WINTERVILLE ITEMS

WINTERVILLE, N. C., Dec. 29. Winterville High School closed Friday, Dec. 23rd for the holidays. Full work was done up to the very last. The spring term will open Monday, January 2nd, 1905, and a full days work will be done the first day. Nearly all the old students have made arrangements to return, and quite a number of new ones have already engaged rooms and board. The past term has been one of the most prosperous in the history of the school.

Rev. T. H. King filled his regular appointment here Sunday morning at the Baptist church and gave us a most excellent sermon. On Sunday night Rev. W. L. Bilbro preached a strong sermon and was enjoyed by a large congregation. He is now living at Fort Barnwell.

There was a very beautiful Christmas tree given at the Episcopal church under the auspices of the Episcopal and Baptist Sunday schools Saturday evening at 6 o'clock. A large crowd assembled to hear the songs of the children and to witness the distribution of the many and valuable presents which made the hearts of the children glad indeed. Who does not delight in seeing children made glad?

Jerry Nichols came in from South Carolina to visit relatives. Leonard Hamilton, of Olympia, is spending the holidays with relatives here.

Miss Sue Hardre, a former W. H. S. student, but now of La Grange, has been here helping to make Christmas merry. She left Tuesday morning for Grimesland to visit her sister, Mrs. Harvey Boyd.

Walter Nobles has moved his family into the country. John Cooper occupies the house formerly occupied by him.

Mrs. Will Uzzell and children, of Seven Springs, are visiting Mrs. Evelyn Cox.

Theodore Cox, of Seven Springs, came Tuesday to visit his mother, Mrs. Evelyn Cox.

Calvin Dail has moved to his new residence on Railroad avenue. We haven't heard of a single accident in our vicinity during the holidays.

John Nichols and Rudolph Cronm went to Greenville Tuesday on the freight and had to foot it back.

S. C. Hamilton has returned from Kinston.

W. L. House and Alex Evans went to Greenville Monday.

Mrs. G. L. Moore and children, of Grindool, who have been visiting relatives here, returned home Monday. Miss Mary Smith, her sister, went with her to spend sometime.

Miss Eva Laugston spent Saturday with Miss Banner Kittrell.

Our old friend, J. H. Cheek, of Repton, paid us a short call Christmas eve.

Miss Olivia Cox, of Grifton, is home to spend the holidays.

Mrs. Heber McGowan is visiting Mrs. J. E. Smith.

J. H. Manning has moved his family into the Fizzle house on Main street.

B. F. Manning was here Tuesday.

There was a very enjoyable party at Mrs. E. E. Cox's last night. Prof. J. L. Jackson and wife left this morning for Conetoe.

Day Time Thieves

People should be careful how they leave their homes unprotected even in the day time. We hear that day time thieves have recently been committed around town, advantage being taken of all the occupants of a house being away at the same time and the house not securely fastened. There are some people who watch for such opportunities.

STATE NEWS.

Joseph M. Kenny was found dead beside the Atlantic Coast Line track; four miles from Tarboro Tuesday morning. It is supposed he fell off a train the previous night.

J. J. Donnell a student of Biddle University, at Charlotte, accidentally shot and killed himself with a pistol.

The residence of Prof. J. A. Holt, at Oak Ridge, was destroyed by fire Tuesday.

Near Jonesboro one negro killed another who refused to give him a mouth harp.

Call to Cotton Growers.

Macon, Ga., Dec. 27.—A special from Monticello, Ga., says that President Harvie Jordan, of the Southern Cotton Growers' Protective Association, today issued a call for an inter-State convention to be held at New Orleans January 24-26, 1905. Among the matters for consideration to be acted upon are the following, to the call.

"Financing the entire spot cotton business of the South, creating a bureau of statistics for the benefit of the producers; establishment of a cotton exchange in each State through which our cotton can be sold direct to the manufacturers; organization quickly of all of the cotton producers in each cotton-growing county; reduction of cotton acreage and use of commercial fertilizers for 1905 of not less than 25 per cent; adoption of a local warehouse system to meet the practical demand of both farmers and bankers throughout the South; to make New Orleans the leading cotton exchange in the United States; the formation of a close alliance between all the Southern agricultural organizations now in existence for mutual co-operation and protection. These are among the leading matters for consideration. They are momentous and some of them involve tremendous propositions. But none are incapable of quick solution and practical realization. The South possesses the brains, the manhood and the money to solve any great question which threatens her future prosperity."

To Loan Money on Cotton.

Concord, Dec. 27.—The Concord National Bank will under an arrangement which has just been perfected loan money to the farmers on cotton. The farmer will be furnished store room in a Concord warehouse and charged the low rate insurance the warehouse is entitled to and the bank will advance the owner of the cotton five cents a pound. He is not charged storage at all and can sell his cotton when and to whom he chooses. The plan offers the farmer of the county a safe plan for the holding of his cotton, at a very small cost and gives him a cash advancement where he needs the money at once, giving him the option of handling his staple to the very best advantage.—Charlotte Observer.

Steamer Stranded on Hatters.

Norfolk, Va., Dec. 28.—A big unknown steamer went ashore off Cape Hatteras today. Terrific seas prevented the government life savers leading any assistance. It is feared the vessel is now past assistance. The crew of 10 less than twenty-five men appear to be doomed. The vessel looks like an American vessel lumber laden.

Will Locate Here.

R. Heron, an Englishman, was here Wednesday prospecting with a view of opening a plumbing establishment here as soon as the water works plant is completed. He expressed himself as well pleased with what he saw of Greenville and spoke of soon locating here. The field here will be a good one for his line of business.

New Calendars.

This week several of the business houses in Greenville have been distributing very handsome calendars. THE REFLECTOR has received them from the Bank of Greenville, the Greenville Banking & Trust Co., the Building & Lumber Co., the Greenville Manufacturing Co., C. S. Forbes, J. B. Cherry & Co., and J. L. Sugg.

Out of town we have received them from the Youth's Companion Boston, the Sunny South, Atlanta; Bingham Bros & Co., New York and H. W. Simpson, New Bern.

Run In Ditch.

J. R. Davis and W. M. Long, of Farmville, came together to Greenville today. Just before reaching town the buggy ran in a ditch and the horse run away. Both gentlemen were thrown out of the buggy and slightly bruised. The single tree and one shaft of the buggy were broken. It was fortunate that the damage was no worse.

Frank S. Cannon, of New York, has been made vice-president of the Atlantic & North Carolina railroad.

Another year is fast drawing to a close with its sunlight and shadows—its withered leaves and fragrant flowers. Joyous time. Happy hearts. Cheerful homes made brighter by the glorious anticipations of expected pleasures.

Kind hearts—loving remembrances—tender recollections of "Home sweet home." It's Christmas time. Let every heart be merry.

WE NEED BETTER SIDE WALKS.

A few rainy days in Greenville reveals the fact to every one that we need better side walks. A majority of the side walks of our town are made of dirt, and in bad weather it appears to be very soft dirt. When there is a freeze and a thaw with rain, the walks are very objectionable. They are marshy and slippery, and people who have to traverse these walks in bad weather gather as much mud upon their person as if they were walking in the middle of the streets.

If we could only have some systematic, first class side walk construction in this town, it would be a blessing to our people as well as to those who visit our town. This would be a great improvement as well as a sign of progress.

We must have better side walks. The present condition of them will not do. You do not find such side walks in much smaller towns, much less in a little city like Greenville, which is rapidly growing in population.

Every town of consequence should have some method of taking and preserving its vital statistics, and Greenville is no exception to this. There ought to be a record kept of all births and deaths that occur in the town and at stated periods, say at the end of each year, to publish these statistics. It might be well for the board of aldermen at its first meeting in the new year to adopt some plan by which these statistics can be kept.

Some things that should be remembered in turning over a new leaf: Cease to do evil and learn to live nearer to God; be more industrious and more helpful to others; be less selfish and self centered. Try to live a better life than ever before. We can spend the remaining few days very profitably in framing a list of resolutions to live by during 1905.

Cotton continues to go lower, and the holders of it are wondering when it will stop. The situation is a peculiar one, as no plausible reason can be seen for the price going so low. The speculators appear to be in control of the situation and show a determination to squeeze all out of it they can.

Governor elect Glenn is not giving much comfort to the curious and want-to-know-it-all-beforehand. He declares that he will not announce any appointees to office until after he is inaugurated. Pretty good idea. It may take lots of folks to the inauguration in the hope that something may strike them.

The appointment by the president of W. H. Harris, a man not known to be a candidate for the position, as postmaster at Baltimore, has aroused the ire of the Republicans in that city. It is none of our fight, however, and if they want to make the fur fly let them go it.

Down in Georgia two negroes were tried, convicted and hanged in twenty one days after committing a murder. That is going at the thing right. If there was such prompt justice by all the courts fewer things would be recorded.

Tom Watson is going into the magazine business, and has had a stock company organized in New York called "Tom Watson's Magazine." When he gets his magazine launched Tom will have plenty of bellows to do his blowing.

All have not been prosperous, still some have enjoyed Christmas more than others. Yet one fact remains, and that is, it is good to live in a land where the celebration of Christ is both a privilege and a joy.

Young ladies, don't be worried over what you ought to give that beau of yours for a new year's gift, who has been calling on you for four or five years. We have it: Just give him a little "shake."

A man in Boston starved himself to death and wore rags in order that he might give \$1,000,000 to charity. Lucky he "kicked the bucket" before Cassie C. happened along.

The paper trust is the first one to come under the ban. That suits the newspaper folks. Let the good work go on.

We got some of the cold wave, but missed the blizzard that raged in the North and West.

Rumor has it that much Christmas whiskey was sold here from blind tigers.

No Orphanages in Australia.

Australia is a continent without an orphanage. Each waif is taken to a receiving home, where it is cared for till a country home is found. The local volunteer societies canvass their neighborhoods and send to the children's committee the names of any families they have found where children can be placed. The children's committee selects the home which it judges is best adapted to the development of the child in question. No child is placed in a family so poor that the child might suffer. The foster parent receives a sum averaging \$1.25 per week for the care of the child and for proper clothing.

When of school age the child must be sent to school. The local volunteer committee looks after its care and culture and zealous neighbors often assist in watching the growth and education of these happy children. When the child is 14 years old he begins to work. His earnings are placed in the postal savings bank, and at the age of 17 or 18 he goes out into the world independent. Thus the State at an expense of about \$60 a year has raised a man or woman to contribute to its wealth and prevented the manufacture of a criminal and the expense of courts, prisons and reformatories. -Chicago News.

No More Suffering.

If you are troubled with indigestion get a bottle of Kodol Dyspepsia Cure and see how quickly it will cure you. Geo. A. Thomson, of Spencer, Ia., says: "Have had Dyspepsia for twenty years. My case was almost hopeless. Kodol Dyspepsia Cure was recommended and I used a few bottles of it and it is the only thing that has relieved me. Would not be without it. Have doctored with local physicians and also at Chicago, and even went to Norway with hopes of getting some relief, but Kodol Dyspepsia Cure is the only remedy that has done me any good, and I heartily recommend it. Every person suffering with indigestion or Dyspepsia should use it." Sold by J. L. Wooten, druggist.

Beware of Counterfeits.

"DeWitt's is the only genuine Witch Hazel Salve" writes J. L. Tucker, of Centre, Ala. "I have used it in my family for Piles, Cuts and Burns for years and can recommend it to be the best Salve on the market. Every family should keep it, as is an invaluable household remedy, and should always be kept on hand for immediate use." Mrs. Samuel Gage, of North Bush, N. Y., says: "I had a fever sore on my ankle for twelve years that the doctors could not cure. All salves and blood remedies proved worthless. I could not walk for over two years. Finally I was persuaded to try DeWitt's Witch Hazel Salve, which has completely cured me. It is a wonderful relief." DeWitt's Witch Hazel Salve cures without a scar. Sold by Jno. L. Wooten.

BENSONIZER LUNG CURE
NO MORE EXILE FOR CONSUMPTIVES.
A Cure at Last Obtained, After a Searching Investigation, by St. Louis Interests.
A few months ago the attention of a few scientific and philanthropic gentlemen of St. Louis was directed to an entirely new method of combating that most dreadful of all diseases, tuberculosis, commonly called consumption. Out of 115 test cases, 77 were completely cured and 28 have shown such improvement that their ultimate recovery is but a question of a few weeks.
So astonishing have been the results and absolute cures in cases pronounced incurable by all old methods that a company has been formed and is now prepared to furnish at a normal cost this cure to all sufferers of the "White Plague." One of its chief features is that patients can remain at home, surrounded by friends and relatives, and in a great many instances, especially the incipient or early stages of the disease, pursue their daily vocations and still become completely cured.
Patients receiving the same treatment here in St. Louis have completely recovered as rapidly as those in Colorado, New Mexico and Texas. The wonderful results in question have been accomplished by the Bensonizer, and the company which controls this marvelous medical device have located their main office at 417 North Seventh street, St. Louis. They have also located a laboratory on Easton avenue and a laboratory has been built at Hillside, Mo. The cure will be known as the Bensonizer Lung Cure, and Mr. C. P. Benson, the discoverer of the fluid inhalants which are used, will personally have charge of the affairs of the company. Mr. Benson will personally meet all who call at the office of the company on Seventh street, and will answer all communications from sufferers who are unable to make a personal call. - From the St. Louis Globe Democrat.

Bail for Mrs. Chadwick.
Cleveland, Ohio, Dec. 28.—A syndicate, for which Attorney P. D. Quigley of this city, is spokesman, is said to be ready and willing to furnish bail up to the sum of \$40,000, to procure the release of Mrs. Cassie L. Chadwick, held in jail here awaiting trial on the charge of forgery. Attorney Quigley would not give the names of the prospective bondsmen of Mrs. Chadwick, but says that they are well able to furnish any reasonable sum of money required, if Mrs. Chadwick is permitted to go out on bail.

The Federal officials are said to be in favor of giving Mrs. Chadwick her freedom, and will, it is understood discourage such a proceeding without, however, infringing on the prisoner's constitutional rights.

Fight Will Be Bitter.
Those who will persist in closing their ears against the continual recommendation of Dr. King's New Discovery for Consumption, will have a long and bitter fight with their troubles, if not ended earlier by fatal termination. Read what T. R. Beal of Beal, Miss., has to say: "Last fall my wife had every symptom of consumption. She took Dr. King's New Discovery after everything else had failed. Improvement came at once and four bottles entirely cured her. Guaranteed by J. L. Wooten, Druggist. Price 50c, and \$1.00. Trial bottles free."
