing have been the results and absolute cures in cases pronounced incurable by all old methods that a company has been formed and is now prepared to furnish at a normal cost, this cure to all sufferers of the "White Plague." One of its chief features is that patients can remain at home, surrounded by friends and relatives, and in a great many instances, especially the incipient or early stages of the disease, pursue their daily vocations and still become completely cured.

Patients receiving the same treatment here in St. Louis have completely recovered as rapidly as those in Colorado, New Mexico and Texas. The wonderful results in question have been accomplished by the Bensonizer, and the company which controls this marvelous medical device have located their main office at 417 North Seventh street, St. Louis. They have also located a factory on Easton avenue and a laboratory has been built at Hillside, Mo. The cure will be known as the Bensonizer Lung Cure, and Mr. C. P. Benson, the discoverer of the fluid inhalants which are used, will personally have charge of the affairs of the company. Mr. Benson will personally meet all who call at the office of the company on Seventh street, and will answer all communications from sufferers who are unable to make a personal call.—From the St. Louis Globe Democrat.

### SANS SOUCI CLUB.

[Reported for Reflector.]

On Tuesday May 24th the Sans Souci Club met at hotel Macon with Mrs. W. H. Dail, Jr., as hostess. The meeting was called to order by the president, Mrs. R. L. Carr, and after the usual business of the club was transacted most dainty refreshments were served.

We were glad to have with us on this occasion several visitors among whom were Mesdames Ficklen, Wilson, Hughes, Jeffress, Williams, Quinerly and Misses Brame and Jarvis.

Before adjournment the club accepted an invitation to meet with Miss Sallie Cotten at Cottondale June 7th.

### SUNDAY WEDDING.

Groom and Bride Speak Out.

On Sunday morning two messengers following each other closely called at the Baptist Sunday school for Justice C. D. Rountree, who is the faithful supervisor of the school and always found there Sunday mornings. They informed him a couple was at his office waiting to get married and desired his services. The accommodating 'Squire' proceeded to his office where he found York Dixon and Mary Edwards, a colored couple, waiting to "give hands". 'Squire Rountree had the ceremony running along nicely and had just spoken the words if any one present knows any just cause why the couple should not be legally joined together let him now speak or else hereafter hold his peace, when York broke in with "Dat's right, dat's right," only to be followed by Mary exclaiming "Yes sah, say it right now!"

After controlling his desire to laugh over the interruption the 'Squire' completed the ceremony and made them salute, which was done in good style to the amusement of the spectators.

## THE ULTRA SHOE.

The salient features of The Ultra are its fine workmanship, excellence of material, desirability of style, and elegance of fit and consequent comfort to the wearer. These form the sine qua non of desirable footwear.

In addition The Ultra is equipped with our patent cushion insole, a device which gives the shoe flexibility and durability, insuring a maximum of ease and comfort to the wearer, and protecting the foot from the ill effect of the hot sidewalks of summer as well as from the dampness of wet weather. This feature alone is well worth the price of the shoe.

We present a wide range in styles and finish, and are able to meet the requirements of the most fastidious as well as the more conservative patron and we invite a thorough inspection of our line. Ultra in name, Ultra in character, Ultra in every feature that contributes to fit, comfort and style. In finish, material and workmanship we are proud to present to all lovers of good taste in footwear a shoe for which we have never yet had to make an apology.

### The Difference.

A man stepped on a banana peel and something happened. A student just home from college witnessed it and soliloquized, "There is no harm in a man throwing a banana peel on the ground, but there is harm in a banana peel a throwing a man on the ground."
