## EXCLUSIVELY IN SALEM ACADEMY AND COLLEGE.

REV. J. H. CLEWELL, Ph. D., Principal.

WINSTON SALEM, N. C., March 9th., 1904.

Mr. Chas. M. Stieff, Charlotte, N. C.,

Dear Sir:—It is a little unusual to file an order this late in the season, but we find that the more Steiff Pianos which we add to our music department, the better the results attained in the work. We have added quite a number of your instruments during the last few years, and they have all given good satisfaction. It requires a piano of unusual merit for the constant use which all practice pianos have within our school, but we are glad to be able to say that your instruments have stood the test, and we will continue to purchase from your firm from time to time as the need arises.

I think there are about a dozen now in the school.

J. H. CLEWELL, Principal.

A rare and magnificent display of these pianos can now be seen and heard at Greenville, at lowest factory prices and easiest terms. We also have on the floor several slightly used upright pianos at prices ranging from \$175.00 to \$225.00. Each instrument is guaranteed for 10 years.

We also have a fine display of organs at surprising low figures ranging in price from \$35.00 and up. They are fully guaranteed.

This factory sale will positively close before many more days, when factory prices will promptly withdrawn, and if you have any earthly use for either piano or organ it will pay you to take a look around here in Greenville. Miss Be sie Patrick, who is associated with us during our stay here, will be glad to give you a tune.

CHAS. M. STIEFF.

G. G. FINNMAN, Factory Representative.

### NOTES FROM BETHEL.

BETHEL, N. C., Oct. 18th, 1904. The carnival at Tarboro has been a drawing card for the young people of Bethel.

The Bethel Banking and Trust Co. is the talk of all the business men in and around Bethel. The business and deposits for the first week surpassed the expectations of the most sanguine friends. They say a bank pays—the business man.

There will be an entertainment at the academy Friday evening, consisting of music, debate by the girls, and a spelling bee. No charge.

### The Divorce Problem.

It is to the credit of the Catholic church that it has never yielded to compromise with the spirit of license that borrows "liberty's" name to wreck homes and leave innocent children unprotected.

Severe its rule may be called, not weak or temporizing. If the Episcopal church, not to antagonize the civil law but to set its own house in order, lays a stricter rule upon its members, the advocates of divorce reform everywhere will be encouraged in their efforts for national uniformity of enactment to check if not to cure an evil that menaces the very basis of our civilization—N. Y. World.

### Plant's Moving Pictures.

An entertainment of unusual interest is booked for the Masonic temple opera house Saturday night, 22nd. Plant's moving pictures are real as life. There will be scenes of the Russian-Japanese war showing the contending forces in actual engagement, thrilling views of the great Baltimore fire, glimpses of the world's fair just as it is, and many others from various parts of the world. This entertainment will be instructive as well as interesting.

### Child Badly Hurt.

Miss Mary Lucy Dupree, little daughter of Mrs. J. D. Dupree, met with a severe accident Tuesday afternoon. After school in company with several other children she was walking up the railroad to the water works site near the river. They saw a freight train moving along the track and while running to get out of the way she fell down and cut her face terribly.

### Supper and Festival.

On Friday evening in the store next door to postoffice the ladies of the Episcopal church will have a supper and festival. The menu will include turkey, ham, chicken, salad oysters, ice cream, cake, coffee. Give the ladies a liberal patronage.

WEDNESDAY AFTERNOON, OCTOBER 19, 1904.

Durham is finding plenty to do in the way of hunting blind tigers.

The Charlotte Chronicle has put on new head gear for the winter.

It is about time for Raleigh to be furnishing some more pick-pocket news in connection with the fair.

If the churches continue their opposition to the re-marrying of divorced persons there may be lessening of the evil.

The three great tobacco companies, the American, the Continental and the Consolidated, are trying to merge into one big company.

New York has had another of those horrible tenement fires in which several people lost their lives. The city appears to be filled with fire traps.

Cortelyou says the victory for the Republican candidate is all over except the shouting. Unless signs fail the shouting will be on the other side of the house on the night of November 8th.

Raleigh people are becoming aroused on the subject of ridding the city of the large number of disorderly houses that exist there. A large meeting with that purpose in view was held in one of the churches Sunday night.

If Greenville is to join in the effort to get the Atlantic Coast Line to operate double daily trains on this branch of their road it is time the merchants' association was taking some action in regard to it. The business men of Kinston are exerting themselves in the matter and Greenville should do likewise.

Lieutenant W. D. Pritchard, of this state, who was a member of the United States army at Manila, murdered a fellow officer, Lieutenant F. L. Deen, of Texas, and committed suicide. It is said he was temporarily insane when the rash deed was committed. Young Pritchard was a son of ex-Senator and now U. S. Judge Jeter C. Pritchard who has the sympathy of the entire state in his sorrow.

**Farmers Want a Law to Enforce Labor Contracts.**

The farmers who are continually worried with the labor problem say that a little legislation is needed along this line. Under the existing arrangements, the average man is powerless to enforce any contract he may make with a laborer or tenant.

To-day a Mecklenburg farmer who had been deserted by a tenant come to town to see if he could not find redress in the law, but after he had stated his case, he was told that there was no help for him. A tenant who had contracted to cultivate a portion of his farm left last week, and although the farmer is greatly inconvenienced, he has no redress.

The law provides that a laborer who, after receiving advance pay or supplies, leaves his employment before completing the work he has contracted to do, may be indicted for a misdemeanor; but under any other circumstances he is safe from the law.—Charlotte Chronicle.

**Against North Carolina.**

Washington, Oct. 17.—The United States Supreme Court to-day denied the motion of counsel on behalf of the State of North Carolina for a rehearing in the case of the State of South Dakota vs. the State of North Carolina, decided during the last term of the court favorable to South Dakota. The case involved the validity of North Carolina's guaranty of certain railroad bonds donated to South Dakota for the use of the University of South Dakota. The court ordered the sale of bonds, and to-day's action renders that decision final. The decision has the effect of validating other North Carolina bonds of similar character.

**Judge Parker is a Speech Maker**

The Republicans ought to be glad that Judge Parker decided not to swing around the circle on a campaign tour. His porch speech at his home Saturday, on Philippine independence, showed that many licks like that would thoroughly arouse the conscience of the American people to the justness and importance of that position on the part of the Democratic party.

If Judge Parker were to go around the country making speeches as incisive and clear cut as his Saturday observations, it would be the Republican party that would get hurt and not Judge Parker's chances.

Harper's Weekly has sized up the New York papers, and quite accurately in some instances. Its estimate is as follows: "What the editorial pages of New York newspapers lack is poise. They seem to be overwhelmed by a tense realization of their traditional defects. The Sun has to be savage, The Evening Post grumpy, The Times plashy, The World dictatorial, The Tribune bigoted, The American primitive, The Herald vacuous, The Mail and Express inconsequential, The Eagle verbose, The Press asinine."—Charlotte Chronicle.

Victor Dorich, a rural mail carrier in Jones county, was instantly killed in a very singular way. In one of the mail pouches he was carrying he had placed a heavy revolver, to get it out of his way. He forgot about its being there, and as he threw the pouch on the table in the postoffice the revolver was discharged, the bullet passing through the lungs. Dorich, who is a Russian by birth, gave a cry and fell dead.

Capt. Hitch, who is being tried by a court-martial for adopting a lying-down policy while guarding negro prisoners at Statesboro, Ga., received 21 votes for Governor of Georgia. The captain is doubtless about as well qualified for Chief Executive as for commandant of a military company.—Charlotte Observer.

The principal of the schools at Cleveland, O., declares that Cicero and Demosthenes would not be in it with the orators of this day. Don't destroy all our ideals! We have already had to concede that Ananias would be a poor shoat among latter day prevaricators.—Wilmington Star.

The government's crop report estimates that the yield of corn this year will be 2,463,000,000 bushels, which would make it the second largest corn crop in the history of the country. The largest ever harvested was 2,523,000,000 bushels in 1902.—Charlotte Chronicle.

Every time Parker writes or speaks he furnishes the American people evidence that he is the man for President.—Wilmington Star.

## BENSONIZER LUNG CURE

NO MORE EXILE FOR CONSUMPTIVES.

A Cure at Last Obtained, After a Searching Investigation, by St. Louis Interests.

A few months ago the attention of a few scientific and philanthropic gentlemen of St. Louis was directed to an entirely new method of combating that most dreadful of all diseases, tuberculosis, commonly called consumption. Out of 115 test cases, 77 were completely cured and 28 have shown such improvement that their ultimate recovery is but a question of a few weeks.

So astonishing have been the results and absolute cures in cases pronounced incurable by all old methods that a company has been formed and is now prepared to furnish at a normal cost this cure to all sufferers of the "White Plague." One of its chief features is that patients can remain at home, surrounded by friends and relatives, and in a great many instances, especially the incipient or early stages of the disease, pursue their daily vocations and still become completely cured.

Patients receiving the same treatment here in St. Louis have completely recovered as rapidly as those in Colorado, New Mexico and Texas. The wonderful results in question have been accomplished by the Bensonizer, and the company which controls this marvelous medical device have located the main office at 417 North Seventh street, St. Louis. They have also located a factory on Easton avenue and a laboratory has been built at Hillside, Mo. The cure will be known as the Bensonizer Lung Cure, and Mr. C. P. Benson, the discoverer of the fluid inhalants which are used, will personally have charge of the affairs of the company. Mr. Benson will personally meet all who call at the office of the company on Seventh street, and will answer all communications from sufferers who are unable to make a personal call.—From the St. Louis Globe Democrat.

Mr. G. W. Fowler of Hightower, Ala., relates an experience he had while serving on a petit jury in a murder case at Edwardsville, county seat of Cleburne county, Alabama. He says: "While there I ate some fresh meat and some souse meat and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture, but the druggist sent me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy instead, saying that he had what I sent for, but that this medicine was so much better he would rather send it to me in the fix I was in. I took one dose of it and was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one small bottle cured the three of us." ### Ralston Health Shoes For Men.

All of the Style and the most Comfort

Ralston Health Shoes #4 UNION MADE

It is easy enough to cry "Best" but that which convinces is the test. We make strong claims for this Shoe, and ask a trial that our claims may be proven. We claim a unique, common sense sole construction, found in no other shoe. A system of last modeling which makes a shoe that fits the foot as nature intended.

We also claim that while quantity of material and workmanship may possibly be equaled, they cannot be excelled at the price, and that as good a shoe cannot be made and is not sold for less.

They are, however, the tangible results of many years study of the highly complex needs of the human foot. They appeal to common sense and warrant a trial by every one who desires foot comfort and good service combined.
