## EXCLUSIVELY IN SALEM ACADEMY AND COLLEGE.

REV. J. H. CLEWELL, Ph. D., Principal.

WINSTON SALEM, N. C., March 9th., 1904.

Mr. Chas. M. Stieff, Charlotte, N. C.,

Dear Sir:—It is a little unusual to file an order this late in the season, but we find that the more Steiff Pianos which we add to our music department, the better the results attained in the work. We have added quite a number of your instruments during the last few years, and they have all given good satisfaction. It requires a piano of unusual merit for the constant use which all practice pianos have within our school, but we are glad to be able to say that your instruments have stood the test, and we will continue to purchase from your firm from time to time as the need arises.

I think there are about a dozen now in the school.

J. H. CLEWELL, Principal.

A rare and magnificent display of these pianos can now be seen and heard at Greenville, at lowest factory prices and easiest terms. We also have on the floor several slightly used upright pianos at prices ranging from \$175.00 to \$225.00. Each instrument is guaranteed for 10 years.

We also have a fine display of organs at surprising low figures ranging in price from \$35.00 and up. They are fully guaranteed. This factory sale will positively close before many more days, when factory prices will promptly withdrawn, and if you have any earthly use for either piano or organ it will pay you to take a look around here in Greenville Miss Be sie Patrick, who is associated with us during our stay here, will be glad to give you

CHAS. M. STIEFF.

G. G. FINEMAN, Factory Representative.

C. T. Munford returned this morning from Kinston.

Rev. W. E. Cox returned this morning from Winterville.

Mr. and Mrs. G. J. Woodward returned Friday evening from Richmond.

Mrs. W. H. Bicks has returned from a visit to her parents at Grimesland.

Miss Minnie Hart, of Bykins, Va., arrived Friday evening to visit her brother, J. N. Hart.

#### Opera House

Another good sized audience greeted the Osman Stock Company in the opera house Friday night to witness the "Two Orphans." While this is an old play the company presented it so excellently as to make it very pleasing. All the parts were well taken. The specialties between the acts were of a high order.

"East Lynn" will be presented tonight.

The Osmans have a meritorious company and deserve to be well patronized. Only praise of them is heard from all who attend their plays.

#### Curtain Should Rise Sooner.

Most Greenville people go so late to the opera house that it is hard to get a play started before 9 o'clock. This is very tiresome to those who go early and also has a tendency to keep away those who want to get home at a reasonable hour. The opera house management should make a rule to let the curtain go up promptly at a certain hour whether the people are there or not.

#### Cordially Welcomed.

A cordial invitation is extended to the white people to attend the closing services of the Conference year at 3 p. m. tomorrow at the Zion Methodist church, Dr. C. O. H. Thomas, pastor. The Rev. J. A. Hornaday will officiate. Arrangements will be made for the comfort of his friends, and as many of the white people as will be in attendance.

#### Lost a Hand.

A young negro living across the river met an accident, Thanksgiving day, that cost him one hand. He was out hunting, and while sitting on a fence with the butt of his gun resting on the ground a rail fell and caused the gun to discharge. The load went through his left hand and tore it so badly that it had to be amputated.

#### Notice to Juniors.

All members of Pitt Council no 112 Jr. O. U. A. M. are ordered to assemble at Council room tomorrow, (Sunday) evening at 6:30 o'clock to attend service at the Baptist church.

By Order of State Councilor P. B. Bowis. Act. R. S. Pitt Council, 112

#### Heat Turned On.

The furnace in the Masonic temple was fired up Friday for the first time and heat turned on the opera house. The apparatus worked all right and made the house thoroughly comfortable.

#### Has Been Worse

Nine cent cotton does not make the farmers happy, but that is a long ways better than the prices it sold at a few years ago.

#### Presiding Elder Involuntarily Immersed.

Last week while the funeral procession was conveying the remains of the late Mr. J. H. Higgs to the burying grounds, near Smith's church, Presiding Elder G. F. Smith was accidentally overturned in Crockayotte creek, near Tilghman's cross roads, and was thrown into the cold waters of the stream. The creek was much swollen on account of the rain storm the day before, and the buggy in which the presiding elder was riding got into a washout and turned over. Mr. Smith was at once assisted from the water by those nearest to him at the time of the accident, and he has suffered no serious attack of cold on account of having to remain for some time in wet clothes before he could be driven to a place where dry garments could be procured. —Weldon News.

#### Sermon to the Juniors.

The North Carolina conference will meet in Henderson next Wednesday.

The 70-year old doctor of Stokes county who eloped with a woman, waited until late in life to make a fool of himself.

The president is off on a little jaunt to the St. Louis exposition. His presence will give the fair a big closing boost.

If some of the men of means will resolve to give Greenville a building and loan association for a new year's present they will do the town a good turn.

The farmers usually get plenty of advice, and from some quarters they are told to hold their cotton for 12 cents. There is certainly no prospect now in sight that the staple will reach that figure.

Advice to the coming legislature to adjourn early is that much breath lost. It will hold on to the end of the term and not stop until the pay stops. The members were elected for the job and will want all out of it they are entitled to.

They may bring Italian laborers from the north, but still the negro will be able to get work whenever he wants it. —Durham Herald

The trouble is that the negro does not want work and will not work when he gets it.

While the universities of North Carolina and Virginia had their Thanksgiving game of foot ball, Wake Forest College and Richmond College tested their skill in debate. In the latter the Tar Heel boys came out victors. It shows that the college that puts something in boys' heads makes more reputation than in training them to run after the pig skin.

The Baltimore Sun thinks the appointment of a southern man to a place in President Roosevelt's next cabinet would be a fitting tribute to the square-deal policy.

Time was when many of the best people in every community were opposed to and rather inclined to look down upon the free schools, but happily that time has passed and most progressive, thoughtful, men recognize these schools as the great instrumentality for the uplifting of the masses. —Charlotte News.

There is a good time coming, boys. There is every reason to hope for better days. England, France, Germany and the United States have \$500,000,000 worth of battleships and modern big guns in the course of construction and are expecting to send a full line of delegates to the International Peace Conference. —Durham Sun.

If it had been known that Mr. Roosevelt would fire all appointive federal office-holders that have been drawing salaries for two terms, there would have been fewer enthusiastic workers in the campaign for him among that class of politicians—and it is understood that their "pernicious activity" in his behalf had little to do with piling up the big majority. —Winston Sentinel.

FARMER'S SELLING PRIVILEGE.

Since the recent agitation of tobacco questions in congress the question has often been asked "can a farmer sell his crop in small lots for the personal consumption of the buyer?"

The law on the subject is pretty plain, and states in effect, that so long as he in no way manipulates the leaf so that it will come under the head of manufactured tobacco, he is at liberty to dispose of it to whom and in what quantities he pleases. A recent report from the the commissioner's office emphasizes this. The report follows:

"A farmer advises the commissioner that he raises a large crop of tobacco and he desires to be informed whether he is privileged to sell the same in small lots at from 12 to 25 pounds to any person without the payment of tax. He also asks to be advised if he can give this tobacco away as premium, selling a pipe, for instance, for twenty cents and giving a pound of tobacco in the hand, not manufactured in any way, to the purchaser. He was advised that as tobacco of his own growth and raising which is not rolled, sweetened, or otherwise manipulated, being in its natural condition as cured on the farm, he would not be restricted in any way in the sale or disposition of it, as such tobacco in the hands of a farmers is not subject to tax; that under the privilege accorded him by law as the farmer or grower of the tobacco he can sell it in any quantity to any person, or give it away in the manner proposed; that the persons who receives this tobacco from him would be held responsible for its proper use and disposition. If they personally chew, smoke or otherwise consume it no tax would accrue; but if they resell it to consumers it would be regarded as manufactured tobacco, and the person so selling it would be required to qualify as a manufacturer of tobacco, put up the tobacco in statutory packages and pay the tax on the same at the rate of 6 cents per pound.—Southern Tobacco Journal.

A Prescription that will Usually Hold Good.

A practical man has formulated a prescription which he is willing to guarantee to ruin any of the growing generation. The prescription reads: (1) Let him loaf while a boy; (2) let him smoke cigarettes and loaf while a youth; (3) then give him a college education. Under these conditions the college education will finish his ruin, and the only use he will ever make of it will be to fool some poor girl into matrimony, and then she or her people will have to support him.

And the same man favored a college education for the sound, wholesome youth who knows work. —Charlotte Chronicle.

Sour stomach, belching, gas on stomach and all disorders of the stomach that are curable, are instantly relieved and permanently cured by the use of Kodol Dyspepsia Cure. S. P. Storrs, a druggist at 297 Main street, New Britain, Conn. says: "Kodol Dyspepsia Cure is giving such universal satisfaction and is so surely becoming the positive relief and subsequent cure for this distressing ailment, I feel that I am always sure to satisfy and gratify my customers by recommending it to them. I write this to show how well the remedy is spoken of here." Kodol Dyspepsia Cure was discovered after years of scientific experiments and will positively cure all stomach troubles. Sold by Jno. L. ## ABOUT RAIN COATS AND OVERCOATS.

The very height of fashion, according to whispered rumors from good tailors—for, to be honest, the good tailors set the fashion—is just a little bit of brown, or a big bit of brown, according to how much a man can stand.

Here are the "Rocswald & Wolf" Mackinac coats some almost brown—others just speckled brown and speckled with combinations of blue and grey and red invisible plaids.

Perfectly stunning patterns yet not "load" either.

Just Conspicuously Swell.

"Griffon" Overcoats in all patterns are here, with or without belts, loose or close fitting just as you prefer.

And now is the time to make your purchase.

Our sizes are not broken. We fit others, we can fit you. We suit others, we can suit you.
