REFORM ALONG ALL LINES.

EDITOR REFLECTOR:

The determination manifested Thursday night by our citizens in their ward primaries, voices the sentiment that is now uppermost in the minds and feelings of the people of this town, that is that our beloved Greenville must move forward and that the affairs of government of the town shall and must be administered in an economical and less expensive manner than has been done in the past years of our recent history.

The salaries of all officers from mayor down to lamp lighter should be made commensurate with the services performed, and an eye kept upon the small and unnecessary expenditures which in the end amount to hundreds of dollars annually. I am not undertaking in this article to attack the actions of the present or past boards of aldermen in the government of our town, but simply wish to point out the way and call the attention of the incoming board who I know wish to and will give us the most economical administration in their power.

First, gentlemen, I would make a reduction in the tax rate. Next I would reduce the salary of mayor to \$250 or \$300. Next I would reduce the salary of tax collector to \$400, the salary of treasurer to \$250, the salary of clerk to \$3 for each meeting, the salary of chief of police to \$40 per month and the assistant police to \$30 per month. Then I would enter in detail into the examination of prices paid for all other services rendered to the town. I would foster and encourage the fire department and look especially after the efficiency of the equipment and officers thereof.

Yours is a very responsible position, fraught with responsibilities that work for the good or evil of your town and community, and I am sure you will meet every requirement like brave and honest men, giving to us a clean economical administration that will rebound to the good of our town.

I am not forgetful of the fact that every citizen of Greenville owes a debt of interest to our town, and that should be manifest by his making the very best citizen possible for him to make, and always working for the upbuilding and advantage of our town. Let all factions cease clashing in the matters of Greenville's interest and welfare put our shoulders to the wheel as man to man and push with might and main to put our town where she rightly belongs, in the front rank of the towns of North Carolina, and indeed and in truth she will be the pride of the people of Pitt county.

Mr. Capitalist, we need more factories and industries of various kinds. Mr. Laborer, we need more services rendered and mere days spent in labor. Mr. Loafer, we don't need you.

And Mr. Citizen of all kinds, colors and descriptions, we need a more healthy, vigorous, demonstrative town pride. Beautify your homes and surroundings as much as possible. Plant trees, shrubs, flowers, grass and evergreens. Look after your side walks around your premises. Put on an air of prosperity and happiness. Give a heed of your time and energy to the public welfare. Point out to your officers occasionally the defects which need remedy, but do not criticize and deride their actions without just cause. Lend to the forces that are now at work your aid, your sympathy, your help, and let us go forward. A WORKING MAN.

FRIDAY AFTERNOON, JUNE 3, 1904.

VICTORY FOR REFORM.

The result of the primaries held in the several wards, Thursday night, was a sweeping victory both for the reform movement in taxation and expenditure of public money, also for other needed reforms.

The eyes of the people have been opened by recent discussion of changing the pay of the tax collector and treasurer from a commission to a salary basis, and a reduction of the general tax levy to a figure only necessary to meet the requirements in economically administering affairs of the town. They wanted to see these reforms brought about and they have nominated men for aldermen who can be depended upon to do this.

The men who have been nominated, and who will be elected Monday, to compose the next board of aldermen are substantial business men, men of good judgment, men of high character and above reproach, men who will conduct the affairs of the town economically and wisely. The town is to be congratulated.

Now for lower taxes.

The result of the primaries tell the tale.

Greenville is one on the reform list for sure.

There are some folks who wish they had been on the winning side in the primaries.

Mr. R. M. Philips has become editor of the Raleigh Post, preceeding the late editor, Mr. Furman. Mr. Philips has for sometime been city editor of the Post, and is a man of much newspaper experience.

Anyhow, editors, may take consolation from the fact that there are worse places than a jail. The "lions' den" and the "fiery furnace" have the jail skinned to death.—Wilmington Star.

An English scientist is out with the declaration that the earth is kept hot by radium. That scientist is in contempt of Judge Peebles and Judge Purcell who held down the boards in keeping things from cooling off in North Carolina. Of course no double-barrel contempt is meant herein.—Wilmington Star.

The real friend to society is the man who can think along right lines, and then who is not afraid to express his thoughts for the eyes and ears of the world. If he is writing, let him write honestly and prudently what he believes to be true and just. He may do this in broken sentences and in faulty rhetoric, yet he will not fail to send his message home to his readers. A man may speak with stammering tongue and knees smothering together, but the thoughts of an honest mind with an unselfish aim, will be as seed sown in good ground.

A STEDMAN ESTIMATE.

To the Editor News and Observer: Though I do not class myself as a "manager," I am taking a very active part in Major Stedman's campaign; and I take the liberty of supplementing the estimates of the Glenn and Turner managers—paint-

ed in your issue Sunday—with one of my own. My facilities for obtaining reliable information are exceptionally good, and I have endeavored to make my figures strictly impartial.

With every county represented there will be 1,242 votes in the Statet Convention. These votes, I estimate, will be divided as follows on the first ballot:

Stedman.....	495
Glenn.....	415
Turner.....	190
Davidson.....	142

Total.....1,242

It is proper to add that this estimate includes results in all those counties that have thus far held primaries.

Yours very truly

Editor Star.

Ants Destroy Weevils.

San Antonio, Texas, May 31.—Jose Cassiano, former county collector, who has several hundred acres of cotton in this county, is the bearer of good tidings concerning the work of red ants. Mr. Cassiano's fields less than a month ago, were alive with boll weevils. Today he said there is not a live weevil in his fields. The rows are strewn with dead weevils, which the busy little red ants are carrying away by thousands. Mr. Cassiano says a close inspection failed to show a single live weevil on a cotton plant anywhere in his fields. The ants are on the plants and the rows between in countless thousands. They seem to have completed the slaughter of the weevils and are now engaged in carrying the corpses away, probably to be stored for food.

POINTED PARAGRAPHS.

It takes a fast man to beat board bill.

Two can play at a game of love, but three make it hard work.

A man whose wife calls him dear in public usually looks cheap.

If adversity does not crush a man, prosperity will not spoil him.

The gossip is never so happy as when she is relating a tale of woe.

Love is a great help to the girl who wants to make herself miserable.

If a woman really loves a man she doesn't ask him to give up anything for her sake.

One woman dislikes calling on another almost as bad as the other dislikes to have her do it.

A man occasionally takes his pen in hand, but the umbrella he takes in hand usually belongs to another.

If you see a lot of women coming out of a church crying, it indicates that a wedding has just been pulled off.

When a young man finally gets married, the girls who also ran are unanimous in condemning his choice.

Girls are now parting their hair on one side so as not to be mistaken for those misfit men who part theirs in the middle.

The trouble with the average man who poses as the architect of his own fortune is that he revises the plans too often.—Chicago News.

Governor Jarvis in Washington.

One of the most honored citizens of North Carolina, ex-Governor Jarvis, who was seen at the Biggs House, has had a unique political career in that he was twice governor of his state although by the North Carolina constitution the chief executive is not allowed to succeed himself in office. This happened by reason of his filling out the unexpired term of Hon. Zeb Vance who was elected to the United States Senate Jarvis being lieutenant governor at the time. At the next election he was chosen for the full term.

In answer to a Post reporter's questions as to his views' Governor Jarvis said:

There is an encouraging outlook for this election of a democratic president. If the party were wise enough to do one thing, the matter would be simple enough, but this will never be done. Grover Cleveland would be the next president of the United States beyond all peradventure if nominated. As his nomination seems to be an impossibility the next best thing is to name Judge Parker. Parker can carry New York, and that is what we are looking for since New York is indispensable to democratic success. I have not the least doubt that the North Carolina delegation at St. Louis will give him its solid vote."—Washington Post.

The orphans came yesterday morning and gave a most excellent entertainment in the Missionary Baptist church last night the receipts from which were \$60. The children were met at the train by the Masonic committee and given in charge of those of our citizens who offered their services to take care of them. In the afternoon the children were all given a ride and everything done to make their stay among us pleasant.

The Free Will Baptist Seminary commencement is over, the crowd has all gone and all is now serene among us. The commencement was a success in the strictest sense. The addresses and sermons of the highest order and the manner in which the students acquitted themselves reflected great credit upon the management of the school. The past session was the best in its history and the prospects for its future are glowing. President Peden is the right man in the right place. He was reelected for next year.

Triumphs of Modern Surgery.

Wonderful things are done for the human body by surgery. Organs are taken out and scraped and polished and put back, or they may be removed entirely; bones are spliced; pipes take the place of diseased sections of veins; antiseptic dressings are applied to wounds, bruises, burns and life injuries before inflammation sets in, which causes them to heal without maturation and in one-third the time required by the old treatment, Chamberlain's Pain Balm acts on this same principle. It is an antiseptic and when applied to such injuries, causes them to heal very quickly. It also allays the pain and soreness. Keep a bottle of Pain Balm in your home and it will save you time and money, not to mention the inconvenience and suffering which such injuries entail. For sale by Wooten's Drug Store, Greenville, R. L. Davis & Bros. Farmville.

Expert testimony depends upon who employs the expert.

Weak lungs should be careful. Coughs and colds are dangerous then. One Minute Cough Cure cures coughs and colds and gives strength to the lungs. Mrs. G. E. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." Sold by J. L. Wooten.

Sued by His Doctor

"A doctor here has sued me for \$12.50, which I claimed was excessive for a case of cholera morbus," says R. White, of Conchella, Cal. "At the trial he praised his medical skill and medicine. I asked him if it was not Chamberlain's Colic, Cholera and Diarrhoea Remedy he used as I had good reason to believe it was, and he would not say under oath that it was not." No doctor could use a better remedy than this in a case of cholera morbus, it never fails. Sold by Wooten's Drug Store, Greenville, R. L. Davis & Bros. Farmville.

A wife is the only extravagant habit some men have.

Chamberlain's Stomach and Liver Tablets Better than a Doctor's Prescription.

Mr. J. W. Turner, of Truhart, Va., says that Chamberlain's Stomach and Liver Tablets have done him more good than anything he could get from the doctor. It any physician in this country was able to compound a medicine that would produce such gratifying results in cases of stomach troubles, biliousness or constipation, his whole time would be used in preparing this one medicine. For sale by Wooten Drug Store, Greenville; R. L. Davis & Bro. Farmville.

BENSONIZER LUNG CURE

NO MORE EXILE FOR CONSUMPTIVES.

A Cure at Last Obtained, After a Searching Investigation, by St. Louis Interests.

A few months ago the attention of a few scientific and philanthropic gentlemen of St. Louis was directed to an entirely new method of combating that most dreadful of all diseases, tuberculosis, commonly called consumption. Out of 115 test cases, 77 were completely cured and 28 have shown such improvement that their ultimate recovery is but a question of a few weeks.

So astonishing have been the results and absolute cures in cases pronounced incurable by all old methods that a company has been formed and is now prepared to furnish at a normal cost, this cure to all sufferers of the "White Plague." One of its chief features is that patients can remain at home, surrounded by friends and relatives, and in a great many instances, especially the incipient or early stages of the disease, pursue their daily vocations and still become completely cured.

Patients receiving the same treatment here in St. Louis have completely recovered as rapidly as those in Colorado, New Mexico and Texas. The wonderful results in question have been accomplished by the Bensonizer, and the company which controls this marvelous medical device have located their main office at 417 North Seventh street, St. Louis. They have also located a factory on Easton avenue and a laboratory has been built at Hillside, Mo. The cure will be known as the Bensonizer Lung Cure, and Mr. C. P. Benson, the discoverer of the fluid inhalants which are used, will personally have charge of the affairs of the company. Mr. Benson will personally meet all who call at the office of the company on Seventh street, and will answer all communications from sufferers who are unable to make a personal call.—From the St. Louis Globe Democrat.

Free booklet on request. BENSONIZER COMPANY, 417-19 N. Seventh St., St. Louis, Mo.

THE ULTRA SHOE.

The salient features of The Ultra are its fine workmanship, excellence of material, desirability of style, and elegance of fit and consequent comfort to the wearer. These form the sine qua non of desirable footwear.

In addition The Ultra is equipped with our patent cushion insole, a device which gives the shoe flexibility and durability, insuring a maximum of ease and comfort to the wearer, and protecting the feet from the ill effect of the hot sidewalks of summer as well as from the dampness of wet weather. This feature alone is well worth the price of the shoe.

We present a wide range in styles and finish, and are able to meet the requirements of the most fastidious as the more conservative patron and we invite a thorough inspection of our line. Ultra in name, Ultra in character, Ultra in every feature that contributes to fit, comfort and style.
