## EXCLUSIVELY IN SALEM ACADEMY AND COLLEGE.

REV. J. H. CLEWELL, Ph. D., Principal.

WINSTON SALEM, N. C., March 9th., 1904.

Mr. Chas. M. Stieff, Charlotte, N. C.,

Dear Sir:—It is a little unusual to file an order this late in the season, but we find that the more Steiff Pianos which we add to our music department, the better the results attained in the work. We have added quite a number of your instruments during the last few years, and they have all given good satisfaction. It requires a piano of unusual merit for the constant use which all practice pianos have within our school, but we are glad to be able to say that your instruments have stood the test, and we will continue to purchase from your firm from time to time as the need arises.

I think there are about a dozen now in the school.

J. H. CLEWELL, Principal.

A rare and magnificent display of these pianos can now be seen and heard at Greenville, at lowest factory prices and easiest terms. We also have on the floor several slightly used upright pianos at prices ranging from \$175.00 to \$225.00. Each instrument is guaranteed for 10 years.

We also have a fine display of organs at surprising low figures ranging in price from a

\$35.00 and up. They are fully guaranteed.

This factory sale will positively close before many more days, when factory prices will promptly withdrawn, and if you have any earthly use for either piano or organ it will pay you to take a look around here in Greenville. Miss

Bessie Patrick, who is associated with us during our stay here, will be glad to give you

CHAS. M. STIEFF.

G. G. FINEMAN, Factory Representative.

### NO CIRCUS.

Forepaugh and Sells Circus Stopped by Wreck.

Greenville held a crowd of disappointed people Friday. Thousands were here from all directions expecting to see Forepaugh and Sells Brothers big show. When it was learned that one section of the circus train was in a wreck on the Atlantic & North Carolina railroad there was much disappointment. All the forenoon a crowd was collected around the depot waiting to see the circus train come in and unload, but it never came, and disappointment increased with each passing hour. It was past 2 o'clock when the circus trains reached Kinston from the wreck and then it was learned that the show would not stop in Greenville at all, but would go on through to Tarboro when it moved from Kinston.

Greenville had been congratulating itself upon having a date with the biggest and best show traveling the South this season, hence there et was all the greater that circumstances interfered with the show here.

### Convict Drowned.

Tarboro, N. C., Nov. 18.—While standing in a canoe engaged in assisting the removal of a raft of logs from Bell's bridge over Tar river, about five miles from town, William Young, colored, of Hertford, sentenced to Edgecombe county roads for twelve months, fell overboard and was drowned today. His body has not yet been recovered. The prisoner was free of handcuffs and shackles at the time of the accident.

### CIRCUS TRAIN IN A WRECK.

Two Cars Derailed at Hyman's Siding and Show Was Unable to Make Greenville.

A wreck occurred to the second section of trains bearing the Forepaugh and Sells circus this morning at Hyman's siding, six miles west of Newbern, and the circus was unable to meet its engagement to show in Greenville today. The wreck caused a delay of traffic on all trains and it was nearly noon when the mail from Morehead reached this city.

The cause of the wreck is not clearly known, but is thought to have occurred either from the track spreading at the switch or the heavily laden car breaking in the middle. Two cars were derailed but no one nor any of the animals were hurt. The first section had cleared and come on to this city where it has hung up all day to await the arrival of the other sections, as it would be useless for it to go to Greenville without the other sections. There were four sections in all two following the section which was wrecked, but they were flagged and no hurt was done to them.

The two cars derailed were flat cars loaded with poles and tent fixtures, and they were so badly damaged that they will have to go into the shops for repairs, and the loads were transferred to other cars. The time required to remedy the trouble was so long that the circus will go right through to Tarboro and not stop in Greenville at all. At Tarboro the circus closes its season and has been sold and will be delivered to new owners, said to be headed by A. G. Fields, the great minstrel showman of Columbus, Ohio.

President Howland went from Goldsboro to the scene of wreck on a special and Mr. Sells being on the ground the to will probably reach a conclusion as to the cause of the wreck and arrange their difference on the spot. Mr. Sells, in speaking of the accident, was disposed to treat it philosophically and did not fret much, remarking that it all come along with the business, accidents, etc. and said his company had been very fortunate, the first wreck in 4 months.

The circus had a tremendous patronage in Newbern Tuesday and it is said a very large crowd had gathered in Greenville to attend it there today and of course their disappointment was keen.—Kinston Free Press, 18th.

SATURDAY AFTERNOON, NOVEMBER 19 1904.

If Douglas sends all of the boys a pair of shoes he will have to enlarge his factory.

The people bear their own disappointment over the circus not coming, but no doubt the show will get pay out of the railroad for losing the day. Good thing the State had got rid of the road before the wreck occurred.

The gold brick artists who are serving a term in the penitentiary, are moving again to get a pardon, an Arkansas lawyer now being in Raleigh to interview the governor with that purpose in view. Our advice to the governor is, don't.

Somebody in Greenville ought to rig up a wood-saving outfit after the plan of the one in Ayden. Here the question of getting wood cut is a knotty problem, and anything that would make the housekeepers independent of the wood cutters would be a relief.

A farmer in Deerfield, Pa., has raised 37,500 bushels of white potatoes on a farm of 150 acres. Value \$20,000. He used 100 tons of fertilizers and half a ton of Paris green to kill potato beetles. The total cost of the crop was \$7,000 and the profit was \$13,000. That is better than being a Supreme Court Judge or a Cabinet Minister, so far as salary goes.

It is just sixty years since the first telegraphic message was sent from Washington to Baltimore. Now more than a million messages are sent over the wires every twenty-four hours. In 1903, for all countries the enormous total was 364,848,474. Great Britain leads with 92,471,000 dispatches and the United States comes second with 91,391,000 annually.

It is no wonder that Pennsylvania gave such a tremendous republican majority. The Philadelphia Record says one ward with a total registration of 777 had 675 fraudulent registrations. It says further that "a chicken coop and a dog kennel were given as places of residence for fifteen voters," and intimates that chickens, dogs and fleas were voted. And this is the Republican stronghold.—Charlotte News.

There have been indications that the solid South would one day be broken. By solid South we mean practically those extreme Southern States that still hang on to the Democratic ticket, but if the Crumpackers, et. al., can have their way it is going to remain solid for years to come. Whenever the Republican party recognizes the true situation in this part of the country and lets us alone, eliminating the negro question altogether, the South will break up its solidity, not before. We sometimes think that Crumpacker and his like fear a disruption of the South on political lines, and that their solicitude is not altogether for the negro, knowing that should the South "bust up" other states would do the same thing on the other side of Mason and Dixon's line.—Greensboro Record.

**Confederate Flag Returned.**

A large Confederate flag which was captured during the early days of the civil war from a house near Laurel, Md., will in the near future be formally presented to the Confederate veterans of Laurel. For more

than fourteen years the flag has been in the possession of a veteran of the Sixth Massachusetts Volunteers, in Boston. It was recently expressed to Capt. Charles W. Ricker, of Washington, who was also a member of the Sixth Massachusetts Volunteers, and one of the two men who captured the flag. Capt. Ricker says: "The flag was captured near Laurel in the very beginning of the civil war by Nat Story and myself, who were both privates of the Sixth Massachusetts." The flag measures about eight by twelve feet, and consists of a cross of ten white stars on a field of blue cloth, and three broad stripes, two red and one white.—Baltimore Sun.

**Governor's Thanksgiving Proclamation.**

It becomes a free people, prosperous and content, in the midst of their prosperity to pause at least once a year and make acknowledgment of the source whence come all the blessings which they possess and in its acknowledgment of better things

I, Charles B. Aycock, Governor of the State of North Carolina, therefore, issue this my proclamation setting apart Thursday, November twenty-fourth as a day of Thanksgiving and prayer, on which day I request all people to meet in their respective places of worship and thank God for the blessings which He has given to them individually and as a people and to ask for His protection and guidance in the future. I earnestly recommend that on this day all people shall give out of their stores unto the needy as freely as God has prospered them.

Done at our city of Raleigh this, the seventeenth day of November, in the year of our Lord, nineteen hundred and four, and in the one hundred and twenty-ninth year of our American Independence.

CHARLES B. AYCOCK,  
By the Governor.

## BENSONIZER LUNG CURE

NO MORE EXILE FOR CONSUMPTIVES.

A Cure at Last Obtained, After a Searching Investigation, by St. Louis Interests.

A few months ago the attention of a few scientific and philanthropic gentlemen of St. Louis was directed to an entirely new method of combating that most dreadful of all diseases, tuberculosis, commonly called consumption. Out of 115 test cases, 77 were completely cured and 28 have shown such improvement that their ultimate recovery is but a question of a few weeks.

So astonishing have been the results and absolute cures in cases pronounced incurable by all old methods that a company has been formed and is now prepared to furnish at a normal cost this cure to all sufferers of the "White Plague." One of its chief features is that patients can remain at home, surrounded by friends and relatives, and in a great many instances, especially the incipient or early stages of the disease, pursue their daily vocations and still become completely cured.

Patients receiving the same treatment here in St. Louis have completely recovered as rapidly as those in Colorado, New Mexico and Texas. The wonderful results in question have been accomplished by the Bensonizer, and the company which controls this marvelous medical device have located their main office at 417 North Seventh street, St. Louis. They have also located a factory on Easton avenue and a laboratory has been built at Hillside, Mo. The cure will be known as the Bensonizer Lung Cure, and Mr. C. P. Benson, the discoverer of the fluid inhalants which are used, will personally have charge of the affairs of the company. Mr. Benson will personally meet all who call at the office of the company on Seventh street, and will answer all communications from sufferers who are unable to make a personal call. From the St. Louis Globe Democrat.

Free booklet on request.

## ABOUT RAIN COATS AND OVERCOATS.

The very height of fashion, according to whispered rumors from good tailors—for, to be honest, the good tailors set the fashion—is just a little bit of brown, or a big bit of brown, according to how much a man can stand.

Here are the "Rosewald & Well" Mackinac coats some almost brown—others just feathered brown and speckled with combinations of blue and grey and red invisible plaids.

Perfectly stunning patterns yet not "loud" either.

Just Conspicuously Swell. "Griffon" Overcoats in all patterns are here, with or without bells, loose or close fitting just as you prefer.

And now is the time to make your purchase.

Our sizes are not broken. We fit others, we can fit you. We suit others, we can suit you.
