New Spring Goods

ARRIVING DAILY.

There is one thing that we do not claim in our business to do and that is to sell goods cheaper than they can be bought—neither do we want to create the impression that our store is full of shop worn, out of style goods nor by filling our store with show bills and sign boards will we try to impress false ideas in your mind that we are going out of business, but we do wish it understood that we are receiving daily shipments of the newest things in

RIBBONS, SILKS, EMBROIDERIES, LACES

and kindred materials so desirable with the women folk of Greenville and Pitt county, and we do hope that you will at least favor us with a visit to see these many new things.

Pulley & Bowen,

THE HOME OF WOMEN'S FASHIONS.

MEETING CLOSED.

It Was a Season of Refreshing.

The meeting which was held in the Presbyterian church for nine days by Dr. William Black, state evangelist, closed Monday night. There were immense audiences at both the morning and night services and interest was deep to the last.

After the close of his last sermon Dr. Black spoke a few words of earnest admonition to those who had taken a stand for Christ during the meeting. He also referred feelingly to the cordiality with which he and Mr. Barr, the leader in the singing, had been received by the people of Greenville and thanked all for the earnest cooperation given them.

Revs. Hornaday, of the Methodist church, King, of the Baptist church, and Hagman, of the Presbyterian church, spoke in appreciation of the labors of Dr. Black and Mr. Barr among us, and expressed regret that the end of the meeting had come.

It has been a meeting of vast benefit to Greenville and community, the good being beyond measure. The number of professions is not known, but it is large. During the last few nights of the meeting Dr. Black gave cards to those who were willing to use them. Eighty-six of these cards were handed in and there were some others making profession who did not use the cards.

Greenville ought to long enjoy a blessing from such a meeting and good results from it should continue to multiply through years to come. Dr. Black's sermons were helpful to all and the seeds sown will continue to bear fruit for the Master.

Former Citizen Here.

Dr. J. M. Hines, of Washington City, who was physician in this county prior to the civil war, is here on a visit to his sister, Miss Etta Hines. Dr. Hines was born in Edgecombe county. His family moved to Greene county when he was a small boy, and later he came to Pitt. He joined the army at the beginning of the war and since then his home has been mainly in Washington. He is traveling correspondent of the St. Louis World and Industrial Press Syndicate, and has been in all parts of the country promoting various industries. He feels interested in Eastern North Carolina and wants to see this section developed.

Good Sunday School Record.

On last Sunday the Baptist Sunday school made a remarkable record. Five classes of the school showed 100 percent in attendance—that is every member present—and the other classes were only a little behind. The enrollment of the school is 469 pupils, exclusive of officers and teachers, and last Sunday 104 of the pupils were present, and the total attendance that day was larger than the entire enrollment.

W. F. M. S. Meets

The Woman's Foreign Missionary society of the M. M. church South, will meet Wednesday afternoon at 3 o'clock with Mrs. G. S. Pritchard. This is a very important meeting and every member is earnestly requested to be present.

FACTS THAT DO NOT LIE.

Atlantic Coast Line Railroad Take Notice.

EDITOR REFLECTOR:

It is a fact that has been prominent for quite a while that the Scotland Neck branch of the Atlantic Coast Line railroad, is not sufficiently equipped in motive power and facilities for handling the freight of the road. Much has been said in the columns of your paper urging the double daily train. This would be a great convenience to the traveling public and doubtless increase the travel on this branch of the road, and would pay.

But the freight traffic is an absolute necessity. The freight train is seldom on time. Why? is a most natural question and one that the splendid management of the Coast Line Line should not only consider for the people's interest but also for their own interest. It is a fact that frequently the train of freight cars is so heavy the engine cannot perform the duties of the road required.

On Monday, the 6th, the freight train came in one hour after the regular mail schedule, and many hours after the regular freight schedule. The mail train was one hour late and the engine could not draw the train of freight impeding the belated mail train. The mail train had to back some considerable distance and finally had to assist the freight engine take the cars past the grade between the bridge and the depot. It is no disparagement to the country that the freights are so increasing. But the attention of the management of the road is respectfully called to this delay, and it is hoped that either additional cars and engines will be placed on the road, or the engines be replaced with such larger ones as are capable of drawing the heavy freight more nearly on time.

We are glad to know the road is increasing its volume of business, but it is regrettable that the means of hauling it are so meagre. We believe it is a desire of the road to give the citizenship along this branch of the system suitable and proper facilities, but it is far from doing so at present. While this is not intended to be in the nature of a complaint, it is hoped the management will take proper notice of the matter and obviate the trouble. It is much talked by the best citizens on this line, and all agree with this writer.

TREASURY DEFICIT GROWS.

Total Figure Now Reaches \$25,500,000 Little Hope of Surplus End of Year.

Washington, March 4.—The treasury deficit at the end of February reached \$25,450,768, and unless improvements in receipts from customs continue there is not much chance of turning this deficit into a surplus by the end of the fiscal year. As for the new fiscal year, which will begin on July 1, the outlook is not encouraging, for the annual appropriation bills now before the senate, and which will be disposed of before the end of this week, are very heavy.

The February receipts of the treasury were \$44,607,072, and the expenditures \$41,461,234. The disbursements were about \$1,000,000 less than those of last year; but there was an increase in expenditures for the military and naval establishments, and these items are not likely to diminish in the months to come.

For the first eight months of the current fiscal year, government receipts have been \$365,668,211 and expenditures \$91,187,979.—Chicago News.

The A. B. Workers of the Methodist Episcopal church will meet this evening at 8:00 o'clock with Mrs. E. A. Moye, Jr.

Eight cent cotton April 1st. Mark the prediction.

The weather is fine, the farmers are busy, the merchants are taking a rest and everything is working for the good of man. Nothing could be better.

Those who advertise will ride in the band wagon, and those who don't must take it on foot. Money spent is money made and money kept is like a lazy man in the shade. See!

Rev. T. H. King filled his regular appointment at Winterville Saturday and Sunday.

Our clever friend A. W. Ange, of Winterville, was a pleasant visitor in Ayden yesterday.

Richard Wingate, a prosperous and successful farmer living just a few miles from town, is dangerously ill with pneumonia.

It is a pretty sight out at the graded school about dinner time to see the boys and girls sitting out in the beautiful oak grove in groups of four and five eating their dinner. They all seem so happy and gay it does an old fellow's heart good to look at them. We wish they could always be so.

Teachers' Association, Saturday, March 11th, 1905.

At the next meeting of the Teachers' Association there will be no set program. The work done in the five gradas at the last meeting will be thoroughly discussed and any other question which may desire to hear. Let all be ready to take part in the exercises. A full meeting is desired.

The new registers are here and will be distributed and explained at this meeting. No teacher can use them satisfactorily without a proper understanding of them.

COME AND SEE.

WE GUARANTEE TO FIT YOU.

THOSE who failed to visit my store while the representative of Schloss Bros., was here, can still have the opportunity of seeing the samples by calling, as the full line will be kept on hand, measures taken and fit guaranteed.

I will go North in a few days and any special orders desired will have my personal attention.

TUESDAY, MAR. 7, 1905.

Reports say that the Russian's left wing is broken. However they are still doing all the flying.

A morning paper says that nine German colliers have joined the Russian fleet. They are in a fair way to join McGinty.

It is not known whether the czar wishes to recall Kuropatkim, or not, but one thing is certain; if he don't the Japs will pick him up.

An exchange says a Chicago preacher has gone into the saloon business. We suppose the sermons he ground out were so dry that he was driven to drink.

Senator Lodge says that the seeds sent out by the United States Government are a humbug. There are thousands of people who are of the same opinion of the Senator.

A Snare and a Delusion.

The celebrated Ward bill is an anomalous situation. As the time approaches for final action on it, the atmosphere around it becomes distinctly hazy, if all that one hears about the lobbies and from the members is to be credited.

Strange as it may seem, a great many people are just beginning to discover that both the prohibition and the saloon advocates have been raising a tempest in a teapot over it. Even such public men as Frank S. Spruill, late Democratic elector for the state at large, a trained lawyer and legislator who was present at the recent meeting of the state committee as a member, made a very strong speech for Senator Simmons and his Ward bill, comes out in a long letter in a Raleigh paper yesterday, saying he had just carefully read the Ward bill and finds that it is nothing at all, and has not a shadow of temperance in it, and yet this bill has passed the senate, and has been published in all the papers at least three weeks ago. Ex Governor Jarvis, who has been here before the supreme court as attorney from the Howland Improvement Company in getting an extension of this charter, before leaving today for his home in Greenville, had this to say of the Ward bill: "It amounts to nothing. It is a snare and delusion. It does not touch a solitary bar-room in North Carolina or amend any weak spot in the Watts law touching the sale of liquor, and does not affect a single county in the Eastern part of the State, where liquor will continue to be sold in bar-rooms in a thousand villages. To call it a moral or temperance question is simply absurd, and yet this is the law which the president of the Anti-Saloon forces, J. W. Bailey, and the chairman of the State Democratic committee, Joseph Daniels and other inside and outside leaders of the party has made the test a fealty, not only to the Democratic party but to the temperance and moral standard of their statesmanship."

The whole business is funny and complicated. Attention has also been called to the fact that ex-Governor Aycock who was one of the authors of the Watts law, has never been heard to open his mouth, literally or literarily in regard to the Watts bill. A shrewd and experienced legislator was heard to say this morning that he would not vote for the Ward bill, now since he understood it. Asked as to why he had changed his mind, he made this remarkable declaration. "I realize perfectly well since I have understood it, that in six months after it becomes a law, and it will be discovered by the temperance people and prohibitionists forces all over the State, that it not only amounts

to nothing except to wipe out Shore, Williams and Advance distilleries, and locate them in Salisbury and Winston with increased capacity, but has also had the effect of preventing any amendment to Watts law looking to real temperance reform; they will turn and rend those who voted for the fraud."—Raleigh correspondent for Wilmington Messenger.

A Dinner Invitation.

After a hearty meal a dose of Kodol Dyspepsia Cure will prevent an attack of indigestion. Kodol is a thorough digestant and a guaranteed cure for indigestion, dyspepsia, Gas on the Stomach, Sour Rising, Bad Breath and all stomach troubles. N. Watkins, Lebus, Ky., says: "I can testify to the efficacy of Kodol in the cure of Stomach Trouble. I was afflicted with Stomach Trouble for fifteen years and have taken six bottles of your Kodol Dyspepsia Cure, which entirely cured me. The six bottles were worth \$1,000 to me." Kodol Dyspepsia Cure will digest any quantity of all the wholesome food you want to eat while your stomach takes rest—recuperates and grows strong. This wonderful preparation is justly entitled to all of its many remarkable cures. Sold by J. L. Wooten's Drug Store.

Not His Fault.

If the work of the legislature has fallen short it cannot be charged up to Governor Glenn. He has been doing his best and has broken all records in sending in special messages. He deemed these necessary or he would not have done so, yet the legislature has in effect said to him—"we know our business; you attend to your end of the line and we'll do the same," at least their action gives rise to such a thing, for they have paid little heed to him. The time may come when they will wish they had. No man is closer to the people than Governor Glenn, and he has been close to them all the time. This was clearly evidenced by his race for Governor. Practically every politician was against him, but he banked on the people and they landed him. Therefore it is reasonable to suppose that he knows what the people want far better than even a member of the legislature, for one county may be of one mind, while the one adjoining it may be all wrong, but Governor Glenn takes the State as a whole and he knows the sentiment of the people. We hope the legislature has made no mistake in ignoring his advice, but we very much fear it has done this very thing. Time will tell.—Greensboro Record.

Pleasant and Harmless

Don't drug the stomach to cure a cough. One Minute Cough Cure cuts the mucus, draws the inflammation out of the throat, lungs and bronchial tubes, heals, soothes and cures. A quick cure for Croup and Whooping Cough. One Minute Cough Cure relieves a cough in one minute because it acts first on the mucous membrane right where the cough troubles—in the throat or deep—seated on the lungs. Sold by J. L. Wooten's Drug Store.

We are right with the Durham Herald in thinking a mother and a leather strap constitute a pretty good reformatory for youthful criminals. The association is not only bad, but to place them together away from home and loved ones, would only give them chance to put ideas together and build plans for leading more desperate lives.

No, build additions to the asylum and let the mothers run the reformatory.—Wayne County Courier.

Just about right, you are. The home is or ought to be the natural reformatory. But the trouble is that so many homes themselves need reforming. If the mothers would run the reformatory business—or could—it would be so much better for the country.

The State would do well, to reduce the number of bodied tenants of the penitentiary to a minimum. The public roads is the place for the convict. By putting in their time on the highways some of the surplus energy is worked off, and also the State is greatly benefited.—Kinston Free Press.

A wonderful tonic for the sick and afflicted. Get strength, health and happiness by using Hollister's Rocky Mountain Tea this month. A bracing family medicine. 35 cents. Tea or Tablets. Wooten's Drug Store.

Pure Graft

This construction or momentary recess inaugurated by the members of Congress, and for which mileage is appropriated for the members while nobody goes home, is graft, pure and simple. It is altogether as disgraceful as was the "salary back grab" of twenty years ago, and knocked some of the Southern Congressmen out of the box. We are glad to see that our Southern Congressmen have promptly opposed this last act, which is nothing more than a genteel steal.

The recess for which the government is to pay \$200,000 in mileage lasted just as long as it required the speaker's gavel to fall announcing the close of one session of Congress and the opening of another. The idea of men who have been honored by a great constituency humiliating them in that way is a shame, and ought to forever put them out of public business. They did not travel a single mile, not a single minute.—Raleigh Post.

Sour Stomach

When the quantity of food taken is too large or the quality too rich, sour stomach is likely to follow, and especially so if the digestion has been weakened by constipation. Eat slowly and not too freely of easily digested food. Masticate the food thoroughly. Let five hours elapse between meals, and when you feel a fullness and weight in the region of the stomach after eating, take Chamberlain's Stomach and Liver Tablets and the sour stomach may be avoided. For sale by Wooten's Drug Store, Greenville.

Bad Policy.

It's pretty poor business when a county makes a bond issue to build a railroad or make some other permanent improvement and after the work is done, and the county enters into the benefits of the enterprise, to make a kick and attempt upon a mere technicality, to repudiate the bonds.

We are very glad that so far this State has offered no inducement to any county to follow a course like this. We suggest that Onslow county, which we see is resagating the payment of its railroad bonds, had better see Wilkes and Stanly and get their experience in this matter.

If the county got the value of the bonds it will be pretty apt to have them to pay, and it ought to.

No mere technicality ought to interfere with the payment of an honest debt.—Raleigh Times.

The summoning of society people before the grand jury in Reidsville to testify as to card parties in which prizes are given, is rather a rapid proceeding and is well calculated to stir up that town. When it comes to the point that a woman cannot give a party to friends in her own home without being haled to court for it, it is time for the worm to turn.—Ex.

A Destructive Fire

To draw the fire out of a burn, or heal a cut without leaving a scar, use DeWitt's Witch Hazel Salve. A specific for piles, Get the genuine. J. L. Every family should keep it on hand." Sold by Jno. L. Wooten.

By the Tonic Route

The pills that acts as a tonic, and not as a drastic purge, are DeWitt's Little Early Risers. They cure Headache, Constipation, Billiousness, etc. Early Risers are small, easy to take and easy to act—a safe pill. Mack Hamilton, hotel clerk at Valley City, N. D., says: "Two bottles cured me of chronic constipation." Sold by Jno. L. Wooten.

PAPOOSE POPCORN
A New and Discovery for FORAGE, POULTRY, FOPPING
A subscriber to the Southern Agriculturist secured the original seed from an old Indian in Northwest Texas. After experimenting with it seven years he wrote that paper: "With good ground and care it will make from 50 to 100 bushels to the acre, and planted thick and cut stalk and all it will make more feed and better feed than anything I ever saw. The old Indian said poultry fed on it would never have the cholera. I have not lost a fowl with cholera since I have been raising it. It also pops beautifully." This article brought hundreds of requests for seed, and now only a few bushels are left. Send 10c for a 3 months trial subscription to Southern Agriculturist, 30 Cy P. Bldg., Nashville, Tenn., and you will get 100 bushels by return mail, also details of \$50 prize seed-growing contest.

Shooting Affray In Wayne.

Goldsboro, March 5.—At Dudley 9 miles from this city, last night about 10:30 o'clock, a negro went to the home of Mayor Bowden and told him that there was a crowd of drunken white men in the road, near Charles L. O'Berry's house, who would not let himself and wife pass. Mayor Bowden went to the place of disturbance, where he found one Bob Benton staggering and falling in the street. He tried to get Benton to behave himself and go home. Benton drew his knife and attempted to cut the mayor. Benton's brother Major, came up, and without speaking, began firing on Mayor Bowden. The mayor returned the fire, and also knocked Bob Benton down with the butt of his pistol. Several others in the crowd came upon the scene, and the mayor fled for his life. Major Benton was shot through the body; Mayor Bowden received a flesh wound in the arm, and Bob Benton was shot twice, once in the body and once in the leg. More trouble is feared. Several of the party have fled.—Charlotte Observer.

==FOR==

SPRING & SUMMER

In selecting material, choose something that will harmonize with your make-up. Big checks don't look well on stout men and stripes should not be worn by men of a tall, slim build. Be careful, also as to color. Pale complexioned men should be careful of drabs, or a material with a touch of green in them. Browns are better. Blue looks well on most people, but men with reddish hair should not select a shad that is too bright. A little care in this direction goes a long way in improving a man's looks.

Over 500 styles to show you. Brown serges will take the place of Blues this season. See our \$17.50 and \$20 line.

IF IT OTHERS, I CAN FIT YOU.
