New Spring Goods

ARRIVING DAILY.

There is one thing that we do not claim in our business to do and that is to sell goods cheaper than they can be bought—neither do we want to create the impression that our store is full of shop worn, out of style goods nor by filling our store with show bills and sign boards will we try to impress false ideas in your mind that we are going out of business, but we do wish it understood that we are receiving daily shipments of the newest things in

RIBBONS, SILKS, EMBROIDERIES, LACES

and kindred materials so desirable with the womer folk of Greenville and Pitt county, and we do hope that you will at least favor us with a visit to see these many new things.

Pulley & Bowen,
THE HOME OF WOMEN'S FASHIONS.

WILL HAVE SEWERAGE.

Aldermen Voted to Have the System Put in.

The board of aldermen held a joint session with the board of internal improvements, Thursday night, to confer about matters pertaining to the water works and electric lights. The improvement board reported that the plants would soon be in readiness to turn over to the town and it is time arrangements were being made for their supervision.

Aldermen C. S. Carr, W. A. Bowen and A. H. Taft were appointed as water and lights committee to act with the improvement board in selecting a superintendent and arranging the schedule of rents.

The aldermen also by unanimous vote authorized the board of improvements to put in a system of sewerage, and instructed that in connection with the committee named above, which is also the finance committee, to arrange for borrowing not to exceed \$10,000 this amount to be supplemented by \$5,000 from the town treasury.

The sewerage system to meet the present needs of the town will cost approximately \$15,000 and can be constructed now cheaper than to wait later. Without the sewerage there would be few if any renters of water, for they could not use it without an outlet to take it off.

The water and light plants will be ready for use about the first of March.

A Watch Cost His Life.

Mr. Jno. W. Morgan, a prominent citizen of Randolph, and well-known all over Davidson county, died at his home near Randolph post office Friday morning, after a few weeks illness with la grippe and pneumonia. Mr. Morgan was 49 years old and leaves a wife and 10 children. The funeral and burial took place at Shepherd church Saturday afternoon and was attended by a large number of relatives and friends.

Mr. Morgan was for several years a successful horse trader; later he was an agent for McCormick machinery and engaged in the saw mill and farming business as a side line. He accumulated considerable property and his estate is valued at several thousand dollars.

About four weeks ago, while crossing Uwharrie river, Mr. Morgan accidentally dropped his watch in the stream. He waded in the cold water after the timepiece and became thoroughly chilled. He went home, was stricken with la grippe, followed by pneumonia and death resulted last Friday.—Lexington Dispatch.

THE MEETING.

Congregations Large and Interest Increasing.

Congregations were larger at both services in the Methodist church yesterday than they had been since Sunday, and deeper interest was manifested than had been in any of the services previously held. At the 11 o'clock service Dr. Cemann preached an intensely interesting sermon on the Personality of the Devil. Some of his propositions concerning the prince of darkness were out of the ordinary channels of thought, but he quoted numerous texts of Scripture in support of every statement he made, so that settled the question as to the correctness of his positions.

At the evening service his text was selected from Paul's Epistle to the Romans, 12:1-2. For one hour, with great earnestness and unction, the preacher discussed the important and practical thought presented in the text announced. It was the most convincing appeal that this gifted servant of God has made since he has been among us.

At the close of the sermon quite a number of Christians came forward to reconsecrate themselves to the service of God. Several persons indicated their desire for the prayers of God's people by bowing in the congregation.

Services each day at 11, a. m., and 7:15, p. m. A cordial invitation is extended to the people of Greenville to attend these services.

Fourteen Passengers Hurt.

Columbia, S. C., Feb. 9.—Fourteen passengers and nine members of the train crew were slightly injured in a rear end collision between the Southern railway's southbound New York and Florida express train No. 33 and a shifting engine pushing freight cars at the entrance of the old Blading street station, in this city, at three o'clock this afternoon.

Both engines were badly wrecked and the mail car of No. 33, was telescoped, but none of the passenger cars left the track. All of the crockery in the dining car was broken and four of its employees were injured. The accident occurred on a sharp curve of a high embankment, and that no one was killed is miraculous. The engineer and fireman of the passenger train saved themselves by jumping just before the crash.

Price Is After Blackburn.

Salisbury, N. C., Feb. 9.—There is every indication of a lively tilt between Representative-elect Blackburn of this district and A. H. Price, assistant district attorney.

In an interview today with the Evening Post Mr. Price declares Mr. Blackburn's purpose, as he puts it, to enroll every Federal officeholder in the State as a member of the Republican club at Greensboro. Mr. Price learns that Blackburn has declared that he must walk the plank, and he announces his purpose personally to visit the President and Attorney General and present to them his record as a public official and loyal Republican.—News & Observer.

Attend the Teachers Meeting.

The program at the teachers' meeting to-morrow promises to be an unusually interesting one, being a model school of five grades in session. Some splendid work may be expected. In addition two prizes will be presented for the best papers in history. Everybody is cordially invited to be present, and we believe it will pay to take advantage of this opportunity to see some model class work. The exercises begin promptly at 9:45, a. m., and close at 1:05 o'clock, p. m.

THE LEGISLATURE.

THURSDAY.

Representative W. C. Phipps, of Watauga county, having died the previous evening, the house adjourned out of respect to him and no business session of that branch was held.

The senate also held only a short session and adjourned at noon in respect to the memory of Representative Phipps. Only a few bills were introduced, and all special matters went over to another day.

AYDEN ITEMS.

AYDEN, N. C., Feb. 10, 1905.

Thursday morning sometime just before day Aaron Cox, a desperate and all round bad negro, went to the home of Bettie Ridley, colored, while her husband was absent working as a night hand at the Ayden Mill, and broke into the house and criminally assaulted her. After a desperate struggle the woman broke loose from him and escaped, giving the alarm, at which Aaron took flight. A warrant was sworn out by the unfortunate woman who bears a splendid character, and placed in the hands of an officer who at once started in pursuit of the criminal. In a few hours he was found and brought to trial at which he was held without bond for the next term of Pitt Superior court.

Mrs. J. A. Forrest has been visiting in Winterville.

Mrs. Edgar Summerell spent one day in Greenville this week.

They tell us the merry sound of marriage bells will soon be ringing. We are not of the lucky number—How sad!

The movement on foot in regard to a dispensary here is creating no little excitement among the pros and cons.

D. G. Bibb has gone to Wilson Mills on business.

Herman Smith, a student here from LaGrange, has been away on a matter of importance concerning himself and perhaps another, but only one other.

Fred Hines, of Scotland Neck, is here on a visit to his parents, Mr. and Mrs. James Hines.

Hon. J. J. Laughinghouse stopped over a short while from the freight on his return to Raleigh Tuesday.

Dr. Basnight, of Stokes, has been spending a few days with friends here. He is a former pupil of the Free Will Baptist college.

Laurie Chapman, of Grifton, and J. R. Harvey, of Kinston have been buyers on our cotton market this week.

Bloody Conflicts Reported

Berlin, Feb. 10.—Press dispatches from Senovice describe the bloody character of the conflict between the military and strikers at Katherine Iron Works. One correspondent telegraphs that fifteen persons were killed and thirty six wounded while another gives the number killed at fifty.

The military fired eight volleys. Another collision occurred at the Ni'ka mine, beyond Modrzef, where it is rumored 150 persons were killed. A third collision occurred yesterday forenoon near Mitovice, but this affair was bloodless.

Report of Terrible Explosion.

Birmingham, Ala., Feb. 9.—A terrible explosion at a dynamite plant at Boyles, five miles north of Birmingham, tonight wrecked the plant and broke windows and extinguished all lights within a radius of two miles, but so far as learned no one was killed. The shock was felt for twenty-five miles. Every avenue for obtaining details is cut off tonight.

GREENVILLE VS. SCOTLAND NECK.

By way of comparison the Scotland Neck Commonwealth says:

"About three weeks ago mention was made in these columns that the Greenville REFLECTOR carried in a single issue twenty two columns of advertisements by the home merchants. Since then that paper has carried in one issue twenty five columns of advertisements by the home merchants there.

"THE REFLECTOR of February 2nd said that requests for copies of the paper have come from Northern and Western cities because persons there wish to see how the Greenville merchants are advertising their town. Such liberal advertising has caused considerable press comment, and the country is beginning to learn about the progressive methods of the business men of Greenville.

"The Commonwealth offers to the business men of Scotland Neck just as easy means for advertising as THE REFLECTOR offers to the business men of Greenville; but they do not avail themselves of the opportunity.

"Scotland Neck has as attractive business places as any town of its size in the country, including a handsome drug store, ten or twelve dry goods stores, eight or ten grocery stores, two hardware stores, three or four brokers, several law offices, insurance agencies at almost every corner, shops, factories, livery stables, sale stables, and a number of other things that could be well advertised; but no man on earth would think there are half so many business places here by looking through the columns of the town paper."

That is where the people of Scotland Neck make a grave mistake, and the same is true of any other town whose business men follow such a course. The man who tries to do business without advertising injures himself. If advertising did not pay you would not see the best business men doing so much of it. Beside the value to the advertiser, a newspaper is an index to a town and the outside world forms its opinion of a town largely from its newspapers.

To the Charlotte Observer or Greenville REFLECTOR: Some lasses in an adjoining county sent a young man to the Commonwealth office yesterday asking for some "high dives." The young man said they told him that he would find "high dives" only in a printing office. We pass it on to the Charlotte Observer and the Greenville REFLECTOR to enlighten us about "high dives" in printing offices.—Scotland Neck Commonwealth.

This is one on us, and we will have to pass it on to the Charlotte Observer and let that paper walk off with the palm for a correct answer if it can.

There are some sharp lawyers in the legislature. One of them has introduced a bill to prevent compromise of suits by litigants until all attorneys fees are paid, and the house committee has made a favorable report on it. That is a bill that should not get on the statute books. We are unable to see why the state should make any more provision for lawyers to collect their bills than are made for farmers, merchants, doctors, and all other occupations, trades and professions.

After Greenville gets the electric lights, waterworks and sewerage completed, the next move should be for better streets.

Six per cent interest is a sufficiently high rate to pay on money, and the people of the state have prospered for many years under that rate. The bill before the legislature to allow an increase in the rate to seven per cent should be knocked out on the first round.

This matter of providing for an issue of bonds to the amount of half million dollars is something the legislature should go slow on.

Greenville is getting a good start on the line of improvements and you can't head her off.

Every time Miles opens his mouth he makes the matter worse.

No Moore Stomach Troubles

All Stomach trouble is removed by the use of Kodol Dyspepsia Cure. It gives the stomach perfect rest by digesting what you eat without the stomach's aid. The food builds up the body, the rest restores the stomach to health. You don't have to diet yourself when taking Kodol Dyspepsia Cure. J. D. Eiskine, of Allenville, Mich., says, "I suffered Heartburn and Stomach trouble for some time. My sister-in-law had the same trouble and was not able to eat for six weeks. She lived entirely on warm water. After taking two bottles of Kodol Dyspepsia Cure she was entirely cured. She now eats heartily and is in good health. I am glad to say Kodol gave me instant relief." Sold at Wooten's Drug Store.

You Are Talking Sense.

A bill has been introduced in the legislature appropriating \$50,000 for the support of the University and \$50,000 for a new building there. The State Normal College and A. and M. College at Raleigh will probably ask for in the neighborhood of \$200,000 each. The Landmark is proud of these institutions and proud of the work they are doing for North Carolina. But the State hospitals for the insane should first be provided for. When these are given what is necessary for them to have to care for the unfortunates of the State, and the other charitable institutions and the public schools are properly provided for, then the State institutions for higher education should come in for whatever can be given them. But the insane first by all means.—Statesville Landmark.

Sour Stomach

When the quantity of food taken is too large or the quality too rich, sour stomach is likely to follow, and especially so if the digestion has been weakened by constipation. Eat slowly and not too freely of easily digested food. Masticate the food thoroughly. Let five hours elapse between meals, and when you feel a fullness and weight in the region of the stomach after eating, take Chamberlain's Stomach and Liver Tablets and the sour stomach may be avoided. For sale by Wooten's Drug Store, Greenville.

King Alfonso and American Girls.

The Rev. Thomas Van Ness, who has a rich fund of stories of that country, tells this anecdote of King Alfonso:

A certain member of the Spanish court was urging upon his majesty the advisability of his marriage with a certain Princess, when the young King interrupted him.

"No," he said, "I shall marry an American. First, because the Americans are all rich, and that will please you. Second, because they are all Republicans, and that will please many of the people. Third, because they are all beautiful. And that will please me.—Boston Record.

Speedy Relief

A salve that heals without a scar is DeWitt's Witch Hazel Salve. No remedy effects such speedy relief. It draws out inflammation, soothes, cools and heals all cuts, burns and bruises. A sure cure for Piles and skin diseases. DeWitt's is the only genuine Witch Hazel Salve. Beware of counterfeits, they are dangerous. Sold at Wooten's Drug Store.

The Junior Order of American Mechanics at Raleigh have petitioned the General Assembly to establish compulsory education in Wake county and not to divert to any other purpose any portion of the present fund used for school purposes.

THREE JURORS CURED

Of Cholera Morbus with One Small Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr G. W. Fowler of Hightower, Ala., relates an experience he had while serving on a petit jury in a murder case at Edwinstown, county seat of Cleburne county, Alabama. He says: "While there I ate some fresh meat and some souse meat and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture, but the druggist sent me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy instead, saying that he had what I sent for, but that this medicine was so much better he would rather send it to me in the fix I was in. I took one dose of it and was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one small bottle cured the three of us." For sale at Wooten's Drug Store.

A Petition That Accomplished Its Purpose

On Wednesday a petition to the Legislature was circulated in Asheville for the sole purpose of showing that many people will sign a petition without knowing its contents, and the signers were many. This petition cites that whereas the citizens desire what is best for the interests of the city, therefore the Legislature is asked to pass a law, applicable to the State at large, if possible, otherwise only to Buncombe county, requiring all dogs, except pug dogs, to walk on their hind legs, and punishing the owners of dogs that disobey the law.—Morganton Herald.

Tonic to The System.

For liver troubles and constipation there is nothing better than DeWitt's Little Early Risers, the famous little pills. They do not weaken the stomach. Their action upon the system is mild, pleasant and harmless. Bob Moore, of Lafayette, Ind., says, "No use talking, DeWitt's Little Early Risers do their work. All other pills I have used gripe and make me sick in the stomach and never cured me DeWitt's Little Early Risers proved to be the long sought relief. They are simply perfect." Persons traveling find Little Early Risers the reliable remedy to carry with them. Sold at Wooten's Drug Store.

Business men are looking out for opportunities to cut down their force and do the same work with fewer hands. That's when they are spending their own money, and conducting a business upon business principles. The State, the county and the city never fail to do the opposite of this, if they do anything. Who ever heard of anything being taken off of the tax-payers.—Raleigh Times.

Comforts the heart, strengthens the mind; Is good ill or well. Makes the face bright as the summer morn. That's what Hollister's Rocky Mountain Tea will do. Cures when all else fails. 35 cents. Wooten's Drug Store.

Every day the farmers of the South hold their cotton and adhere to their short planting determination they add thousands and thousands of dollars to the value of the cotton crop.—Atlanta Constitution.

There are some other products of Southern soil that might prosper under similar rules and regulations: Tobacco, for instance.—Richmond Times-Dispatch

Cures dizzy spells, tired feeling, stomach; kidney and liver troubles. Makes you well and keeps you well. That's what Hollister's Rocky Mountain Tea will do. 35 cents, Tea or Tablets, Wooten's Drug Store

Nearly every big failure in eastern North Carolina in the past twenty years has been due to gambling in futures. Hundreds of young men have become gamblers by reason of the open shops, calling themselves "legitimate." The thing to do is shut up these gambling shops where gambling is semi-respectable.—News and Observer.

Willing to Take Chances.

Those in favor of enlarging and remodeling the capitol claim that the old building is nothing but a death trap. That may be, but we notice that there are plenty of patriots every two years who are more than willing to be caught in the trap.—Monroe Equivocal.

FOR THE LITTLE ONES.

A Coin Trick That is Good For Lots of Fun at a Party.

Begin this trick by remarking how very easily a wetted silver dime will adhere to the forehead and say you will wager any one that after you have applied it to his forehead he cannot "winkle" or shake it off without touching it with his hands. You may give a little illustration by damping a coin with the tongue and sticking it to your own forehead, then making a great fuss of working your face to dislodge it. Naturally it falls off after a short time. Some one is sure to take up your wager.

Start by putting the dry coin to his forehead, then taking it off to damp. Instead of doing so you, unperceived, wet the tip of the middle finger of your right hand and apply it to his forehead as if it were the coin you were sticking on. Now take away your hand, carefully concealing the coin. The fun then commences. Your friend imagines the silver is on his forehead and tries to work it off, his friends meantime encouraging him to persevere, and so the fun goes on until it dawns upon him that he has been "fooled." Now is the time to get out of his road.

About the Eyes.

That the eyesight can be educated is a fact known to science, and color blindness is not a radical defect of vision, but one which might have been averted by proper training in childhood.

An excellent lesson which may be carried on with silk, wool, paper or material of different shades with slight graduations of color is the game of matching colors. The rapidity of vision can be greatly developed.

Most persons know the story of the conjurer whose father made him while a small boy play the game of naming the objects in some shop window passed at a quick walk. If one will try this he will be astonished at the way the number of objects seen at a glance will grow with practice.

Cat and Mouse.

The children sit in two rows opposite each other with a space between. One child takes the place of "cat," being blindfolded, and one takes the place of "mouse" and is also blindfolded, the cat standing at one end of the row and the mouse at the opposite end. They start in opposite directions, guiding themselves by the chairs, the cat trying to catch the mouse. When the mouse is caught it is made the cat, and one of the company takes the place of the mouse.

Wrongly Named.

Titmouse is a bird.
Catgut is sheep gut.
Sealing wax has no wax.
Blind worms have eyes and can see.
Irish stew is unknown in Ireland.
Rice paper is not made of rice or the rice plant.
Kid gloves are not made of kid.

Didn't Get the Present.

It was a little boy's first morning at school. As the teacher assigned him a seat she said, "You may sit here for the present."
When the little boy went home he repeated to his mother, "The teacher told me to sit there for the present, and then she didn't give me the present."

A Noble Deed.

Papa—How did you get your clothes so terribly torn?
Tommy—Tryin' to keep a little boy from bein' licked.
Papa—Ah, a brave deed! Who was the little boy?
Tommy—Me.—Youth.

Spanked.

I guess my mamma 'd feel real bad. And cry and go round awful sad. If I'd run 'way away!
I guess she'd be real sorry then. And never laugh nor smile again. I guess I'll go today.
'Cause I've been spanked!

I guess my mamma 'd go 'most wild. And wish she had her dear, sweet child. If I'd lie down and die!
I almost cry myself to think. Of me, real dead, dressed all in pink. 'Till lie right down and try.
'Cause I've been spanked!
—Felix Fidda.

"Outway" and "Itway."

Now that the word "subway" is a recognized classic, would it not be well to find better words than "exit" and "entrance"? The passages to and from the "subway" should logically be the "inway" and the "outway." Yours for Saxon speech.—Local Cor. Boston Transcript.

ALL OVER THE HOUSE.

To Remove Ink Spots, Iron Mold and Similar Stains.

While wet sprinkle powdered chalk or starch on the stain and moisten it with milk. Another method is to sprinkle with salt and rub with half a lemon. Wash off acid and rinse at once.

When the ink has been allowed to get dry place the stained part in a saucer containing a little boiling water, moisten the spots and cover with salts of lemon. Let it remain a few minutes, then pour boiling water on carefully to prevent the acid spreading, which would burn and rot the dry threads. It is advisable for this reason that the article should be well rinsed in warm water. No alarm need be felt if instead of taking it out clean the acid turns it out a pale green. Boiling will finish the process.

Iron mold can be treated in the same way, and it disappears at once. Muriatic acid is most useful in removing red ink stains. Ink must be removed at once from colored materials, as the dye is not proof against the method needed for dry stains. Steep the stained part in boiled, not boiling, milk, rub it lightly and change the milk as it becomes inky.

Cheese Straws.

Take two ounces of butter, two of extra good flour, two ounces of parmesan cheese and the usual seasoning of salt and cayenne. Rub the butter and cheese well into the flour, add the seasoning and sufficient yolk of egg to make the whole into a stiff paste. Roll out thin and cut in strips half an inch wide and about four or five inches long. Cut also some rings of the paste. Lay them on a sheet of paper and bake in the oven five or ten minutes until they become a nice golden color. When cold arrange in little bundles, sticking three or four straws through each ring.

Cure For Nail Biting.

A mother whose little daughter had the habit of biting her nails had tried numerous unsuccessful devices for curing her before she hit upon one which proved eminently effective. This was nothing less than the gift of a manicure set with permission to use it all she wanted to. As the child learned to polish and trim her nails her joy in them grew apace until pride had quite put to rout the ugly habit which no amount of coaxing or scolding had been able to break up.—Table Talk.

The Dishcloth.

When dishcloths are finished with they should be put in a pan of hot water in which a little soda is dissolved and boiled for a few minutes, then rinsed in cold water and hung up to dry. If you do not do this every day you should make it a point twice a week. Perhaps the best kind of dishcloth is that made by knitting very coarse cotton on large needles. These can be bought, but the making of them affords a nice occupation to those whose eyesight fails or to children.

Washing Embroidery.

Soap should never be rubbed directly on embroidery, but all centerpieces of this kind should be cleansed in a soap lather and squeezed with the hands, never rubbed. Where colors are used on them each piece ought to be laid separately on a towel. In this way if any of the colors chance to run there will be no danger of streaking other pieces.

To Sweeten Meat.

Fresh meat, beginning to sour, will become sweet again if placed out of doors overnight.

All coughs, colds and pulmonary complaints that are curable are quickly cured by One Minute Cough Cure. Clears the phlegm, draws out inflammation and heals and soothes the affected parts, strengthens the lungs, wards off pneumonia. Harmless and pleasant to take. Sold at Wooten's Drug Store.

Cured of Lame After 15 Years of Suffering

"I had been troubled with lame back for fifteen years and I found a complete recovery in the use of Chamberlain's Pain Balm," says John G. Bisher, Gillam, Ind. This liniment is also without an equal for sprains and bruises. It is for sale by Wooten's Drug Store, Greenville.

When you feel a sense of weight and oppression after meals it means indigestion. Hollister's Rocky Mountain Tea positively cures indigestion, constipation and stomach troubles. 35 cents, Tea or Tablets.—Wooten's Drug Store.
