### TOWN MATTERS.

**As Transacted by the Aldermen.**  
The board of aldermen were in regular monthly session Thursday night, all the members being present.

A. L. Blow for a number of citizens, presented a petition for another street from Dickinson avenue to the branch through the property of Mrs. Bettie P. Sutton. This was referred to the street committee.

The finance committee reported that \$1,500 was borrowed to pay interest on the improvement bonds due Jan. 1st, and the tax collector had since collected sufficient funds to repay this.

The street committee reported the streets in bad condition and little work being done at present. The committee had also agreed with the trustees of the Presbyterian church to pay \$50 for property belonging to the church used by the town in widening Dickinson avenue and a deed to the town had been executed for the property.

The lights and wells committee reported repairs needed to some of the wells. Several of the lamp globes were broken during the holidays and new globes have been ordered.

The market committee reported that the guard house had been completed except the doors and these would be on in a few days.

The white cemetery committee reported that three lots had been sold during the past month.

The special committee appointed to recommend changes in the town charter asked for further time to report.

The finance committee asked for further time to report the financial standing of the dispensary.

A petition for reduction in rents was presented by the tenants of the market house. This was referred to the market committee.

Two pairs of rubber boots and two rubber coats were ordered purchased for the nozzlemen of Red Hawks Fire Company.

The street committee was ordered to look into the matter of the Parham property on Dickinson avenue and report at next meeting.

The clerk was ordered to have the deeds received for property on Dickinson avenue properly recorded in the register of deeds office of the county.

The chief of fire department, tax collector, treasurer, chief and assistant police filed their reports for the month of December.

It was ordered that harness be purchased to be used only with the steam fire engine.

The matter of providing a place in which to keep the hand fire engine was referred to the fire committee.

Fred Cox was granted distillery license for six months.

An overcoat was ordered to be purchased for the night police.

Accounts were allowed to the amount of \$945.70.

The following ordinance was adopted: The board of aldermen of the town of Greenville do ordain:

That it shall be unlawful for any person or persons to spit in or cast any filth or rubbish whatever into the cistern recently erected for supplying the town with water, or to meddle with in any way any of the hydrants, electric light poles, machinery or material used in the construction of water and lights plants.

Any person violating this ordinance shall be subject to a fine of \$50 or imprisonment for 30 days.

The superintendent of the construction of the water works plant is hereby empowered with police authority to enforce this ordinance.

This ordinance shall be in force and effect from and after its adoption.

The meeting took a recess until next Thursday night, 12th.

### THE LEGISLATURE.

**Pitt Fares Well in Committee Assignments THURSDAY.**

The legislature is now down to business. On Thursday Governor Aycock's message was read and contained valuable suggestions. In both branches several bills were introduced, being chiefly of a nature to facilitate the work of the session.

In the senate the committees were announced and we find that Senator J. L. Fleming, of Pitt, is on a liberal share of them. He is chairman of the committee on constitutional amendments, and also a member of the committees on claims, on judiciary, on military affairs, on salaries and fees, and on judicial districts. These are all important committees. Senator Fleming also secured the appointment of Paul Jones, a Pitt county boy, as one of the senate pages.

In the house the committees were not read Thursday, but we shall expect to hear much of representatives Little and Laughinghouse. They secured the election of D. H. James, of Pitt, as assistant doorkeeper.

The inauguration of Governor Glenn and other State officers will take place next Wednesday and the ceremonies will be very elaborate.

Senator Wright of Rowan, introduced a bill making it misdemeanor for a partner to appropriate to his own use partnership funds without the consent of the partner.

A bill was also introduced in the senate to make the governor's salary \$5,000, chief justice of supreme court \$4,500 and associate justices \$4,000, judges of superior court \$3,000 with \$500 for traveling expenses.

Among the first bills introduced in the house was one to provide for a division of the public school funds in accordance with the taxes paid by each race. Such a bill has been regularly on the calendar for years but never gets through.

Another bill was introduced to limit divorces to Biblical causes only and wipe every other divorce law from the statute books.

### MRS. KING "AT HOME."

Reported for Reflector

Among the social events of this week was Mrs. R. W. King's delightful entertainment at an "At Home," given in honor of her guest, Mrs. Fred Taylor, of Kinston, and Mrs. H. H. Moore, Thursday afternoon from 3 to 5, when her home was filled with a succession of guests Mrs. Charles Laughinghouse and Mrs. E. B. Feklin received at the door where hot bullion was served.

The guests were then ushered in the parlor where Mrs. King was assisted in receiving by Mrs. Joe Moye.

In the dining room Mrs. S. T. White, Mrs. D. E. House and Mrs. J. L. Little dispensed the hospitality of the delicious and tempting refreshments. The assistants of the afternoon were Mrs. M. H. Quinerly and Miss Mayme King. The darkened rooms were beautifully decorated with evergreen, potted-plants and fruit, the color effect being shown in delicate contrast by the soft light of the candles.

Among those present were Mrs. Gov. Jarvis, Mrs. John Andrews, Mrs. L. C. Arthur, Mrs. Jesse Moye, Mrs. J. L. Wooten, Mrs. B. W. Moseley, Mrs. Travis Hooker, Mrs. Herbert White, Mrs. Heber Coward, Mrs. R. J. Cobb, Mrs. Alfred Tucker, Mrs. J. L. Fleming, Mrs. E. G. Flanagan, Mrs. H. L. Carr, Mrs. Harry Skinner and Mrs. H. L. Fenell, of Wilmington.

J. T. Warwick has returned from Kinston.

### AYDEN ITEMS.

AYDEN N. C., Jan. 6, 1905.

A Horton has moved his family here from Norfolk and will make Ayden their home. Samuel Tyson and family have also come to live among us.

The town tax collector is a busy man. He has things hustling in the air.

Thos. Little, of Beaver Dam, has been visiting T. E. Nichols.

Elder C. C. Bland returned Tuesday from a visit to Kinston.

Miss Estie Denton, of Green county, left on the train Tuesday morning to resume her studies at Littleton Female College.

Misses Jimmie Davis, Banebo and Nina Cannon and Clarence Cannon who have been home for the holidays, have returned to their respective schools, at Wilson, Greensboro and Chapel Hill.

Miss Lizzie McGowan, of Greenville, has been visiting Miss Rosa Bland.

Misses Sallie House, of Oxford, and Mary Burril Scrogins, of Gaston, who have been in attendance upon the Edwards-Palmer marriage at Hookerton, left Wednesday morning for their homes.

Preparations are now being made for the building of twelve new brick stores at once on West Railroad and Second streets. Ayden is certainly just at this time enjoying a building boom.

Hart Brothers have bought out the livery business of Zeno Lyon.

The farmers in this section have already begun to stir for the coming crop. From what we can learn they will diversify more generally than heretofore and we have no doubt the result will prove more satisfactory than in former years. We hope so at least.

MCLAWHORN-CRAFT.

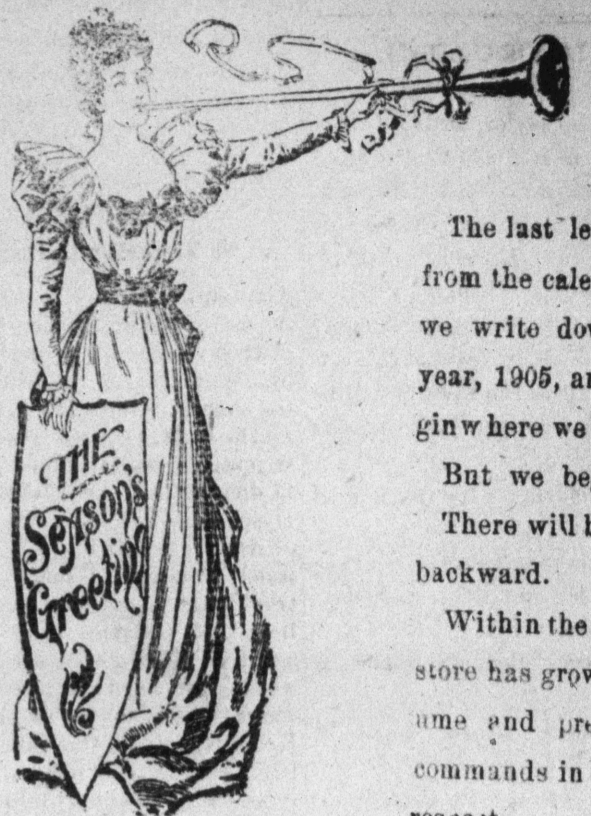

Wednesday evening at the home of Ed Craft, in Contentna township, Mr. W. O. McLawhorn and Miss Martha Craft were united in the holy bonds of matrimony by J. M. Blaw, J. P. After the marriage the bridal party left for the home of the groom where a bountiful repast awaited them and the remainder of the evening was very pleasantly spent.

MCLAWHORN-BRAXTON.

At 6 o'clock p. m. January 4th, 1905, Mr. Jack McLawhorn and Miss Lovie Braxton were married at the home of the bride's mother, near Ayden. E. T. Phillips performing the ceremony. We extend congratulations to both couple and wish them a long life and a happy one.

EDWARDS PALMER.

Tuesday evening promptly at 3:30 o'clock at the home of the bride's father, Dr. J. R. Paine, 1 Hookerton, N. C., Miss Sallie Palmer and Mr. Eugene Simpson Edwards were united in marriage by Rev. J. P. Pate. The parlor was decorated with ferns and evergreens. In the center of the parlor a beautiful marriage bell was suspended beneath which the bride and groom stood during the ceremony. The groom entered with his best man, J. Raymond Turnage and the lovely bride with Miss S. Bie House, of Thelma, N. C. as maid of honor. Mendelssohn wedding march was very skillfully and artistically rendered by Miss Emma Palmer, sister of the bride, during the service. The presents were many and expensive, which showed the esteem and popularity of both bride and groom. Mr. Edwards is an A. M. of Trinity College and has been at different times principal of both Omondaville and Cary High schools, while his bride graduated with very high honors from Oxford Seminary. The groom is a leading merchant of Hookerton and is well known throughout Eastern Carolina. We wish for them a pleasant and successful life.

The last leaf is torn from the calendar, and we write down a new year, 1905, and we begin where we left off.

But we begin right. There will be no step backward.

Within the year, your store has grown in volume and prestige and commands increased respect.

In wishing you a

and thanking you for our growth and prosperity, we promise better things—improvements in merchandise, methods and store service.

Your store shall be something better than a place to hand out goods and take in money.

May the new year be kind, and when time shall have t 1905, may we all be here and able again to say—

THE TAYLOR LECTURES.

Rev. E. O. Taylor, D. D., of Boston, Mass., is expected to deliver a series of lectures on "Good Citizenship and Scientific Temperance" in Greenville on Thursday, Friday, Saturday nights, January 12th to 15th. He will also speak Sunday afternoon, January 15th, at 3 p. m. The place where the lectures will be delivered has not yet been decided on.

The following are the subjects of the lectures:

1. That Boy of Yours.
2. Microbes and Men, or Chemistry of Alcohol.
3. A Glass of Beer Analyzed—Illustrated.
4. Citizenship in the Light of Christ and Paul.
5. God's Message in Science to Thinking Men.

It is conceded that no phase of temperance is more vital, none more hopeful, none more bitterly fought, yet none so little understood by the masses, as that of its scientific aspect. President Hadley of Yale University has recently said that as soon as the people come to understand the nature of alcohol they will drive every saloon out of the country. On this subject Dr. Taylor has achieved both national and international distinction as a lecturer and text book author. His discussions are purely educational, simple enough for the child and absolutely devoid of partisan politics.

In the words of Dr. Taylor the great purpose of the lectures is "to deal with basic principles underlying American citizenship from three points of view: the home, the Scriptures, and scientific temperance, in order to awaken and make adequate an intelligent sentiment which will demand right laws and the enforcement of the same."

LETTER OF DR. HAWTHORN.

Richmond, Va., Nov. 14, 1904  
To My Brethren in the Christian Ministry of the South:

To many of you Rev. E. O. Taylor, D. D., of Boston, Mass., needs no introduction, but to those who have not had the opportunity of seeing and hearing him I wish to say that the cause of temperance has no abler or more successful advocate in this country. Dr. Taylor's work is educational. He treats the subject of temperance from a scientific as well as from a moral and political point of view. He has given the greater part of his life to the study and discussion of the question and in every lecture imparts a vast deal of information of the utmost importance to parents and citizens. Last spring he delivered to great audiences in this city a series of five lectures on scientific temperance. The consensus of opinion in this community is that for originality, eloquence and effectiveness they were unsurpassed by any lectures ever delivered upon the same subject.

THREE JURORS CURED

Of Cholera Morbus with One Small Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr. G. W. Fowler of Hightower, Ala., relates an experience he had while serving on a petit jury in a murder case at Edwardsville, county seat of Cleburne county, Alabama. He says: "While there I ate some fresh meat and some souse meat and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture, but the druggist sent me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy instead, saying that he had what I sent for, but that this medicine was so much better he would rather send it to me in the six I was in. I took one dose of it and was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one small bottle cured the three of us." For sale at Wooten's Drug Store.

ered upon the same subject. I do not believe that there is a man in America better fitted for educational work in the cause of temperance. With the inspiration of a deep and abiding conviction as to his capacity for usefulness I commend him to my brethren in the ministry and to every community in the South.

J. B. HAWTHORN,

Pastor Grove Ave Baptist Church.

LETTER OF REV. JAMES THOMAS.

Rev. James Thomas, pastor of the Presbyterian church of Wilson, says the following in a letter to a brother minister here:

"Dr. E. O. Taylor's lectures on citizenship, including scientific temperance, are very strong and helpful. He is lecturing here and even sensitive people are not or need not be offended. He will do Greenville great good."

No More Stomach Troubles

All Stomach trouble is removed by the use of Kodol Dyspepsia Cure. It gives the stomach perfect rest by digesting what you eat without the stomach's aid. The food builds up the body, the rest restores the stomach to health. You don't have to diet yourself when taking Kodol Dyspepsia Cure. J. D. Eskine, of Allenville, Mich., says, "I suffered Heartburn and Stomach trouble for some time. My sister-in-law has had the same trouble and was not able to eat for six weeks. She lived entirely on warm water. After taking two bottles of Kodol Dyspepsia Cure she was entirely cured. She now eats heartily and is in good health. I am glad to say Kodol gave me instant relief." Sold at Wooten's Drug Store.

COST OF COURTSHIP.

In the great Southwest courtship is counted a costly luxury. A jilted suitor is suing the fair lady for \$30,000, charging \$5,000 to courtship expenses. The wooing period extended over only a little more than four months, and the disappointed lover itemizes his waste of time at \$7 a day, aside from presents and other expenses.

At the same time a Cleveland girl is suing a man for \$20,000, charging that he courted her for three years and then proved faithless.

Of course, courtship is not coldly a mere matter of dollars. Wasted affections must be put into the account. A man's love for a maid and a maid's love for a man have distinct values—at least until marriage. After that, as divorce records so clearly indicate, the value is frequently found to be fictitious.

New Jersey has just supplied some statistics that may help somewhat in the solution of the question of legitimate courtship expenses. In that state, where the amorous ardor is fully up to the normal warmth, figures have been collected showing that an ordinary courtship might cost as little as \$20. The average cost is only \$22 and the average duration is eighteen months.

Here is practical proof that courtships are not necessarily costly. It is as cheap to get married as it is to get divorced. A man can get a wife for less money than a good suit of clothes. Is it any great wonder that many change the one almost as often as they do the other?

The necessary expenses of courtship are small. Lovers care for little but each other. If the same strict economy be maintained in everything as is often maintained in the direction of gas bills, the total expense of courtship would be a mere bagatelle.—Atlanta Journal.

Tonic to the System.

For liver troubles and constipation there is nothing better than DeWitt's Little Early Risers, the famous little pills. They do not weaken the stomach. Their action upon the system is mild, pleasant and harmless. Bob Moore, of Lafayette, Ind., says, "No use talking, DeWitt's Little Early Risers do their work. At other pills I have used gripe and make me sick in the stomach and never cured me. DeWitt's Little Early Risers proved to be the long sought relief. They are simply perfect." Persons traveling find Little Early Risers the reliable remedy to carry with them. Sold at Wooten's Drug Store.

Cured of Lame After 15 Years of Suffering

"I had been troubled with lame back for fifteen years and I found complete recovery in the use of Chamberlain's Pain Balm," says John G. Bisher, Gilliam, Ind. This ointment is also without an equal for sprains and bruises. It is for sale by Wooten's Drug Store, Greenville.

Witnesses and Defendants Must Tell Where Liquor is Obtained.

Each defendant henceforth who is tried before the recorder for drunkenness must be prepared to tell his honor where and from whom the whiskey that caused his intoxication was obtained. A statute of the State law gives to a magistrate the privilege of putting a defendant or witness on his oath to answer the questions that may be put to him as to where intoxicants were obtained.

Refusal to answer imperils the defendant with a term of 30 days in the county jail.

This statute will be the biggest bug-bear in the ears of the unlawful sellers of whiskey.—Charlotte Chronicle.

Sour Stomach

When the quantity of food taken is too large or the quality too rich, sour stomach is likely to follow, and especially so if the digestion has been weakened by constipation. Eat slowly and not too freely of easily digested food. Masticate the food thoroughly. Let five hours elapse between meals, and when you feel a fullness and weight in the region of the stomach after eating, take Chamberlain's Stomach and Liver Tablets and the sour stomach may be avoided. For sale by Wooten's Drug Store, Greenville.

One of the Urgent Needs.

One of the important bills to come before the legislature at Raleigh is the one for the establishment of a state bureau of immigration. In the comparatively short time that South Carolina has had such a bureau great good has resulted. North Carolina's most urgent need is a larger number of desirable white immigrants and with the proper effort these can be obtained.—Wilmington Dispatch.

Speedy Relief

A salve that heals without a scar is DeWitt's Witch Hazel Salve. No remedy effects such speedy relief. It draws out inflammation, soothes, cools and heals all cuts, burns and bruises. A sure cure for Piles and skin diseases. DeWitt's is the only genuine Witch Hazel Salve. Beware of counterfeits, they are dangerous. Sold at Wooten's Drug Store.

# NEW YEAR GREETING.

A. E. TUCKER, the man who has made so many people happy with his low prices during the year 1904, wishes to return sincere thanks to his many friends and customers for the liberal patronage they have given his store. At the same time he takes pleasure in advising them that he can be found at the same place through the New Year ready to serve them with the best goods to be had for the money.

Come to see me and always find a hearty welcome.

**A. E. TUCKER.**

**After Lee's Surrender.**  
In "Recollections and Letters of General Robert E. Lee" Captain R. E. Lee describes his father's return to private life after the surrender of Appomattox. He says:  
"A day or two after the surrender General Lee started for Richmond, riding Traveler, who had carried him so well all through the war. He was accompanied by some of his staff. On the way he stopped at the house of his eldest brother, Charles Carter Lee, who lived on the upper James, in Powhatan county. He spent the evening in talking with his brother, but when bedtime came, though begged by his host to take the room and bed prepared for him, he insisted on going to his old tent, pitched by the roadside, and passed the night in the quarters that he was accustomed to. On April 15 he arrived in Richmond. The people there soon recognized him. Men, women and children crowded around him, cheering and waving hats and handkerchiefs. It was more like the welcome to a conqueror than to a defeated prisoner on parole. He raised his hat in response to their greeting and rode quietly to his home on Franklin street, where my mother and sisters were anxiously awaiting him. Thus he returned to that private family life for which he had always longed and became what he always desired to be—a peaceful citizen in a peaceful land."

**Oil on the Coffee.**  
The cup of black coffee had on its surface a little oil. This oil shimmered. It gave forth delicate, changing colors, like oil on water. The man who was about to drink the coffee gazed at it with delight.  
"The oil," he said, "tells me all I want to know about the coffee. Now, without tasting it, I am sure it is superb."  
"The whole secret of making coffee," he went on, "lies in extracting and retaining this oil. This oil it is which gives coffee its aromatic and delicious taste. This oil it is also which stimulates you, which makes you feel after you have drunk strong and gay."  
"Good coffee—the kind with oil adroit on it—can only be made by excellent cooks. In millionaires' houses or in hotels where they employ French chefs you are likely to get it. But the average American housewife does not know how to make this oily kind of coffee at all."—Philadelphia Bulletin.

**Soot as a Disinfectant.**  
Of the many cheap and simple disinfectants proposed for the use of the people one of the most effective is common soot. Soot is composed of pure carbon and is formed by the hot vapor of the hydrocarbon coming from burning fuel striking the cold walls of the chimney or stovepipe and condensing thereon. It is a very light, porous and impalpable powder and, like charcoal, which is the same element in a different form, possesses the property of absorbing and retaining a wonderful amount of gas. The great danger of disease about sewers, drains and other places is almost entirely due to gas given off by decomposing matter. If soot be sprinkled about these places it will absorb the foul gas.—London Mail.

**Too Much Imagination.**  
Pity the man or woman devoid of imagination, but he or she who allows the imagination too great liberty becomes its subject rather than its master. The man who wears a rubber on the pedal attachment to his cork leg because the cork foot aches without the rubber is as unfortunate a victim as the Scotchman who fainted on account of the heat in church the first Sunday after stoves were set up, although a fire had not been lighted in any of them.

**Dutch Cure For Lazy People.**  
The Hollanders are not fond of lazy people, and they have a very good way of curing persons who can but won't work. If a pauper who is able to work refuses to do so they put him in a cistern, to which a pump is attached, and turn on a stream of water. The stream flows into the cistern just slow enough to enable the lazy person by lively pumping to keep the water from getting up over his head.

**Real Riches.**  
"Who is the richest man in the world?" asks an exchange and begins measuring millions against millions. All wrong. The richest man in the world is the one that gets the greatest amount of happiness out of what he has, whatever it is. It is an old truth, but it was never truer than it is today.—Pueblo (Colo.) Chieftain.

**A Reminder.**  
Elder Sister—Really, dear, you mustn't put "I remain ever your loving Nellie Tomkins." You may put "I remain your loving Nellie Tomkins" if you like, but underline the "remain" and the "Tomkins." Father's been throwing out hints about the long courtship, darling!

**Before and After.**  
Mr. Busybody—Pardon me for mentioning it, but isn't your wife a little rude to you at times? Mr. Henpecked—Well, it does seem so to me. Before we were married she used to sit on my knee. Now she sits all over me.—Somerville Journal.

**Not Using It.**

Old Blend Drinks.

Mead, made of honey, water and spices; braggot, malt and pigment, variants, were very early drinks in England.

Current wine, elderberry, gooseberry, mulberry, quince, plum and apricot wine are old fashioned varieties. Parsnips and turnips produce a very powerful village brandy.

Cowslip and thimble wine are very different, the former weak and the latter very heady.

Five tree tops, green nettle tops, birch and hickory, bog myrtle, heather—all produced liquors. And did not a New England rhyme, meant to encourage the patriotic boycott on British goods, run:

"We can make liquor to sweeten our lips. From pumpkins and parsnips and walnut tree chips?"

Sloe gin and rue gin are queer drinks. Negus is sherry, hot water, lemon, sugar and nutmeg. The London Outlook says that Derbyshire women used to drink in secret a "ferociously intoxicating" potion made out of the poisonous foxglove.—New York World.

Didn't Know Hymns.

Nordy—Lots of people are getting married nowadays. Butts—Yes. Hymns is doing a flourishing business. Nordy—What's he sell? Carpets and house furnishings?—Louisville Courier-Journal.

If every one knew what one said of the other there would not be four friends left in the world.—Pascal.

## BENSONIZER LUNG CUPE

NO MORE EXILE FOR CONSUMPTIVES.

A Cure at Last Obtained, After a Searching Investigation, by St. Louis Internists.

A few months ago the attention of a few scientific and philanthropic gentlemen of St. Louis was directed to an entirely new method of combating that most dreadful of all diseases, tuberculosis, commonly called consumption. Out of 115 test cases, 77 were completely cured and 28 have shown such improvement that their ultimate recovery is but a question of a few weeks.

So astonishing have been the results and absolute cures in cases pronounced incurable by all old methods that a company has been formed and is now prepared to furnish at a normal cost this cure to all sufferers of the "White Plague." One of its chief features is that patients can remain at home, surrounded by friends and relatives, and in a great many instances, especially the incident or early stages of the disease, pursue their daily vocations and still become completely cured.

Patients receiving the same treatment here in St. Louis have completely recovered as rapidly as those in Colorado, New Mexico and Texas. The wonderful results in question have been accomplished by the Bensonizer, and the company which controls this marvelous medical device has located the main office at 417 North Seventh street, St. Louis. They have also located a factory on Easton avenue and a laboratory has been built at Hillside, Mo. The cure will be known as the Bensonizer Lung Cure, and Mr. C. P. Benson, the discoverer of the fluid inhalants which are used, will personally have charge of the affairs of the company. Mr. Benson will personally meet all who call at the office of the company on Seventh street, and will answer all communications from sufferers who are unable to make a personal call.—From the St. Louis Globe Democrat.

Program for Teachers Meeting Saturday January 14th 1905.

10:00 a. m.—Opening exercises by Rev. H. H. Moore.

10:15 a. m.—Reading minutes and roll call.

10:30 a. m.—Miscellaneous business.

The committee on program believe that at this stage of the work it would be wise to have an informal meeting at which any phase of the school work may be discussed. There may be many things which the teachers would like to hear discussed which would have never suggested themselves to us, therefore we have decided to request any and every teacher of the county to suggest any phase of the school work which he or she may desire to hear discussed and it will be done at this meeting. We request that any teacher desiring to suggest a topic, send it at once to the president, T. H. King, Ayden, N. C., and thereby give him an opportunity to select for its discussion the person best fitted to do so. You need not give your name but simply send your request to the president as above directed.

We desire to call attention to the date of this meeting—January 14, 1905. We do this because the second Saturday comes the day before the 3rd Sunday. Last year when this was the case some of the teachers came the Saturday before the Second Sunday. If you will send in your questions this will be an interesting and profitable meeting. Let us keep these meetings up to the "high water mark" reached in the last two.

THE COMMITTEE.
