AYDEN ITEMS.

AYDEN, N. C., June 17, 1904.

The sock sociable given by the Junior Builders Tuesday evening was a success in every particular. Something more than \$30 was realized for the noble purpose they have in view. DISPENSARY ADVOCATES IGNORED.

Aldermen Name Opponents for Majority of Commissioners.

The board of aldermen held an adjourned meeting Thursday night to transact business deferred from the last regular meeting.

The tax collector made his final account for the fiscal year showing amount of collections from all sources, also presented his insolvent list which was allowed. This list showed only about \$125 that could not be collected, and the greater part of this was owing by people who had left town.

The matter before the aldermen in which the public are most interested was the appointment of a board of dispensary commissioners. The friends of the dispensary held a meeting early in the month and selected several names to recommend to the aldermen from which to appoint the dispensary commissioners. The aldermen selected one of the men recommended but for the other two commissioners named men who both voted and exerted their influence against the dispensary, thus making a majority of the commissioners anti dispensary.

Those named for commissioners were C. D. Rountree, S. T. Hooker and W. B. Greene, Mr. Rountree being the only one of the three favorable to the dispensary.

The aldermen also adopted rules and regulations governing the dispensary. The term of the commissioners is for two years, each to receive a salary of \$100 per year and give a bond of \$1,000.

The manager and other employees of the dispensary are to be chosen by the commissioners, but the amount of salary and bond was fixed by the aldermen, as follows: Manager \$60 per month, bond \$5,000; assistant manager \$40 per month, bond \$2,500; clerk \$40 per month, bond \$500; laborer not to exceed \$25 per month.

Section 13, chapter 238, Laws of 1903, commonly known as the Wattle Law, reads:

"That whenever it shall become lawful under the provisions of this act to establish a dispensary in any city or town, the governing body of said city or town shall appoint three commissioners from the voters of said city or town, who in the election voted for said dispensary, whose duty it shall be to conduct such dispensary under such rules and regulations, and with such officers and employees, as may be prescribed and allowed by the governing body of said city or town, who shall fix the compensation of said commissioners and their officers and employees."

In the face of this plain provision of law the board of aldermen elected two persons as dispensary commissioners, who voted against the dispensary. Much criticism is heard of this arbitrary action of the aldermen.

FRIDAY AFTERNOON, JUNE 17, 1904.

THE BOARD OF ALDERMEN DELIBERATELY VIOLATE THE LAW.

The legislature saw proper to enact a law which requires the board of aldermen in appointing dispensary commissioners to appoint only those who voted for a dispensary. The manifest purpose of this law is to secure a faithful execution of the will of the people in establishing a dispensary.

It is to be regretted that our board of aldermen have set at defiance this wise law. It was their plain duty to obey the law. They openly set it at defiance. The board met Thursday night to appoint three dispensary commissioners for the Greenville dispensary which goes into operation July 1st. They knowingly appointed two persons who voted against the dispensary thus deliberately putting its control and management in the hands of its enemies. It would have been bad enough to put one disqualified person on the board, but to select a majority, who are disqualified, is beyond the comprehension of ordinary mortals.

The present board have only two weeks to serve. They go out on the first day of July. We cannot understand the spirit that prompted the board to do this lawless act just as it is going out of office. The advocates of the dispensary recommended several persons to the board for appointment. We do not say that the board was bound to appoint any of those who were recommended, but we do say they were bound to appoint those who were qualified, under the law, to hold the place. This they did not do.

Besides this very question has been decided in a suit to which each member of the present board was a party in the suit of Shelburn and Jolley against the present members of the board of aldermen one of the grounds of complaint was that it was the purpose of the board to appoint as commissioners only those who voted for a dispensary. The board in its answer admitted that it was its purpose to appoint only those who were qualified under the law. The plaintiff asked the court to restrain the board from making such appointment, the court declined to do it. In view of all these facts we repeat it is strange, even surpassingly strange, that the board should select a majority of the commissioners from those who are disqualified under the law to hold the position. What can it mean?

Press was brought to bear on the commissioners of Wayne county at an adjourned meeting to induce them to revoke their recent decision not to issue license to retail liquor anywhere in the county. The Argus says "the commissioners stood firmly by their decision and the people of the county in large majority are with them in their brave and noble determination."

That explodes the idea that some people down this way are trying to advance, that there is no sentiment against saloons except in the towns. THE REFLECTOR believes that the sentiment for temperance and good morals is just as strong among the people of the country as it is in the towns.

Mississippi falls in line with a solid delegation for Parker.

The potato is creating about as much interest as did cotton a few months ago.

The Charlotte Chronicle's cartoonist ought to made a better looking girl for Miss Charlotte.

Whether Parker speaks out or not, the many states declaring for him looks like his nomination is assured.

The editors will have a chance to run down and inspect the hotel when the State Press Association meets at Morehead City in July.

The bankers, the Pythians, the retail merchants, the hosiery manufacturers and the Royal Arch Masons have all had their state innings this week. The democrats and the candidates for governor come in next for their turn.

The negroes are catching on. In Georgia a pious old darkey, a deacon in the church, discovered a number of his race playing craps, and to keep him from telling on them they lynched him. Now let's see what Boston has to say.

New York has startled the world with a disaster that is almost without parallel. A large steamer laden with near a thousand people out on a Sunday school excursion suddenly catches on fire in mid stream, and upward of six hundred of the passengers, mostly women and children, lose their lives. Such a disaster is appalling.

The Vastness of London.

There are about 6,000 miles of railway in greater London and it is estimated that something like 600,000,000 separate journeys are made by passengers annually. The number of journeys on an average weekday is over 1,500,000.

An idea of the vehicular traffic in the streets may be gathered from the statements that in twelve hours 16,954 vehicles of all kinds passed a particular spot in Piccadilly, and a full service of 690 buses pass the bank of England in an hour. The number of passengers carried by the London trains in a year is over 360,000,000. A census taken of the number of pedestrians who crossed London bridge on a certain day showed that they totalled 116,992, and in nineteen and a half hours during a day in April last year 249,016 people crossed the roadways at the bank.

BENSONIZER LUNG CURE

NO MORE EXILE FOR CONSUMPTIVES.

A Cure at Last Obtained, After a Searching Investigation, by St. Louis Interests.

A few months ago the attention of a few scientific and philanthropic gentlemen of St. Louis was directed to an entirely new method of combating that most dreadful of all diseases, tuberculosis, commonly called consumption. Out of 115 test cases, 77 were completely cured and 28 have shown such improvement that their ultimate recovery is but a question of a few weeks.

So astonishing have been the results and absolute cures in cases pronounced incurable by all old methods that a company has been formed and is now prepared to furnish at a normal cost, this cure to all sufferers of the "White Plague." One of its chief features is that patients can remain at home, surrounded by friends and relatives, and in a great many instances, especially the incipient or early stages of the disease, pursue their daily vocations and still become completely cured.

Patients receiving the same treatment here in St. Louis have completely recovered as rapidly as those in Colorado, New Mexico and Texas. The wonderful results in question have been accomplished by the Bensonizer, and the company which controls this marvelous medical device have located their main office at 417 North Seventh street, St. Louis. They have also located a laboratory on Easton avenue and a laboratory has been built at Hillside, Mo. The cure will be known as the Bensonizer Lung Cure, and Mr. C. P. Benson, the discoverer of the fluid inhalants which are used, will personally have charge of the affairs of the company. Mr. Benson will personally meet all who call at the office of the company on Seventh street, and will answer all communications from sufferers who are unable to make a personal call. —From the St. Louis Globe Democrat.

Sued by His Doctor

"A doctor here has sued me for \$12.50, which I claimed was excessive for a case of Cholera morbus," says R. W. Wooten, of Greenville, S. C. "I was a medical student and I asked him if it was not Chamberlain's Colic, Cholera and Diarrhoea Remedy he used as I had good reason to believe it was, and he would not say under oath that it was not." No doctor could use a better remedy than this in a case of cholera morbus, it never fails. Sold by Wooten's Drug Store, Greenville, R. L. Davis & Bros. Farmville.

The Work of a Dream.

A dream was responsible for an alarming incident that barely lacked all the elements of a tragedy at the Myers boarding house near the corner of Lee and Council streets last night.

Two young men from High Point secured a room at the Myers house for the night and retired at an early hour. Both were perfectly sober and the conduct of one that followed cannot be attributed to drink. About midnight excited shouts were heard from the room occupied by these two gentlemen. "Burglar! help! murder!" were among the words that reached the ears of the household. None dared to enter the room and presently one of the young men emerged with an expression of terror upon his face. "I have nearly killed my friend," he exclaimed, "what can be done for him?"

It developed that during a dream he had caught his bedmate by the throat and choked him into unconsciousness. The unfortunate victim of the nightmare was finally restored to consciousness by heroic treatment. —Salisbury Sun.

Triumphs of Modern Surgery.

Wonderful things are done for the human body by surgery. Organs are taken out and scraped and polished and put back, or they may be removed entirely; bones are applied; pipes take the place of diseased sections of veins; anti-septic dressings are applied to wounds, bruises, burns and live injuries before inflammation sets in, which causes them to heal without maturation and in one-third the time required by the old treatment, Chamberlain's Pain Balm acts on this same principle. It is an antiseptic and when applied to such injuries, causes them to heal very quickly. It also allays the pain and soreness. Keep a bottle of Pain Balm in your home and it will save you time and money, not to mention the inconvenience and suffering which such injuries entail. For sale by Wooten's Drug Store, Greenville, R. L. Davis & Bros. Farmville.

Well Merited Honor.

Without a single exception the people of North Carolina will commend the action of Mercer University of Macon, Ga., in conferring the degree of Doctor of Laws on President Charles E. Taylor of Wake Forest College. The degree of Doctor of Divinity was conferred on him some years ago. He has sustained it well and this new distinction will prove to be wisely and fittingly bestowed.

During President Taylor's administration of twenty-one years at Wake Forest College that institution has nearly trebled its student enrollment and grown steadily in the confidence of the people. The policy of President Taylor has been one of conservative progress. His thorough scholarship, eminent abilities, and great success in the field of achievement amply merit the great additional honor recently conferred on him. President Taylor enjoys the distinction of a longer continuous service than any other college president in the state, and this service has been marked by steadily increasing success. He has wrought well for his state and denomination. —Raleigh Post.

Thrown From A Wagon.

Mr. George K. Babcock was thrown from his wagon and severely bruised. He applied Chamberlain's Pain Balm freely and says it is the best liniment he ever used. Mr. Babcock is a well-known citizen of North Plain, Conn. There is nothing equal to Pain Balm for sprains and bruises. It will effect a cure in one-third the time required by any other treatment. For sale by Wooten's Drug Store, Greenville, R. L. Davis & Bros. Farmville.

Six Hundred Dead.

New York, June 16 — Six hundred persons—men, women and children—at a conservative estimate met death yesterday by the burning, beaching and sinking of the big three-decked steamer General Slocum, which took fire in the East river, near the entrance to Long Island Sound while on her way to a sound resort with more than a thousand excursionists, the Sunday school pupils of the St. Marks German Lutheran church, their relatives and friends.

At 1 o'clock this morning, according to a statement issued by Coroner O'Gorman, 483 bodies had been recovered from the deserted vessel, burned to death or drowned and found on the shore to which they had been washed or picked up in the river to which they had jumped or fallen from the burning vessel.

Minus Breakfast.

Blount Pearce was complaining of an emptiness this morning where his breakfast should have been. He goes out early in the morning to his work, and if he is not back when the family breakfast his meal is placed inside the stove for him. It seems some one else beside Blount had leaped of this arrangement, for when he went to get his breakfast this morning he found only empty plates.

Admission of Frightful Disaster.

St. Petersburg, June 16.—Emperor Nicholas has received the following telegram dated June 16, from General K...

"I have received the following dispatch from Lieutenant General Baron Stieberg, dated June 16, 1:20 a. m.

"Yesterday I had intended to attack the enemy's right flank, but just as our troops had been assigned for the purpose and were beginning successfully to envelop the enemy's right flank, the Japanese in their turn attacked my right flank with superior forces, and I was compelled to retreat by three roads to the north.

"Our losses are heavy, but they are not yet completely known.

"During the engagement of the third and fourth batteries of the first artillery brigade were literally cut to pieces by the Japanese shells.

"Of sixteen guns thirteen were rendered completely useless and were abandoned.

"The conduct of the troops was excellent, a large proportion of them refused to retire until after they had been repeatedly ordered to do so."

Chamberlain's Stomach and Liver Tablets Better than a Doctor's Prescription.

Mr. J. W. Turner, of Trubart, Va., says that Chamberlain's Stomach and Liver Tablets have done him more good than anything he could get from the doctor. If any physician in this country was able to compound a medicine that would produce such gratifying results in cases of stomach troubles, biliousness or constipation, his whole time would be used in preparing this one medicine. For sale by Wooten Drug Store, Greenville; R. L. Davis & Bros. Farmville.

THERE ARE VERY FEW WOMEN WHO DO NOT KNOW SOMETHING OF THE PHENOMINAL POPULARITY OF

Queen Quality

THE FAMOUS SHOE FOR WOMEN

The price is not the only thing that has made these shoes famous. There are other shoes at about the same price. The difference is in the shoes. No such shoes were ever offered before. THE OXFORDS ARE SOLD AT 50c LESS than the boots, as there is less material and less labor required to make them.

THE SPRING STYLES

have created more shoe Talk among the smart dressers than any other line ever shown in Greenville.

Any Last or Toe or Heel or Leather, we have it

WEAR THE "QUEEN QUALITY"

and you will have the satisfaction of knowing that you have the best shoe in America for \$3.00. They fit where others fail. Sold exclusively by

C. S. FORBES,
The Man's Outfitter.

THE ULTRA SHOE

The salient features of The Ultra are its fine workmanship, excellence of material, desirability of style, and elegance of fit and consequent comfort to the wearer. These form the sine qua non of desirable footwear.

In addition The Ultra is equipped with our patent cushion insole, a device which gives the shoe flexibility and durability, insuring a maximum of ease and comfort to the wearer, and protecting the foot from the ill effect of the hot sidewalks of summer as well as from the dampness of wet weather. This feature alone is well worth the price of the shoe.

We present a wide range in styles and finish, and are able to meet the requirements of the most fastidious as the more conservative patron and we invite a thorough inspection of our line. Ultra in name, Ultra in character, Ultra in every feature that contributes to fit, comfort and style. In finish, material and workmanship we are proud to present to all lovers of good taste in footwear a shoe for which we have never yet had to make an apology.
