

"RED Letters," "Blue Signs"

Markdownwits Reduction Ophobia and Salesfever. These ailments are common with most retailers at the closing of the season, but with some of Greenville's retailers it has become "epidemic." Just think of a store selling at cost the whole year. Markdownwits affect the patients pump, veracity—they can't tell the truth.

Reductionphobia develops a mania for talking "hot air" and the germ is in some stores in Greenville all the year-round.

Salesfever creates a reckless gathering of "flotsom and jetsom," stuff of inferior qualities, no matter what its antecedents, most of it prepared for the store with Red Signs and Markdownwits.

A Veritable Boarding House Hash.

We shall expect our methods to hold.

We are neither reformers nor philanthropists, and for young fellows, rather than old-fashioned. But we are determined to build up this store on principle statements based on facts and values and Merchandise beyond any competition.

Newspaper space is too expensive to use for "JOKES."

Our little comparisons, such as reference to the "Merchantile diseases" are very serious statements, and we take this method of calling the attention of the most critical and intelligent purchasing public to these abuses.

It is high time for better business methods any how. This store has demonstrated that to-day, did yesterday, and shall to-morrow.

We are never "over stocked," because we do not buy merchandise because it is cheap.

It must be good or it will not be admitted in this store. We reduce every week, yes every day, if we think it necessary. The new goods are here. Now for a general shake-up all along the line.

WE ARE HERE TO SELL GOODS,

AYDEN ITEMS.

AYDEN, N. C., Oct. 6, 1905.

This extremely dry weather will about do away with the pea crop. It is unfortunate as this is two consecutive years this crop has proven a failure and it is too, one of the most necessary to the farmer.

Since August 25th J. W. Quinley & Bro's have received and sold two car loads of American wire fencing thirty thousand each and are expecting a third car every day. See their ad in EASTERN REFLECTOR.

The graded school now numbers 136 enrolled students. If every one were as well acquainted with the personnel of the faculty as we are the enrollment would be innumerable. Old age, they say, is honorable, but how sadly we sometimes realize that its drawbacks, to say the least, are embarrassing.

Wonder if the business men and capitalists of Ayden would consider the establishment of enterprise that would prove conducive to the development and thrift of the town as well as to their own individual interests? There are many ways, gentlemen, if some of you would only take the initiative.

E. V. Cox, attorney, Edgar Sumrell and several other parties from here went to Falkland yesterday to attend a trial in claim and delivery proceedings before Judge J. H. Smith.

Miss Emma Benton, a trained nurse came from Wilson Tuesday evening to nurse the family of J. Mac. Dixon who lives two miles from here. There are five members of the family down with the fever including Mr. Dixon himself. They are fortunate in securing the services of Miss Benton. Our people are well acquainted with her as she has successfully nursed several cases here before and every one seems to have the utmost confidence in her skill.

W. J. Boyd, wife and child, of Edwards, are visiting at C. L. Patrick's.

Miss Ethel Pierce spent Wednesday in Greenville.

Miss Maggie Jolly is on a visit to friends in Winterville.

Mrs. E. W. Smith and Miss Lillian Mann came home yesterday from Raleigh where they have been in attendance upon a meeting of the W. C. T. U.

Miss Annie Joyner has returned home from a visit to LaGrange.

Eimer Gardner left Tuesday for a visit in Washington.

Frank Lilly and wife have returned from a visit to Vanceboro.

W. E. Hooks in response to a telegram from his company left for Fremont yesterday.

If Ayden had two more as enterprising and go ahead men as M. M. Sauls this would be town.

Minstrels Tonight.

Allen's New Orleans minstrels arrived on their special cars this morning and gave a parade about noon. The performance takes place tonight. You will have time to take in the minstrel show and then go to the carnival.

MURRAH FOR THE LIBERTY.

Tobacco Sales for September, 1905.

Led the market by 83 cents per hundred, the market averaging \$6.98, while the Liberty's average was \$7.81, thereby showing an advantage of 83 cents per hundred to the sellers who were wise enough to patronize the Liberty.

Our books are open to the inspection of the public. This is no cheap talk. We are here with the money to back our every statement, and to convince you that the Liberty is the place to sell your tobacco if money is any inducement. Why not?

Your friends,
W. T. Lipscomb & Co.

Lost Three Fingers.

Joan Watson, one of the employees at the factory of the Building and Lumber Co., lost three fingers of his left hand, Thursday afternoon, by getting his hand caught in a machine around which he was at work.

Last Examination.

Only next Thursday, Oct. 12, will be held the last examination of the year for white teachers. All those who have not been examined must be present then.

On Friday, Oct. 13, the colored teachers of the county will be examined. If you expect to teach you had better be here that day. This will be your last chance.

W. H. Ragsdale,
County Supt. Schools.

Corn Association.

The 2nd annual meeting of Pitt county corn growers' association will meet in the court house Thursday, Oct. 12, 1905.

LETTER TO J. A. WILSON.

Greenville, N. C.

Dear Sir: Let's have a little private talk by ourselves on business; nobody else, please, read.

You want to know how to do a cheap job of painting, and have it look good. Here it is: The cheapest thing there is in the way of a good looking job—say nothing about its being good—is Devoe; the regular thing in Devoe.

The reason is; Devoe goes further than anything else. Lead and oil is good looking; don't go so far and costs more. The other paints are more or less short in one way or another; don't go so far and costs more. The other paints are more or less short in one way or another; don't go so far and costs more than Devoe.

Devoe costs least of all; you don't mind its lasting longer, do you? We can't help it; a paint that goes further lasts long; we can't help it.

Yours truly,
F. W. DEVOE & CO.

A Good Show.

When a show of real merit comes to town it is always liberally patronized and the Great Van Amburg Show which exhibits in Greenville on Tuesday, 10th is a show of this character. The very best performers which money can secure are with show, nothing cheap and everything up-to-date. The acrobats and trapeze performers, clowns and tumblers are all artists in their particular lines. Elephants, camels and a large number of trained horses, ponies and animals from all over the world are to be seen in the grand free street parade in the forenoon on the day of exhibition. Two performances in the big tents—2 o'clock in the afternoon and 8 o'clock in the evening. Don't miss the big show.

ADDRESSES

To Cotton Planters, Merchants and Bankers.

By HARVE JORDAN, President Southern Cotton Association.

At a meeting of the Executive Committee of the Southern Cotton Association, held at Asheville, N. C., September 6-8, 1905, where representatives from each cotton producing State and Territory were present, a report on the condition of the cotton crop made up to August 25, was carefully compiled from returns of more than 1500 correspondents showing a condition of 73 per cent as compared with a condition of 84 per cent for a corresponding period of 1904. An estimate of the crop for this season based on reports from the same correspondents indicated a yield of 9,788,333 bales of cotton. Taking this information as a guide in connection with the present enormous demand for spinners by the spinners of the world, the present high prices of cotton goods, and the heavy cost to the producer for seed, treating and harvesting this crop, the committee agreed that eleven cents as minimum price, basis middling at all interior points, would be a reasonable price for the crop to be asked for this season. It has been generally reported, and has been denied, that spinners can pay twelve cents per pound for middling cotton at the present time and still make good profits in the manufacture of the raw material into the finished fabric. Peace has been recently declared between Russia and Japan. The whole civilized world is in a most prosperous condition and the smoulders in all the cotton mills of Europe and America are remaining night and day to supply the tremendous demands for cotton goods.

CONSUMPTION UNPRECEDENTED

The enormous crop of American cotton reaching the unprecedented figures of nearly 14,000,000 bales has been easily absorbed by the spinners at an average price of nine cents per pound. Of this crop there was only a small reserve stock of little more than a million bales to be carried into the season of 1905-6 on the first day of September. If no more than ten million bales of cotton are harvested this season to be added to the small reserve stock carried over from the crops of 1904, the mills of the world, at the present rate of consumption, will face a famine in raw cotton before another crop can be planted, cultivated and placed upon the market. The mills have contracted for many months ahead for the delivery of goods to be manufactured out of cotton yet to be bought from the producers. The exporters have sold to the spinners cotton to be delivered in the future months which is yet to be bought from the producers. The spinners and the exporters are heavily short with nothing but paper contracts in their possession, while the farmers of the South hold the spot cotton in their hands and control absolutely the key to the situation. Will the farmers take advantage of the splendid position they occupy, and like men, assert their rights to demand a fair price for this crop at the hands of the buyers? Will not the merchants and local bankers throughout the South line up solidly in unbroken ranks with the farmers against the combinations that are so actively at work to depress prices and defeat the will of the people?

MUST DO OUR DUTY.

Every man in the South, no matter what his avocation, is expected to do his duty during the coming months and to throw their full moral and financial ability in the great fight that we have engaged in. The

"Bear" speculators of Wall Street and London are using every device known to human ingenuity to depress prices. The International Cotton Shippers of Great Britain have combined to cross the present efforts of the farmers to maintain fair prices, and exporters are doing all in their power to hammer down the market. The solution of the problem is easy and simple. The ability of the farmers to win this fight is unquestioned. Stand together as brothers, fighting for the protection of your firesides and your homes your wives, children and your country. Stop selling cotton at present prices. Call upon your merchants and bankers to aid you in the heroic struggle that lies ahead. Store your cotton in the seed, wherever possible, and do not have it ginned until later in the season. Store the lint cotton under good sheds to keep it dry on the farm or place it in warehouses, where the receipts are needed as collateral to borrow money to meet maturing obligations. All the honest business farmer can do, is not to hold their cotton off the market and materially advance its price. Pay no attention to the "bearish" literature being printed and circulated broadcast throughout the South. This is done with one object and that is to discourage and in fact to sell your cotton at prices below its value. As producers you know that the crop is short and if you do not get good prices, at least eleven cents per pound, there will be but little or no profit in this crop. Will you conclude to accept of

Oil has advanced a cent a gallon and soon after Rockefeller's big donation of \$1,000,000 higher oil prices.

The business men who argue for a curtailment of the ground, fit being a trade pillar for the merchants are wrong. It is the trade pillar to spinners that is needed. The price of live animals.

In a few days the Department will announce one of the best clothing off a card paper has ever made. Watch out for it. The offer will include several good magazines at half price.

The Eye and the Digestive System.

Some one says that an improper fitting pair of spectacles, frame too large or too small, lens not exactly in front of each eye, it acts as a prism, and not as a lens, produces dizziness, nausea, vomiting, headache and even faintness. So many abnormal strengths of the eye, or its muscles involved. He thinks that not only the above named symptoms, but other functional digestive disturbances, and even constipation may be due to the inadequate nerve supply to the digestive organs. In these conditions, because an undue amount of energy is consumed in overcoming the muscular or refractive errors. Seasickness is chiefly due to reflexes of the eyes and semicircular canals rather than from any thing in the stomach itself. Disorders of the digestive system affects the vision as is often witnessed after too hearty a meal. For example: disturbances of accommodation, diplopia. See that your glasses are properly fitted and they will always give you satisfaction. When they are not correct they give you trouble. Dr. Odom corrects all refractions and guarantees satisfaction to every body. Office now at Macou Hotel, Greenville, N. C. Call the earliest day you can to see him. Preliminary examination free.

The Reflector

THE REFLECTOR Is Read By Everybody in reach, and it reaches people who have money to pay for what they want. If you have what they want advertise it and you are sure to get a lot of their money.

Let Common Sense Decide

Do you honestly believe, that coffee sold loose (in bulk), exposed to dust, germs and insects, passing through many hands (some of them not over-clean), "blended," you don't know how or by whom, is fit for your use? Of course you don't. But

LION COFFEE

is another story. The green berries, selected by keen judges at the plantation, are skillfully roasted at our factories, where precautions you would not dream of are taken to secure perfect cleanliness, flavor, strength and uniformity.

From the time the coffee leaves the factory no hand touches it till it is opened in your kitchen.

This has made LION COFFEE the LEADER OF ALL PACKAGE COFFEES.

Millions of American Homes welcome LION COFFEE daily. There is no stronger proof of merit than continued and increasing popularity. "Quality survives all opposition."

(Sold only in 1 lb. packages. Lion-head on every package.)
(Save your Lion-heads for valuable premiums.)

Fathers and Mothers that Read the Reflector.

Those of you, who know Rev. Nathaniel Harding, Rector of St. Peters church at Washington, N. C., all who wish to do so, I refer you to him. Ask him how many years I have fitted his glasses for him and his many esteemed friends. I fit lenses to suit everybody, old and young, and cure many defects so you can do without glasses. Young ladies and children, when you read, does the letters run together? eyes itch, smart, burn, run water, lids stick together at night, and headache all the time, and some have granulated lids. I cure them. Satisfaction to everybody. Preliminary examination free. DR ODOM, office now at Mason Hotel. Come the earliest day you can. d & s w t f.

Look for the red light, that is headquarters for the good thing to eat and drink such as ice water etc. I lead and others try to follow. Yours to serve,
W. C. Hines.

THE WELL DRESSED MAN

Should consider with great forethought the suit he is to buy and the store he is to buy from for the coming season. His general appearance will depend largely upon the fit of his clothes, and the CLOTHES he wears.

Good Cloth: This is the foundation of your suit. Avoid those unreliable firms who deal in shoddy and pin your faith to **GRIFFON** Clothes.

Good Fit: This is one essential that you should exercise with more care than all others. A poor fitting suit is a poor piece of property. But it matters not how tall you are, how slim you are, how stout you are, how short you are, we have 'em to fit your form. A **Griffon** suit has the distinction of being distinctly stylish.

All the new things are here. At any price from \$10.00 to \$22.50. We will make it very interesting to you. Bring your shoulders with you.
