REV. J. H. CLEWELL, Ph. D., Principal.

WINSTON SALEM, N. C., March 9th., 1904.

Mr. Chas. M. Stieff, Charlotte, N. C.,

Dear Sir:—It is a little unusual to file an order this late in the season, but we find that the more Steiff Pianos which we add to our music department, the better the results attained in the work. We have added quite a number of your instruments during the last few years, and they have all given good satisfaction. It requires a piano of unusual merit for the constant use which all practice pianos have within our school, but we are glad to be able to say that your instruments have stood the test, and we will continue to purchase from your firm from time to time as the need arises.

I think there are about a dozen now in the school.

J. H. CLEWELL, Principal.

A rare and magnificent display of these pianos can now be seen and heard at Greenville, at lowest factory prices and easiest terms. We also have on the floor several slightly used upright pianos at prices ranging from \$175.00 to \$225.00. Each instrument is guaranteed for 10 years. We also have a fine display of organs at surprising low figures ranging in price from \$35.00 and up. They are fully guaranteed.

This factory sale will positively close before many more days, when factory prices will promptly withdrawn, and if you have any earthly use for either piano or organ it will pay you to take a look around.

When in Greenville Miss Bessie Patrick, who is associated with us during our stay here, will be glad to give you a tune.

CHAS. M. STIEFF.

G. G. FINEMAN, Factory Representative.

FIRST MEETING OF THE CENTURY BOOK CLUB.

Reported for Reflector

As has been the custom for years the End of the Century Book Club held its first meeting at the residence of its president, Mrs. R. R. Cotton, Tuesday Oct. 4.

The club as usual spent the day delightfully with their exceedingly charming hostess.

It is needless to say that the swift gliding hours were saddened by but our regret, the fact that the club is to lose one of its most valued members in the departure of Mrs. M. A. Allen from Greenville.

The club loses a valuable and highly prized member, while regretting our own loss we feel that her usefulness is only transferred to another community which will receive additional blessings by her presence.

The tenderest expressions of sympathy were embodied in resolutions to be forwarded to Mrs. Allen touching the death of her beloved daughter, Mrs. R. L. Carr, who previous to her demise had been filling so acceptably the office of president in the young ladies book club of Greenville.

The End of the Century Club wishes to push with vigor every effort to make their newly established library a source of enjoyment and instruction to the citizens of our town. The members are pleased with the evidence already manifested by our people.

The next semi-monthly meeting will be held with Mrs. L. C. Arthur Tuesday, Oct. 18th.

Dr. Wharton's Lecture.

There was a large audience in the opera house, Friday night, to hear Dr. H. M. Wharton deliver his famous lecture on his trip to Palestine. Our people had been hearing Dr. Wharton preach for nearly two weeks and were so charmed with him that they were anxious to hear his lecture. And he proved as delightful as a lecturer as preacher. For an hour and a half he graphically described many interesting scenes incident to a trip through the Holy Land, alternating from pathos to humor in a manner that held the closest attention of every hearer.

Dr. Wharton's coming to Greenville has been a blessing to the town and he will long be pleasantly remembered by the people here. The influence of his labors here will be a power for good through time to come.

A Good Performance.

One of the best theatrical companies to visit Washington in sometime is the Fidal Wiathrope Stock Co., now fulfilling a week's engagement at the opera house. They presented last evening "Lost in Egypt" to a large house and the performance from beginning to end was creditable and highly appreciated by the audience. This company came to our city highly commended and their performance last evening bears out the reputation they made before reaching our city. Its the best show to ever visit our city for the price of admission, 15, 25 and 35c.—Washington Messenger, Oct. 4.

Hon. Thos. E. Watson, of Georgia, Populist party candidate for president, will address the people at Tarboro on Thursday, Oct. 27th. Everybody is invited to hear him.

I am prepared to take a few boarders. MRS. J. E. COREY.

CAME THE WRONG DAY.

Corn Fair Speech Would Not Do For Populist Convention.

Prof. C. B. Williams connected with the state agricultural department at Raleigh walked in at THE REFLECTOR office this morning to inquire when the Pitt county corn fair would be held. When told that the 13th was the date for the fair a look of astonishment came over his face. "Why," said he. "I thought it was to-day. Some one wrote the department that it would be held on the 8th and requested that I be sent here to make a speech, and here I am." It was explained to him that today, 8th, was the date for a Populist convention here and that as the chairman of the Populist convention was the leading mover in the corn fair, he might have mixed things up in his letter and given the department the date of the convention instead of the corn fair.

Chairman A. J. Moye was looked up later in regard to the mistake, and the joke was on him. The speech Mr. Williams had for the corn fair would not fit a Populist convention, even if his political faith had not been different.

Mr. Williams will come again on the 13th when the corn fair will be held.

POPULIST CONVENTION.

The Populists met here in county convention today as advertised, but had a smaller attendance than at the mass meeting in September.

The convention started off its work without any speech making. A. J. Moye was elected permanent chairman and E. Ward secretary.

A committee was appointed to retire and select candidates. While the committee was out there were two or three efforts to get a speech, but the calls met with no response. They called on W. J. Pope, one of the Republican nominees for the house of representatives only to find that he was not loaded either.

The committee after a long session returned and recommended the following ticket:

For senate, A. J. Moye.
House Representatives, Shade Cox and Dr. R. J. Grimes.
Sheriff, no recommendation.
Treasurer, W. J. Thigpen.
Register, D. T. House.
Coroner, Dr. J. E. Nobles.
Surveyor, J. S. L. Ward.
Commissioners, H. S. Tyson, W. L. Smith, J. F. Tyson.

TEACHERS' ASSOCIATION.

First Meeting of New School Year.

The Pitt County Teachers' Association after a vacation for the summer held its first meeting today of the new school year. The attendance was good, about sixty teachers being present.

The devotional exercises were conducted by A. J. Moye.

A committee was appointed to recommend officers for the year. The committee recommended the following who were unanimously elected:

President—T. H. King.
Vice-President—J. H. McIver.
Secretary—Miss Nancy Coward.
Assistant secretary—Miss Leila Brown.

Treasurer—Miss Rosa Quinerly.
Rev. J. A. Hornaday delivered an interesting address on "The School, the Teacher and the People."

Following this there was a discussion of the plan of work for the year.

SATURDAY AFTERNOON, OCTOBER 8, 1904.

Just a month and the ballots will tell their own story.

The state fair at Raleigh begins on the 17th and continues through the week.

The Populists did not carry a single county in the recent Georgia election. And that in Tom Watson's state.

Secretary Loeb has not yet shown the honesty to apologize to R. E. Glenn. He knew that he was wrong when he denied that Roosevelt said it.

Greenville seems to be doing the correct thing in regard to vaccination. The people are readily going to the physicians for the application and very little objection is heard to the rule ordering vaccination. That is the wise course to pursue and the best safeguard against an epidemic. Carry out this spirit and there is no danger to apprehend.

The establishment of the department of agriculture; the creation of the experiment agricultural stations; and inauguration of the rural free delivery—all originated under Democratic rule; and yet the Republicans have the cheek to claim credit for everything good that has come through the government to the masses.—Raleigh Post.

The get together attitude of the whiskey men is not without its suggestiveness to the opposing forces. It is noted the Virginia Liquor Dealers' Association has planned to raise \$30,000 to fight Judge William H. Mann, who is seeking the democratic nomination for governor and whose temperance views are so well known. Brewers and wholesale liquor dealers all over the United States having agents in Virginia are to be assessed to raise the proposed "defense reserved fund," the amount assessed against the brewers being \$150 and that against the wholesalers \$100. This is certainly a practical way to go about it and it shows that a successful opposition to these interests must be just a shade more practical and determined.—Greensboro Telegram.

The Washington Post, which is a truly independent, non-partisan paper, with no excess of admiration of or affection for the Democratic party says in summing up the present political situation, that "it would appear that the Democrats are making perceptible progress, although victory for them is far from being assured," that "the party is certainly in better shape than it has been since 1892," that while it is difficult "to heal serious factional difference in a few hours * * * the results which have already been accomplished along this line are remarkable" and "are at least calculated to give the Republican managers some concern." All of which, coming from The Post, signifies a good deal.—Charlotte Observer.

The Father of 34 Children.

Mr. William Richardson, ex-Senator from Johnston county tells a story of a big family in that county puts in the shade all the big families that have been writing to Roosevelt about big families. Here is the story:

Mr. Richardson says that Mr. Applewhite Richardson, a distant relative of his, who lived in Johnston county and died a few years ago was married three times and was the fa-

ther of thirty four children and at his death had thirty two living children, 360 grandchildren, 190 great-grandchildren, and over 90 great-great-grandchildren.

This is a partial explanation why the Democratic majority in Johnston is so large.—Raleigh News and Observer.

What a Rat Did.

A small-sized riot was caused in the West End last evening by a rat. A neighbor's boy captured a rat in the cellar of his house. The rodent was alive, the trap being a sort of cage. Two rat terriers were on hand to do the killing, and a score of men, women and children to see the sport. The rat was released and managed to escape both dogs. The dogs ran into each other, because angry and started to fight. The rat meantime was chased by the youngsters, and given one or two blows with stones, but kept ahead of his pursuers. He finally ran into the open door of a house near by, and the woman occupant of the room entered fainted. The boys caught the rat and killed it. The blood of the rat spattered over the carpet, and the muddy shoes of the boys added to the scene of destruction. The fainting woman recovered and chased the boys from her home. It was over an hour later before peace was restored. The woman whose carpet was soiled says she will sue the father of the boy who caught the rat.—Albany Journal.

BENSONIZER LUNG CURE

NO MORE EXILE FOR CONSUMPTIVES.

A Cure at Last Obtained, After a Searching Investigation, by St. Louis Interest.

A few months ago the attention of a few scientific and philanthropic gentlemen of St. Louis was directed to an entirely new method of combating that most dreadful of all diseases, tuberculosis, commonly called consumption. Out of 116 test cases, 77 were completely cured, and 28 have shown such improvement that their ultimate recovery is but a question of a few weeks.

So astonishing have been the results and absolute cures in cases pronounced incurable by all old methods that a company has been formed and is now prepared to furnish at a normal cost this cure to all sufferers of the "White Plague." One of its chief features is that patients can remain at home, surrounded by friends and relatives, and in a great many instances, especially the incipient or early stages of the disease, pursue their daily vocations and still become completely cured.

Patients receiving the same treatment here in St. Louis have completely recovered as rapidly as those in Colorado, New Mexico and Texas. The wonderful results in question have been accomplished by the Bensonizer, and the company which controls this marvelous medical device have located their main office at 417 North Seventh street, St. Louis. They have also located a factory on Easton avenue and a laboratory has been built at Hillside, Mo. The cure will be known as the Bensonizer Lung Cure, and Mr. C. P. Benson, the discoverer of the "fluid inhalants" which are used, will personally have charge of the affairs of the company. Mr. Benson will personally meet all who call at the office of the company on Seventh street, and will answer all communications from sufferers who are unable to make a personal call.—From the St. Louis Globe Democrat.

Shoes \$4.
UNION MADE

It is easy enough to cry "Best" but that which convinces is the test. We make strong claims for this Shoe, and ask a trial that our claims may be proven. We claim a unique, common sense sole construction, found in no other shoe. A system of last modeling which makes a shoe that fits the foot as nature intended.

We also claim that while quantity of material and workmanship may possibly be equaled, they cannot be excelled at the price, and that as good a shoe cannot be made and is not sold for less.

They are, however, the tangible results of many years study of the highly complex needs of the human foot. They appeal to common sense and warrant a trial by every one who desires foot comfort and good service combined.
