### SUNDAY SCHOOL UNION.

The Schools Showing Rapid Progress.

On Sunday afternoon the quarterly meeting of the Sunday school union was held in the Christian church. The attendance was not as large as it should have been, but the oppressive weather can be blamed for this.

The lateness of publishing the program was also responsible for much of the program being omitted, but there was enough to make the session interesting. E. A. Moye, Sr., gave a splendid review of the lessons during the past quarter, bringing out many good thoughts suggested by the lessons.

The reports of the schools for the quarter were excellent and indicated the growing interest in Sunday school work in the town. The increase in both attendance and collections was large. That the public may be better acquainted with the work being done by Sunday schools, a motion was adopted that the reports for the past quarter be published. These are four below in condensed form.

**BANKS ARE HELPFUL.**

At a recent meeting of farmers held in this section the question was brought up, "Does the multiplication of country banks help the farmer," and some took the position that they hurt, rather than help, the farmer by withdrawing money from circulation making it harder for the farmer to borrow.—Rich Square Times.

THE REFLECTOR is of the opinion that no institution is more helpful to a community than a bank. Instead of withdrawing money from circulation and making it harder for farmers to borrow, the bank affords a place of safety where the farmers can deposit their money instead of keeping it hid at some insecure place around home. It does not withdraw the money from circulation to deposit in bank, but money is withdrawn from circulation when it is hid in places about the house. Banks are always ready to lend money on proper security, and people having money in bank can withdraw it and lend it to others when ever they choose to do so.

It is a good indication of prosperity in a community to have a good bank in which the farmers, as well as business men, deposit their surplus money, and it is a wise farmer who keeps his money in bank instead of taking the risk upon himself of keeping it protected at home.

About the hottest thing in the shape of a newspaper we have run up against during this hot weather is The Hornet, which has for its motto "Hottest Democratic Paper in all America." It is published bi-weekly at Fork Church, N. C., by W. Henry Davis, at 25 cents a year. That The Hornet is red hot anti-republican is shown in every line from heading to foot slug. The Hornet wants a good printing press and outfit on which to do its printing and makes a novel proposition to secure this: It asks for loans in sums of \$2.50 and offers therefor 8 percent interest bearing notes. This makes the interest on each note 2 cents a year which the lender can draw or use in keeping his subscription paid up for life. Here's hoping the Hornet will continue its hot buzzing and not get its sting nipped off back of the neck.

If Bryan is not a delegate from his state he should be allowed no voice in the national convention at St. Louis. His recent actions show that his purpose is to create disturbance.

Greensboro got deserved praise for the splendid manner in which the delegates were entertained.

The true note of Democracy is sounded in the platform adopted by the state convention.

**Governor Aycock in Circ.**

Governor Aycock has received an invitation from W. W. Steton, superintendent of public instruction for the State of Maine, inviting him to deliver a series of twelve educational addresses at such time as the governor may select between the dates of September 12th and October 10th. The governor has accepted the invitation and will deliver the addresses sometime during the fall, the date of his departure not having yet been definitely decided.—Raleigh News and Observer.

**Good Advice, This.**

Some people have an idea that if a man puts himself on the markets of the world for sale, if one has the where-withal to pay for him, it is right to buy. There is strange ethics in this theory, and yet it is the hypothesis upon which great many people base their conduct. They argue they have a right to whatever they can buy with their money even if it is a man; One should not put himself on the market for sale, but if he is weak enough to do so, no man has a right to take advantage of his weakness. A man came in tired and hungry from the chase. As he came in he inhaled the appetizing odor of kid and beans. "Give me to eat lest I die," cried the hungry man. His brother said, sell me this day thy birthright. For as many red beans as Esau could eat he sold his birthright to Jacob. The world has never justified the shrewd brother for buying his brother, even though he put himself on the market. There are many of these weak impulsive people who can be bought cheap. But no man is justifiable in buying because he has the red pottage, or whatever the nature of the where-withal may be to buy him with. The strong ought to help the weak.—S. E. Mercer in Lumerton Robesonian.

**Glenn and The Other Candidates.**

We have felt that Glenn deserved the honor for his own qualities and for the service he has rendered his party in time of good and of evil report. Party service alone is no reason for exaltation to a high office. But faithful party service plus the qualifications for the office sought will always be regarded by fair minded men. There is no doubt that Glenn had served his party well.

For the defeated candidates we have only respect and regard. Major Stedman is one of the finest figures in our public life today and it is with no little regret that we think of the disappointment of his comrades, of the brave men who wore the gray, at his defeat. It was no lack of love for the Confederate soldiers that caused it. Colonel Davidson is another veteran who deserves all that his friends have said of him. Turner is a clean, straight-forward, honest gentleman, to whom the temperance forces owe much for the advance of their cause. We wish them all mighty well. We wish they all could have been elected.—Charlotte News.

**A Wise Provision.**

Did you ever notice when a man smites his thumb with a hammer while patting down a carpet under his wife's supervision how quickly he thrusts the bruised and throbbing member into his mouth? People think it is because the application is soothing. But the movement is purely involuntary, like winking. The man cannot help it.

The fact is that nature knows what a man is apt to say under such circumstances and so has provided him with an automatic stopper. When a man hits his thumb hard enough to hurt—and it doesn't take a very hard blow to almost kill a man when he is doing something that he doesn't like to do—by a sort of interlocking system his thumb fits into his mouth, and for the critical moment speech is cut off.—Ex.

### For a Hundred Years.

For a hundred years or more Witch Hazel has been recognized as a superior remedy, but it remained for E. C. The high standing of this salve has given rise to counterfeits, and the public is advised to look for the name "DeWitt" on the package, and accept no other. Sold at Wooten's Drug Store.

### Triumphs of Modern Surgery.

Wonderful things are done for the human body by surgery. Organs are taken out and scraped and polished and put back, or they may be removed entirely; bones are spliced; pipes take the place of diseased sections of veins; anti-septic dressings are applied to wounds, bruises, burns and like injuries before inflammation sets in, which causes them to heal without maturation and in one-third the time required by the old treatment, Chamberlain's Pain Balm acts on this same principle. It is an antiseptic and when applied to such injuries, causes them to heal very quickly. It also allays the pain and soreness. Keep a bottle of Pain Balm in your home and it will save you time and money, not to mention the inconvenience and suffering which such injuries entail. For sale by Wooten's Drug Store, Greenville, R. # BENSONIZER LUNG CURE

NO MORE EXILE FOR CONSUMPTIVES.

A Cure at Last Obtained, After a Searching Investigation, by St. Louis Interests.

A few months ago the attention of a few scientific and philanthropic gentlemen of St. Louis was directed to an entirely new method of combating that most dreadful of all diseases, tuberculosis, commonly called consumption. Out of 115 test cases, 77 were completely cured and 28 have shown such improvement that their ultimate recovery is but a question of a few weeks.

So astonishing have been the results and absolute cures in cases pronounced incurable by all old methods that a company has been formed and is now prepared to furnish at a normal cost, this cure to all sufferers of the "White Plague." One of its chief features is that patients can remain at home, surrounded by friends and relatives, and in a great many instances, especially the incipient or early stages of the disease, pursue their daily vocations and still become completely cured.

Patients receiving the same treatment here in St. Louis have completely recovered as rapidly as those in Colorado, New Mexico and Texas. The wonderful results in question have been accomplished by the Bensonizer, and the company which controls this marvelous medical device have located the main office at 417 North Seventh street, St. Louis. They have also located a factory on Easton avenue and a laboratory has been built at Hillside, Mo. The cure will be known as the Bensonizer Lung Cure, and Mr. C. P. Benson, the discoverer of the fluid inhalants which are used, will personally have charge of the affairs of the company. Mr. Benson will personally meet all who call at the office of the company on Seventh street, and will answer all communications from sufferers who are unable to make a personal call. —From the St. Louis Globe Democrat.

# THE ULTRA SHOE

The salient features of The Ultra are its fine workmanship, excellence of material, desirability of style, and elegance of fit and consequent comfort to the wearer. These form the sine qua non of desirable footwear.

In addition The Ultra is equipped with our patent cushion insole, a device which gives the shoe flexibility and durability, insuring a maximum of ease and comfort to the wearer, and protecting the feet from the ill effect of the hot sidewalks of summer as well as from the dampness of wet weather. This feature alone is well worth the price of the shoe.

We present a wide range in styles and finish, and are able to meet the requirements of the most fastidious as well as the more conservative patron and we invite a thorough inspection of our line. Ultra in name, Ultra in character, Ultra in every feature that contributes to fit, comfort and style. In finish, material and workmanship we are proud to present to all lovers of good taste in footwear a shoe for which we have never yet had to make an apology.

### Negro Man Flagged Glenn's Train.

Winston-Salem, N. C., June 25. —A colored man flagged down the incoming passenger train from Greensboro last night just in time to prevent what might have proved a bad wreck on the long trestle, two miles below town.

A horse ran on the trestle and the train was held an hour or more until the animal could be removed.

Capt. R. B. Glenn and several other Winston-Salem people were on the train, and when the information was given out that a colored man saved the train from being wrecked there were many expressions of commendation with the statement that the Southern should reward the colored man for his action.

It was figured out that had the train been on time that it and the horse would have met on the trestle.

### Stricken With Apoplexy.

About midday Sunday Mr. Allen Warren suffered a stroke of apoplexy, and with the exception of a short interval has since been unconscious. His entire left side is affected, and his condition today was not regarded as favorable. Mr. Warren is one of our oldest citizens and many friends are solicitous about him. We hope he may soon recover.
