AYDEN ITEMS.

AYDEN N. C., Aug. 30, 1904.

E. G. Cox has come back again.

Miss Bonnie Ormond is visiting Misses Ida W. and Annie Edwards.

Prof. J. L. Jackson spent Friday night with his brother, W. C. Jackson.

Mrs. W. T. Hart and children, of Kinston, are visiting her father, W. F. Hart.

Miss Hattie Randolph, of Kinston, who has been on a visit to friends here, has returned to her home.

Misses Winnie Wilson and Annie Pridgen came up from Kinston Friday and are visiting Miss Helen Quinerly.

Miss Sallie Roberson passed through on her way to Bethel from a visit to Miss Fannie Hardee, of Ormondsville.

Robert Proctor and family came from Robersonville Saturday and spent the Sabbath here with his wife's mother.

Miss Mamie Cooper, of Washington, after spending sometime with the family of J. J. Hines has returned to her home.

W. L. House and family, of Winterville, who have been on a visit to Mrs. McLawhorn have returned to their homes.

The protracted meeting in the Disciple church still continues. Six have connected themselves with the church and right much feeling is manifested by others. Mr. Davis is doing a good work.

Two or three industrious worthy young men can get free tuition at the graded school during the coming session by cleaning the building and preparing fuel. This is an excellent opportunity for some worthy young men to get the very best school advantages. Application should be made at once to the superintendent.

The remains of Miss Fannie Dixon, of Snow Hill, state organizer of Little Builders and C. W. B. M. of the Disciple church, who died in Washington, N. C., last Thursday, passed through here Friday evening and were conveyed to Snow Hill where they were interred Saturday morning. While the funeral cortege was passing through and out of town, the bells were tolled and the hearts of our citizens went out to the bereaved ones, for Miss Fannie was beloved by all and the high position she held in church and society fully attest the fact.

Sunday morning the sad news reached here from Norfolk that Miss Hattie Cannon, who had left here the Thursday preceding for treatment in a hospital, was dead. Miss Hattie had many lovable traits of character and her personal friends were numerous. She endeared herself to all and to be taken away thus in young maidenhood is a sad blow to those who knew and loved her so well. While we realize 'tis sad, yet perhaps it is for the best. Her remains arrived here yesterday evening and were at once carried to the home of her father, Mr. Caleb Cannon, a few miles in the country. We extend sympathy to all of the bereaved.

BETHEL FOR FLEMING.

Alwood, N. C., Aug. 29th, 1904.

EDITOR REFLECTOR:

Bethel is usually slow to speak, but always sure to be heard from. She may differ as to her candidate for the lower house of the legislature, but I believe she will be practically solid for Fleming for the senate. She gave him a good majority last time and she will come very near giving it all to him this time.

The masses of Bethel township know J. L. Fleming well. He spent a part of his boyhood and school days here and those who knew him in those days and since will never fail to support him for anything he wants, as long as he is as faithful to every trust, as he has always been so far.

If Jim Fleming undertakes to represent you or your cause, whether as attorney or legislator you will never have cause to complain, because he will never cease the fight until he has given the best in his shop, and this whether client or the citizen be great or small. Jim Fleming will not hesitate to say no to the most influential citizen in Pitt county, if he does not think his demand just and fair, and he will hear the most humble and give all just relief.

I have served with him on the board of education of Pitt county in addition to having known him all my life, and I know that wealth nor influence cut no figure with him in passing upon right and wrong.

I put him in nomination at our county convention two years ago and I said more about him than I am going to encroach upon your space to say now. If he had been nominated then, I don't believe we would have had the dissension in democratic ranks that seem to exist now, even with the passage of the identical laws that were passed. His strength was not taken in certain townships as it should have been, and while his friends said nothing because he desired, they felt and knew that he was entitled to more representation upon a voluntary vote of the people. But the past is gone and lets forget it. I believe Fleming is so strong in the hearts of the people of Pitt county today that nothing can prevent his nomination at the coming convention.

Without his consent and without knowing what he may think about it, I desire now to ask his friends in Contentnea and Farmville townships, to go to the primaries on Saturday evening, Sept. 10th, and ask for a vote on Fleming for senator and see that they get it. The party law says he shall have it when demanded by any of his friends, and I trust those who are in charge of the party machinery will see to it that it is carried out.

Lays After Death.

W. P. Edwards came down the other day bragging on his hens. He said they are such good layers that one of them even laid after she was dead. This particular hen hung herself by the neck in the fence (whether with suicidal intent or by accident is not stated,) and after choking to death in that position laid an egg.

TUESDAY AFTERNOON, AUGUST 30, 1904.

CHIRMAN SIMMONS' VIEW.

Webster's Weekly, published at Reidsville, in discussing the vital principle of the Watts law, says:

"The Watts law, regulating the manufacture and sale of intoxicating liquors, was not enacted by stealth. It was not rushed through the Legislature in a day nor a week. It was not sneaked through. * * * Its enactment was recommended by Gov. Aycock and heartily endorsed by Senator Simmons, the chairman of the democratic state executive committee. It was one of the first bills introduced in the last legislature. It was thoroughly discussed in open committee and on the floor of both houses of the general assembly. Every argument and objection was weighed. Nothing was done in a corner. The original bill was amended in several particulars, but all propositions looking to the exemption of certain counties from its operations or to leave it to a vote of said counties were rejected. Not that the democratic party wanted to force legislation upon the people of any county, but because it had confidence in them and knew the source of the cry that the bill ought to be submitted to the ballot box.

"The Watts law is an evolution and not a revolution. It is not an experiment. It proceeds along conservative lines. It was framed to meet a long-felt want. Gov. Aycock in his message to the last legislature recommended that the manufacture and sale of liquor be confined to incorporated cities and towns, and gave his reasons therefor.

"It was for the protection of the country people that this legislation was undertaken. The whiskey traffic having been driven from two thirds of our rural territory into the incorporated towns, where it could be watched and curbed, the democratic legislature went to the relief of the remaining third and said that the rural schools and churches should have a free hand in training the rising generation. And this policy met the approval of the democratic state convention without a dissenting vote.

"Police protection is the essential principle of the Watts law. The like of it is the reason the liquor traffic is shut out from the country districts. It is no discrimination against the country people, but in the contrary a decided boon."

The editor of Webster's Weekly wrote a letter to Chairman Simmons to ascertain the construction he placed upon the temperance plank of the state platform, and his reply was in part as follows:

"In reply to your several inquiries, I beg to advise you that the democratic state convention recently held at Greensboro did unanimously approve the general principles of the Watts law. The language of the platform upon this subject is in part as follows: "We approve the general principles of the Watts law, regulating the manufacture and sale of liquor and limiting the same to localities in which there may be adequate police protection." A subsequent clause in this plank of the platform declares that, "The general assembly has the power and, when controlled by the Democratic party, can be trusted to make all amendments which experience and conditions may demonstrate to be wise and proper." Of course the legislature has unlimited power to amend or repeal all legislative enactments, but those two clauses of the Democratic delirance upon the subject of temperance legislation, as embodied in the Watts law, should be taken together, and construed them

together, an amendment of this law, which would allow the manufacture and sale of liquors in localities in which there may not be adequate police protection, would in my opinion be a violation of its general principles, and in conflict with the platform declaration.

"The essential principle of the Watts law is that liquor must neither be manufactured nor sold in this state except under adequate police protection. As at present written, that law confines the manufacture and sale of liquor to incorporated towns, where adequate police protection is presumed because required by law. It would seem, therefore, without reference to the incorporation of a locality as a municipality, if adequate police protection of the traffic to be conducted therein can be and is in truth and in fact provided and secured by law, it would be a compliance with the party's requirement limiting the manufacture and sale of liquors to "localities" in which there may be adequate police protection."

In concluding its comments on this letter Webster's Weekly says:

"The Democratic party has taken its position and is not going to destroy the essential principles of the Watts law to gain a few votes here and there. The liquor element have the machine with them in a few counties, but the State as a whole is for the Watts law and will stand by it. We agree with Chairman Simmons that it is "the most important single measure, with the exception of the suffrage amendment, adopted in this State since the war."

"Those who read the foregoing can readily see the soundness of the position of THE REFLECTOR upon the Watts law as recently expressed in these columns, and it leads us again to the assertion that the man who declares his opposition to the Watts law and asserts that he will not support anyone who favors it is at variance with the principles of the Democratic party, and such men ought to be excluded from participation in the party primaries.

The real "man of work" is he who does his duty in the ranks and says nothing about it.—Raleigh Times

And for the same reason, we take it, the promoters of the book by that name are endeavoring to search out and publish for the benefit of others the achievements of the man whose example is worthy of emulation for the benefit of those who come after him. There is hardly a doubt that some of the most truly great men are the least known.

Strikes us the Democratic party in Pitt county will be getting down to small business if it takes up a man who denounces the platform of his party as made at the state convention, sets up a little platform of his own and asks the party to get on it with him and send him to the legislature. Surely there are enough worthy men from whom to select our representatives.

A national editorial conference composed of editors in the United States who are favorable to the election of Parker and Davis, will be held in New York on the 7th and 8th of September. During the conference the editors will have an excursion from New York to Esopus at which place they will have the pleasure and honor of being presented to Judge Parker and shaking his hand.

BENSONIZER LUNG CURE

NO MORE EXILE FOR CONSUMPTIVES.

A Cure at Last Obtained, After a Searching Investigation, by St. Louis Interest.

A few months ago the attention of a few scientific and philanthropic gentlemen of St. Louis was directed to an entirely new method of combating that most dreadful of all diseases, tuberculosis, commonly called consumption. Out of 115 test cases, 77 were completely cured and 28 had shown such improvement that their ultimate recovery is but a question of a few weeks.

So astonishing have been the results and absolute cures in cases pronounced incurable by all old methods that a company has been formed and is now prepared to furnish at a normal cost this cure to all sufferers of the "White Plague." One of its chief features is that patients can remain at home, surrounded by friends and relatives, and in a great many instances, especially the incipient or early stages of the disease, pursue their daily vocations and still become completely cured.

Patients receiving the same treatment here in St. Louis have completely recovered as rapidly as those in Colorado, New Mexico and Texas. The wonderful results in question have been accomplished by the Bensonizer, and the company which controls this marvelous medical device have located their main office at 417 North Seventh street, St. Louis. They have also located a factory on Easton avenue and a laboratory has been built at Hillside, Mo. The cure will be known as the Bensonizer Lung Cure, and Mr. C. P. Benson, the discoverer of the fluid inhalants which are used, will personally have charge of the affairs of the company. Mr. Benson will personally meet all who call at the office of the company on Seventh street, and will answer all communications from sufferers who are unable to make a personal call.—From the St. Louis Globe Democrat.

A Warning to Mothers

Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel troubles. As a rule it is only necessary to give a child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the old fashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to gripe. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea remedy and then a dose of castor oil, and the disease may be checked in its incipency and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel troubles appears. This is the most successful treatment known and may be relied upon with implicit confidence even in cases of cholera infantum. For sale by J. L. Wooten.

A Sure Thing

It is said that nothing is sure except death and taxes, but this is not altogether true. Dr. King's New Discovery for consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. Van Metre of Shepherdstown, W. Va. says "I had a severe case of Bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery cured me absolutely. It's infallible for Croup, Whoop Cough, Grip, Pneumonia and Consumption. Try it. It's guaranteed by J. L. Wooten Druggists. Trial bottles free. Reg. 1 oz 50c \$1.

A Perfect Painless Pill.

is the one that will cleanse the system, set the liver to action, remove the bile, clear the complexion, cure headache and leave a good taste in the mouth. The famous little pill for doing such work pleasantly and effectually are DeWitt's Little Early Risers. Bob Moore, of Lafayette, Ind., says: "All other pills I have used gripe and sicken, while DeWitt's Little Early Risers are simply perfect." Sold by J. L. Wooten.

A Sweet Breath

is a never failing sign of a healthy stomach. When the breath is bad the stomach is out of order. There is no remedy in the world equal to Kodol Dyspepsia Cure for curing indigestion, dyspepsia and all stomach disorders. Mrs. Mary S. Crick, of White Plains, Ky, writes "I have been a dyspeptic for years tried all kinds of remedies but continued to grow worse. By the use of Kodol I began to improve at once and after taking a few bottles am fully restored in weight, health and strength and can eat whatever I like." Kodol digests what you eat and makes the stomach sweet. Sold by J. L. Wooten.

Nothing on the Market Equal Chamberlain's Colic, Cholera and Diarrhoea Remedy.

This fact is well known to druggists everywhere, and nice out of tea will give their customers this preparation when the best is asked for. Mr. Obe Witmer, a prominent druggist of Joplin, Mo., in a circular to his customers, says: "There is nothing on the market in the way of patent medicine which equals Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowels complaints." For sale by J. L. Wooten

Notice

To The Public

The report having been circulated that I will discontinue my music class, owing to my recent connection with the Stieff Piano Co's local branch, I wish to announce to my former pupils and public generally that my association in the Stieff Piano Co's warehouses (where I intend to teach) will in no sense interfere with my teaching, but to the contrary, I am now better prepared to teach than ever before, as I have arranged for one of the large "Stieff Parlors" to be used exclusively for teaching, where an elegant new Stieff Piano is furnished the pupils for that purpose. The location, too, is more central and convenient. I earnestly solicit the patronage of my former pupils and the public generally, and with every assurance I will discharge my every duty possible towards the interest of the pupil. Thanking you for past patronage.

Very Respectfully,
(Mrs) BESSIE PATRICK.

P. S. Will open my music class on Monday, Sept., 5, 1904. 8 30-1wk.
