REV. J. H. CLEWELL, Ph. D., Principal.

WINSTON SALEM, N. C., March 9th., 1904.

Mr. Chas. M. Stieff, Charlotte, N. C.

Dear Sir:—It is a little unusual to file an order this late in the season, but we find that the more Steiff Pianos which we add to our music department, the better the results attained in the work. We have added quite a number of your instruments during the last few years, and they have all given good satisfaction. It requires a piano of unusual merit for the constant use which all practice pianos have within our school, but we are glad to be able to say that your instruments have stood the test, and we will continue to purchase from your firm from time to time as the need arises.

I think there are about a dozen now in the school.

J. H. CLEWELL, Principal.

A rare and magnificent display of these pianos can now be seen and heard at Greenville, at lowest factory prices and easiest terms. We also have on the floor several slightly used upright pianos at prices ranging from \$175.00 to \$225.00. Each instrument is guaranteed for 10 years.

We also have a fine display of organs at surprising low figures ranging in price from \$35.00 and up. They are fully guaranteed.

This factory sale will positively close before many more days, when factory prices will promptly withdrawn, and if you have any earthly use for either piano or organ it will pay you to take a look around here in Greenville Miss Be sie Patrick, who is associated with us during our stay here, will be glad to give you

CHAS. M. STIEFF.

R. B. GLENN DAY.

OUR NEXT GOVERNOR WITH US

The People Turn Out in Great Numbers to do Him Honor.

More beautiful weather could not have been asked for than that which favored this section for the Glenn rally today. The rain two days ago had relieved the dust, the air was bracing, the sun bright and everything auspicious for a great holiday. At an early hour people from all parts of the county began pouring into town and they continued to come through the forenoon.

The horseback procession that formed and started from in front of the court house was an imposing pageant. Among the riders were a large number of ladies dressed in white, wearing red, white and blue sashes and carrying flags. The horses were handsomely decorated. In the procession were also traps and carriages festooned with bunting and flags.

It was a little before twelve o'clock when the procession moved. Headed by the marshalls and Osceola band it proceeded first to Hotel Bertha where Mr. Glenn was stopping. When he appeared he was greeted with a shout from the multitude and the echo was taken up in the martial music of the band. After Mr. Glenn had been seated in a carriage with Mayor W. R. Parker and Hon. L. I. Moore, chairman of the county executive committee, the procession turned through Washington street to Dickinson avenue, then up the avenue to Ninth street, up Ninth street to Evans and through Evans back to the court house square where the stand was erected for the speaking. All along the line of march the next governor was greeted with cheers from people lining the streets.

Mr. Glenn was introduced by ex Senator F. G. James and began his speech about one o'clock. He was quite hoarse when he first began, but told the crowd if they would draw up close and keep as quiet as possible for about fifteen minutes until his voice warmed up they could go way back and sit down and he would make noise enough for everybody to hear. He said he felt highly honored at this reception given by the people of Pitt county, as it was the greatest demonstration he had met any where in the state during his canvass.

He said he did not come to talk to the people as politicians but as patriots and Christians. If they thought the Republican party had given the best administration it was their duty to support that party. On the other hand if the Democratic party has given the best administration it was their duty to support that party. He then proceeded to draw a comparison between the two and show which best served the interests of the country and people.

It is impossible in brief space to give even a synopsis of his great speech. The tariff, trusts, Republican extravagance, the unjust pension roll, corruption in office, were all discussed fully by the speaker. The people showed their appreciation in frequent bursts of applause. It was just such a speech as they wanted to hear and it has done good to the cause of Democracy in the county.

Mr. Glenn spoke for two hours and was followed by Hon. W. M. Bond, presidential elector of this district, who made a short speech. Mr. Bond was once a citizen of Greenville and the people were glad to hear him.

SATURDAY AFTERNOON, OCTOBER 22, 1904.

OUR NEXT GOVERNOR.

Hon. R. B. Glenn, Democratic candidate for governor, was Greenville's guest today, arriving on the morning train. In former campaigns he has visited Pitt county and is well known to our people. They remember his eloquent speeches and love him for his efforts in behalf of white supremacy and good government. Pitt county may be depended upon to do her full duty in the majority given him on election day.

Senator Nathan B. Scott says Parker is going to be defeated worse than Greeley was in 1872, and even worse than Bryan was in 1896 and 1900. That fellow has got it bad. Next thing you know the claimers will be saying Roosevelt will get every electoral vote. Just wait until the returns come in.

The new American Tobacco Company formed by a merger of the three great companies, is said to be capitalized at \$180,000,000. Looks like that ought to be enough for them to retire on.

When Tillman gets to preaching we guess he will not use as an illustration the particulars of how he killed Editor Gongales.

We take it all back—our attention having been called to the fact that Major Stedman is taking active part in the state campaign.

Mr. Bryan, who has just finished a tour through Indiana, says Judge Parker will certainly carry that state.

The next governor is with us and the town in his. The latest thing always hangs free to R. B. Glenn.

Cotton is all uncertainty. You cannot tell what the price will do.

The state fair is over once more.

Herald Loses Faith.

The New York Herald has been doing some marvelous stunts since the nomination of Judge Parker. Up to a few days ago the Herald has been supporting the Esopus candidate ardently and predicting his election. Now the Herald has lost faith and declares editorially that President Roosevelt's election is almost a foregone conclusion. The Herald is a great guesser at political results. The last attempt at prophecy on the part of the Herald was during the mayoralty campaign in New York city two years ago. That paper announced that Greater New York would give Mayor Lowe 20,000 majority. The Herald only missed the result eighty thousand. Geo. R. McClellan was elected Mayor over Lowe by sixty thousand majority. So it is a case of guess with the Herald after all. It is a pity that the paper has lost faith, but there are enough of us left on this side of the fence to keep things lively until after the election any way.—Wilmington Dispatch.

A Republican campaigner in Western North Carolina charges that the Democrats were responsible for the assassination of McKinley. That's about as near the truth as the Radical spell-binders ever get in North Carolina. Our only surprise is that the fellow didn't charge that Judge Parker pulled the trigger.—Raleigh News and Observer.

Senator Bacon, of Georgia, in an interview printed in the Chicago Record Herald, says that if President Roosevelt is re-elected "the people of the south will be in a state of dejection almost amounting to despair." Senator Bacon talks like a man the morning after, with a dark brown taste in his mouth and deep blue darkness constituting his mental horizon. Possibly he was suffering from dyspepsia. The south has no notion of being dejected or of despairing no matter who is elected president. She is too strong to be frightened. Many people yet live within her borders who have seen her come through the war, the days of reconstruction the times of five-cent cotton and three commercial panics. She lived and struggled onward and upward under Grant and she will not despair because of Roosevelt. Aside from her own deathless vitality and endless source of strength, she has absolute confidence in the wisdom of the people of the whole country and in their ability to demand a halt before any warfare against her or her institutions has gone too far.—Richmond News Leader.

A grand jury down in Georgia has recommended the printing for general distribution of the names of all the taxpayers and the amounts they give in. We believe this would be eminently wise and effective, or, to speak more precisely, wise because it would be effective. If a man when he gives in his taxes knew that the amount was going to be exposed for the whole world to see he would give his conscience more latitude and its result would be a decided increase in taxables. One of the loosest features of the government today is the slack-twisted way in which the taxing is done. We imagine that the North Carolina corporation commission in its capacity as a tax commission is working some reforms in the taxation system of this state but of course it is at present nowhere near the root of the trouble.—Greensboro Telegram.

How We Apples Swim

It has not been so many moons since Republican newspapers were declaring that the Democratic party was populist in its tendencies. Now we behold the Republican party organs lauding the Populist candidate for President and using him and his party for all they are worth to Roosevelt. The Populist party and the Populist candidate are allowing the Republican party to use them to their advantage, all of which is understood by men who are not accustomed to too much lops. The Republican party is willing to do anything to win and the so called Populist party is willing for the G. O. P. to do it. "How we apples swim."—Wilmington Star.

It's saying a good deal when the Republicans declare the Democrats unfit to rule the country, when the truth is, not enough white men have voted the Republican ticket any one year in the last forty to elect a Republican President. If Mr. Roosevelt is elected this year it must be done by the negroes in Ohio, Indiana, New Jersey, West Virginia and Maryland. If the negro vote in those states were deducted Mr. Parker would be elected without a doubt.—Raleigh Times.

Representatives of Mississippi planters are employing whole families of Mexico for work in that State. There is a general movement in Mississippi, it is said, to get rid of the negro laborer as far as possible.

BENSONIZER LUNG CURE

NO MORE EXILE FOR CONSUMPTIVES.

A Cure at Last Obtained, After a Searching Investigation, by St. Louis Interests.

A few months ago the attention of a few scientific and philanthropic gentlemen of St. Louis was directed to an entirely new method of combating that most dreadful of all diseases, tuberculosis, commonly called consumption. Out of 115 test cases, 77 were completely cured and 28 have shown such improvement that their ultimate recovery is but a question of a few weeks.

So astonishing have been the results and absolute cures in cases pronounced incurable by all old methods that a company has been formed and is now prepared to furnish at a normal cost this cure to all sufferers of the "White Plague." One of its chief features is that patients can remain at home, surrounded by friends and relatives, and in a great many instances, especially the incipient or early stages of the disease, pursue their daily vocations and still become completely cured.

Patients receiving the same treatment here in St. Louis have completely recovered as rapidly as those in Colorado, New Mexico and Texas. The wonderful results in question have been accomplished by the Bensonizer, and the company which controls this marvelous medical device have located their main office at 417 North Seventh street, St. Louis. They have also located a factory on Easton avenue and a laboratory has been built at Hillside, Mo. The cure will be known as the Bensonizer Lung Cure, and Mr. C. F. Benson, the discoverer of the fluid inhalants which are used, will personally have charge of the affairs of the company. Mr. Benson will personally meet all who call at the office of the company on Seventh street, and will answer all communications from sufferers who are unable to make a personal call.—From the St. Louis Globe Democrat.

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co., of Chicago, discovered some years ago how to make a salve from Witch Hazel that is a specific for Piles. OUR SHOE STORE
IS A VERY INTERESTING PLACE

Ralston Health Shoes For Men.

All of the Style and the most Comfort

Ralston Health Shoes #4. UNION MADE

It is easy enough to cry "Best" but that which convinces is the test. We make strong claims for this Shoe, and ask a trial that our claims may be proven. We claim a unique, common sense sole construction, found in no other shoe. A system of last modeling which makes a shoe that fits the foot as nature intended.

We also claim that while quantity of material and workmanship may possibly be equaled, they cannot be excelled at the price, and that as good a shoe cannot be made and is not sold for less.

They are, however, the tangible results of many years study of the highly complex needs of the human foot. They appeal to common sense and warrant a trial by every one who desires foot comfort and good service combined.

Letters from Women

Cured by the use of Kodol are received daily. Their troubles nearly all begin with indigestion or other stomach disorder. If the food you eat fails to give strength to your body, it is because the juices secreted by the stomach and digestive organs are inadequate to transform the nutrient properties of the food into blood. That is indigestion. The system is deprived of the amount of nourishment required to keep up the strength, and the result is that one or more of the delicate organs gradually grows weak, and then weaker, until finally it is diseased. Here a great mistake is made. That of treating the diseased organ. The best doctors in the land make this very mistake. Why should they? It is so easy to see that the trouble is not there.

Kodol Cures

This famous remedy puts the stomach and digestive organs in a healthy condition so that rich, red blood is sent coursing through the veins and arteries of every muscle, tissue and fiber throughout every organ of the entire body, and by Nature's law of health, full strength and vigor is soon restored to each. Kodol cures indigestion, dyspepsia and all stomach disorders. I have taken Kodol for nearly two months after each meal and it is the only remedy that gave relief from the terrible pains I endured. After a time I would take it but once a day, and now, while I keep a bottle handy, I seldom need it, as it has cured me. Mrs. J. W. COOLBAUGH, Milo Center, N. Y.

Queen Quality Shoes Lead, Others Follow.

BEHIND EVERY FACT LIES A REASON.

When there are a multitude of shoes trying to be sold, and one shoe far surpasses all others in volume of sales, there is a reason for it. This one shoe is "Queen Quality." Its sales are more than double the sales of any other women's shoe. It can't be because of price, since many other shoes cost the same. It is simply a triumph of leadership.

"QUEEN QUALITY."

"Queen Quality" is recognized as leader in style. It leads others follow. It originates, others copy. Everywhere it sets the style. If you wear a "Queen Quality" you are with the leaders in fashion.
