PERSONALS AND SOCIAL.

W. J. Symonds came in Sunday evening from Wilmington.

Miss Wall, of Raleigh, has taken a position as stenographer with the Farmer's Consolidated Tobacco Co.

Mr. and Mrs. B. W. Moseley have begun housekeeping in one of the new Wilson houses on Fourth street.

Rev. J. D. Bundy, P. E. of the Washington District, preached an excellent sermon in the Methodist church Sunday night.

Rev. J. L. Rumley, of Robersonville, came in from his appointment in the country and spent Sunday night in town.

Dave Rauh, the Norfolk jeweler who has in the past conducted auction sales here, is in town to arrange for another sale.

The family of G. S. Pritchard, one of the new buyers on the Greenville tobacco market, arrived last week, he having preceded them here the first of the season. They occupy one of the new Wilson houses on Fourth street.

Superintendent Resigns.

Mr. M. A. Allen, who has been superintendent of the Baptist Sunday school here for nearly three years, tendered his resignation Sunday morning because his residence is to be changed from Greenville to Danville. It was the occasion of much feeling in the school. Mr. Allen could not suppress his emotions upon severing his relations with the school and his parting words touched the hearts of all present. Several members of the school also spoke feelingly in expressing the regret of the school in parting with him. We have never seen a school and superintendent who were more devoted to each other.

Three times has the great head of Governor Jarvis figured in great railway matters in this state—first in the sale of the Western North Carolina, in 1881; second in the extension of the lease of the North Carolina Railway, and now again in the lease of the Atlantic & North Carolina Railway. It is no secret that Governor Aycock relied very greatly upon the admiral regimen and business and political sagacity of Governor Jarvis, a man who always has a wise head and who for forty years or more has been doing things for the safety, honor, and welfare of this Commonwealth.—Raleigh Cor. Charlotte Observer.

Rain.

The recent rains have already done much damage to the crops and bridges, and still it rains.

We learn from many of the country people that it is a great difficulty to cross the streams that are generally only small branches, and besides the abundance of mud, a great number of bridges have been washed away.

Possibly it would be wise for those who have prayed so diligently for rain to now pray for the rain to hold up for a while.

Killed at Durham.

The sad news reaches friends here today by wire of the death of Prof. J. F. Bivins, Headmaster of Trinity Park School.

Only last week Prof. Bivins was married to Miss Fannie Carr, of Durham, and was returning from Virginia Beach where he had been on his bridal tour. When the train on which he was riding was pulling into Durham, he fell from the train and was instantly killed.

MONDAY AFTERNOON, SEPTEMBER 5, 1904.

Judge Purnell should be asked to keep his hands off it further.

The men who think all the country people are opposed to the Watts law and want barrooms close to their homes, is very much mistaken.

There are people who will some day look back to this campaign of 1904 and see the wisdom of THE REFLECTOR in insisting that people should stand by the platform and uphold the principles of the party.

In the Superior court of Transylvania county several persons were indicted for selling Peruna in the prohibition town of Brevard, the charge being that Peruna was largely made of whiskey. The defendants all plead guilty.

A great event in New York this week is the meeting in conference of editors who are supporting Parker and Davis. While there the editors will be given a banquet at the Waldorf-Astoria and will also have an excursion up the Hudson to Esopus where they will meet Judge Parker. At this writing THE REFLECTOR is hoping to be there.

Democrats should be careful how they lend encouragement to the movement that is on foot to capture the primaries and county convention in the interest of a wet ticket, and in case of failure to do so, will bolt the convention and get out an independent wet ticket. There are men at work with that very purpose in view. They are opposed to the Watts law and are not going to support any who favor it. No true democrat will take sides with any such movement.

Everybody will be rich some day, though before that golden age comes humanity will need to give succor to those who fall by the way. But no industrious poor man able to help himself is a sufferer, no matter how hard a fight he has in the battle of life, so long as he can make his living. Take a hundred years altogether, and his descendants have a better chance than those of many of the most luxurious now living. At least that is the lesson taught by the experience of the last hundred years in this country.—New York Sun

Call on the Lord Only When We Want a Favor.

So far this summer there have been no special meetings to pray for rain. Mr. T. N. Simms, of Jackson, thinks there ought to be meetings of thanksgiving. He wants the Journal to say that there ought to be meetings all over the country, "to pray for God's goodness and blessings because he has made our crops to grow almost without work." Mr. Simms' idea is a pious and a worthy one, but we venture to say that there will be no meetings of this kind. The individual sparks of gratitude here and yonder will not kindle into a flame. The folks who pray for rain in dry weather will never think of having a meeting to return thanks after the showers come. Too many of us think only of our religion when we want something. 'Twas ever so and, no doubt, 'twill ever be.—Monroe Journal.

Scratch the man who is denouncing the Watts law and you will find an officeseeker or a liquor man nine times out of ten.—Webster's Weekly.

It is remarked that Roosevelt had little to say about national economy in his Oyster bar speech of acceptance. It is a cardinal virtue, however, and applies to nations as well as men. The truth is while he has been president the national expenditures have increased to more than \$2,600,000,000, an excess of \$211,000,000 over the expenditures during the term of President McKinley. At this rate the nation will be driven into bankruptcy, or the tax payers will revolt.

If the last Republican congress had cared anything about the common people, those who work in the fields, and travel on the country roads, it would have made handsome provisions for the good roads project. But when it comes down to a concrete case of actually passing a law in favor of the working men, or the farmer's, the Republicans always halt, and shuffle, and do nothing. In France they do things better. That country has 130,000 miles of macadam roads, which are kept in the best condition at a yearly cost of about 48 cents to each inhabitant. There should be half a million miles of such roads in America.

Capt. Bowling Improving

Capt. William Bowling, living near Rougemont, who has been extremely ill for two weeks is reported as being much better.

Capt. Bowling has lived to see eight generations of his family and there are now five generations living. He has a great grand son living in Durham now. This makes five generations. He remembers his great grand father, his grand father, and his father, this makes the eight generations that he remembers.

He has many friends here and recently there have been numerous inquiries as to his condition. These will be glad to hear of his improvement.—Durham Herald.

Author of "Dixie."

A movement is on foot to erect a monument to the memory of the author of "Dixie," Daniel Decatur Emmett, in Mt. Vernon, Ohio, the city of his birth and death. Upon the occasion of the death of Mr. Emmett, which occurred recently, the Mayor of Mt. Vernon, at the request of the lodge of Elks of that city, who had charge of the funeral, appointed a committee of prominent citizens to act as a memorial commission to solicit and receive subscriptions to the fund for the monument. Those desiring to subscribe to the fund should send remittances to the Secretary of the commission, J. D. Smoots, at Mt. Vernon, Ohio who will make acknowledgment of the same.

Newspapers in the Campaign.

The daily paper now takes the place of oratory. The spellbinder and the parade still have a place, but they are spectacular and ornamental. The average American citizen reads his paper with care and forms his opinions—not in the excitement of the hustings, but in the serenity of his home. His paper gives him the issues freed from fringe and ornamentation. With his mind at ease he has only to read and digest the reports upon both sides of the questions to determine which is best for his own interests and those of the country. When this is supplemented by the fund of information sent out from the party committees, more or less deftly selected to meet the views or ambitious hopes of particular localities, the crop of votes is ready for the harvest.—Baltimore American.

BENSONIZER LUNG CURE

NO MORE EXILE FOR CONSUMPTIVES.

A Cure at Last Obtained, After a Searching Investigation, by St. Louis Interests.

A few months ago the attention of a few scientific and philanthropic gentlemen of St. Louis was directed to an entirely new method of combating that most dreadful of all diseases, tuberculosis, commonly called consumption. Out of 115 test cases, 77 were completely cured and 28 have shown such improvement that their ultimate recovery is but a question of a few weeks. So astonishing have been the results and absolute cures in cases pronounced incurable by all old methods that a company has been formed and is now prepared to furnish at a normal cost this cure to all sufferers of the "White Plague." One of its chief features is that patients can remain at home, surrounded by friends and relatives, and in a great many instances, especially the incipient or early stages of the disease, pursue their daily vocations and still become completely cured. Patients receiving the same treatment here in St. Louis have completely recovered as rapidly as those in Colorado, New Mexico and Texas. The wonderful results in question have been accomplished by the Bensonizer, and the company which controls this marvelous medical device have located their main office at 417 North Seventh street, St. Louis. They have also located a factory on Easton avenue and a laboratory has been built at Hillside, Mo. The cure will be known as the Bensonizer Lung Cure, and Mr. C. F. Benson, the discoverer of the fluid inhalants which are used, will personally have charge of the affairs of the company. Mr. Benson will personally meet all who call at the office of the company on Seventh street, and will answer all communications from sufferers who are unable to make a personal call. — From the St. Louis Globe Democrat.

In the last analysis nobody knows, but we do know that it is under strict law. Abuse that law even slightly, pain results. Sour Stomach

When the quantity of food taken is too large or the quality too rich, sour stomach is likely to follow, and especially so if the digestion has been weakened by constipation. Eat slowly and not too freely of easily digested food. Masticate the food thoroughly. Let five hours elapse between meals, and when you feel a fullness and weight in the region of the stomach after eating, take Chamberlain's Stomach and Liver Tablets and the sour stomach may be avoided. For sale by Wooten's Drug Store, Greenville.

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co., of Chicago, discovered some years ago how to make a salve from Witch Hazel that is a specific for Piles. For blind, bleeding, itching and protruding piles, eczema, cuts, burns, bruises and all skin diseases, DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's, the genuine. Sold at Wooten's Drug Store.

A Power For Good

The pills that are potent in their action and pleasant in effect are DeWitt's Little Early Risers. W. S. Philpot, of Albany, Ga., says: "During a bilious attack I took one. Small as it was it did me more good than calomel, blue mass or any other pill I ever took and at the same time the effect was pleasant. Little Early Risers are certainly an ideal pill." Sold by Wooten's Drug Store.

Cured of Lame After 15 Years of Suffering

To The Public

The report having been circulated that I will discontinue my music class, owing to my recent connection with the Stieff Piano Co's local branch, I wish to announce to my former pupils and public generally that my association in the Stieff Piano Co's warehouses (where I intend to teach) will in no sense interfere with my teaching, but to the contrary, I am now better prepared to teach than ever before, as I have arranged for one of the large "Stieff Parlors" to be used exclusively for teaching, where an elegant new Stieff Piano is furnished the pupils for that purpose. The location, too, is more central and convenient. I earnestly solicit the patronage of my former pupils and the public generally, and with every assurance I will discharge my every duty possible towards the interest of the pupil. Thanking you for past patronage.

Very Respectfully,
(Miss) BESSIE PATRICK.
P. S. Will open my music class on Monday, Sept., 5, 1904. 8-30-1wk.

THREE JURORS CURED

Of Cholera Morbus with One Small Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr. G. W. Fowler of Hightower, Ala., relates an experience he had while serving on a petit jury in a murder case at Edwardsville, county seat of Cleburne county, Alabama. He says: "While there I ate some fresh meat and some souse meat and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture, but the druggist sent me a bottle of Chamberlain's Cholera, Colera and Diarrhoea Remedy instead, saying that he had what I sent for, but that this medicine was so much better: he would rather send it to me in the fix I was in. I took one dose of it and was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one small bottle cured the three of us." For sale at Wooten's Drug Store.

CLOTHING

We give you not only the best you can buy, but the money paid can buy. Quality & value combined argue for your patronage

This is an agreeable sort of Store to patronize. You can recognize at once, from the way you are served, that your best interest is being studied. We study the fit of every garment you try on much more closely than you do, and when the purchase is completed there's not a line of a garment that isn't perfect. Two and three piece suits divide honors of patronage. Some want vests, [some] don't. We're able to offer each the widest possible variety of fabrics for selection.
