## WHITE CAP CASE.

### Motion for Severance Allowed and J. K. Barnhill First Put on Trial.

(Continued from Yesterday)

Walter Woolard took the stand to continue his testimony, but further questions asked him being objected to as incompetent he was stood aside.

W. S. BRILEY.

I am one of the defendants in this matter, live at Sheppard place. First saw Barnhill on Sunday at Tom Williams', he asked me about money I owed him for oxen. Next saw him at Oakley, asked him about some tobacco and went by Oakley to get tobacco, it was not directly on our way home. Saw him last that night about 10 o'clock, he, Woolard and myself sitting in front of Nelson's house on opposite side of railroad. Barnhill did not break in Teel's house and assault him that I knew of.

Cross examined—What I mean to say is I don't know whether Barnhill broke in the house or not.

MISS MOLLIE WARD.

I live three or four hundred yards from W. J. Teel's, remember the night his house was broken. Mrs. Teel came to my house next morning, she said she did not recognize any of them.

MRS. JULIA WARD.

I live quarter mile from Teels, went to his house about light next morning after trouble, stayed a short while I did not see any sack on wire fence I asked Mrs. Teel were the parties disguised and she said they were not. She was at my house the following Tuesday and I asked her if she knew any of them and she said no. I was at Teel's house Monday night and he said he reckon he was mistaken about shooting at any one in his yard, it might have been a plum tree on opposite side of path.

Cross examined—I heard pistol shots in road. I am wife of Ben Ward, he went to Teel's when bell rang. He heard horse coming by.

MRS. MATTIE REDDICK

I live three quarters mile from Teel's, am wife of George Reddick, went to Teel's house next morning Mrs. Teel said she struck matches and put in man's face, he was tall man with slim face and little red chin beard. I am not related to any of the parties.

Cross examined—Do not remember who was at Mrs. Teel's when I went, my husband and his brothers went with me. I have talked with people about this. It was after breakfast when we went I was at my uncle's the night before and first heard of the trouble when Teel's son came over there. Do not remember that Mrs. Teel said how many were in the room; heard her tell about the attack; do not remember that she was excited or crying. I told what she said when I went back home. Don't think have talked with Mrs. Teel any about it since

GEORGE REDDICK

Am husband of lady just on stand. Heard Mrs. Teel describe the man whose face she put match in, she said he was a kind of tall man with slim face and red chin beard.

Cross-examined—She did not say how many went into room. I saw where latch was broken off door, did not hear the shooting. It was after breakfast when I went to Teel's. I did not say at Gov. Jarvis' office in April court that I did not know anything about it. The defendants counsel have talked the matter with me to see what I knew. Teel was not home when I was there. I reckon Teel and myself are friendly, have never given each other any trouble. Went to his house later, and talked with him, did not tell him that I did not hear his wife make the statement. Did not hear Teel say anything about recognizing them.

Court took recess to 3 o'clock p. m.

W. S. BRILEY

Recalled—I did not go to Teel's house the night of attack, there are no gun shot wounds on my person. When I left Oakley that night with Walter Woolard we went home, reached there about 11:30, went by way of Stokes, from there went on by Briley swamp church. People live along road from Oakley to Sheppard place, we passed by W. B. Roebuck's house. A colored man named Jack Howell lives on Roebuck place near road. After getting home we went in and saw Claude Moore and Tom Roberson, we put up horse and went to bed. I slept down stairs with Tom Roberson. Woolard and Moore slept up stairs. Got up at usual time next morning. Tuesday morning was first time I heard about white capping.

Cross examined—Saw several parties in bar room at Oakley Sunday night, (named parties, other defendants among them) Think we had all been there before.

JOHN ROBERSON.

I lived at Sheppard mill at time of Teel's assault. Saw Briley that Sunday night at home, he got there at 11:30. I went in room when he called. Claude and looked at clock. Had been asleep before he came, he went to bed with me. He said a few words about the work to be done next day, he stayed there balance of night. Claude Moore slept up stairs in different room from Woolard.

Cross examined.—Am 16 years old, lived with Briley a few months. Claude was first to wake up when they came. Woolard struck match, he came in the door. It was unlocked. I stopped staying there after this trouble got out. None of us said they came in at 3 o'clock. First heard of whitecapping was Tuesday, Briley told me, said a man named Whitehurst told him. Never been to court before. Looked at clock because I wanted to know what time it was, might have been a few minutes past 11:30. Woolard set alarm to clock and carried it up stairs. Moore had keys and went off that morning. I don't know how Woolard got his Sunday clothes without

keys when he got back from fish fry I went off Sunday morning, got back that evening. It was Easter Sunday, don't know what Easter is. Woolard went to fish fry Saturday night, don't know what kind of clothes he had on. Woolard usually kept keys, Briley also had keys.

WALTER WOOLARD.

Recalled for cross examination—Went fishing Saturday evening, gave keys to Moore. Told Barnhill they caught no fish. J. K. Barnhill carried me to Stokes Sunday evening. Barnhill did not ask me if I was going to Oakley that night; told him Briley had gone to Hickory grove.

W. J. GARDNER.

I live in Bethel, saw Teel there a few days after attack. He told me he did not know if he could recognize anybody in the crowd.

JACK HOWELL.

Am 73 years old, recollect hearing about Teel's assault Tuesday or Wednesday of following week. Live on W. B. Roebuck's place, house is close to road. Heard Briley pass my house that night a little past 11 o'clock, had got up and was smoking when he passed, heard him and Woolard talking.

Cross examined—Have not known Briley long but knew his parents. Did not tell Mr. Roebuck that I expected they had something to do with it because they passed my house late. I heard somebody telling Roebuck about it and they said Briley was in it. Mr. Thomas called Briley's name and said he believed he was there. Then I spoke that he passed my house about 11 o'clock going toward home. I knew it was him without going out to see him, did not try to see him and never saw him. Haven't got a cent of Briley's money and have never mentioned this to him. Told Roebuck it was directly after 11 o'clock when Briley passed, Roebuck did not say it was much later than that.

J. L. PERKINS.

Briley lives about 4 miles from Stokes, his character and reputation good so far as I know; character of Woolard good. Have known J. K. Barnhill since he has been in that neighborhood, and never heard anything against him before this. Character of T. W. Whitehurst good, character Jack Howell good.

Cross examined—I am indicted in Federal court.

W. J. Fleming testified to good character of Briley, and Slade Congleton testified to good character of Woolard. C. S. Forbes testified to good character of T. W. Whitehurst.

MISS DAISY PARKER

Live about 2 1/2 miles from Oakley, went to church Easter Sunday and spent remainder of day at Miss Taylor's. Saw J. K. Barnhill Saturday night, at Hickory grove Sunday morning and at Mrs. Taylor's that afternoon. Woolard came there with him between 4 and 5 o'clock. I left there about sunset and he was still there.

MISS MARY TAYLOR.

Saw Barnhill Sunday evening at my home, he came between 4 and 5 o'clock and left about 8. It is about a mile to Oakley, Woolard was with him. Think Barnhill had on a tan colored shirt.

Saw Barnhill quite frequently in last six months. (Cap shown her) Do not know whether I ever saw him wearing that cap. (Another cap shown) That looks like Barnhill's cap, it is his it has a bow in it which I put there. (examines cap and finds bow which says looks like the one she put there and explained why she put it there.)

ELMER PARKER

I know Barnhill, saw him Sunday evening at Oakley. Was not in his store that night. (Cap shown) Looks like cap Barnhill wore at tournament. Miss Mary Taylor put bow in it and also a similar one in my cap at same time.

CAP ROGERS

Live at Oakley and know Barnhill. I stayed over at mill at time this trouble occurred. Saw Barnhill that Sunday night going toward Mr. Williams, about 10 o'clock. Saw Woolard and Briley leave Barnhill's store just before then in buggy and went towards Stokes. Saw Barnhill about light Monday morning between Nelsons and Williams.

Cross examined—I did not set up all night to watch Mr. Barnhill I haul logs for Zeb Whitehurst. Was on railroad platform with Frank Staten when I saw them Sunday night, (called names of defendants who he saw.) After they left I went home. The road Briley and Woolard left on is one way to go to Grindool.

FRANK STATEN.

Live at Oakley, been there 2 years. Saw Barnhill going towards Williams that Sunday night, saw him again next morning about 5 o'clock going towards Nelsons, and again about 10 o'clock at his store.

Cross examined—I was sitting out there with Rogers. I hailed Barnhill, Rogers had left me then.

GUS LITTLE.

Live at Mr. Jim Whitehursts, remember Sunday night of Teel trouble. Between 1 and 2 o'clock that night I went to Williams' to get some whiskey for my wife who was sick, Barnhill put his head out window and asked if she was sick much, he slept at Williams. (This witness was very confused on cross examination.)

I. H. Little testified to character of witness Gus Little, also to character of Barnhill. He also testified to character of Teel. J. R. Davenport J. T. Jenkins and R. R. Whitehurst testified to character of Barnhill.

ZEB WHITEHURST

I remember testimony of witness Gurganus. I was talking to Wynne about buying him out. Wynne said he wished he could get out of it, but it had no reference to white cap case. I saw Barnhill that Sunday night, he got up and rode with me as far as my gin house. Went to his store later and several of us were in there together, I left about 10 o'clock and saw Barnhill no more that night. He came in room where I was sleeping at Nelsons about light next morning, saw him about his place of business during the day.

Cross examined—Stayed by myself that night, Wynne, Barnhill and Charlie Crisp had been staying

there. Barnhill did not come in until about day. Just after I left store and got to house a man come there looking for him. Cap Rogers said it was him. I went out again.

W. A. JAMES.

Testified to good character of Barnhill.

Cross examined—Testified to good character of Teel, also said Teel had told him about the white capping and said he had recognized some of the parties.

ERNEST CARSON.

Lived at my mothers 2 1-2 miles from Oakley at time of Teel assault. Saw Barnhill at Williams about 11 o'clock that night, wanted to get liquor.

Cross examined—Heard of white capping Tuesday following. After hearing Barnhill was in it I remember seeing him at Williams.

Court adjourned to 10 o'clock Thursday.

The attendance was much smaller at the opening of court this, Thursday morning than at previous session of the court since the trial began. The defense resumed its testimony.

N. W. WHITFIELD.

I know W. J. Teel heard him tell Mr. Lipscomb a few days after assault that he did not recognize any of the parties, but thought he would know them as he had hats with holes in it and had placed pistol against body of one of them and fired.

Cross examined—Several parties were present. Think I was in Robersonville when first heard of trouble. Do not remember to have read interview of Teel in Reflector. I was first asked about the conversation by Mr. McGlohon yesterday.

W. E. FLEMING.

Live on road between Stokes and Oakley. Remember the night of the Teel assault. About 10 or 11 o'clock that night I met two men in buggy going towards Stokes, recognized one of them as Briley. They had passed fork of road leading toward Grindool.

W. B. ROEBUCK.

Character of Fleming, preceding witness is good. I live on road between Stokes and Sheppard mill Jack Howell lives on my place, his character is good. Heard some one pass that night going towards Sheppard's, do not know what time it was or who the parties were. Mr. Thomas was telling me about the white capping some days later and that Howell said in presence of Thomas that Briley passed there some after 11 o'clock. From my house to mill is 2 miles, and to Stokes about 3 miles. I was subpoenaed by both State and defense.

Cross examined—Think Mr. Blow was first of counsel I talked with after getting here under subpoena. Thomas told me heard that Briley was accused of being in white capping. The buggy going by fast that night woke me up, it might have been after midnight or before.

J. K. BARNHILL

I hitched up that Sunday morning about 9 o'clock and started to river to fish fry, met Woolard on road told me they caught no fish so I turned back and went to Hickory grove church. After church I went to Tom Williams to see Briley who I heard was there and asked Briley about

**A Roofed Lake.**  
A roofed lake exists in Siberia near Obdorsk. This lake is nine miles wide and seventeen miles long. Its roof, a natural one, is made of salt. Geologists say that long ago a great part of the water of the lake of Obdorsk must have suddenly evaporated, leaving huge salt crystals afloat on the surface. These crystals in time caked together. Thus the water was entirely covered over with them as though frozen. The lake in 1873 dropped three feet. It found an underground outlet into the Obi river, but the salt crust was so thick upon it that it retained its own level. Not dropping at all, it formed a roof of salt three feet high over the whole body of water.

WHITE CAP CASE.

some money he owed me. I went back to Oakley and in afternoon took a nap. Later went with Woolard to Mrs. Williams and remained there until about 8 o'clock, then went out about my place of business where Briley asked me about getting a box of tobacco. Taylor boy came in and was talking about my puppy. On way from Mrs. Williams to Oakley Woolard and I got up with Whitehurst and rode as far as his house. While in my place Jenkins came in and Wynne came, several were there. After the others left Briley, Woolard and I closed my place and went out in front of Nelson's where we talked for some time. While I was at Nelson's eating supper Zeb Whitehurst called me out. Rogers wanted to borrow my buggy for next day. As Briley and Woolard drove off I asked Briley to get the money for me as soon as he could, they went towards Stokes. I then went to Williams and went to bed. After dropping off to sleep Ernest Carson came and wanted some liquor, it was not 12 o'clock so I did not let him have it. I had been staying at Nelson's before this. A colored man also came between 1 and 2 o'clock to get whiskey for his wife, it was Geo. Little. I stayed there all night and got up about day break next morning. went to Nelson's and changed clothes; went to Stokes about an hour after sun up to get hay, Wynne was with me. We examined hay at both Stokes and Perkins store, bought a ton from Perkins, put one bale of it on buggy and went back to Oakley. Train came along while we were in stables, Dr. Baskes got off train and went in his office, I went in there to get medicine for my throat. After getting back to Oakley about 10 o'clock I lay down across bed and slept an hour. Stayed around Oakley that day and went to my father's and spent that night with W. J. Manning, came to Greenville Wednesday and went back to Oakley Wednesday night.

I heard testimony of Heber Jenkins. I was sitting on platform at depot when he came to me. He wanted to borrow money and also tried to buy a horse from me on time. Heard what Henry Gurganus said, did not hear the conversation he related. I never said to Wynn "are you going to leave us." (Sack was shown witness) I did not carry it to Teel's, it is an ice sack and looks like it has been used for something else. It is not the sack that came to my place April 14th. I get two or three blocks of ice a week and often give the sacks away. I did not go to Teel's that night and do not know who did go. (Shirt was shown) That is the shirt I had on that Sunday. (Cap found at Teel's was shown) (Do not know if I ever saw it before. (Another cap

shown) That is mine, wore it off and on for a year or more, stopped wearing it in January. it stayed in my place of business until May of June when I carried it to my room and put it in trunk. Row was put in cap second Sunday night in January by Miss Mary Taylor. She was teasing me about wanting to get a crown at tournament and said I had to wear a mourning bonnet on my cap. I told her not to put it on outside, but she could put it inside, she also put a bow on Emer Parke's cap. No wounds are on my person.

Cross examined—Am 30 years old, have lived in Oakley about 3 years, I work for Manning and Thompson around their stills and then opened a bar room of my own. I got up that Sunday morning about 6 or 7 o'clock, Wynne and Whitehurst occupied same room with me, Whitehurst and I slept together. I started to Yankee Hall that morning on river, went by way of Stokes and nearly to Snappard mill; it was not nearest way to Yankee Hall. I started by to see if Briley had gone to fish fry. I met Woolard walking up road, he told me they were catching no fish. Before I met Woolard I met John James and answered yes to his question if I was going to Hickory Grove. It was 2 o'clock when I got back to Oakley, went to Nelson's where I got down, had been boarding there since February. Think Whitehurst was there. No one was in room when I went to sleep after dinner. I got up and went out to train, he did not tell me that morning he was coming on train. Woolard and I went to Mrs. Taylor's and stayed until 8 o'clock; we both got up and rode with Whitehurst when he came along. Don't know if Woolard and I ever went to see girls together before, or if we ever rode with Whitehurst before. (He called over names of parties embracing all defendants who were together in store after supper) Ate supper about 9 o'clock. Briley kept waiting around bar after getting the tobacco. Do not know that I ever had a crowd in my barroom on Sunday night before. It is called 7 miles from Oakley to Sheppard. Briley, Woolard and I stayed out and talked about three quarters of hour before they left, then I went to Williams. Whitehurst told me "Uncle Bryan wants to see you," but it was Cap Rogers. On my way to William's Frank Staten hailed me and asked me if I had changed my boarding place. People did not keep me awake all that night after whiskey. I would not let Carson have any. Went to sleep and did not hear clock strike 12 or 1. My clerk let the negro have whiskey when he came for it between 1 and 2 o'clock I raised window and asked negro about his wife. I filed an affidavit for continuance at April term because of absence of Gus Little who said in affidavit called on me at my home that night in Oakley to get whiskey. Don't know why I did not say in affidavit that he called on me at home of Williams. I swore to affidavit. It was my clerk who let Little have Whiskey. Joe Williams saw me the same night Gus Little did. When I left Williams and went to Nelsons I lay down again, Clyde Carson put his head in door and asked if I was going to sleep all day. Did not say that I changed my clothes. Wynne and Charlie Crisp were in room. Brought that shirt along because it was said I was shot in body. Did not walk up to train at Stokes and meet Dr. Basnight. Do not know what became of the doctor at April court. He was my doctor for a while. Wynne went

with me to Stokes because both wanted hay. There is phone from Oakley to Stokes over which we could have ordered hay. I lay down on depot platform half an hour, felt like lying down. Zeb Whitehurst did not take my bloody clothes out of room that morning, colored woman washed the shirt for me. Joe Williams did not tell me Whitehurst had taken the bloody clothes out of room and I had better be careful I had heard it and asked Joe about it. That is not why I am not putting Joe Williams on stand. I spent Tuesday night with W J Manning, he has been helping me in the trial. I do not know if lawyers were employed for me before I was arrested. Did not talk with Manning that night at his house about white capping. Wednesday is first time I heard I was accused of it. People told me Teel went to Oakley Monday and looked in and saw me in bed, I got out of room about 3 o'clock Monday afternoon, I never got Manning to send to Teel and offer him \$1,000 for the cap. Joe Carson did not tell me that he offered Teel \$1,000 for the cap and that Teel replied the whole liquor interest of the county did not have money enough to make him tell a lie about it. I did not hear until May that Teel had said he recognized me. I read the article in The Reflector, and know it said Teel stated he recognized two of the parties. Never brought cap here out of my trunk until this court, brought it here for first time yesterday morning. I heard next day after trouble that Teel had a cap which was said to be mine. I do not know that this cap was shown Joe Williams and he said it was the identical cap I wore. I do not know that Joe Williams told Mr. Gray Little that my bloody clothes were in the room and that he tried to keep me out of that trouble but I just would go.

### DIRTY AIR.

There Are Two Forms of Impurity, Gaseous and Solid.

The importance of ventilation and of a constant supply of fresh air in living rooms, whether sleeping or waking, has often been insisted upon. Without air life is impossible, and unless that air be moderately pure health cannot be maintained, although it is astonishing and a proof of the wonderful adaptation of living beings to their environment to note how great an amount of contamination of the air can be borne with seeming impunity.

There are two forms of impurity in the air—gaseous and solid. The gases, those resulting from exhalations from the lungs, and in city houses from the little unnoticed leaks from the gas pipes and from defective plumbing, are the most injurious. For the removal of these free ventilation through open windows and open fireplaces is most efficacious. But it is of little service in the removal of the other kind of impurity—that is to say, the solid particles of matter—dust—which are always floating in the air of houses as well as in that of the streets.

A beam of sunlight entering through a half closed shutter makes visible this dust, and as one looks with startled eyes on the beam which lights up the floating particles the wonder grows that the lungs are not made solid by this stream of dust flowing in with every breath. Fortunately the nose and the moist lining of the air tubes are designed to filter the air by arresting these particles before they can enter the delicate air chambers of the lungs. They do their work well, but not perfectly, and the greater the amount of dust the more they fail in their function.

Workmen engaged in dusty trades—carpet beaters, coal miners, potters, grinders, felt workers—often acquire disease of the lungs from the inhalation of dust.

Dust particles are injurious not only mechanically, but also and chiefly because they act as carriers of disease germs.

Since it is impossible to remove dust entirely by ventilation, it is necessary to do what is practicable to prevent its dissemination through the air. Settled dust is ugly, but inoffensive. But when the well meaning but ignorant housewife flops it into the air with a feather duster she only reaches the sleeping lion. Brooms and feather dusters are relics of barbarism and should be banished. The wash cloth for furniture and the rug and carpet sweeper for floors, in best of all, the vacuum process are the modern civilized agents of cleanliness. These gather up the dust and do not simply scatter it in the air, where it is invisible, but pernicious—Youth's Companion.

#### The Honest Boy.

A Baltimore lawyer had engaged a new office boy, and to test the boy's honesty he gave a twenty dollar note under the inkstand on his desk, letting the end protrude, when he went out to lunch. On his return a couple of hours later the note was gone. A silver quarter occupied its place.

Pale with rage and horror, the lawyer called the new boy to him.

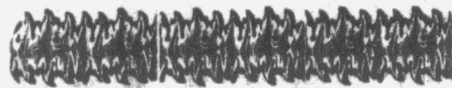

"Look here," he shouted, "when I went out I left the twenty under this inkstand. Now there's only a quarter there. How do you explain it?"

The boy smiled brightly. "Why, sir," he said, "just after you left a gentleman called with a wine and cigar bill that he thought you were dying to pay because you had been standing for forty years. So I settled it with the twenty dollar note under the inkstand. It was \$13.75. Here's the receipt, sir."

#### Local People.

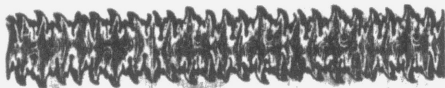

There is a railway map of the Lancaster and Yorkshire railway station painted on the tiled entrance of the Victoria station in London. The painter whose work it was had an experience with local pride. While at work he was accosted thus: "Don't come from Rochdale?" "No, why?" "Well, tha's painted Rochdale bigger nor Owdham. Don't say Owdham's bigger nor Rochdale and Royton both put together? Tha'll get punched if some chaps as Ah know fra Owdham says 'Doe doin' it.'"

A Sensible Motto to Hang Up in Your Bedchamber.

A prominent business man told me recently that his great weakness was his inability to stop thinking after retiring. In this way he is robbed of so much sleep that he feels all used up the next day.

I advised him to cultivate the habit of closing the door of his business brain at the same time that he closed the door of his business office. "You should," I said, "insist on changing the current of your thoughts when you leave your business for the day just as you change your environment or as you change your dress for dinner when you go home in the evening. Turn your thoughts to your wife and children, to your joys and cares. Talk to them, play games with them. Read some humorous or entertaining story or some strong, interesting book that will lift you in spite of yourself out of your business rut. Go out for a long walk or a ride. Fill your lungs with strong, sweet, fresh air. Look about you and observe the beauties of nature or have a hobby of some kind to which you can turn for recreation and refreshment when you quit your regular business. Be master of your mind. Learn to control it instead of allowing it to control you and tyrannize over you.

Hang up in your bedchamber in a conspicuous place where you can always see it a card bearing in bold, illuminated characters this motto: "No Thinking Here."

Shut off all thinking process of every kind when you retire for the night, relax every muscle, let there be no tension of mind or body, and in a short time you will find that sleep will come to you as easily and naturally as to a little child.

The habit of thinking after going to bed is fatal to all freshness of brain work. These men have not learned to lock their business in their offices or factories when they quit for the night, so they drag it home, bring it up at the dinner table and depress the whole family, or if they do not talk about their problems their anxiety and absent-mindedness totally unfit them for the pleasant companionship of their families. They are so absorbed in the problems of their vocations that they do not know what is going on around them. They do not know how to relax, to unbend, to rest, so they lie down to sleep with all their burden, just as a tired camel lies down in the desert with its great burden still on its back.

It is a great art to be able to shut the gates in the great mental power house on retiring, to control oneself, to put oneself in tune with the infinite, to put oneself in sympathy with those about him, in harmony with the world, to expel from the mind everything which jars, irritates, all malice, envy and jealousy, the enemies of our peace and happiness, before we go to sleep.—O. S. Marden in Success Magazine.

### The Life of Bells.

Comparatively few people know that ringing a bell ruins it. That is, a bell has a definite length of life and after so many blows will break. A 900 pound bell, struck blows of 178 foot pounds of force, broke after 11,000 blows. A 4,000 pound bell broke after 18,000 blows of 356 foot pounds force. A steel composition bell weighing 1,000 pounds broke after twenty-four blows of 150 foot pounds, but its makers said it was calculated for a lighter blow.—Korea Daily News.

The beauty bee is a money-maker. It "honey" up one's thought; it sweetens one's life; its nectar on one's words, and drops, sip by sip, into one's heart when Hollister's Rocky Mountain Tea is used. Tea or Tablets, 35 cents. Wooten's Drug Store.

### Modest Claims Often Carry the Most Conviction.

When Maxim, the famous gun inventor, placed his gun before a committee of judges, he stated its carrying power to be much below what he felt sure the gun would accomplish. The result of the trial was therefore a great surprise instead of disappointment. It is the same with the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy. They do not publicly boast of all this remedy will accomplish, but prefer to let the users make the statements. What they do claim, that it will positively cure diarrhea, dysentery, pains in the stomach, bowels and has never been known to fail. For sale by J. L. Wooten, know

### OBITUARY.

On the 21st day of Sept. 1923 the death angel entered the home of J. F. Cannon's of Rounders and claimed Hattie his 18 months old baby girl for its own.

God has taken a sweet child from earth and planted it in heaven. Her sweet gentle ways, which all who knew her and while we miss her sadly, we must be comforted to God's will and realized that she is in a land of pure delight and sorrows never come.
