## OLD SONGS.

I love the old, old songs,  
The songs I used to hear  
From lips that have been dumb  
In death, for many a year;  
I love their tender words,  
Set to some simple air  
That lacks the master's skill,  
But heart and soul are there.  
When music spreads her wings  
To soar beyond the stars,  
And with her golden keys  
The gates of Heaven unbars,  
I wonder at the flight,  
The power, of classic art,  
And yet the old, old songs  
Are dearer to my heart,  
Ah, when my soul feels sad,  
When in mine eyes are tears,  
And memory recalls  
The joys of vanished years,  
Then to my brooding brain  
Come dreames, in countless throngs,  
But dearest of them all  
Are dreams of old, old songs.  
—CHARLES W. HUBNER.

## BLACK JACK ITEMS.

Black Jack, N. C. April 24, 1906.

Several of our people attended church at Pleasant Hill Sunday.

J. D. Dawson, of Washington, was here Tuesday.

R. J. Dixon went to Greenville Wednesday.

H. M. Hardee, of Norfolk, was here Wednesday.

J. O. Johnston went to Washington yesterday.

Miss Rebecca Mills has returned home from a visit to her aunt, near Shelmerdine.

Zebra Tripp and Miss Annie Hardy were here Sunday.

Misses Mary and Martha Williams returned home yesterday from a visit to their aunt in Greenville.

Luther Stencil was here Tuesday.

A. J. Smith, J. S. Smith and Jesse Hardee are all jurors at Greenville this week.

Mrs. W. L. Clark has been very sick but is improving we are glad to say.

G. S. Porter went to Winterville Saturday and bought one of the Winterville buggies, with a canopy top.

Eggs 12 cts per dozen here this week.

Abram Dixon and wife returned from a trip in Craven county Sunday.

## THE BETEL CASE.

The preliminary hearing before Judge Long of the parties arrested on bench warrants issued by him Monday, charging them with the assault upon W. J. Teel and invading the latter's home at night, was set for this morning at 11 o'clock, and a large crowd was present to hear it. Owing to the court being occupied with other matters through the morning, the case was not called until this afternoon, and we are unable to give any particulars of it today.

## Greenville's Star Player.

The University of North Carolina base ball team played the Virginia team in Richmond on Monday and won by a score of 6 to 1. The Richmond Times Dispatch says James, for Carolina, was the star player of the game, that "he was by far the fastest play at third seen in Richmond this year, and he excited many congratulatory comments by his pretty work." Burt is one of our boys and we are proud of his good record.

## WRECK NEAR WASHINGTON.

### Fireman on Passenger Train Killed.

Just before noon on Tuesday the passenger train from Parmele to Washington, on the Atlantic Coast Line, was about the 22 mile post, 3 miles out of Washington, when an axle to the engine broke and one drive wheel on the left side ran up off. Emergency brakes were applied and the train brought to a stand still as quickly as possible.

No damage was done to the train except the machinery of the engine was considerably warped and twisted. The track was only slightly torn up. The fireman, a colored man named Raddiea Knight, became frightened, and after climbing up from the deck of the engine to his seat in the cab jumped head first out of the window and was instantly killed. His brains were knocked out.

Notwithstanding his apparent danger, Engineer C. E. Leens stuck bravely to his post and stopped the train in less than 200 yards, and none of the cars left the track. There were many passengers on the train and not one of them was injured in the least and there was no excitement among them.

A freight train that came along later pushed the disabled passenger train in to Washington.

## GLENN TO PEOPLE.

### Governor Issues a Proclamation for Assistance.

Governor Glenn has issued the following proclamation:

"To the People of the State:

"The news from San Francisco continues to show increasing suffering and danger to the helpless and homeless people of that grievously stricken city, and it therefore behooves the charitable and Christian citizens of our State to do all in their power to render aid to our brethren in this their sad hour of affliction. I therefore, as Governor of the State, call upon all good people throughout the State to respond to the calls of the different mayors and committees, giving of their means as God has proscribed them, for the purpose of helping these destitute and needy people.

A more dire and fearful calamity has never befallen our country, and thousands are hungry, homeless, without clothing and threatened with disease, and "as we would that men should do unto us, so should we do unto them," by giving succor and comfort to them in their great distress. I therefore urge our people to do all they can and believe they will respond both liberally and gladly.

"R. B. Glenn,  
"Governor of North Carolina."

### Help the Sufferers.

As will be seen from the card of Mayor Wooten a list has been placed at The Reflector office to receive subscriptions to aid the sufferers from earthquake and fire in San Francisco. The need is urgent, and Greenville should do her part in responding to the appeal to help these suffering people.

## SUPERIOR COURT.

### April Criminal and Civil Term in Session.

The following cases have been disposed of:

J. H. Payne and George Dudley, assault with deadly weapon, both guilty, each sentenced for 60 days to be assigned to roads.

J. W. Eason, assault with deadly weapon, guilty, fined \$50 and costs.

E. T. Phelps, assault with deadly weapon, plead guilty, fined \$5 and costs.

Turner Fields, assault with deadly weapon, plead guilty, fined \$5 and costs.

Zed Blount, assault, guilty, sentenced five months to be assigned to roads.

John Wash Walker, carrying concealed weapon, not guilty.

John S. Clark, carrying concealed weapon, pleads guilty, fined \$15 and costs.

James Langley, assault with deadly weapon, not guilty.

I. C. Hardy and R. M. Kennedy, assault with deadly weapon. Hardy guilty, Kennedy not guilty.

Tip Person, assault with deadly weapon, not guilty.

## COX'S MILL ITEMS.

Cox's MILL, N. C. Apr. 24, 1906.

A big white frost all over the land this morning makes one think he is all up with his work. But that is all right. Cheer up, it will be plenty hot after a while.

We have been having very nice weather for sometime and the farmers have made good use of the time.

Much cotton will be planted this week. Corn is coming up nicely tobacco plants are scarce and small. Frank Carroll says he has some plants ready to set, if he had the land made ready.

Johny Cox, Bill Williams, Louis Williams and J. H. Stokes are all gone to New Bern to attend Federal court as witnesses. Several colored witnesses also went.

Miss Rosa Tucker's school near here will close Wednesday, the 25th, we have had a splendid school for six months.

Miss Cora Carroll and Harvey Stokes attended church at Winterville Sunday.

L. N. Edwards and Mrs. Edwards went to see her brother, Josephus Cox, near Winterville Sunday.

Fertilizers are on a boom in this section. Can't get it fast enough. B. C. L. Co. is hauling lots for the farmers. It must be a paying road from the amount of freight it handles.

I don't think the frost has hurt fruit any, if it warms up from now. Cotton seems to be afraid to get much above eleven cents. Well, that would be all right if we could get it next fall.

Dock Everett is all smiles, it was a fine boy.

Measels continues in our section.

Frank Carroll went to Winterville Sunday morning and says he was just in time to meet the dust going and the rain coming back. He got home all right, but the wind blew just the same.

## WINTERVILLE NOTES

## 17-YEAR LOCUSTS.

### Prediction that they Will Appear This Spring.

Washington, April 23.—The country is this year to have a visit from not only the seventeen-year locusts, but the thirteen-year variety as well.

This announcement is made by the bureau of entomology of the department of agriculture. The seventeen-year variety will begin to appear in the eastern and middle States about the last week in May. All of Pennsylvania except the southwest portion, according to the entomologists, will escape.

The thirteen-year locusts are not so numerous nor so widely distributed as the seventeen-year breed. The circular says they will appear in Alabama, Georgia, North Carolina and Tennessee.

It is stated that the periodical locust, when it appears in great numbers, naturally causes considerable alarm and arouses fears for the safety of woods, trees and orchards.

The actual damage, however, is usually light, except in the case of the newly planted orchards, and even here, by rigorously pruning back after the locust has disappeared, much of the injury caused by the egg punctures may be obviated. As a matter of precaution however, the agricultural department says, it might be well not to plant new orchards this spring in recently cleared ground or in proximity to woods in any of the regions where the locust is scheduled to appear.

#### A Tax on Vanity.

The American colony in Rome is suffering from a tax on vanity. The municipal authorities have increased the income tax of American residents not on any actual return of income, but based entirely on external symptoms of the wealth of every inhabitant. The tax agent goes through the files of all the local society papers, and as it is found that the Americans in society like to have their dances and dinners noted in the papers the agent simply taxes the Americans in accordance with their social prominence and the luxury of their entertainments. The English have learned this clever move of the tax collector, and they keep out of the papers.—Argonaut.

#### Greatest of Chain Cables.

What are said to be the largest chain cables ever made for ships' use have been turned out in south Wales for the new quadruple screw turbine Cunarders. The iron bar used in making the links is three and three-quarter inches in diameter at the smallest part. Each link is about twenty-two and one-quarter inches long and weighs about 160 pounds. When tested for strength, the breaking stress of 265.7 tons required by law, instead of fracturing these gigantic links, simply elongated them about an inch. With the highest stress that the testing machine could give, about 270 tons, the links showed no signs of cracks or fracture.

#### European School Holidays.

The Russian schoolboy has the best time as regards holidays, for the education authorities allow four weeks in spring, five weeks in summer, a fortnight in autumn and a fortnight in winter. In most other continental countries practically all the holidays are taken in the summer, only a very few days being granted for the New Year and Easter. In France the summer vacation lasts from Aug. 1 to Oct. 1; in Austria, from July 15 to Sept. 15; in Greece, from Aug. 1 to Sept. 20; in Norway, from July 5 to Aug. 25; in Turkey, from the end of June to the middle of August.

#### Raising Sunken Ships.

Sunken ships may now be refloated by means of acetylene gas. An experiment was tried successfully on a ten ton boat in the river Seine. The boat was raised by means of small balloons inflated below the water with acetylene gas generated from the solid carbide of calcium. The inventor, M. Ducasse, professes to foresee the application of the invention to ships to prevent their foundering in collisions.

#### Balfour's Handwriting.

In my youth I used, when I came to a word which seemed to me to present considerable difficulty of orthography, so to manage my handwriting that the benevolent reader could give it the interpretation most suited to his own ideas.—From a Speech by Ex-Premier Balfour.

What good does it do you to eat if your stomach fails to digest the food? None. It does you harm—causes belching, sour stomach, flatulence etc. When the stomach fails a little Kodol Dyspepsia Cure after each meal will digest what you eat and makes the stomach sweet. Sold by John L. Wooten.

No, Alphonse, a woman isn't necessarily a vivisectionist because she cuts an acquaintance.

Beautiful women can have the best things in the world, for there is none so inhuman as to refuse anything to a pretty woman. Hollister's Rocky Mountain Tea makes beautiful women. 35 cents. Wooten's Drug Store.

A nice thing about having a large family is you can't afford to have any other bad habits.

Nothing will relieve indigestion that is not a thorough digestant. Kodol Dyspepsia Cure digests what you eat, and allows the stomach to rest—recuperate—grow strong again. A few doses of Kodol after meals will soon restore the stomach and digestive organs to a full performance of their functions naturally. Sold by John L. Wooten.

A girl is pretty sure you want to marry her if you tell her she has hair like some famous actress.

It has caused more laughs and dried more tears, wiped away diseases and driven away more tears than any other medicine in the world. Hollister's Rocky Mountain Tea. 35 cents, Tealor Tablets. Wooten's Drug Store.

A lengthy brief delights the attorney.

The most rational remedy for coughs and colds is Kennedy's Laxative Honey and Tar. It acts on the bowels as a mild cathartic—expels all cold from the system. Cuts all phlegm out of the throat, relieves coughs, colds, croup, whooping cough, etc. An ideal remedy for children—equally good for adults. Sold by John L. Wooten.

Lazy men are willing to work—other men.

If health is wealth and money talks, For so the proverb runs, A fortune you may plainly see, In taking Rocky Mountain Tea. Wooten's Drug Store.

If you ever bought a box of Witch Hazel Salve that failed to give satisfaction the chances are it did not have the name "E. C. DeWitt & Co." printed on the wrapper and pressed in the box. The original DeWitt's Witch Hazel Salve never fails to give satisfaction for burns, sores, boils, tetter, cracked hands, etc. For blind, bleeding, itching and protruding piles it affords almost immediate relief. It stops the pain. Sold by John L. Wooten.

The original rule of three is that of faith, hope and charity.

Don't tie a cough or a cold up in your system by taking a remedy that binds the bowels. Take Kennedy's Laxative Honey and Tar. It is different from all other cough syrups. It is better. It opens the bowels—expels all cold from the system, relieves coughs, colds, croup, whooping cough, etc. An ideal remedy for young and old. Children like it. Sold by John L. Wooten.

A new play is called "The Cork-screw." It should draw well.

Living indoors so much during the winter creates a sort of stuffy, want-of-ozone condition in the blood and system generally. Clean up and get ready for spring. Take a few Early Risers. These famous little pills cleanse the liver, stomach and bowels and give the blood a chance to purify itself. They relieve headache, sallow complexion, etc. Sold by John L. Wooten.

WEDNESDAY APRIL 25, 1906.

If the bath house suggestion is let rest until summer is over, it will be too late for the regular to get pleasure and comfort out of it this season.

It is real mean in all those fellows who knew the earthquake was coming, not to let the people of San Francisco know it in time to get out of danger.

They felt so good over Congressman Blackburn's acquittal, that when he got back to Washington Speaker Cannon called him to the chair for an hour or more.

Several of the book publishing houses are advertising for agents to sell the "only authentic" book on the San Francisco earthquake and fire. That is keeping up with the procession.

The chairman of the Republican executive committee of Rowan county, says the Salisbury Post, declares that unless the Republican State convention selects new leaders and a new chairman of the State committee, he will not vote the Republican ticket in the next election.

One good regulation to make regarding fire insurance companies would be to allow them to take no more risks than they have assets to pay. Under a regulation of this kind so many companies would not be unable to pay their losses when such disasters as that at San Francisco comes.

It was real considerate in that volcano (?) boiling up the mud in Dismal Swamp where it could only frighten the snakes and varmints, instead of breaking through the surface of some populous town. But it is our opinion that about the only boiling of mud in the swamp was made by the tadpoles and mud turtles coming out of winter quarters.

A Chicago clergyman declared that a woman is old at forty, and the assertion provoked an outburst of indignation from the feminine part of the congregation. The Wilmington Dispatch is of the opinion that there should be no kick coming because of the preacher's statement, as it is difficult to find a woman who has ever reached that age.

When one spends much of his time idly, or otherwise, in hotel foyers and other habitual "hang-outs," he hears all sorts of things. Among these "things" one repeatedly hears from traveling men and visitors to the city, "Which church has the best music?" "Among so many of Concord's strangers I have noticed to

my surprise that this question predominates over the old-fashioned one: "Have you a Presbyterian, Methodist, Lutheran or Episcopal church here?" I hear no little criticism about our church music. We lack leaders under salary to add to this feature of Sunday worship. The paid singer has spent a whole lot of time and invested some money in cultivating his or her voice, and should at least collect the interest on the money expended and be paid for the time. From what I can gather our churches would be much better off with more paid singers, although let it be distinctly understood that this paragraph is not to be considered a roast on present conditions—Concord Times' Man About Town.

This is certainly a timely suggestion. The music in the churches today goes a long ways toward attracting the general worshipper, and those attached to no particular faith will go where they can hear the best music. The churches owe it to themselves not only to have good preachers, but also to provide the best music possible, and the church in any town that gives most attention to this will have fewest empty pews.

What his enemies within his own party failed to do for him in court at Greensboro last week the Democrats ought to be able to do for Mr. Spencer Blackburn at the polls next fall. He and his friends think he is invincible, but if the Democrats nominate the right man against him they will learn better. His public record, notwithstanding the boast on his campaign buttons that "He Does Things for Us," is not so admirable as to commend him to any Democrat and there are more Democrats than Republicans in the eighth district. All that remains to do is to get them to the election and have them vote for their party's nominee.—Charlotte Observer.

## THE TWO TYPES.

The average husband may admit—when his wife reminds him otherwise he seldom gives it a thought—that his health is his business capital. But he is imbued with the conviction that it is a gilt-edged security, which will not ized when called for.

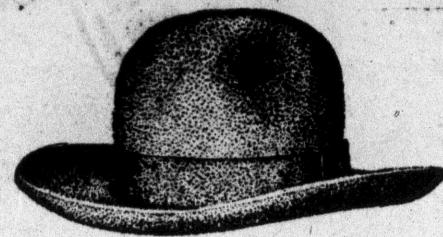

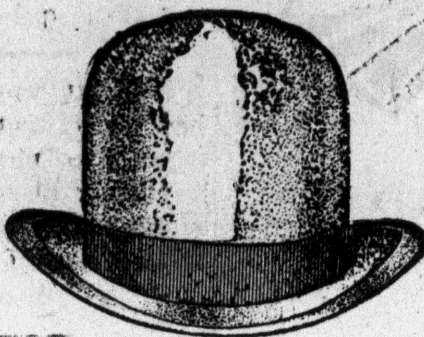

He is anything but grateful to his wife for fussing over him, no matter how tactfully and subtly she does it, so long as he feels "perfectly well," or only just "a trifle out of sorts," and his one aim is to go on doing just as well as all the other average husbands do, regardless of possible differences between his constitution and theirs, till he breaks down.

Then he is immensely surprised, and so repentant that he retards his convalescence by brooding over his idocy in the past.

This is the ordinary husband. There are others who do carefully consider their health—who are not ashamed to carry an umbrella when it looks like rain, to change their shoes when they get them wet, to heroically reject lobster salad at supper and to insist on having a special diet when some rush of work at the office bring a strain that mazes the customary family menu neither sufficiently nourishing nor sufficiently easily digestible.

Strange to say, this admirable type of husband is seldom appreciated in his home circle. His men friends look upon him half in scorn and half in pity, and dub him "molly coddle," "old woman," and other encouraging names.—Ex.

**Postal Card Statistics.**

The postal cards sold in 1905 required 155 freight cars to haul them from the factory where they are made and printed. They were 796,550,000 cards. The quantities of stamps and postal cards issued to postmasters are enormous. Frequently requisitions are received for a million dollar's worth at one time. There was recently issued to the postmaster at Chicago the largest amount of stamps and postal cards ever furnished on one order. The requisition called for a total of 47,000,000 stamps of different denominations valued at \$1,032,000 and for 15,000,000 postal cards valued at \$150,000.

**No "Breaking In"**

ONE characteristic of the "Queen Quality" Custom Grade Oxfords is their flexible fit. Too many shoes are like the wooden lasts over which they are made—stiff and unyielding. They have to be "broken in." When a shoe is broken to conform to the foot, the original lines must be changed. The shoe thus becomes loose and shapeless. "Queen Quality" Shoes "keep their shape" because they fit perfectly with a flexible fit. The shoe yields to the foot as does a glove to the hand. We have over fifty styles of these superb shoes to show you.

**New York State Leads.**

New York, April 23.—That the contributions of New York State for the relief of the victims of the great catastrophe on the Pacific coast will exceed \$3,500,000 is now assured. The State Legislature today in response to a special message from Governor Higgins passed a bill appropriating \$250,000 to the relief fund. In New York City it is estimated that the sum already gathered by Mayor McClellan's committee, the Red Cross Society, the Chamber of Commerce, the Merchants Association, the various exchanges and other bodies already approximates \$3,000,000 and contributions continue to pour in undiminished volume. The city of Buffalo today appropriated the sum of \$50,000.

### A LITTLE NONSENSE.

**Bibulous Husband Suggests an Idea to His Amiable Spouse.**

When he got home in a night liner at 3 o'clock the other morning he found his wife propped up in bed reading a recent American historical novel. She was quite amiable.

"Oh, good morning," she said sweetly. "Has the milkman come?" He steadied himself against the chiffonier and struck an attitude of extreme dignity.

"Whaz zhat you're readin', my dear?" he inquired of her.

"Oh, one of these historical novels," she replied. "It's time to get up, isn't it, so what's the use of your coming to bed?"

"I didn't know you were in-shreshred in his'hry, my dear," said he, with profound solemnity.

"No?" said she. "Well, it is not to be expected that you could be really very familiar with my tastes. By the way, there is a story here of how the eminent Henry Clay happened to say he'd rather be right than president. Do you know, I've been thinking over that remark in connection with you."

"Zhash sho?" he inquired wonderingly. "Shink I'm anuzzer Clay, eh?"

"Well," she replied, soft and low, "I think you'd rather be drunk than president." And then the servant girl's alarm clock could have been heard ferociously ticking in the attic room.

### Fortunes Paid For Famous Pictures.

The greatest sale of pictures by American artists, was that of the Thomas B. Clark collection in 1899, when George Inness' "Grey Lowery Day" was knocked down for \$10,150, the highest price ever paid for the work of an American painter at public sale, and the W. T. Evans' collection in 1900. This brought \$159,340. Since then P. C. Hanford's one night's sale brought \$124,135; E. J. Milliken's twenty-six paintings, \$128,328 in one evening; the F. O. Matthiesen's two nights' sale, \$348,780; the Mrs. Warren collection, \$345,025, and the D. C. Elyall collection reached a total of \$244,900. The Mrs. Warren sale was noted for one of the most remarkable advances in the cost of a painting ever recorded in America. In 1889 Knoedler & Co. sold her a "Shepherdess," by Millet, for \$800. They bought it back at the sale of her collection, fourteen years later, and paid \$24,500 for it. —Leslie's Weekly.

### ALL OVER THE HOUSE.

**Helpful Reminders as to the Laundering of Linen.**

To prepare linen for washing soak the articles overnight in water. Never use hot water for soaking purposes, as it tends to make dirt adhere to linen, while cold or tepid water loosens it and so simplifies the process of washing. Use borax in the proportion of one tablespoonful to one gallon of water. It is perfectly harmless and has a marvelous power of softening water and of drawing out dirt. The object to be aimed at in washing is to get rid of the dirt with as little wear and tear as possible.

Do not put the clothes in the boiler if the water is at all hot. This method discolors linen and should at all times be carefully avoided. Allow the clothes to boil for ten minutes, remove from the boiler to a tub and add cold water. Do not allow the clothes to boil too long or they will become a yellow color, and they must on no account be boiled before washing.

### Fireplace Mottoes.

"Welcome ye coming, speed ye parting guest."

"My home is your home."

"Peace be unto this house and all who dwell herein."

"As I sat musing ye fire burned."

"My fire is my friend."

"Let no man take beyond this threshold hence words spoken here in friendship's confidence."

"We strive to serve you, friends. In entering this house you do possess it. Peace and heart's greetings."

"As we journey through life let us live by the way."

### To Get Rid of Cockroaches.

A housekeeper who was recommended to try cucumber peeling as a remedy for cockroaches strewed the floor with pieces of the peel, cut not very thin, and watched the sequel. The pests covered the peel within a short time so that it could not be seen, so voraciously were they engaged in sucking the poisonous moisture from it. The second night that this was tried the number of cockroaches was reduced to a quarter, and none was left alive on the third night.

### To Launder Chiffon.

It is quite easy to wash and iron the better kinds of chiffon and make it look like new. Make a lather with soap powder in warm water. Float the chiffon in this for about ten minutes. Do not rub, but fold carefully between the hands and squeeze gently two or three times. Then place it between the folds of a clean, soft towel and press it until most of the moisture is absorbed. Iron on the wrong side while still damp, and the chiffon will be quite fresh and glossy.

### Filling For Sofa Pillows.

New fillings for pillows constantly are being thought of, one of the latest being tea leaves. This is a prettier use for the waste from the teapot than the old fashioned plan of saving them for sweeping, and if the dried leaves have a few fresh ones added this pillow will make a pretty mixture of flavors when lying next those stuffed with dried lavender, rose leaves and cedar.

### To Clean Paint.

Kitchen paints will soon acquire a shabby, dull look from the frequent cleaning that is necessary in this room. The use of soap only increases the difficulty, especially if the paints are varnished. The best plan is to boil one pound of bran in a gallon of water for an hour, then wash the paint with this bran water, and it will not only be kept clean, but bright and glossy.

### To Remove Onion Odor.

The odor of onions will entirely disappear from your hands if after peeling them you hold your hands for a moment or two in the smoke that arises from brown paper when it is burning. After eating onions brush the teeth with common salt, using plenty of it.

### Scorch Stains.

Soak them overnight, one by one, in buttermilk or in loppered milk. Next day rinse in pure tepid water and lay in the sun. The second night soak in pure water. Finally wash in the usual way. Scorched spots should be dealt with as other stains.

## COURT THE LIGHT.

Darkness is an Enemy to Vigor and Life.

Neither grown people nor children thrive in dark places. In this respect they are like plants. No potted plants will grow in the house unless they are placed in the light of a sunshiny window. It is strange that people dare to sleep in dark rooms where daylight never penetrates, and much stranger that they dare to live in such quarters.

When compelled to work or live a large part of the time in rooms artificially lighted one should make it a point to be in the sunshine every day if possible. Sunshine is a good cure for dyspepsia. No animal and no plant can properly digest food in the dark. The truth of this assertion can be readily determined by a little experiment.

A potato placed in a dark cellar with a little ray of light will sprout and make an effort to grow toward the light. Make a larger opening for the light to enter and see how the sprouts will longingly stretch toward the light, but how pale the color and how sickly the plant. No matter how often you water the plant or enrich the ground in its dark situation, it will not thrive. It will always remain a poor, sickly sprout or plant. But give it sunlight and see the wonderful change that takes place.

Grain that grows under trees does not grow well or fill out, although the soil under the tree is richer perhaps than the soil outside the shelter of the tree. Nothing will flourish away from the light.

And to go from the material to the spiritual, dark deeds and thoughts are responsible for many a puny, undeveloped body. Live in the sunlight of strength and purity. —Boston Traveler.

### Neglected Opportunities.

Mr. Sidener had made his first public speech. His subject was good—the iniquities of industrial economy—and he hoped his treatment had been adequate. He was not sure. He waited for his wife's verdict, but she was strangely silent.

She had listened to him from the gallery of the town hall, and he had half expected her to meet him at the door afterward and to say as soon as they were out of hearing, "Oh, it was simply great, Eddy!" But they were halfway home, and she had said nothing of the kind.

"Well," he began awkwardly when he could bear it no longer, "what did you think of my speech?"

"What you said was all right," she answered, with guarded enthusiasm. "But it seemed to me you didn't make the most of your opportunities."

"Opportunities?" repeated Mr. Sidener. "What do you mean, Effie?"

"Why," Mrs. Sidener replied, "you had ever so many chances to sit down before you did."

### Origin of the Name "Puss."

A great many years ago the people of Egypt, who had many idols, worshipped the cat, among others. They thought she was like the moon because she was more active at night and because her eyes changed like the moon, which is sometimes full and at other times only a light crescent, or, as we say, a half moon. Did you ever notice pussy's eyes change? So they made an idol of a cat's head and named it Pasht. The same name they gave to the moon, for the word means the face of the moon. The word has been changed to "Pas" and "Pus" and has come at last to be "puss," the name the most of us give to the cat. Puss and pussy cat are pet names of kitty anywhere now. Who ever thinks of the name as given to her thousands of years ago and the people who then bowed down and prayed to her?

### Overstarched Clothes.

If starched clothes are very stiff when brought in from the line they will fold and get into shape with much less work if they are sprinkled and left in a heap for an hour or so before folding.

TO THE PEOPLE OF GREENVILLE,  
AND PITT COUNTY.

Knowledge of great and indelible suffering, which has befallen the city of San Francisco and her three hundred and fifty thousand citizens, has spread over the civilized world, stirring the sympathy and charity of all Christian hearts, impressing on them a Christian duty at all times, and especially in time of need and distress. This knowledge in our mind; this opportunity in our national home; and abundant prosperity in our blessed community, it behooves us at this very time to practice the golden rule, that we may in a manner, relieve the horrible suffering caused by cold and hunger, in our destroyed city. Therefore, for this purpose, I beg you to give of your means as freely as God has given you of His mercy. that the burdens of suffering in our afflicted city may be lightened, and that we ourselves may feel that this community has discharged a Christian duty.

FRANK M. WOOLEN,  
Mayor of Greenville.

Your offering will be received by Editor D. J. Whitchard, and forwarded to the property authorities in San Francisco.
