New Spring Goods

ARRIVING DAILY.

There is one thing that we do not claim in our business to do and that is to sell goods cheaper than they can be bought—neither do we want to create the impression that our store is full of shop worn, out of style goods nor by filling our store with show bills and sign boards will we try to impress false ideas in your mind that we are going out of business, but we do wish it understood that we are receiving daily shipments of the newest things in

RIBBONS, SILKS, EMBROIDERIES, LACES

and kindred materials so desirable with the women folk of Greenville and Pitt county, and we do hope that you will at least favor us with a visit to see these many new things.

England Stirred Again.

London, June 14.—A considerable stir has been created in shipping circles as a result of the sinking of the British steamer St. Kilda by the Russian auxiliary cruiser Duleper in the China sea. The foreign office has been bombarded with telegrams from the owners of the ship and cargo urging that action in the matter be taken.

The foreign office is awaiting details, but in the meantime has drawn the attention of the Russian government to the report so far received. The Russians are expected to contend that the St. Kilda was carrying contraband and they were unable to take her to a Russian port.

Pointed Paragraphs.

He who hopes for the best seldom expects it.

Marriage is always a serious step—or a more serious misstep.

Most married men find it easier to be bossed than to be boss.

Every time a man makes love to his wife he makes a profitable investment.

Most of the so-called original deas have been on the toboggan for centuries.

But the only way to find out what a woman really thinks of you is to marry her.

If there is one a spiaster really hates it is a woman who has had three husbands.

Not Apoplexy.

Two men met on a car at the Brooklyn end of the bridge on Monday morning.

"Hello," said one, "why didn't you come round as usual, Saturday night?"

"My wife's uncle in New Jersey died and I had to go over," was the reply.

"What did he die of?"

"Why you see, he was a farmer, about 60, and a big, fleshy man, and he just went right off."

"Apoplexy?"

"No; applejackey."—Brooklyn Citizen.

Horse Run Away.

On Thursday evening as Dr. D. L. James and his son were returning from the base ball park, his horse became frightened at some children playing on Dickinson avenue and ran away. The horse ran some distance towards Evans street when some colored men rushed out in the street and caught the horse. The horse fell down and broke one shaft of the buggy. Both occupants got out of the vehicle without injury.

Washington Chosen.

Washington, June 15.—America's national capital has been selected as the seat of negotiations between the plenipotentiaries of Russia and Japan for a treaty of peace. The choice of Washington as the location of the peace conference marks another forward step in the negotiations toward ultimate peace in the Far East instituted by President Roosevelt.

Card of Thanks.

We desire in this manner to publicly thank the people of Greenville for their great kindness to us in the recent sickness and death of our child. We will ever appreciate the expressions of sympathy both in word and in the many beautiful floral tributes placed on the bier of our little one. MR. AND MRS. R. S. MAY.

Want Day Current.

There are numerous people wishing Greenville could have electric current in the day time. A number of motors would be put in if they could get power. The day current may come along when the plant gets on its feet.

Rev. T. E. Peden left yesterday for Ohio where he will spend the summer.

Lilly, J. W.; J. W. Taylor, Sec; J. R. Smith, Treas. There was a large attendance and the meeting was of a very pleasant nature.

Miss Florence Jones and Augustus Lilly, of Maple Cypress, have been here on a visit to their uncle, F. Lilly.

Miss Ethel Skinner and Master Jamie Ficklin are spending the week with Dr. L. C. Skinner.

John Cannon, an old Confederate soldier, one of the very first to put on the armor, was a visitor at the home of J. A. Harrington Wednesday. And another most excellent qualification in his make-up he has been a Democrat from babyhood up.

Paragraphs With Points.

Admiral Enquist might write a little magazine story on the difference between American and French neutrality.

A single letter makes a big difference. Part of the Russian navy is interred in the Japan Sea and another part interned at Manila.

That New York man who sleeps 50 days at a clip ought to be in great demand as a dummy director in those high finance corporations.

There would be more heart trouble in the world if the girls were as sweet and cuddlesome as they appear in the pictures in the 10-cent magazines.

King Alfonso refused to be worried over the bomb incident in Paris. He probably thought it was just the French way of making him feel at home.

We will take more stock in these stories about the healthfulness of Panama when the life insurance companies begin to take risks on a man who is going there.

Beef is almost as high in Canada as it is in the United States. Those Chicago magnates who are hiding in Canada have apparently been improving their opportunities.

John Kausius of Detroit is seeking a divorce because his wife refuses to take a bath except on national holidays. Some of these Michigan men are getting too particular for any use.

Treasury officials traveling on public business are allowed to charge the cost of their baths to the expense account. This demand for a clean administration is far-reaching in its effects.

Chicago papers state that very few prominent citizens of the town are going abroad this year. When a Chicago man goes abroad these days he arouses a suspicion that he is trying to dodge the grand jury.—Pennsylvania Grit.

"DID MRS. GOULD SAY DAMN?"

Nan Patterson has been forgotten in the onward rush, and it is now Mrs. Howard Gould who is creating a sensation. Did Mrs. Gould say damn? is the question the New York yellows are asking.

The matter was brought out in a law suit instituted against Mr. Gould by an architect for \$60,000 which he claims that Mr. Gould owes him for planning a castle for the millionaire. The architect alleges that Mrs. Gould bothered him continually, changing his plans and "nagging" of him, also that she called him a "d— architect."

A state convention of building and loan associations has just been held in Charlotte. B. Wittakowsky, president of the state organization, delivered an address that contained much valuable information as to the benefit of building and loan associations. He said that in the city of Charlotte 3,700 homes had been built through the aid of the associations, and all business interests of the city are helped by them. THE REFLECTOR has argued many times that Greenville should have a building and loan association. We do not believe there is any other agency that helps a town in the same proportion.

The Gattis Kilgo case which was called last Monday at a special term of Wake county Superior court has attracted considerable attention this week. This is the third trial of this famous suit for pecuniary damages, entitled Gattis against Kilgo, Odell, Duke, et al. The people generally and especially those of Methodist persuasion will be glad when this unfortunate affair is ended.

A sensation was caused when the jury was being selected to try the Gattis-Kilgo case now in progress at Raleigh. One of the men summoned while being examined touching his qualifications to serve on the jury, said he was approached by an officer who asked him to "help out Kilgo." Such methods as that being used in behalf of Dr. Kilgo is not creditable to his side of the case.

Not many years ago it was agitated to a considerable extent that Japan England and the United States form a triple alliance. But at that time Japan was considered an insignificant factor. But today either England or the United States would be only too glad to have Japan an ally.

A woman in Louisville has been pronounced insane because she gets up at 4 o'clock in the morning to cook her breakfast. If this is what you call insanity there are a lot of men who would like for their wives to go crazy, especially on this subject.

An exchange says a man in South Carolina stuck his feet under a moving train in order to collect damages. The paper doesn't say, however, but we take for granted that he got damages all right enough.

The Raleigh Post suggests that when Russia comes up with her indemnity it will be a good time for Japan to buy the Philippine Islands.

Possibly Japan is figuring on getting them for nothing.

Japan wants Che Foo as the place for the peace commission to meet. As Japan is in the habit of getting all she goes after she will possibly get her wishes.

"Millionaires for the most part are illmanered and illiterate," says Marie Corelli. We will let this pass as long as she is a lady.

THREE JURORS CURED

Of Cholera Morbus with One Small Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr. G. W. Fowler of Hightower, Ala., relates on experience he had while serving on a petit jury in a murder case at Edwardsville, county seat of Cleburne county, Alabama. He says: "While there I ate some fresh meat and some souse meat and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture, but the druggist sent me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy instead, saying that he had what I sent for, but that this medicine was so much better he would rather send it to me in the fix I was in. I took one dose of it and was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one small bottle cured the three of us." For sale at Wooten's Drug Store.

Banks And The B. & L.

One of Charlotte's best bankers being asked whether the building and loan associations interfered with the business of the savings banks, answered that it was the other way—the associations were advantageous to the banks. He said that when ever asked by a person for his opinion of the best way to make a beginning in savings he recommended that he join a building and loan. This banker thought that the training which the building and loan gives to its members in the habit of saving was very advantageous to the banks. He thought that the building and loan did more than any other one influence to make a thrifty and home-owning population and the banks prospered most in the thrifty and home-owning atmosphere.—Charlotte Chronicle.

Quality vs. Quantity.

Hard muscles and strong body do not depend on the quantity of food you eat, but on its perfect digestion and proper assimilation. When you take Kodol Dyspepsia Cure your system gets all the nourishment out of all the food you eat. It digests what you eat regardless of the condition of the stomach and conveys the nutrient properties to the blood and tissues. This builds up and strengthens the entire system, overcomes and cures indigestion, Dyspepsia, Belching, Sour Stomach, etc. Kodol Dyspepsia Cure for what is sometimes called America's national disease, Dyspepsia, is destined to eventually work a wonderful and lasting benefit to sufferers from this distressing and mind harassing condition. Sold by Jno. L. Wooten.

A Long Lived Terrapin

Mr. J. B. Conrad, living near Plafftown, this county, has a terrapin on his farm which was stamped by his father in 1822. In 1861 Mr. Conrad engraved the year on its shell and the other day he found the old fellow alive and doing well. Just how old it was in 1822 is not known. One thing is certain, that terrapin is considered a part and parcel of the Conrad plantation as long as it is disposed to live out that privilege.—Winston Republican.

Sour Stomach

When the quantity of food taken is too large or the quality too rich, sour stomach is likely to follow, and especially so if the digestion has been weakened by constipation. Eat slowly and not too freely of easily digested food. Masticate the food thoroughly. Let five hours elapse between meals, and when you feel a fullness and weight in the region of the stomach after eating, take Chamberlain's Stomach and Liver Tablets and the sour stomach may be avoided. For sale by Wooten's Drug Store, Greenville.

There is a revival of the bicycle craze in England. All the bicycle factories are working overtime to keep up with orders.

Afraid Not To Chip In.

A well known Republican in the eastern part of the state remarked last week that he would not trust Butler with anything, yet this man has stock in the new paper; he said he was afraid not to chip in. It's a beautiful game they are playing and it will leak out one of these days that Butler has the controlling stock in the paper. Wait and see.—Greensboro Record.

EARLY RISERS, that's the answer.
The Famous Little Pills, "Early Risers" cure Constipation, Sick Headache, Biliousness, etc., by their tonic effect on the liver. They never gripe or sicken, but impart early rising energy. Good for children or adults. Sold by John L. Wooten's Drug Store.

Mr. Jas. C. Thomas, of this township, who is in his 84th year, handled a cradle in his wheat field for a short time last Monday with as much agility as a person many years younger. Mr. Thomas, by the way, is one of the "old guards," having voted the straight Democratic ticket since he was 21, and he still hopes to vote it several times more.—Pittsboro Record.

The Salve That Penetrates.

DeWitt's Witch Hazel Salve penetrates the pores of the skin, and by its antiseptic, rubefacient and healing influence it subdues inflammation and cures Boils, Burns, Cuts, Eczema, Tetter, Ring Worm and all skin diseases. A specific for blind, bleeding, itching and protruding Piles. The original and genuine Witch Hazel Salve is made by E. C. DeWitt & Co, and sold by John L. Wooten, Druggist.

The Wilmington Messenger advocates a pardoning board for North Carolina, relieving the executive head of this part of his official duty. We venture to say that if there is one man in the State who, more than another, gives a hearty "amen!" to the Messenger's recommendation, it is the Governor of North Carolina himself.—Raleigh Times.

Cured of Lame After 15 Years of Suffering

"I had been troubled with lame back for fifteen years and I found a complete recovery in the use of Chamberlain's Pain Balm," says John G. Bisher, Gillam, Ind. This liniment is also without an equal for sprains and bruises. It is for sale by Wooten's Drug Store, Greenville.

Conviction Follows Trial

When buying loose coffee or anything your grocer happens to have in his bin, how do you know what you are getting? Some queer stories about coffee that is sold in bulk, could be told, if the people who handle it (grocers), cared to speak out.

Could any amount of mere talk have persuaded millions of housekeepers to use

Lion Coffee,

the leader of all package coffees for over a quarter of a century, if they had not found it superior to all other brands in Purity, Strength, Flavor and Uniformity?

This popular success of LION COFFEE can be due only to inherent merit. There is no stronger proof of merit than continued and increasing popularity.

If the verdict of MILLIONS OF HOUSEKEEPERS does not convince you of the merits of LION COFFEE, it costs you but a trifle to buy a package. It is the easiest way to convince yourself, and to make you a PERMANENT PURCHASER.

LION COFFEE is sold only in 1 lb. sealed packages, and reaches you as pure and clean as when it left our factory.

Lion-head on every package. Save these Lion-heads for valuable premiums

A SPORTING PARSON.
The Sequel to a Wager Laid on the Life of Napoleon.
In 1812 an action was brought by Rev. Robert Gilbert against Sir Mark Sykes, and it arose from a bet made between the parties upon the life of Napoleon Bonaparte.
Sir Mark ten years before the action had invited some friends to dinner, the reverend gentleman being one of the number. Politics became the subject of conversation, and the opinion was freely expressed by some of the party that Napoleon was in a critical situation at that time and that attempts would be made to assassinate him.
This view was held by the host, who said that he considered Bonaparte's life in such danger that if any one would give him 100 guineas he would pay him a guinea a day during Napoleon's lifetime.
Upon this Rev. Gilbert, "in the language," as the defendant's counsel put it, "of a common five guinea bet on a race course, nailed him with: 'Will you, Sir Mark? I'll take you—done.'"
The sporting parson gave 100 guineas to Sir Mark, who for a considerable time paid him various sums of money on account of the wager, amounting in all to \$1,850.
Then for five or six years the guinea a day payments ceased, the baronet feeling no doubt that if Bonaparte was not dead he ought to be, and Gilbert, who, it may be mentioned, enjoyed a living worth some \$6,000 a year, brought this action against Sir Mark to enforce the wager and sought to recover from him a further \$11,000.
The plaintiff's counsel contended that, although it might be objected that wagers on the life of men were immoral, yet the laws of England supported such wagers.
The judges did not seem to have laid much stress upon the question whether this wager tended to imperil the safety of the state. He asked the jury to consider whether the bet had been seriously made, and if it were a serious bet whether in all the circumstances the plaintiff had not been paid enough money by the defendant. The jury took the hint and gave a verdict against the rapacious parson.—Longman's Magazine.

Henderson, N. C.
Gentlemen:—It gives me pleasure to state I have been using myself and prescribing for my patients the Buckhorn Lithia Water very freely for several months and I do not hesitate to recommend it in highest terms.
In lithemia, in rheumatic and gouty conditions and in certain cases of constipation I have seen excellent results follow its use. It is an exceedingly pleasant drinking water.
Very truly,
R. L. PAYNE, M. D.

Mark Twain's Audiences.
It was on a train somewhere between New York and the west. Mark Twain was traveling between towns on a lecture tour, and a friend had been drawing the humorist out on the subject of his experiences.
"What sort of audience," he asked, "do you like best? Who, in your opinion, make the most responsive and sympathetic listeners?"
"College men," replied Mark after a moment's thought—"college men and convicts."—Harper's Weekly.

Wonderful Bird Flight.
The most wonderful bird flight noted is the migratory achievement of the Virginia plover, which leaves its northern haunts in North America, and taking a course down the Atlantic, usually from 400 to 500 miles east of the Bermudas, reaches the coast of Brazil in one unbroken flight of fifteen hours, covering a distance of 3,200 miles at the rate of four miles a minute.

Marriage Bureaus.
The growing number of marriage advertisements in Austrian and German newspapers seems to indicate an increasing commercial element in matrimonial affairs. A journalist who investigated the matter discovered, however, that most of these advertisements are inserted by the marriage bureaus, which do a thriving business in plucking fools.

JAMES H. PAYNE.

Queen Quality

It Sets the Style.

What do we mean when we say that the styles of most of the shoes for women originate with the "Queen Quality" Shoe?

Simply this. The "Queen Quality" is, and always has been a leader. It gets up its own original patterns at great expense, and has established a reputation for the style and beauty of its creations.

OTHER MAKERS ARE CONTENT TO AWAIT THEIR APPEARANCE, and then copy them as closely as possible.

But "Queen Quality" "sets the style"—don't forget that!

And one other point—"Queen Quality" offers twice as many styles for your consideration as any other shoe.

You cannot suggest a need which is not fitted with a "Queen Quality" shoe specially designed for it.

Does not this realize the ideal of a strictly custom shoe? And such a shoe for \$3.00. Think of it! Oxfords \$2.50.
