CHILDREN'S DAY EXERCISES.

Excellent Program Rendered by the Children of Methodist Sunday School.

Children's day exercises were held at the Methodist church Sunday night. The church was filled to overflowing with smiling children, beautiful women and handsome men. An interesting program had been prepared by Mrs. Overton, Mrs. Hooker and Miss Dora Hornaday, and without the slightest hitch or jar the exercises moved along from the first to the last moment of the evening.

The program consisted of: Voluntary Hymn—179 in S. S. book—by whole school

Song, "Neath His Banner Glorious"—by school.

23rd Psalm read in concert—by school and congregation.

Prayer—by pastor

Recitation, "Welcome"—by Gertrude Critcher.

Recitation, "Only a Baby"—by Maud Hooker.

Recitation—by Mary Cowell.

Song, "Praise Him"—by school.

Class recitation—by Ellie Brown, Addie Congleton and Mary George.

Recitation—by Wilfred Congleton.

Recitation—by Sadie Exum.

Motion song—by class girls.

Recitation—Bernice Hornaday.

Song, "Bring them in"—by school.

Recitation—by Nina Harris.

Song—"On this happy children's day—by school.

Reading—by Mrs. Overton

Recitation—by Mary Brown

Collection.

Pantomime—"Nearer my God to Thee". Doxology, congregation.

Too much cannot be said in praise of those who prepared the program and trained the children, neither can too much be said in praise of the bright-faced, sunny-hearted children who acted their parts so well. With such talents available for such occasions there should be no trouble about any sort of children's exercises in the church. We are of the opinion that many will look forward with increased pleasure to the next children's day exercises.

General Wagner, U. S. A. Dead.

Asheville, N. C. June 17—Brigadier General Arthur L. Wagner, U. S. A., who came to this city from Washington, D. C., about six weeks in search of health, died suddenly this afternoon of consumption, contracted while in the Philippines. General Wagner had just been promoted from Colonel, his commission being signed today.

At the General's bedside at the time of his death were his wife and one child. He is survived by his wife, four daughters and one son. The body will be shipped to Washington on Monday, where the burial will be held with military honors.

General Wagner was born in Illinois in 1853, and was a graduate of West Point Military academy. During the Spanish-American war he saw service in Cuba and later in the Philippines, where he spent two and a half years. Since his return from the Philippines he had lived in Washington up to the time of his coming to this city. He married Miss Annie Howard, of Pittsburg.

B. Y. P. U.

The B. Y. P. U. society of the Baptist church is increasing in attendance and interest. At the meeting Sunday evening in addition to short talks by older members, there were recitations by Johnnie Hunter and Essie Whichard, both of which were well rendered. Miss Bertie Jackson has been elected secretary of the society in place of Miss Coffield, resigned.

Tramway Will Have Road

Kinston, N. C., June 17—The Trenton correspondent of the Free Press says that it is now certain that Trenton is to have a railroad. It will run from New Bern to Richlands by way of Trenton and Comfort. The line survey from Comfort to Trenton has already been made. They are now surveying from Trenton to New Bern to get a line. The road will be owned by the Goldsboro Lumber Company, of Dover, which will operate mills at New Bern. Passenger and freight service will be accorded the people along the line. People are already showing their appreciation by giving right of way

Jailed For Contempt of Court.

Roanoke, N. C., June 17.—The finding of the day in the State is the finding of two well known white men of this county guilty of attempting to influence the jurors for Kilgo in the well known case of Rev. T. J. Gattis, a Methodist minister, against President J. C. Kiigo, of Trinity College, and B. N. Duke, of the American Tobacco Company, which was non-suited here yesterday. Kilgo and Duke being charged with malicious libel.

The action was taken by Judge Fred Moore presiding in the Superior court. He issued bench warrants for J. Rowan Rogers, former Republican Sheriff, and now court crier in the Federal court here, and J. P. Sorrell, a prominent farmer. The testimony of two veniremen, one accepted as a juror, was that Rogers and Sorrell had been to them and urged them to help out Dr. Kilgo in his suit and they would be taken care of if trouble came.

Kilgo, Duke and their known attorneys swore that they knew nothing of the matter, Judge Moore tonight found both Rogers and Sorrell guilty and sent them to jail for thirty days, with a fine of fifty dollars each.

Horrible Revelation.

Valdosta, Ga., June 17.—A climax came today in the Rawlings Carter tragedy with the arrest of Alf. Moore at Lenox, Ga. He is one of negroes alleged to be connected with the killing of the Carter children. He told a startling story. He declares that he was employed by Rawlings to aid in the bloody work. He says that before leaving Valdosta, the day the children were killed, Rawlings carried his supper to him in the woods in order to keep him from going home. He also said that the programme was to kill the whole family and burn the house. He says that Milton Rawlings shot Carrie Carter and that Jesse Rawlings killed Willie Carter. The gun with which one of them was killed, was also found today. Excitement over the disclosure is high and heavy guards will remain at the jail tonight.

NEW PAPER FOR GREENSBORO.

Last Saturday morning "The Daily Tar Heel and Industrial News," Vol. 1, No. 1, made its appearance in Greensboro. Al Fairbrother, editor, and C. G. Harrison, business manager. It is a 4 page 6 column sheet. It contains both the salutatory and valedictory of the two proposed Republican papers to be run in Greensboro, combined in one publication. The following is a specimen of the foreign news items "cabled direct" to the Tar Heel: (By cable to Daily Tar Heel and Industrial News.)

St. Petersburg, June 16.—Your correspondent called upon the czar this evening and was pleasantly received. I was informed that his highness has hailed the prospects of peace with great joy. We talked about several things of a national and world wide importance. Just as I was leaving the czar called me back, and taking me down into the cellar of the palace, asked me by whispering in my ear:

"Is it true that Marion Butler has something to do with your paper?" I assured him that the report was false, and taking me by the hand in a mighty grasp, said "It is well—but I was prepared for the worst."

Judge Moore was right in sentencing the two men to jail for attempting to influence certain jurors in the Gattis-Kilgo case, tried last week in Raleigh. Notwithstanding the examination of the defendants and counsel in the case failed to disclose the fact that the men had been employed by some one interested in the defense to tamper with the jury and try to create influence for the defense, there is hardly a doubt that it was done. The two men who are in jail for such an offense, were no doubt influenced by others to do the unlawful act.

Men who instigated the crime of influencing and buying jurors in the Gattis vs. Kilgo and Duke case deserve to wear stripes. It will not do to stop with sending two men to jail for a month.

Go higher up!—News and Observer.

We differ from Brother Josephus in the direction which they should go. They should go further out—about the penitentiary.

The next meeting of the Confederate Veterans will be in New Orleans. After that in 1907 it will meet in Richmond when the Jefferson Davis monument, which will also be a monument to the Daughters of the Confederacy will be unveiled.

Last week was a great week in the Blue Grass City for the Confederate Veterans' Reunion. There were 25,000 of them there and Louisville done herself proud caring for these old Veterans.

Birth of The American Flag 126 Years Ago.

Just 126 years ago a bright little American woman stood before three men in her small but comfortable furnished house at 2389 Arch street, Philadelphia, Pa. One of the men was her uncle, not otherwise distinguished. Another was Samuel Morris, whose private fortune was pledged to the credit of struggling colonies. The third man was of commanding stature of severe grim, but kindly countenance. He was an aristocrat, and a patriot, a soldier and a statesman; a Virginia gentleman and a liberator.

The bright little woman was Betsy Ross, and the Virginia gentleman was George Washington. To the woman belongs the undying glory of having not only made the first American flag that was ever raised after the declaration of independence but of having suggested material modifications in the design submitted by the three gentlemen named, a committee acting in pursuance of an act of the American congress, which declared that the flag of the new republic should consist of thirteen alternate stripes of red and white, with thirteen stars in a field of blue in the upper left corner.

The 126th anniversary of this momentous event which is celebrated on June 14 of every year, will be observed in Oklahoma and throughout the country today. On this day the American flag was first displayed and hardly second to memorial day and the fourth of July it has become the great patriotic day for the youth of America. There are salutes to the flag, lessons in history of the flag, inculcations of love for the flag, and prophecies of a still more glorious future for the flag.

The history of the American flag is an exceedingly interesting one. Those whose hearts are fired with patriotism at the sight of the beautiful stars and stripes today would not recognize the first flags in the history of their country. Some of the colonial ensigns were grotesque in the extreme, with their pinetrees and their rattlesnakes. The flag of the federated colonies bears little resemblance to Star Spangled Banner of today. It had too much of a suggestion of England upon it to suit the colonists and the cross of St. George did not last long after the spirit of liberty began to heave in the breasts of the restless colonies. It was a simple ensign, the cross of St. George on a white field being emblazoned on a red field, a tiny globe nestling in the extreme upper corner.—Alabama State Capital.

THREE JURORS CURED

Of Cholera Morbus with One Small Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr. G. W. Fowler of Hightower, Ala., relates on experience he had while serving on a petit jury in a murder case at Edwardsville, county seat of Cleburne county, Alabama. He says: "While there I ate some fresh meat and some souse meat and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture, but the druggist sent me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy instead, saying that he had what I sent for, but that this medicine was so much better he would rather send it to me in the fix I was in. I took one dose of it and was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one small bottle cured the three of us." For sale at Wooten's Drug Store.

It is all right for a newspaper to announce that it received a certain number of new subscribers on a given day. But why add to the statement, "And it wasn't a good day for new subscribers, either?" Is this any more impressive than the query of the esteemed citizen who mops his brow and then shocks you with, "Is it hot enough for you?" Wilmington Star.

Booker Washington's daughter, Portia Marshall, was graduated at Bradford Academy, Haverhill, Mass. this week. A report sent out from the academy, evidently intended as an advertisement for that institution, tells us that "Booker Washington's daughter is the first negress who has ever received a diploma from the institution, which is one of the oldest seats of learning in this country. She has during the past four years been one of the most popular students at the academy, having been shown every attention by her fellow pupils and there having been no distinction made in regard to her race. She took a special course in music during her course and will shortly go abroad, where she will study music for a year at Berlin. Her father was one of the principal guests at the graduating exercises." Only a Massachusetts institution could have sent out a bid for patronage of this kind.—Charlotte Chronicle.

Quality vs. Quantity.

Hard muscles and strong body do not depend on the quantity of food you eat, but on its perfect digestion and proper assimilation. When you take Kodol Dyspepsia Cure your system gets all the nourishment out of all the food you eat. It digests what you eat regardless of the condition of the stomach and conveys the nutrient properties to the blood and tissues. This builds up and strengthens the entire system, overcomes and cures Indigestion, Dyspepsia, Belching, Sour Stomach, etc. Kodol Dyspepsia Cure for what is sometimes called America's national disease. Dyspepsia, is destined to eventually work a wonderful and lasting benefit to sufferer from this distressing and mind harassing condition. Sold by Jno. L. Wooten.

A Remarkable Record.

When the certificates were awarded to the graduates of our graded school last Thursday night, Prof. Thompson arose and said that he had a special award to make. He stated that one member of the class, Miss Anna Douglass Sherrill, daughter of the editor of the Times, during her whole school life of nine years, had never been absent or tardy. He said in mentioning this fact to a gentleman several days before, he was authorized by him to purchase a present for the young lady as a reward for her punctuality and present it publicly. Prof. Thompson then asked the recipient to step forward and receive the present, which was a beautiful bracelet.

Is there another case of the kind on record in the State?—Concord Times.

What's this magic necromancer? EARLY RISERS, that's the answer.

The Famous Little Pills, "Early Risers" cure Constipation, Sick Headache, Biliousness, etc., by their tonic effect on the liver. They never gripe or sicken, but impart early rising energy. Good for children or adults. Sold by John L. Wooten's Drug Store.

The Watts Law.

The Watts law has broken up many of the corruptest dens that ever existed in the country. The Watts law and the Ward law will save many young men and many communities from ruin and degradation. One does not have far to go to find improvement due to these wholesome laws. Many neighborhoods once debauched by the presence of the still house are now sober and peaceful. The school house is rapidly taking the place of the old still house under the hills. And yet many republican politicians complain and kick against the Watts law.—Lexington Dispatch.

Sour Stomach

When the quantity of food taken is too large or the quality too rich, sour stomach is likely to follow, and especially so if the digestion has been weakened by constipation. Eat slowly and not too freely of easily digested food. Masticate the food thoroughly. Let five hours elapse between meals, and when you feel a fullness and weight in the region of the stomach after eating, take Chamberlain's Stomach and Liver Tablets and the sour stomach may be avoided. For sale by Wooten's Drug Store, Greenville.

A LIBERAL EDUCATION.

Some Comments on the Query "Does a College Education Pay?"

Young people often ask us, "Will it pay to go to college if one is going to be a merchant, a druggist, a farmer, etc.?"

Whether or not a liberal education pays depends upon the ambition of the inquirer. Do you want to be just as much of a man as possible, or do you want merely to get as much money as you can?

If your ambition is simply to see how many goods you can sell and how much money you can rake together; if you have no desire to reach out into the broad fields, to be known as a man who amounts to something in the world, who carries weight in his community; if you have no ambition to be a man of broad, liberal, progressive ideals; if you do not wish to know anything about your goods before they reach your store, where they are made or the conditions of the people who manufacture them and have no desire to better their conditions; if you have no ambition to make the world a little better than you found it, then a college education will probably not do you much good. If it is simply going to increase your capacity to grasp, seize and hold material things, to get a little more away from others by your long headed methods; if it is only going to increase your shrewdness, your ability to scheme ways and means of piling up more dollars, then I do not advise you to go. But if you want to be of real help to your generation; if your ambition is to be just as much of a man as possible, to be larger and truer and nobler; if you wish to make the most of the material the Creator has given you, then get all the knowledge you can transmute into real power.

I notice that it has been the broadly educated men that have enlarged and improved the spheres into which they have entered. As a rule, it has been the boys who have been to college and gained a liberal education who have mixed brains with the soil, who have developed marvelous possibilities of agriculture by their knowledge of chemistry and botany, by their ability to study the effects of climatic conditions upon crops, who have brought fruits and vegetables and cereals to greater perfection by their superior knowledge.—Success.

Master of the House.

A tale is told of a family consisting of two members, a middle aged, undersized man and his strapping, belligerent wife, a woman whose temper was worse than uncertain.

One evening just at dusk the neighbors were startled by hearing shrieks, thumps and other unaccustomed noises issuing from the house, and, supposing that the place had been entered by burglars, several persons went in at the open door and proceeded to investigate.

The sounds came from an upper room. Rushing upstairs, the intruders flung open a door, to discover the stalwart lady of the house brandishing a rolling pin, while her unfortunate other half, huddled against the wall under the bed, was piping in a quavering voice:

"I will be master in my own house! I will be master in my own house!"

ST. VINCENT HOSPITAL, NORFOLK, VA., May 11, 1905.

Henderson, N. C.

Gentlemen:—It gives me pleasure to state I have been using myself and prescribing for my patients the Buckhorn Lithia Water very freely for several months and I do not hesitate to recommend it in highest terms.

In lithemia, in rheumatic and gouty conditions and in certain cases of constipation I have seen excellent results follow its use. It is an exceedingly pleasant drinking water.

Very truly,
R. L. PAYNE, M. D.

Queen Quality

It Sets the Style.

What do we mean when we say that the styles of most of the shoes for women originate with the "Queen Quality" Shoe?

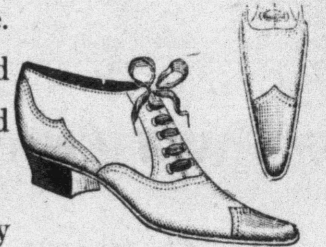

Simply this. The "Queen Quality" is, and always has been a leader. It gets up its own original patterns at great expense, and has established a reputation for the style and beauty of its creations.

OTHER MAKERS ARE CONTENT TO AWAIT THEIR APPEARANCE, and then copy them as closely as possible.

But "Queen Quality" "sets the style"—don't forget that!

And one other point—"Queen Quality" offers twice as many styles for your consideration as any other shoe.

You cannot suggest a need which is not fitted with a "Queen Quality" shoe specially designed for it.

Does not this realize the ideal of a strictly custom shoe? And such a shoe for \$3.00. Think of it! Oxfords \$2.50.

Tans in all shape are here.
