**New Spring Goods**  
ARRIVING DAILY.

There is one thing that we do not claim in our business to do and that is to sell goods cheaper than they can be bought—neither do we want to create the impression that our store is full of shop worn, out of style goods nor by filling our store with show bills and sign boards will we try to impress false ideas in your mind that we are going out of business, but we do wish it understood that we are receiving daily shipments of the newest things in

**RIBBONS, SILKS, EMBROIDERIES, LACES**

and kindred materials so desirable with the women folk of Greenville and Pitt county, and we do hope that you will at least favor us with a visit to see these many new things.

**Pulley & Bowen,**  
THE HOME OF WOMEN'S FASHIONS.

**THE LEGISLATURE.**

**MONDAY.**

The senate passed the anti-jug bill, but as amended it applies to only a few more than half the counties in the State. Pitt is one of the counties excepted from the operation of the bill. Senator Fleming presented two petitions from citizens of Pactolus, one asking that the town be divided into two towns, the other opposing such division. He also introduced a bill to reduce the corporate limits of the town of Fountain.

A message was received from the Governor, in which he urged the passage of the establishment of a strong Bureau of Immigration; to enact a wide, far-reaching vagrancy law; to amend the law relative to the jury system, lessening the number of challenges; repeal all divorce laws passed since the Code of 1883; to pass a bill increasing the premiums of Confederate veterans to \$800,000; to give a suitable amount for the erection of a monument in the capital to the late M. W. Ransom; for the better protection of the records of the State, and reconsider the action which voted down the bill providing for the building of a Hall of Records; and for the creation of an office of State Purchasing Agent.

In the house Representative Laughinghouse introduced a bill to establish a dispensary at Falkland.

A bill was also introduced to allow ex-Confederates to draw pensions who own property less than five hundred dollars.

The bill to extend the corporate limits of the town of Shelmerdine passed third reading, also the bill to allow Pitt county to levy a special tax; and the bill to amend and consolidate the charter of the town of Greenville.

**TUESDAY**

In the senate a resolution was offered memorializing congress to open the inland waterway.

The bill providing for holding an election in Ayden on the question of dispensary passed third reading.

Very few new bills were introduced, and these of minor importance.

In the house the Ward bill which prohibits the manufacture of liquor in towns of less than 1000 population was the special order three hours were consumed in discussing the bill and after voting down all amendments and substitutes, the bill finally passed by a large vote of 74 to 35.

The house had no new bills of importance.

**Sudden Death.**

Miss L. M. House, an aged maiden lady, living near House Station, four miles north of Greenville, died suddenly this morning from a stroke of apoplexy. She was apparently well at breakfast and was getting around in the dining room after eating, when she was suddenly stricken and died almost instantly. Miss House was between 55 and 60 years of age. The remains will be interred in the family burial ground Thursday afternoon about 2 o'clock. She is survived by several brothers and sisters, who have the heartfelt sympathy of their many relatives and friends.

**Married.**

Samuel J. Bruer and Miss Eva Randolph, of Belvoir township, were united this morning in the holy bonds of matrimony in the office of Major H. Harding. Squire Harding performed the ceremony in his usual style and in a very impressive manner, after which the happy couple went their way rejoicing.

Pitt county, dripped honey at S. M. Schultz.

**THE DAY OF GREAT AWAKENING**

"Behold, now is the accepted time; behold, now is the day of salvation." This, God's word, is being fulfilled today as never before since the world began. Scheenaday, N. Y., and Denver, Colo., are today centres of extraordinary "religious awakening." Such secular papers as the New York Sun, The Tribune write editorially declaring it to be their belief that a "new and general revival of christianity" is near.

In Denver a few days ago 35,000 persons attended services in the churches one day, "500 business houses were closed all public offices and schools. The legislature adjourned and attended services."

In London, just a few days ago, 10,000 people assembled in the first of a series of meetings led by Dr. R. A. Torrey of the U. S.

In Wales during five weeks recently, 20,000 men and women have united with the different churches. The great and glorious work goes on in that. Hardened men, drunken and profane, are happily converted, Saloon keepers are going out of business for lack of patronage.

If you haven't read the secular press reports of what great things the Lord is doing in the earth "today," look for these accounts and then pray God to move Greenville.

The large and intensely interested congregation that gathered in Presbyterian church Tuesday morning and night seem to prepare a great awakening in our city. Don't forget the hour for service, 10 a. m. and 7:30 p. m.

**A Confusion of Wives.**

Occasionally this excess of wives in Utah leads to amusing consequences, as when one of the Apostles invited a visiting Gentile to dinner. The guest lost the address, and looked up the Apostle in the directory. He observed that his hostess, though she answered to the proper name, seemed unprepared for him, and presently he heard her at the telephone. "Oh, Emma! Is John living at your house this week? Is he expecting somebody to dinner today? Very well. The gentleman will be there in a few minutes." Then, returning to the stranger, she handed him a paper slip. "You came to the wrong house, sir. This is the address you want." On another occasion, a little girl came running into the parlor while a visitor was calling. "Mamma, mamma, papa wants his suit-case packed. He is going to live with Aunt Emma this week."—Leslie's Monthly.

**Mrs. A. D. Hunter Dead.**

Cary, N. C. February 27.—Mrs. Irene Walker Hunter, the beloved wife of the well known Rev. A. D. Hunter, died this morning at 2 o'clock at home here. Mrs. Hunter had been sick but a few days and her comparatively sudden death will be learned with profound sorrow by friends every where. Last Tuesday she was taken sick and today she is dead—pneumonia and attending complications was the cause.

Mrs. Hunter was the only daughter of Mr. and Mrs. J. R. Walker, of this place, by whom she is survived, together with her husband and four children.—Raleigh Times.

Myloff, is the name of a Russian general. It seems that a majority of them are Myloff's when the Japs are anywhere around.

Life insurance agents in Russia are catching it tough just now writing insurance on the lives of the Grand Dukes—Nothing doing.

The news reached here from Raleigh this evening through a private telegram that the dispensary division bill has been withdrawn much to the gratification of our people.

For a while it looked very much like the beef trust was going to fall in the soup, but those delicious sirloin steaks and beef stews we dreamed of at a moderate price come as high as ever.

If Mrs. Cassie Chadwick, Mrs. Brodie Duke and Nan Paterson were only dead instead of dead broke there might be some monuments erected to these three notable American heroines.

An exchange says an ostrich and a lion in the New York zoo have died from pneumonia. The next thing we may expect to hear is that some of the animals and fowls will be dying with appendicitis.

Representative Laughinghouse has made a gallant fight on his bill to reduce railroad passenger fares, but it looks like the Senate is going to defeat it. The bill passed the House by a large majority, but the Senate committee has made an unfavorable report on it.

In two more days Roosevelt will be inaugurated according to his own style and desire. It has been stated that the general procession will be headed by colored troops. This will be in keeping with his style. It is also stated that negroes will attend the inaugural ball, if this be true, let the Southern people preserve their self respect by staying at home.

Has the farmer got anyone to blame about the present low price of cotton but himself and his brother farmers? If it takes six barrels of flour, two hundred bushels of corn and two hundred pounds of meat, to run a farmer through the season and he goes to market and lay in this supply has he any use for any more. No, not at a low price even. There has been too much cotton raised, and the factories are supplied and just don't need any more now. There is but one way to put cotton back to 10 cents an that is to reduce the acreage.

### Take Up a Collection.

The net earning of the North Carolina railroads last year was \$6,861,236 after paying taxes. This would pay the interest on the funded debt and nearly six per cent on all the stock, including the deluges of water. And yet we are told the railroads are so poor that they will be ruined by the moderate reduction in the Laughinghouse bill. Shall we take up a collection for the benefit of the railroads?—News and Observer.

There must have been a terrible rattling of rheumatic bones in the valley of Hot Springs, Saturday morning.—Ex.

### It Is Just Like This.

From the Russian Japanese war comes this story: The Japs were occupying some little villages built close together, and that had names sounding like two sneezes and a hiccup. These villages were made up of little, low, single huts, built mostly of dirt. The smallest guns the Russians had could have knocked them into a cocked hat with as ease as the Trust can knock the prices off each separate farmer's tobacco crop.

But those little Japs are smart people, and their brains work hardest when they are in a tight place. When the Russians arrived and began to shoot, they found their grape-shot and cannon balls had no more effect than if they were throwing marble against a stone wall. They tried bigger cannons, but couldn't make a dent. Why? Well, those smart little Japs had just gotten ice and snow and packed all around the huts, and joined them together, and let them freeze hard and solid. The dirt huts became as hard as rock, and, as there was no opening between them, they were a solid and unbroken line.

The separate huts would have been smashed up in ten minutes—the solid line of hard-frozen huts stood the attack.

Freeze together farmers. As long as you are separate, they'll beat you. If you make a solid line and shoot straight from behind it, you'll beat them.—Southern Tobaccoist and Modern Farmer.

### THREE JURORS CURED

Of Cholera Morbus with One Small Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr. G. W. Fowler of Hightower, Ala., relates on experience he had while serving on a petit jury in a murder case at Edwardsville, county seat of Cleburne county, Alabama. He says: "While there I ate some fresh meat and some souse meat and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture, but the druggist sent me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy instead, saying that he had what I sent for, but that this medicine was so much better he would rather send it to me in the fix I was in. I took one dose of it and was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one small bottle cured the three of us." For sale at Wooten's Drug Store.

There are not many days left the Legislature and it is to be hoped that it will be wise enough and Democratic enough to leave something to a vote of the people that heretofore have been taken away from them. Men cannot be held together now as once they were, by appeals to party pride. On every hand, the ascendancy of the independent voter is in evidence. The day of bitter partisanship is rapidly passing. While the Republic stands, there will be found men whose visual powers will prevent their viewing anything otherwise than through partisan longnettes. But the voters are learning that it is incumbent upon them to discriminate if desired results are to be obtained and are taking matters in their own hands. A sense of responsibility is being evidenced on all sides, and the reign of the political boss appears to be doomed.—Salisbury Post.

### Give Your Stomach a Rest.

Your food must be properly digested and assimilated to be of any value to you. If your stomach is weak or diseased take Kodol Dyspepsia Cure. It digests what you eat and gives the stomach a rest, enabling it to recuperate, take on new life and grow strong again. Kodol cures our stomach, gas, bloating, heart palpitation and all digestive disorders. L. A. Soper, of Little Rock, Ky., writes us: "We feel that Kodol Dyspepsia Cure deserves all the recommendation that can be given it, as it saved the life of our little girl when she was three years old. She is now six and we have kept it for her constantly, but of course she only takes it now when anything disagrees with her." Sold by J. L. Wooten.

In Morehead City the people do not want liquor, and the Legislature gives it to them. In Spring, Hope, they do want it and the Legislature wants to take it away.—Salisbury Post.

Colonel Jack Chinn, a Kentucky celebrity, has founded a new party. He wants Roosevelt and Bryan to head it. A dispatch from Washington says that "Colonel Chinn's new party designation is felt here to fill a 'long-felt want' and one Democratic Congressman, who predicted that it would become popular, said it accurately described nearly the whole Democratic side in Congress. Chinn is a Democrat of the strongest kind." Of course Colonel Chinn would be for a cabinet position under the administration of this new party.—Charlotte Observer.

### Sour Stomach

When the quantity of food taken is too large or the quality too rich, sour stomach is likely to follow, and especially so if the digestion has been weakened by constipation. Eat slowly and not too freely of easily digested food. Masticate the food thoroughly. Let five hours elapse between meals, and when you feel a fullness and weight in the region of the stomach after eating, take Chamberlain's Stomach and Liver Tablets and the sour stomach may be avoided. For sale by Wooten's Drug Store, Greenville.

Mr. Glenn Williams has printed a card in which he protests against the Democratic party breaking faith with him and bankrupting him by the passage of the Ward bill. Even those who do not sympathize with him will not blame him for protesting. In his card he makes one point that cannot be rubbed out—the Ward bill is not a temperance measure. It does not prevent the people from getting all the whiskey they want, only they must not buy it inside of North Carolina, but get it from some outside State.—Ex.

### That Tickling in the Throat

One minute after taking One Minute Cough Cure that tickling in the throat is gone. It acts in the throat—not the stomach. Harmless—good for children. A. L. Stafford, postmaster at Chester, Mich., says: "Our little girl was unconscious from strangulation during a sudden and terrible attack of croup. Three doses of One Minute Cough Cure half an hour apart speedily cured her. I cannot praise One Minute Cough Cure too much for what it has done in our family." It always gives relief. Sold by J. L. Wooten.

### Negro in The Lead.

E. A. Johnson, col., attorney of this city, has been invited by the chairman of the committee on civic organizations to ride in the inaugural parade next Saturday at Washington, D. C., as one of the staff of the chief marshal, and his position will be with those at the head of the parade.—Raleigh Times.

### The Sunshine of Spring.

The salve that cures without a scar is DeWitt's Witch Hazel Salve. Cuts, burns, boils, bruisés and piles disappear before the use of this salve as snow before the sunshine of spring. Miss H. M. Middleton, Thebes, Ill., says: "I was seriously afflicted with a fever sore that was very painful. DeWitt's Witch Hazel Salve cured me in less than a week." Get the genuine. Sold by Jno. L. Wooten.

This Legislature has \$500,000 more that it can appropriate than any previous General Assembly. And yet, not satisfied with this, there is a persistent demand to issue bonds. Better have a care! It is easy to issue bonds, but it tends to extravagance and they are easier to issue than to pay.—News and Observer.

### Deserved Popularity.

To cure Constipation and Liver troubles by gently moving the bowels and acting as a tonic to the liver, take Little Early Risers. These Famous Little Pills are mild, pleasant and harmless, but effective and sure. Their universal use for many years is a strong guarantee of their popularity and usefulness. Sold by Jno. L. Wooten.

That is a righteous bill limiting poll tax in towns and cities to one dollar. If it passes—and it should pass—it will be a most popular measure and will be as just as it is popular.—Raleigh News and Observer.

If you want a smooth, clear complexion, take Hollister's Rocky Mountain Tea this month. Bright eyes and red lips follow its use. 35 cents, Tea or Tablets. Wooten's Drug Store.

**WHY?**

There is no need asking the question. It is plain enough that the enterprising business man uses the columns of

**The Reflector**

for making his announcements to the trading public because IT Brings—

**TWO EDITIONS THE DAILY REFLECTOR, EVERY AFTERNOON, (EXCEPT SUNDAY). At \$3 a Year 25 cents a Month.**

**THE EASTERN REFLECTOR, TWICE A-WEEK, (Tuesday and Friday), At \$1 a Year.**

You are the loser if you fail to read one of these.

**Why Representative Wallace Was Not Returned to Congress.**

"After Morse had invented the telegraph," said General Lew Wallace when he told the story, "he wanted congress to appropriate \$30,000 to build an experimental line from Washington to Baltimore. The matter created a great deal of discussion. Morse was sneered at and jeered at, and many thought him insane. My father was a member of congress at that time, and he was one of the committee to which the question of the appropriation was referred.

**When Too Tired to Sleep.**

If you are overtired—"too tired to sleep," as we sometimes say—bathe the neck and temples with hot water. Bathe the back of the neck particularly. This seems to relax the muscles and the veins that supply the brain with blood. Lie down to sleep with peace, for it will come surely. The same treatment will wonderfully refresh during the day. A headache may often be relieved, even cured, by hot applications to the back of the neck.—Washington Star.

**Her Way of Thinking.**

"I have called, doctor, to settle that dental bill, but I think it's a good deal higher than it ought to be."

"But you will remember, madam, that the tooth required a good deal of treatment, and I took the greatest care to make every operation painless."

"I remember it didn't hurt me a particle. That's why the bill seems so outrageous."—Chicago Tribune.

**Cured of Lame After 15 Years of Suffering**

"I had been troubled with lame back for fifteen years and I found a complete recovery in the use of Chamberlain's Pain Balm," says John G. Bisher, Gillam, Ind. This liniment is also without an equal for sprains and bruises. It is for sale by Wooten's Drug Store, Greenville.

**Pascal.**

Pascal, who Disraeli called the greatest of Frenchmen, from birth till death suffered from nervous troubles. At one year of age he fell into a languor, during which he could not see water without manifesting great outbursts of passion, and, still more peculiar, he could not bear to see his father and mother near each other. In 1627 he had paralysis from his waist down, so that he could not walk without crutches. This condition continued three months. During his last hours he was taken with terrible convulsions, in which he died. The autopsy showed peculiarities. His cranium appeared to have no suture unless perhaps the lambdoid or sagittal. A large quantity of the brain substance was very much condensed. Opposite the ventricles there were two impressions as of a finger in wax. These cavities were full of clotted and decayed blood, and there was, it is said, a gangrenous condition of the dura mater.

**Siam's Fighting Fish.**

Fish fighting is a most popular sport in Siam. The two fish, trained from the age of six months to fight, are placed in a large glass bottle. It is most curious to note each fish's attitude when it becomes aware of its adversary's presence in the bottle. Swelling with rage and pride, they sail around the narrow space, pretending not to notice each other, until suddenly one fish makes a savage dart at its unwelcome companion, biting its fins and body. The fight continues until the referee sees that the issue is no longer in doubt, when the contest is stopped.

**PAPOOSE POPCORN**  
A New Seed Discovery for FORAGE, POULTRY, POPPING

A subscriber to the Southern Agriculturist secured the original seed from an old Indian in Northwest Texas. After experimenting with it several years he wrote that paper: "With good ground and care it will make from 50 to 100 bushels to the acre, and planted in the row and stalk and all it will be more feed and better than anything I ever saw. The old Indian said poultry fed on it would never have the cholera, but have not lost a fowl since I have been in Texas. It also pops beautifully. My article brought hundreds of requests for seed, and now only a few bushels are left. Send 10c for a 3 month trial supply to Sent Box 7, Greenville, S. C. P. Bird's Nest, 1905, and you will get 25c worth of seed, and you will get 50c worth of seed, and you will get 100c worth of seed."
