EXCLUSIVELY IN SALEM ACADEMY AND COLLEGE.

REV. J. H. CLEWELL, Ph. D., Principal.

WINSTON-SALEM, N. C., March 9th., 1904.

Mr. Chas. M. Stieff, Charlotte, N. C.,

Dear Sir:—It is a little unusual to find an order this late in the season, but we find that the more Steiff Pianos which we add to our music department, the better the results attained in the work. We have added quite a number of your instruments during the last few years, and they have all given good satisfaction. It requires a piano of unusual merit for the constant use which all practice pianos have within our school, but we are glad to be able to say that your instruments have stood the test, and we will continue to purchase from your firm from time to time as the need arises.

I think there are about a dozen now in the school.

J. H. CLEWELL, Principal.

A rare and magnificent display of these pianos can now be seen and heard at Greenville, at lowest factory prices and easiest terms. We also have on the floor several slightly used upright pianos at prices ranging from \$175.00 to \$225.00. Each instrument is guaranteed for 10 years.

We also have a fine display of organs at surprising low figures ranging in price from

\$35.00 and up. They are fully guaranteed.

This factory sale will positively close before many more days, when factory prices will promptly withdrawn, and if you have any earthly use for either piano or organ it will pay you to take a look around.

When in Greenville Miss Bessie Patrick, who is associated with us during our stay here, will be glad to give you

CHAS. M. STIEFF.

G. G. FINEMAN, Factory Representative.

RESOLUTIONS OF SYMPATHY.

Castle Hall, Tar River Lodge No. 93, Knights of Pythias.

Whereas God, in His Supreme Wisdom, has seen fit to take from the home of our brother, R. L. Carr, his devoted wife and loving companion, therefore be it resolved:

That each member of Tar River Lodge, No. 93, Knights of Pythias feels deeply the loss sustained by brother Carr, and while we bow in humble submission to the will of Him who rules all things aright we extend our tenderest sympathy and heart felt condolence.

That a copy of these resolutions be forwarded to brother Carr, a copy be spread on the minutes of this Lodge, and a copy be furnished to THE DAILY REFLECTOR, for publication.

This the 29th day of September, 1904.

The Bazaar.

The executive committee of the Ladies Guild, of the Episcopal church, met at Hotel Macon Wednesday night and perfected plans for the bazaar which they expect to have about the middle of December. The various booths were definitely determined and assigned to the several ladies who are expected to have charge of them. Sub-committees were appointed to attend to the details of the work. The ladies who are managing the bazaar have the matter well in hand and their forces organized. Judging from present prospects the bazaar will be a success, and it is hoped that their many friends will help to make that success assured.

Munford's Opening.

The acme of openings in Greenville has been the fall display at C. T. Munford's big store the last two days. Hundreds of ladies have visited his store and they all express delight at the superb display. Not only are the latest styles in millinery shown but also the very newest of fashion and shade in dress goods, trimmings, laces, ornaments, jackets, coats and furs and just such pretty things as the ladies admire.

Especially attractive were the trimmed hats, among them being noticed one of broadtail velvet in the shade of mahogany. Another large violet hat in four shades of panne velvet. Another is a French turban in brown and four shades of Cogne de Rousche. Then a very large hat in mahogany velvet and the burnt onion shades. One of the handsomest was a large black velvet hat with high collar of ecru lace edged with large black beads, handsome ostrich plume and tulle ties.

Still another attractive feature of the display are the exquisite center tables.

THURSDAY AFTERNOON, OCTOBER 6, 1904.

There is yet a place on the map indicating the presence of Port Arthur.

Tom Watson is lifting his voice in North Carolina, but he finds Populism too dead to arouse.

Roosevelt will have fewer teeth to show when he gets the news of his defeat. The dentist is already at work on him.

Postmaster General Henry C. Payne died Tuesday night in Washington. He had been in poor health for two years but his last illness covered only a week.

The most encouraging news is coming out from New York. The coming together of all factions in united support of Parker and Herrick indicates a sweeping victory for Democracy. The prediction is made that the majority in that state will be anywhere from 75,000 to 100,000.

The county commissioners have taken a commendable step in arranging for the working of the roads of the county by convicts. Not only will convicts of Pitt be worked on the roads but those from some of the neighboring counties will also be sent here. Better roads are much needed and the work is begun none too soon.

The emphasis with which Judge Parker insists that the government must be run on a more economical basis is attracting the attention of those quiet men who think before they vote. — Richmond Times-Dispatch.

In a heart to heart talk with the girl freshmen of Radcliff College the other day Dean Irwin gave them this advice: "Stand up straight; don't look at the boys; keep your shoes tied; don't let your skirts drag." There may be a bundle of wisdom in that; but why should a girl have to go to college to learn something that her mother ought to be able to tell her?—Savannah News

The top crop is an inconsiderable factor in cotton estimates for the present season. The harvest will be practically over by November 1, and it is plainly evident that instead of overproduction, there is barely enough of the fleecy staple to meet the minimum demands of commercial consumption.—Atlanta Constitution.

Every North Carolinian of the age of 21 years should vote for the party which conserves the best interests of the people and ensures the future growth and prosperity of his State. Everybody with as much brain as can be poked into a gnat's eye with the point of a cambric needle knows that party is the one with Bob Glenn's white plume waving at the head of the procession.—Wilmington Star.

Chas. F. Murphy has given it as his opinion that New York state will give Herrick and Harrison a majority of 75,000. There is reason to believe that this is accurate and cause to hope that the State will also go for Parker and Davis. If it does—well, as goes New York so goes the nation, is a pretty reliable prediction. All in all, there is no doubt that the outlook has recently materially improved from the Democratic standpoint.—Charlotte Observer.

Consolidation Stopped.

"Exactly at 11 o'clock yesterday, the hour set for a meeting at the Seaboard Air Line Railway general offices here, by which the majority stockholders of the Seaboard and Roanoke Railway, the parent line of the present Seaboard system were to vote to merge the Seaboard and Roanoke properties fully and completely with the Seaboard Air Line, destroying the corporate existence of the smaller road D. A. Kelsey, special court agent, served upon President James A. Barr and General Counsel Watt, of the Seaboard Air Line system an injunction granted by Federal Judge Waddell, stopped the stockholders' meeting called for today, and enjoining any acts that might result in the formal merger of the Seaboard and Roanoke railroad with the Seaboard Air Line and the destruction of the corporate existence of the Seaboard and Roanoke.—Raleigh Post.

A case has just come to light that rivals the old story of wooden nutmegs. A company that has been furnishing the government with cork for life preservers has just been indicted in the Federal Court. It appears that some time ago the chunks of cork were suspiciously heavy for the size and an examination resulted in finding that each one had a piece of iron imbedded in its center, iron being cheaper than cork. The discovery has raised a racket and the courts will see who has been getting the graft. Steamboat inspectors have been set to work to try to find out how many life preservers are loaded with iron. The indications are that somebody is going to get hurt. A life preserver loaded with iron would be a valuable thing.—Greensboro Record.

BENSONIZER LUNG CURE

NO MORE EXILE FOR CONSUMPTIVES.

A Cure at Last Obtained, After a Searching Investigation, by St. Louis Interests.

A few months ago the attention of a few scientific and philanthropic gentlemen of St. Louis was directed to an entirely new method of combating that most dreadful of all diseases, tuberculosis, commonly called consumption. Out of 115 test cases, 77 were completely cured and 23 have shown such improvement that their ultimate recovery is but a question of a few weeks.

So astonishing have been the results and absolute cures in cases pronounced incurable by all old methods that a company has been formed and is now prepared to furnish at a normal cost this cure to all sufferers of the "White Plague." One of its chief features is that patients can remain at home, surrounded by friends and relatives, and in a great many instances, especially the incipient or early stages of the disease, pursue their daily vocations and all become completely cured.

Patients receiving the same treatment here in St. Louis have completely recovered as rapidly as those in Colorado, New Mexico and Texas. The wonderful results in question have been accomplished by the Bensonizer, and the company which controls this marvelous medical device have located their main office at 417 North Seventh street, St. Louis. They have also located a factory on Easton avenue and a laboratory has been built at Hillside, Mo. The cure will be known as the Bensonizer Lung Cure, and Mr. C. P. Benson, the discoverer of the auto-inhalants which are used, will personally have charge of the affairs of the company. Mr. Benson will personally meet all who call at the office of the company on Seventh street, and will answer all communications from sufferers who are unable to make a personal call.—From the St. Louis Globe Democrat.

As much as people have suffered
from the dry weather, it has been
very beneficial to the cotton crop.

LETTER TO C. D. SMITH.

Greenville, N. C.

Dear Sir: It's the same every-
where; can't guess little enough
Mr. C. O. Brown, Columbia, S.
C, employed an experienced paint-
er to paint his house. The painter
on seeing the quantity sent to the
house—Devoe—said there wasn't
enough. There were ten gallons
left, when the job was done.
It's the common experience.

Yours truly

F. W. DEVOE & Co.

A Power For Good

The pills that are potent in their
action and pleasant in effect are
DeWitt's Little Early Risers. W.
S. Philpot, of Albany, Ga., says:
"During a bilious attack I took
one. Small as it was it did me
more good than calomel, blue mass
or any other pill I ever took and at
the same time the effect was pleas-
ant. Little Early Risers are cer-
tainly an ideal pill." Sold by
Wooten's Drug Store.

OUR SHOE STORE

IS A VERY INTERESTING PLACE

We claim to have the largest and most complete

HEALTH
Shoes \$4.
UNION MADE

It is easy enough to cry
"Best" but that which
convinces is the test.
We make strong claims
for this Shoe, and ask a
trial that our claims may
be proven. We claim a
unique, common sense
sole construction, found
in no other shoe. A sys-
tem of last modeling
which makes a shoe that
fits the foot as nature
intended.

We also claim that
while quality of material
and workmanship may
possibly be equaled, they
cannot be excelled at the
price, and that as good a
shoe cannot be made and
is not sold for less.

They are, however,
the tangible results of
many years study of the highly complex needs of the
human foot. They appeal to common sense and warrant
a trial by every one who desires foot comfort and good
service combined.
