BIG PIANO PURCHASE. 50 STIEFFS---BARNAU COLLEGE.

Gainesville, Ga., May 16, 1904
Chas. M. Stieff,

9 Liberty St., Baltimore, Md.

Dear Sir: I beg to enclose you an order properly executed for the purchase of fifty (50) Stieff Pianos, to be delivered at Brenau Conservatory, Gainesville, Ga. This will equip the Conservatory with Stieff Pianos exclusively, with the exception of one Concert Grand which we have on hand.

When I began to investigate pianos with a view of taking out all and putting in an entirely new supply, the Stieff came to my notice. I have studied pianos closely during the last ten years and have purchased ninety instruments in that time. After visiting the factories in a number of cities, I inspected your plant in Baltimore. I felt sure that no factory in the United States was better equipped to produce

a strictly high grade piano than the Stieff factory.

We have had one of your instruments in the Conservatory for one year, and have tested the tone, quality and mechanical construction. After thoroughly testing it for eight or ten hours per day, I have placed an order for fifty new Stieff Pianos. I find the action of this piano in every way desirable to the artist and to the student.

While the cost of your piano is considerably more than I have to pay for others, it has greater merits, and I considered they're best none too good for Brenau Conservatory.

I take pleasure in saying that after we have secured the pianos ordered all of our practice rooms, both for teachers and students, will be supplied with your excellent instruments. Yours very truly,
A. W. VANHOESE.

Rarest display of these artistic pianos now on at Greenville, N. C., direct from the factory at factory prices. Terms to suit.

CHAS. M. STIEFF.
G. G. FINEMAN, Factory Representative.

His Delicate Sensibilities.

Daniel J. Sully, the dethroned cotton king, made a trip through the south last winter, and when he came back he told a story of an old negro who had been working for a cotton planter time out of mind. One morning he came to his employer and said:

"I've gwinter quit, boss."

"What's the matter, Mose?"

"Well, sab, yer manager, Mistah Winter, ain't kicked me in de las' free mum's."

"I ordered him not to kick you any more. I don't want anything like that around my place. I don't want anyone to hurt your feelings, Mose."

"Ef I don't git any more kicks I've goin' to quit. Every time Mistah Winter used ter kick and cuff me when he wuz mad he always git 'shamed of hisself and gimme a quarter. I've done los' enuff money a'ready wid dis heah foolishness 'bout hurtin' ma feelin's."—Saturday Evening Post.

Don't Worry. Try it this Week.

Let no day pass without personal secret communication with God. Begin each day by taking counsel from the Word of God, if but one verse while you are dressing.

Put away all bitter feelings and broodings over slights or wrongs, no matter from whom received.

Have on your heart some person or cause of which you are pleading God's blessings each day.

Let no opportunity pass to say a kind word, or do some kind deed or at least smile upon those you meet. Do this, not affectedly, but sincerely, as unto the Lord.

Guard well the door of your lips, that no unchaste word, jest or story, no slander or cutting remarks, no irreverent or untruthful statement, shall pass out.

Notwithstanding the fact that we have so many missing links in America, the genuine has long been sought for. A London correspondent writes that a band of scientists who are exploring Java have discovered an ape that wears clothes made of twisted leaves, is fond of bathing, being a stickler for cleanliness, and rocks its young in a rude cradle to the accompaniment of low, crooning sounds. This is welcomed as helping to unravel the descent of man. Some people are determined to prove that they are descended from apes.—Wilmington Star.

Mrs. Walter Howard, of Fayette and Miss Sallie Bobetson, of Bethel is visiting Mrs. J. G. Moyer.

FRIDAY AFTERNOON, SEPTEMBER 23, 1904.

The Republican district attorney was a cheap looking man when the Populists did not bite at his bait.

Charles W. Fairbanks, candidate for vice president on the Republican ticket, has had his say in a letter of acceptance.

Improvement is the order of the day with North Carolina newspapers. The Winston Journal has installed a new press and a type setting machine.

Since the Atlantic & North Carolina railroad has been leased all the preceding matters in the courts have been adjusted and withdrawn. Now let Mr. Howland push ahead with his improvements.

"If the Populist party gets tacked on to the tail end of the whiskey party we can't elect anything," is one of the chunks of ice thrown at District Attorney Skinner when he tried by abusing the Watts law to get the Populist convention to fuse with Republicans.

A Salisbury woman accumulated her savings for years and kept them hid in a coffee pot under the kitchen floor. When the amount saved had reached about a thousand dollars somebody stole the pot. There are good banks in Salisbury where the money could have been taken care of.

Nothing would please the Democrats of Pitt county better than for the Republicans, Populists and independents to all get together and bring out an opposition ticket. It will tend to solidify the true Democracy and bring out a full party vote. It will also show just where some men are and keep the party from being bothered with them in future.

Col. Harry Skinner, when speaking in the Populist convention, Thursday, trying to get a fusion with Republicans, said taxes in Pitt county are twice as high now under Democratic rule as when the fusionists were in control some years ago. THE REFLECTOR would remind the absent minded colonel that when the fusionists had control the people of Pitt county paid \$2 poll tax, while this year they pay \$1.92, with the same proportional difference in property tax.

The astonishing success of the Japanese in their war with Russia has brought other notable achievements of these people to the attention of the world, and many new things regarding them have been brought forth. It is not astonishing, therefore, to read the observation of Harold Bolee, a recent visitor to the Mikado's domains, dealing with the dynamic intensity of all life there. "If all the tillable acres of Japan was merged into one field," he says, "a man in an automobile, traveling at the rate of fifty miles an hour, could skirt the entire perimeter of arable Japan in eleven hours." Yet as he claims, there is nothing in the annals of agriculture approaching the scientific skill of Sunrise husbandry. "Patient diligence, with knowledge of the chemistry of soil and the physiology of plants, have yielded results that have astounded the most ad-

vanced agriculturists in Western nations." Their long sleep seems to have refreshed the little Brown men to a marked degree, for they are most assuredly going forward at an unprecedented rate along all lines of human endeavor.—Charlotte Observer.

Mr. Roosevelt had a good deal to say in his letter about "our opponents." There is no doubt that beneath all his bluster "our opponents" have been giving Mr. Roosevelt no little concern.—Ex.

Two dollar wheat is now predicted. Roosevelt should issue a supplement to his letter of acceptance claiming credit for this great prospective increase in the price of the cereal.—Ex.

From 148 to 92 Pounds

One of the most remarkable cases of a cold, deep-seated on the lungs causing pneumonia, is that of Mrs. Gertrude E. Fenner, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I ran down in weight from 148 to 92 lbs. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." Sold at Wooten's Drug Store.

A Power For Good

The pills that are potent in their action and pleasant in effect are DeWitt's Little Early Risers. W. S. Philpot, of Albany, Ga., says: "During a bilious attack I took one. Small as it was it did me more good than calomel, blue mass or any other pill I ever took and at the same time the effect was pleasant. Little Early Risers are certainly an ideal pill." Sold by Wooten's Drug Store.

BENSONIZER LUNG CURE

NO MORE EXILE FOR CONSUMPTIVES.

A Cure at Last Obtained, After a Searching Investigation, by St. Louis Interests.

A few months ago the attention of a few scientific and philanthropic gentlemen of St. Louis was directed to an entirely new method of combating that most dreadful of all diseases, tuberculosis, commonly called consumption. Out of 115 test cases, 77 were completely cured and 28 have shown such improvement that their ultimate recovery is but a question of a few weeks.

So astonishing have been the results and absolute cures in cases pronounced incurable by all old methods that a company has been formed and is now prepared to furnish at a normal cost this cure to all sufferers of the "White Plague." One of its chief features is that patients can remain at home, surrounded by friends and relatives, and in a great many instances, especially the incipient or early stages of the disease, pursue their daily vocations and still become completely cured.

Patients receiving the same treatment here in St. Louis have completely recovered as rapidly as those in Colorado, New Mexico and Texas. The wonderful results in question have been accomplished by the Bensonizer, and the company which controls this marvelous medical device have located their main office at 417 North Seventh street, St. Louis. They have also located a factory on Easton avenue and a laboratory has been built at Hillside, Mo. The cure will be known as the Bensonizer Lung Cure, and Mr. C. P. Benson, the discoverer of the fluid inhalants which are used, will personally have charge of the affairs of the company. Mr. Benson will personally meet all who call at the office of the company on Seventh street, and will answer all communications from sufferers who are unable to make a personal call.—From the St. Louis Globe Democrat.
