New Spring Goods

ARRIVING DAILY.

There is one thing that we do not claim in our business to do and that is to sell goods cheaper than they can be bought—neither do we want to create the impression that our store is full of shop worn, out of style goods nor by filling our store with show bills and sign boards will we try to impress false ideas in your mind that we are going out of business, but we do wish it understood that we are receiving daily shipments of the newest things in

RIBBONS, SILKS, EMBROIDERIES, LACES

and kindred materials so desirable with the woman folk of Greenville and Pitt county, and we do hope that you will at least favor us with a visit to see these many new things.

THE HOME OF WOMEN'S FASHIONS.

Two Horrible Deaths.

Burlington, N. C., March 31.—Today about noon one of the most shocking accidents that has ever occurred in our city happened. Mrs. Edward Teague, wife of one of our most prominent citizens, was so seriously burned that death resulted at five o'clock.

Mrs. Teague was assisting a woman servant in cleaning up her lawn. A large pile of leaves had been raked up and set afire when in some way the flames took hold of the lower edge of her dress and before she had time to extinguish them the wind had fanned them into a blaze that completely enveloped her, and before she could be helped her clothing was burned from her body.

Highpoint, N. C., March 31.—Mrs. Will Rooche, of this city, was literally burned alive this afternoon at three o'clock. She was engaged in cleaning up the yard and had set fire to some leaves and rubbish.

In some way her clothing caught fire and before assistance could reach her every vestige of her clothing was burned from her body and the flesh was so nearly roasted that it fell from its place.—Raleigh News and Observer.

Cream or Milk.

A gentleman appeared in the office this morning and said that he had the best joke that would be promulgated during the summer. Viz: His milk boy yesterday morning delivered a quart of milk in a can and left. This morning the boy came around and found that the purchaser's can wasn't clean, and then and there a little dispute arose. Finally the boy, after examining his cans, said he had only one empty can. This morning it contained a quart of cream and on opening it he found that the can had half inch of cream left in the bottom. Whereupon the purchaser told him to fill it up with milk quick.

Two Tar Heels in Trouble.

Norfolk, Va., March 31.—Fentress, William Primpert and Jas. Daye, members of Company B, 72nd Virginia Regiment National Guard, were held for grand jury on charge of breaking into the regimental armory and stealing upwards of seventy five military shirts, which are alleged to have been in pawn by the defendants and others who have not yet been arrested. The case developed a sensation. Primpert came here from Wilmington, N. C., and Daye from Charlotte, N. C., and both joined the Virginia militia a month ago.

Always Liberal to Churches.

Every church will be given a liberal quantity of L. and M. paint. Call for it.

4 gallons Longman & Martoez L. and M. Paint mixed with three gallons linseed oil, will paint a house.

W. B. Barr, Charleston, W. Va. writes, "Painted Frankenburg block with L. and M. stands out as though varnished."

Wears and covers like gold. Don't pay \$1.50 per gallon for linseed oil, which you do in ready for use paint.

Buy oil fresh from the barrel at 60 cents per gallon and mix it with L. and M.

It makes paint cost about \$1.20 per gallon. Sold by H. L. Carr.

Eye Hurt.

Charles Moore, one of the workmen at the plant of the Greenville Lumber and Veneer Co., was painfully hurt Thursday afternoon. He was running one of the dressing machines when a fragment of lumber flew out of the machine and struck him in the eye.

The Silk Growing Season of 1905.

North Carolina silk growers are advised that the white mulberry is likely to come into leaf this spring three weeks or so earlier than last year. Preparations for caring for the silk worms should be made at once. If the same trays or shelves used last year are to be used again they should be carefully washed with hot lye or better, with a four percent solution of blue stone. The room where the worms are to be kept should be made as clean as possible. Plenty of ventilation should be arranged but drafts avoided.

The United States department of agriculture, Washington, D. C., will supply silk-worm eggs to growers free of cost and will also buy the crop of cocoons at the highest market price, which is about one dollar per pound.

Growers should watch the mulberry trees and order eggs as soon as the leaves emerge from the buds. Those whom have had no previous experience should not attempt more than one-eight ounce of eggs the first year.

The North Carolina Department of Agriculture has left a few copies of Bulletin No. 181 on Silk Culture. A copy of this will be sent to any person asking for it.

The mulberry trees distributed by the North Carolina Department of Agriculture in 1902 and 1903 may be used this year to furnish food for silk worms. There is abundant demand for all the silk that can be produced in the State at prices that will pay boys and girls to grow the silk.

GERALD MCCARTHY, Biologist, N. C. Department of Agriculture, Raleigh, N. C., March 28th, 1905.

Died in the Woods.

Scotland Neck, N. C., March 31.—Collin Gray, one of the most highly esteemed citizens of Scotland Neck, died alone in the woods Wednesday evening. He was speeding some days at his farm a few miles in the country and about 5 o'clock in the afternoon went out to the woods as usual to look after his turkeys. It was not noticed that he had not returned until 7 o'clock. Search was made for him and about 9 o'clock he was found not far in the woods dead. He seemed to have rested on a log and fell dead. There was a slight scratch on his face, doubtless caused by the fall. Several years ago Mr. Gray lost his wife, and has been under a cloud of sorrow ever since. He had not been up town more than once or twice since, and what time he spent out of his home here he spent on his farm. He was something more than sixty years old.—Raleigh Post.

The great financiers in this country are the men who earn their wealth by the sweat of other men's brows.

It is now in order to ask the question who is to foot the bill for that special train which is to carry the President on a hunting expedition through Texas.

A dispatch from St. Petersburg says the Russians are worried because they have lost the Japanese army. They are worried possibly because they don't know what minute they may run across it.

Virginia should not get too huffy over the inscription on North Carolina's monument at Appomattox. It should be remembered that James-town is only two years ahead and all North Carolina will be wanted there.

The following from an exchange says:

"Come to think about it, where can you find a man that uses 'licker' for anything except 'for medicine only.' It strikes us that a good many down this way use it for ordinary plain drinks.

It is said that a banquet will be given President Roosevelt in Dallas, Texas, the cost of which will be \$25 per plate. Don't see how the cost is going to get to that figure, unless it is for extra high grade drinkables. Surely no one man can eat anywhere in the neighborhood of it.

THE TEACHERS' ASSEMBLY MEETING

Great Interest in the Meeting to be Held in Greensboro, June 13, 14, 15 and 16.

Interest continues to increase in the great meeting of the North Carolina Teachers' Assembly which will be held in Greensboro, June 13-16. The Executive Committee is making extensive preparation for the occasion.

The city of Greensboro never does things by halves, and when it was decided that the Assembly should meet in an inland city, Greensboro decided that the meeting should be held there, and that it should be the greatest educational gathering ever held in the State. She put one thousand dollars into the treasury of the Assembly for the meeting, and thus enabled the Executive Committee to begin the large plans which are under way.

The program that is being prepared guarantees a most significant meeting, a meeting that will certainly mean a vast deal to the educational progress of the State. Several men and women from outside of the State, who are known throughout the entire nation, will be present to take part in the work. Prominent among these will be Dr. W. W. Stetson, State Superintendent of Maine, who will be present during meeting. Dr. Stetson will work with the Department of County Superintendents in all of their sessions and will address the entire Assembly once or twice. He is a wise man, has a most attractive personality, and is an able speaker. He has done great things in his work in his own state. In his letter to President Foust, accepting the invitation to come to the meeting of the Assembly he says: "I will come when you want me, and speak upon the subjects that you name, if I can." The committee is very fortunate in securing such a man. They have been equally fortunate in securing other speakers whose names will be announced within a few days.

An address in regard to the meet-

ing has been mailed to five thousand teachers in North Carolina, and Secretary W. D. Carmichael, of Durham, says that he is receiving numerous responses on every mail from teachers saying that they expect to attend this meeting.

A Dinner Invitation.

After a hearty meal a dose of Kodol Dyspepsia Cure will prevent an attack of indigestion. Kodol is a thorough digestant and a guaranteed cure for Indigestion, Dyspepsia, Gas on the Stomach, Sour Rising, Bad Breath and all stomach troubles. N. Watkins, Lesbus, Ky., says: "I can testify to the efficacy of Kodol in the cure of Stomach Trouble. I was afflicted with Stomach Trouble for fifteen years and have taken six bottles of your Kodol Dyspepsia Cure, which entirely cured me. The six bottles were worth \$1,000 to me." Kodol Dyspepsia Cure will digest any quantity of all the wholesome food you want to eat while your stomach takes rest—recuperates and grows strong. This wonderful preparation is justly entitled to all of its many remarkable cures. Sold by J. L. Wooten's Drug Store.

Why Not Advertise?

An English clergyman, being asked by an advertising magazine whether, in his opinion, churches should advertise, replied thus:

"Of course. It is as legitimate for a church to advertise to draw people to hear the word of God, in order that they may get blessings, as it is for shops to advertise in order that they may draw people to buy goods. Of course, a minister of the gospel should avoid anything that seems like a parade of himself in his advertising, but the churches have something good to tell, and they ought to let people know it. I am not ashamed of the gospel. I want everybody to hear it. It has been my joy to see thousands of wide awake business men all around the world brought to Christ through the gospel and I have received countless letters from them thanking me for what they have received. I am glad that we have advertised."

That is a practical and sensible view which will hardly be controverted. And if the preachers may advertise why not the physicians, if they confine themselves to conservative and dignified announcements?—Charleston Post.

Pleasant and Harmless

Don't drug the stomach to cure a cough. One Minute Cough Cure cuts the mucus, draws the inflammation out of the throat, lungs and bronchial tubes, heals, soothes and cures. A quick cure for Croup and Whooping Cough, One Minute Cough Cure relieves a cough in one minute because it acts first on the mucous membrane right where the cough troubles—in the throat or deep-seated on the lungs. Sold by J. L. Wooten's Drug Store.

The states making systematic headway with improved roads are those that have taken the ground that there should be joint aid from state, county and township. A statement is going the rounds in the Missouri papers that experience has shown that the people will not voluntarily tax themselves for good roads and it is pointed out that in Missouri a few years ago a constitutional amendment providing for a good roads levy of 15 cents on the \$100 valuation was defeated. But the people in many states have begun to tax themselves for good roads. It is a matter of persevering education and fairness required that the cost be borne equitably. The bills introduced along other lines are a mistake.—St. Louis Globe-Democrat.

A Destructive Fire

To draw the fire out of a burn, or heal a cut without leaving a scar, use DeWitt's Witch Hazel Salve. A specific for piles. Get the genuine. J. L. Every family should keep it on hand." Sold by Jno. L. Wooten.

By the Tonic Route

The pills that acts as a tonic, and not as a drastic purge, are DeWitt's Little Early Risers. They cure Headache, Constipation, Billiousness, etc. Early Risers are small, easy to take and easy to act—a safe pill. Mack Hamilton, hotel clerk at Valley City, N. D., says: "Two bottles cured me of chronic constipation." Sold by Jno. L. Wooten.

Question Settled.

A young man who had not been many years married carefully laid down a piece of bread the other night and said to his wife: I wish you could make bread such as mother used to make."

The young wife smiled and remarked in a voice that did not tremble, "Well, John, I wish that you could make the 'dough' that father used to make." A hush as silent as death fell so suddenly that John almost lost his breath, and the bread and dough question hasn't come up for family discussion since.—Ex.

White women as hotel waiters have proved successful at the Hickory Inn and other hotels in this State, and have added much to the popularity of these hotels. We see from The Monroe Journal that the Gloucester Hotel there has secured young white women for waiters. The proprietor of that hotel thinks that in five years every hotel in North Carolina will have such help, and he is probably not far wrong.—Charlotte Chronicle.

You will need to prepare your system for the coming hot weather, get your organs to work like clock work. Hollister's Rocky Mountain Tea taken this month will do the business. 35 cents, Tea or Tablets.—Wooten's Drug Store.

A Simple Remedy For Acquiring Hard Muscles and a Sound Body.

A number 12 bore gun, when loaded with three drams of powder will send a load of shot farther and shoot harder than if double this amount of powder is used.

If too much powder is used, all of it will not explode until it leaves the muzzle of the gun.

That portion which does not explode at the proper time, interferes with the direction, and checks the velocity of force of the shot.

Hard muscles and a strong body do not depend on the quantity of food, but on its perfect digestion and proper assimilation.

If the nutrient properties of all of the food that may be eaten are appropriated by the blood and tissues, the muscles of the body will grow harder and stronger, whether you eat much or little.

You may be well, but not strong. What you want is strength,—physical force.

You do not have to be sick to need Kodol Dyspepsia Cure. Thousands of men and millions of women have need for just what Kodol Dyspepsia Cure will do for them.

A little Kodol after meals, will enable the stomach and digestive organs to digest and assimilate every atom of all of the wholesome food that may be eaten.

It will do more. It will enable the stomach to extract from the food all its nutrient properties, and contribute the same to the blood.

It will enable the blood to circulate freely and deposit a full quota of this tissue building and strength giving material into every neck, corner, muscle and fibril of your whole being.

The result is perfect strength and perfect health.

Disease cannot lay hold on the man or woman whose physical condition is thus fortified. Recommended by J. L. Wooten, druggist.

Dear Mr. Munford:—

Your communication of the 4th is before us at present. Low prices and holding back the cotton crop from market has place hundreds of Solid Southern Merchants in just your position. The only course we can advise, is to throw your entire stock on the market at prices so low you can dispose of the stock quickly and take the sacrifice best you can. Holding together thousands of dollars of idle merchandise means final ruin to any merchant. Advertise diligently give your costumers the best of values. Thereby protecting both you and your costumers' interest. With best wishes for your success. We remain,

RISE OF THE ROTHSCHILDS.

It Had Its Origin In Mayer Anselm's Love of Arithmetic.

Had the father of the "original" Rothschild had his way the talents of this family might never have been known to the world of finance. When Mayer Anselm Rothschild was born in the Judenstrasse, Frankfurt, in 1743, his parents consecrated him to the church. Although he worked in his father's store, driving a bargain whenever there was an opportunity, he was told constantly that he was to become a rabbi. For a long time the boy's remonstrances were in vain, but he finally overcame his father's will in the following way:

"The elder Rothschild had left his son one day at the home of a neighboring rabbi in order that this reverend doctor might persuade the youth to choose the synagogue rather than the counting room. After a long talk the rabbi gave the boy the Talmud and asked him to read certain passages. An hour or so later the father came for his child, and, finding no one at the door, he stepped into the hallway. A low murmur from an adjoining room caused him to look quickly, and his heart swelled with joy. He saw his beloved Mayer crouching over a book and chanting from its pages as if learning something by heart. Approaching nearer, he saw that the volume was the Talmud.

"What are you reading, my boy?" asked the father, taking the book with one hand while he patted his son's head lovingly with the other. Before the lad could answer a loose leaf slipped out and floated to the floor. The father picked up the runaway sheet of paper and stared at it hard. Finally the smile returned, but it was broader and more worldly. The boy had tucked into his Talmud a leaf from an old arithmetic. There was no further effort to thwart the lad's ambition, and a year or so later he was sent to Hanover to serve as an employee of the banking house of Oppenheim. After a short apprenticeship young Rothschild returned to his native town and opened a banking establishment of his own.—New York Tribune.

Earthquake Gowns.

Many earthquake shocks were felt in England in 1750. One occurred on Feb. 8 and another on March 8. Not much damage was done, but the occasion was improved by various divines, including Dr. Sherlock, then bishop of London, who, seconded by a trooper of Lord Delaware's, prophesied that a terrible earthquake would shake the city on April 8. Two or three days before that date the trooper was sent to Bedlam, but London was panic stricken.

The roads leading out of town were thronged, and at Windsor lodgings were almost unprocurable, so many were the fugitives. Some courageous ladies remained at home, but, not wishing to be buried in the ruins of their homes, made themselves quilted gowns, in order to sit more safely out of doors. These were known as "earthquake gowns."

Misconstrued Technology.

The visitors were being shown through the immense newspaper plant.

"Now," said the man whose task it was to explain to their uncomprehending comprehensions the mysteries of the place, "we will go to the makeup department."

"I'm so glad," murmured the sweet young thing to her mother, "for I've been perspiring so in that stereoscope department that I'm sure the powder must be all in streaks on my face."—Baltimore American.

PAPOOSE POPCORN

A New Seed Discovery for FORAGE, POULTRY, POPPING

A subscriber to the Southern Agriculturist secured the original seed from an old Indian in Northwest Texas. After experimenting with it seven years he wrote that paper: "With good ground and care it will make from 50 to 100 bushels to the acre, and planted thick and cut stalk and all it will make more feed and better feed than anything I ever saw. The old Indian said poultry fed on it would never have the cholera. I have not lost a fowl with cholera since I have been raising it. It also pops beautifully." This article brought hundreds of requests for seed, and now only a few bushels are left. Send 10c for a 3 months' trial subscription to Southern Agriculturist, 39 C. P. Bldg., Nashville, Tenn., and you will get 100 seed by return mail, also details of \$50 prize seed-growing contest.
