WINTERVILLE NOTES

Interesting Items from Our Hustling Neighbor.

WINTERVILLE, N. C., June 30—

Miss Ennice Hargett of Tuckahoe is visiting at G. E. Jacksons this week.

Bruton Bryon came home from Norfolk, where he has been attending a business college, to spend some time with his parents.

The name of our town may have its effect on the traveling men this hot weather, anyway they come.

Prof. G. E. Lineberry returned from Raleigh summer school Friday morning.

The improvement in the looks of our streets since the weeds were mowed is very apparent. Back lots should now be placed in a sanitary condition, much sickness would be prevented if such things were only attended to in time. City fathers, enforce the ordinances.

If Bro. Whichard will have some of the day current extended down this way we will put in an electric fan, and so would others.

Before we write again Independence day will have come, possibly without any recognition except, the rural carrier's and bank taking holiday. Is it that patriotism, is decreasing, or what is the cause of lack of interest in the ourth.

J. W. Sutton, who has been in the far west for several years, is visiting his father, J. A. Sutton.

Some of our farmers inform us that they will soon have tobacco ready for curing. The recent rains have caused it to grow so fast we fear that it will be very thin and light.

We regret to have to say that the death angel visited the home of Mr. and Mrs. T. A. Nobles and bore away the spirit of little Mattie, their two-year old daughter. The bereaved parents have our sincerest sympathy in their bereavement.

E. A. Baldree went to Greenville this morning.

Cards of Thanks.

The editor of this paper would be the last man on earth to knowingly say a word to hurt the feeling of any of its subscribers or citizens, especially at a time when the dark winged messenger of death has brought sorrows to the home, but from the best of motives we desire to call the attention of our readers to the custom of publishing "cards of thanks." It is a custom that his outgrown its purpose, if it even had one. When sickness and death comes to your home it is only natural that your friends and neighbors should do what they could to assist you. They would be heathens if they did not. They know from the expression of your face that you are thankful and deeply appreciate all they do, and it is not necessary to rush into print and tell the world that your neighbors were kind when you were in trouble. The reading public are becoming tired of the old stereotyped "card of thanks." You can express to your friends by a word or look, your thankfulness in a more impressive manner than you can in a column of cold type.—Concord Times.

HACKETT-SMITH.

Marriage Near Grimesland.

At historic old Trinity church to day Mrs. Mary Grimes Smith was married to Mr. James Gordon Hackett, the ceremony being performed by the Rev. N. Collin Hughes. The bride was given away by her brother, Col. J. Bryan Grimes, and the groom's best man was the Hon. R. N. Hackett, Democratic nominee for Congress in the Eight Congressional District. The maid of honor was little Miss Helen Elise Grimes, daughter of Col. J. Bryan Grimes. The ushers were; Messrs. Wm. Demise Grimes and Junius D. Grimes, of Washington. N. C.

This is a marriage of unusual interest to all our people. Mrs. Hackett is the daughter of the late General Bryan Grimes, and her family for many generations have been closely identified with this section.

Mr. Hackett is a successful business man of Wilkesboro, is chairman of the State Prison Board, and his family have been prominent in Western North Carolina since its first settlement.

The organ was presided over by Miss Carrie Hughes, of Chocowinity.

The church was tastefully decorated with evergreens and flowers.

After the wedding a breakfast was served to the bridal party at the home of the bride's mother, Mrs. Bryan Grimes, at Grimesland.—Washington Messenger, 28th.

Day Current Soon.

Electric fans would be a great comfort in this torrid weather. They can be had as soon as the day current is provided, which is expected before much longer. In the meantime those who want fans or motors might go ahead and procure them, as the day current is a certainty and will be ready as soon as the new dynamo can arrive and be installed at the plant.

The Gypsy Tea.

The ladies of the Methodist church had great success with the Gypsy tea at Red Bank's Friday evening. The weather was just the kind to make people enjoy the sail down the river and back, and hundreds of them exchanged the heat of the town for the breeze on the river. Three boats were kept busy running between the wharf and the banks, and even then all who wanted to go could not get passage.

We have residing in our town a young man, who if reports are true, is wonderfully and fearfully made. His doctor said he had iron constitution; his friends said he had nerves of steel; the girls said he had a heart of stone; his enemies declared that there was more brass to him than anything else; his uncle said he had a wooden head; others declared he had lots of sand, while his admirers declared he was all wool and a yard wide.—Ex.

THE WEATHER.

Partly cloudy tonight and Sunday.

There is getting to be some real baseball enthusiasm.

BASEBALL CLUB,

Greenville Getting Ready for the Diamond.

After a little talk such baseball enthusiasm was found to exist here that Friday night several of the young men got together and organized a club. Though the time is short they have gone to work and want to be ready for the first game on July 4th, if they can find a neighboring club open to a challenge on that day.

The following names have been furnished us as members of the club; Milton Smith, Gus Forbes, Richard Randolph, Bert James, Jim Anderson, Guy Lanier, Will Lipscomb, Alex Blow, Clyde Morton, Wacke, Black.

Greenville is going to play ball the remainder of the season, the ball park is now being put in fine condition for the first game, the fourth of July.

2:30 p. m. Williamston will cross bats with the Greenville boys on the 4th of July. Manager M. M. Smith just received a phone message from the manager of the Williamston team saying they will come. Look out for a good game.

July Clearance Sale.

C. L. Wilkinson & Co. will have a great July clearance sale, and a page advertisement in this paper tells of the wonderful reduction made on prices. All summer goods will be included in this sale and will be closed out regardless of price. This kind of clearance sale is where the quick buyer saves money.

Nearly a thousand editors, members of the National Editorial Association, were poisoned by eating packinghouse meats at Indianapolis a few days ago. Some of them were made critically ill. Still there is a possibility that most of them were unused to eating meat and it naturally made them sick. Blackberry dieters should be careful away from home.—Raleigh Enterprise.

GOOD ROADS.

Splendid Driveway Will Be Built to Jamestown Exposition Grounds From Norfolk Va.

Norfolk, Va., June 29.—One of the show features of the Jamestown exposition will be beyond its gates. The entire country is taking more interest every year in the subject of good roads, and the six mile stretch from the exposition grounds to the city of Norfolk will contain an object lesson in improved road construction.

Vehicles by the thousand will travel between Norfolk and the exposition grounds every day from May until December, 1907. More than one hundred thousand troops will pass over this roadway. It will be subjected to all kinds of usage, and it stands the strain of the hard wear which it must necessarily endure, the solving of that weighty problem the best road for general purposes will be well advanced to its finality. If all the vehicles were rubber-tired a macadam road would last indefinitely, but narrow steel tires, not entirely confined to pleasure carriages, but often attached to the heavier vehicles for merchandise transportation, wear the ordinary road into strings.

Experts from the good roads division of the Department of Agriculture will probably supervise the construction of this boulevard, which will be built by Norfolk county. From the city limits to the heart of Norfolk the boulevard will be asphalted, and the whole length will be not less than one hundred and twenty five feet wide at any point.

It is anticipated that this exposition boulevard will give a great momentum to the good roads movement in the South. The initial cost of a first-class road is greater than that of an ordinary roadway, but the costs of maintenance is far less and repairs are much more infrequent. The South has not paid as much attention to avenues of communication between country settlements and villages as have other sections of the country, and good roads enthusiasts figure that millions have been lost by this neglect of opportunities.

Every element which enters into the cost of the exposition boulevard will be recorded, and visitors to the Ter-Centennial who will use this highway from Norfolk to the exposition in 1907 can learn at any time exactly what the road cost to build and what is being spent on its maintenance.

YES, WE'D LIKE IT.

When a man speaks about going back to things as they were in the long ago, he is sometimes regarded as old foggy, out of date sort of fellow; but we are among those who think that some things of long ago would be an improvement on things at the present. We have recently heard some good citizens say that in matters political they would like to see primaries and county conventions done away with and just have one day of excitement for election. Have no primary or nominating convention, but let election day be appointed and let every citizen be informed of it, and then let the voters go to the ballot box and vote for whom they please. If this were the custom and it were a misdemeanor to electioneer or spend money on elections, there would certainly be less excitement and less hard feelings as a result of political wrangles. A township primary now can stir up more unpleasantness than a presidential election in the long ago. If the American people are intensive to anything it is in political contests.—Scotland Neck Commonwealth.

Many persons think that cotton is the main crop of the United States, but in this they are mistaken. The value of the cotton crop last year was \$575,000,000, while the value of the hay crop was \$600,000,000 and the value of the corn crop was twice that sum. The value of the wheat crop was \$525,000,000, nearly as much as the value of our cotton crop. These figures may surprise many of our readers.—Rittsboro Record.

No need to be making hot air now, there is plenty of it free.

Light diet, prudence and avoid fretting is the best antidote for this kind of weather.

A man may say he loves to work in this kind of weather, but his sincerity will be doubted.

The Williams' on Enterprise says there are between 150 and 200 cases of smallpox in the Darden section of Martin county.

After the State Convention the local agitation will all be on the county officers until the nominating convention meets and settles it. But the convention will hardly be held under a month or two yet, possibly not until September.

One prophet has come forward with a prediction of frost about September 19th. Thinking about that may for the time being divert the mind from the present temperature that is playing around the century mark.

What the county commissioner should now do is to make every person who failed to list taxes to pay a double tax as the law requires. The entire month of June is set apart for listing and for the convenience of the people a list taker has been on duty in every township. No one who failed to give in before these list takers should be allowed to list before the county commissioners without a good excuse. The only way to break up this habit of evading the list takers is to enforce the law against those who failed to list as the law directs.

WASHINGTON LETTER

(From Our Regular Correspondent.)

Washington, D. C., June 29.—The action of Congress on the pipeline amendment will show whether or not that body is actually under the control of the Standard Oil Company. That was the way that Senator Tillman put the proposition this week, and while the language was rude the sentiment was perfectly correct. In case any one should miss the point of the situation, it may be explained that the fight is in the rate bill and pipe line amendment is the work of Senator Lodge, declaring the pipe lines common carriers. Now in case this amendment went through, it would hit the Standard Oil Company. They own the bulk of the pipe lines and while as Senator Tillman naively put it, "the people of West Virginia have no complaint about the way they transport oil," the oil producers all over the country have very decided

objections to the way the Standard uses the pipe lines to force the producer to part with his oil at any price the Standard chooses to name.

The House managed this week to sneak through the Senate bill extending the time of torture for live stock in transportation from 28 to 36 hours. This is a measure over which has been a wrangle since last spring. It is opposed by all of the humane societies of the country and in fact by all decent people who understand its provisions. It is very doubtful if the President will sign the bill if the matter can be brought to his attention. But it is mighty hard these days to get anything to his attention that his secretaries want to keep away from him, and the several appeals that are now being made to him will in all probability never reach him.

This government has just decided to become a party to a new international crop bureau that is to be established in Rome. The movement is the work of King Victor Emmanuel, of Italy, and the Italian government will bear all of the expense, about \$5,000 a year, which it will cost each of the other countries who belong. The idea is to have a central bureau for the collection of crop statistics from all the countries of the world. The reports of harvests and of crop conditions would be made first to the central bureau and thence telegraphed to all the subscribing countries. It is thought that this would help the stability of the world's markets for staple crops of all sorts and would prevent in a very large measure and sudden fluctuations in prices that are now one of the most serious drawbacks of the farmer's existence. This country was wanted as a member of the international bureau because of the importance of the United States as an exporting country and as the cost was small, it was thought a very good thing to subscribe.

THE MISSOURI LAW.

The State of Missouri has gone a bow-shot beyond all others in the war on the trusts. Judge Ryan, of the Circuit Court of St. Louis, has rendered a decision rather out of the ordinary. He says: "Any purchaser of any article or commodity from any individual company or corporation transacting business contrary to any provisions of the preceding sections of this article shall not be liable for the price or payment of such article or commodity, and may plead this article as a defence to any suit for such price or payment." This means that under the Missouri law, any trust can sell its goods in that State, but cannot collect its debts by law. In a brief review of this law, The Baltimore Sun says it is not intended to promote dishonesty on the part of any of the citizens. Its sole purpose is to withdraw the protection of the law from those who have placed themselves beyond the pale of the law. It is an extreme measure—a desperate remedy for a desperate disease. It outlaws the trusts for a greater security of the people of Missouri. "Judge Ryan's decision, if sustained by the higher court of review," says The Sun, "will mark an epoch in the struggle to control monopoly. It will deal a crushing blow to unlawful combinations as far as pure State business is concerned. No illegal corporation can do business in States which, by statute, relieves the purchasers of trust products from the payment of their debts to such corporation. Either the corporation must abandon unlawful methods or it must ultimately restrict its operations to a very limited field. For it is clear that the plan adopted by Missouri to destroy monopoly will find favor in other States, if it is upheld by the higher court."—Charlotte Observer.

A Few Words to MEN

It doesn't make much difference what stores say about their Men's Clothing, if they can't prove to their patrons that what they say is true.

Nothing makes a man so disgusted as to be sent on a fool's errand—to waste his time on a wild goose chase.

If we weren't certain that our Clothing was better than other makes, you can make up your mind to one thing—we'd never risk exciting your ill-will by saying so.

We'll say this, though, that we've got Spring Suits to sell at 7.50 10.00 12.50 and 15.00 that you say, when you come to see them, that we didn't blow enough about.

We're interesting a great many Men these days and we would be pleased to talk the Clothes question with you.

**A Few Reasons why you
Should Buy From

Because their prices are lower for the same goods than others. Because they have but one price. Because if goods are not satisfactory they can be returned and money refunded. Because they buy and sell for cash and save you time profits. Because it is the only store of its kind in Greenville. Because they need your patronage and are trying to deserve it. Because they study your wants and try to supply them. Don't forget the

THE GRAND MASTER

It is seldom that a man attains the unique distinction of holding the exalted position of grand master of the Masons and lieutenant governor of the State at the same time, yet this is now the case in North Carolina and the two offices are now held by Judge Winston, who honored us with his presence Wednesday. The grand master's speech was a short one, but for all of that it was redolent with eloquence and a credit to the speaker and the great order that has elevated him to its leadership.

Better Masons and better citizens are born of such efforts as the grand master mad for us Wednesday. Our citizens appreciated his visit and demonstrated the fact by the hearty reception tendered him—Kinston Free Press.

TO OUR FRIENDS THE TOBACCO GROWERS

We take this opportunity of extending to our friends and patrons our sincere thanks for the liberal patronage bestowed upon us the past season.

WHEN THE CENTRE BRICK WAREHOUSE

was first erected, three years ago, it was the intention of its management to build up a permanent business, upon a sound business basis. Our business has increased with the years, and we trust to be favored with your patronage the coming season

Each Customer, as well as each Pile of Tobacco shall have our Personal Attention, and we shall endeavor, as in the past, to make The Centre Brick headquarters for High Prices, Fair and honorable treatment.

It affords us pleasure to announce in this connection that

MR. W. T. LIPSCOMB,

THE VETERAN TOBACCONIST AND WAREHOUSEMAN

Will be associated with us the coming season. Mr. Lipscomb is too well-known to the trade, planters, buyers, or manufacturers to need any commendation at our hands, suffice to say with his judgment and experience at the command of our customers, with our facilities for conducting the warehouse business, assisted as we will be by an experienced and competent force, in every department, it puts us in better position than any other warehouse in Eastern Carolina, at all times, to secure for our friends outside prices for their Tobacco. When you come to GREENVILLE, always

Always make the CENTRE BRICK your headquarters,

and when your tobacco is ready to sell, bring it where experienced judges will sell it to the best advantage for you. Again thanking you for your liberal patronage we beg to remain,

Your friends

BRINKLEY and LASSITER,

BRINKLEY, LASSITER and LIPSCOMB, Successors,

The sworn statement of the manufacturer protects you from opiates in Kennedy's Laxative Honey and Tar—the cough syrup that drives the cold out of your system. Sold by J. L. Wooten.

The sincerest tribute that can be paid to superiority is imitation. The many imitations of Dewitt's witch Hazel Slaves that are now before the public prove it the best. Ask for Dewitt's Good for burns, scalds, chafed skin, eczema, tetter, cuts, bruises, boils and piles. Highly recommended and reliable. Sold by J. L. Wooten.

The most rational remedy for colds and coughs is Kennedy's Laxative Honey and Tar. It acts on the bowels as a mild cathartic—expels all cold from the system. Cuts all phlegm out of the throat, relieves coughs, colds, croup, whooping cough, etc. An ideal remedy for children—equally good for adults. Sold by John L. Wooten.

Thousands annually bear witness to the efficiency of Early Risers. These pleasant, reliable little pills have long borne a reputation second to none as a laxative and cathartic. They are as staple as bread in millions of homes. Pleasant but effective, will promptly relieve constipation without griping. Sold by J. L. Wooten.

Wooten's Drug Store

You cannot induce a lower animal to eat heartily when not feeling well. A sick dog starves himself, and gets well. The stomach once overworked, must have rest the same as your feet or eyes. You don't have to starve to rest your stomach. KODOL FOR DYSPEPSIA takes up the work for your stomach, digests what you eat and gives it a rest. Puts it back in condition again. You can't feel good with a disordered stomach. Try Kodol. Sold by J. L. Wooten.

It is wonderful what a little careful grooming will do for a woman. It's inspiration and sweetness. It's delightful and bewitching. The effect of Hollister's Rocky Mountain Tea. 35 cents, Tea or Tablets.

Wooten's Drug Store.

Cleanness is the first law of beauty; also the second and the third. No matter what your complexion may be, Hollister's Rocky Mountain Tea will cure them. 35 cents, Tea or Tablets.

Removes black heads, drives away beauty pills. Stimulates the whole nervous system. Greatest beautifier known. Nothing so helps fading loveliness as Hollister's Rocky Mountain Tea. 35 cents.

Wooten's Drug Store.

If your stomach troubles you do not conclude that there is no cure, for a great many have been permanently cured by Chamberlain's Stomach and Liver Tablets. Get a free sample at J. L. Wooten's drug store and give them a trial. They also cure constipation and biliousness.

If you ever bought a box of witch Hazel Salve that failed to give satisfaction the chances are it did not have the name "E. C. DeWitt & Co." printed on the wrapper and pressed in the box. The original DeWitt's Witch Hazel Salve fails to give satisfaction for cuts, sores, boils, tetter, cracked hands, etc. For blind, bleeding, itching and protruding piles it affords almost immediate relief. It stops the pain. Sold by John L. Wooten.

The Very Best Remedy for Bowel Trouble.

Mr. M. F. Borroughs, an old and well-known resident of Bluffton, Ind., says: "I regard Chamberlain's Colic, Cholera and Diarrhoea Remedy as the very best remedy for bowel trouble. I make this statement after having used the remedy in my family for several years. I am never without it." This remedy is almost sure to be needed before summer is over. Why not buy it now and be prepared for such an emergency? For sale by J. L. Wooten.

Beware of Ointment for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price, 75c. per bottle. Take Hall's Family Pills for constipation.
