

SHOT AT FLEEING PRISONER.

Negro Breaks for Liberty but is Recaptured.

Two pistol shots drew a crowd to the vicinity of the courthouse Saturday afternoon. A negro had been arrested on the charge of stealing a turkey and while officers had him at the courthouse awaiting investigation he gave them the slip. It was while the darkey making for the alley behind the Reflector building that Deputy sheriff Dudley fired the two shots after him that attracted the crowd. The negro disappeared in the alley and in the hope of losing his pursuers through the Greenville Banking & Trust Co's building to Eveys street. Seeing people running out there the negro put out down Evans street crying "catch him, catch him" as he went, thinking by this to take attention from himself as being the party wanted. This did not work for Mr. S. T. Hooker tripped him up, jumped on him and held him until the officers caught up. The negro was taken back and locked up. He was not struck by either of the shots from the pistol.

Wants Libel Warrant Issued.

Atlanta, Ga., Jan. 5.—"I sincerely hope the New York Cotton Exchange will issue a warrant for libel against me, as it threatens, for this will bring out in the courts the charges I have made against it and result toward its own undoing."

This statement was made by Harvie Jordan, president of the Southern Cotton Association, on his return from New York and Washington today.

Before I left Washington, agents of the Postoffice Department were authorized to inspect the warehouses of the New York Cotton Exchange and make an examination of the grades of cotton stored there. This will disclose the truth of my allegations. I believe Postmaster General Cortelyou will investigate thoroughly the charges I have made and the fraud order I have asked for, I believe, will be granted.

Roosevelt Fires Up.

President Roosevelt did not mince words Saturday when talking with several of his Senatorial friends about the Brownville affair. With the greatest emphasis he indicated that it would be almost waste of paper to pass any legislation for the restoration to the army of the discharged soldiers of the Twenty-fifth infantry. He declared that he was commander in chief of the army and navy of the United States, and that he knew his duties and powers. He had not exceeded these powers and had violated no provision of the constitution and no law in dismissing these men. He had given about as much consideration to his legal powers in this case as anybody else and he was satisfied with what he had done.

Handy Book.

The Bank of Greenville is distributing an almanac that is a very handy and useful book. Besides the calendar of the different months it contains a complete directory of all officers, State, county and municipal, in the States of Virginia and North Carolina, gives the dates for holding courts and much other useful information.

County Commissioners were in session today.

ASK PENSIONS FOR WORTHY NEGROES.

Request of Confederate Veterans of Raleigh

Confederate Veterans of Raleigh Southern to the core, by resolutions adopted yesterday, make a new record in appreciation of service and ask the General Assembly of North Carolina to give pensions to the negroes who as servants followed the fortunes of the Southern Confederacy, and were true and faithful.

Resolutions requesting that fifth class of pensions be established to be those of negro servants faithful to the Confederacy were last night adopted by L. O. B. Branch camp of Confederate Veterans, and are as follows:

Whereas, L. O. B. Branch Camp U. C. V. believe that some recognition should be given the worthy negroes who followed the fortunes of the Southern Confederacy as faithful servants.

Resolved 1. That all negroes, resident in this State, who as servants in the Confederate army, rendered true and faithful service to their owners, shall be entitled to a pension in proof of such service.

Resolved 2. That a copy of these resolutions be sent to the General Assembly with request that provision be made for said pension by adding a fifth class to the pension act.

Commander Stronach was appointed a committee to present the resolutions to the General Assembly—Raleigh News and Observer.

Bomb Thrower Wrecks Bank.

Philadelphia, Jan. 5.—Demanding a loan of \$5,000 and failing to get it, a man who has not yet been identified dropped a bomb in the Fourth Street National bank today, blowing himself to pieces, instantly killing Cashier W. Z. McLearn, and injuring six others, one or two of whom may die. The only clue to the identity of the bomb-thrower was a bunch of keys found in a portion of the clothing attached to which was a plate inscribed "R. Steele, Garner, Iowa."

Two Probable Candidates.

Washington, D. C. Jan. 5.—Bryan and Fairbanks will be the presidential nominees of the two parties in 1908 in the opinion of Representative Pou. "Of Bryan's nomination by the Democracy there seems to be no doubt," observed Mr. Pou, "and it looks now as though all the great influences in the Republican party which stood by Hanna are striving for the nomination of the vice president. Mr. Fairbanks is the real choice of the conservative element. Of the G. O. P. the conservatives compose the majority of the party and that is the reason Fairbanks will be the nominee for the presidency. I predict that with Fairbanks and Bryan as the candidates, the Nebraskan will be elected president by a bigger majority than was Roosevelt."

T. J. Pence in News and Observer.

Pitt's Part.

Pitt county's part of the first one hundred thousand dollars apportioned by the State to lengthen school terms in the various counties where the school fund does not run the schools the required time, is \$1,616 14. The number of children of school age in this county is 11,462.

The meeting adjourned to meet next with Miss Elizabeth Jones, Jan 15th.

Capturing Stills.

Sheriff Tucker, Policeman Clark and Revenue Officer Miller captured an illicit distillery in the Reidy Branch section on Sunday. We hear that three distilleries were broken up in the county in the past week. We hope the good work will go on until there is not one left in the county.

The Prosperous South.

The South is prosperous as it never was before. It has more material advantages than it ever had before. Except for the matter of lynchings it is probably as well governed as it ever was before. Before the war its political affairs were dominated by a little handful of wealthy slave-owners, whose devotion to public duty was often more pretended than real. Now the South is ruled by all its white men, and even such evils as come from corrupt corporations are less menacing to good government than those which grew out of the supremacy of class corporation of fewer than 8,000 rich slave-owners.—New York World.

Much Shooting.

Somebody must be trying to shoot up all the cartridges in Lowe from the way pistols were going off Saturday night. Or it might have been some left over Christmas pop-crackers.

A PROUD FATHER

With Only Thirty-Five Days' Schooling Himself, a Scotland Farmer Educated Four Sons.

Mr. W. W. Peele, son of Mr. A. H. Peele, of Williamson township, and brother of our townsman, Mr. Jonathan Peele, who is the Representative elect from this county, has just been elected president of Rutherford College, in Burk county, and has assumed his duties as such. Mr. Peele, who graduated with high honors at Trinity College in the class of 1902, is just 25 years of age, being one of the youngest college presidents in the State. He was professor of mathematics in this college for three years resigning last June in order that he might enter the ministry and was assigned by the recent western North Carolina Conference to Thermal City, where he remained two weeks before being called to his new post of duty, as the successor of President L. D. Thompson, whose health failed him.

Mr. Peele is a member of a large family four of which are college graduates and who hold high and honored positions—the eldest being a practicing attorney here, and who was in the last election elected as a member of the next general assembly of North Carolina. The next is a member of the South Carolina Conference of the M. E. church, South, and is stationed at Columbia. The next is the professor of history in the Kentucky Wesleyan college, of Winchester, Ky., the other being the subject of this sketch.

The father of these boys was born just before the war between the States and owing to his limited opportunities received only 35 days of schooling, and feeling his own educational limitations, always held as his chief desire the education of his children. We can imagine with what pride this father must view the results of his efforts, and how in his declining years he can enjoy and appreciate the pleasant reflection of honor attained by his boys, which comes back to him as a rich reward.

12:30. Round table talks on subjects of vital importance to the teacher.

1. Adjournment.

It will be seen that the program has been varied a little from the usual order. I believe we need this informal meeting just at this stage of the schools and I trust that any teacher will suggest any subject of phase of school work for these round table talks. The most helpful meetings I have ever attended were some conducted almost exclusively in this way. We have had three very fine meetings. Let us begin this new year with the best one we have ever had. Make some sacrifice to attend this midwinter meeting. Some of you have a perfect record on attendance so far. I thank you for this interest and only wish that every teacher would strive for such a record.

W. H. Ragsdale,
Supt. of Schools.

MOMDAY, JANUARY. 7.

The president's next message is over due.

Wonder what the water wagoners' experiences are at the finish of the first week.

New year resolutions that have held through the first week ought to be able to stick longer.

The legislators and others interested in what is to be done by the general assembly have set their faces toward Raleigh.

The session of the legislature beginning on the 9th promises to be an interesting one. Many matters of State importance will be acted upon.

The coming together of citizens of the town and county to work for a common purpose will be the condition at the Chamber of Commerce banquet Wednesday night. It is going to bring about a spirit of co-operation between town and county that will be helpful.

This week marks the beginning of the legislature. The outlook is for an interesting session. No body of law makers in late years has had the opportunity of doing more for the State than the present one will have. There are some good laws that should be enacted and some bad ones that should be repealed.

Things that Blackburn have been engineering seem to be setting in as bad shape as the congressman himself. News comes from Greensboro that the Tar Heel club and the Tar Heel Publishing Company, both of which he was the head, have gone in the hands of receivers to wind up their affairs.

It doesn't matter how good a business man a fellow may be, he may be competent in every respect, honest, courteous and liked by all his fellow men, if he indulges too freely in intoxicating liquors he can not succeed. People are afraid to patronize such a man because they don't know when he may be found in a drunken condition and unable to attend to his business. When a man engages in business of any kind, where he comes in contact with the public he had better cut out strong drink entirely. Many an otherwise successful man has been driven to the wall by strong drink.—Clarkton Express.

What a God send it would be for the people of the United States if the Republican party would follow the New Year's example of some people and turn over a new leaf. There are a host of good resolves that the Republican leaders could declare for; they could reduce extravagant expenditures; reform the tariff that protects the trusts; refuse a ship subsidy that the shipping trust will chiefly profit by; pass a currency bill that would help the people instead of the favored national banks. But what's the use of telling all the good things congress could do, when the Republican majority is determined to stand pat on the

bad things they have done and will do things they ought not to do?—Greensboro Record.

Coming After Business.

The trade territory of a town is not all depending upon the distance to neighboring trading points. The territory depends upon the enterprise of the merchants and the residents of the town. If a town does not reach after the trade it will come only as fast as it has to, and grow as it is forced. But if the merchants go after business in the surrounding country, advertising in every possible way, and making good every word of their advertising, trade will come from every increasing radius, the town will gain a reputation for being awake and it will lunge to the front. It is the men in the town and not altogether the men living within a certain number of miles from it that makes the town.—Exchange.

Two Dyspeptics

If you are too fat it is because your food turns to fat instead of muscle—strength. If you are too lean the fat-producing foods that you eat are not properly digested and assimilated. Lean, thin, stringy people do not have enough Pepsin in the stomach, while fat people have too much Pepsin and not enough Pancreatine.

Kodol For Dyspepsia

contains all the digestive juices that are found in a healthy stomach, and in exactly those proportions necessary to enable the stomach and digestive organs to digest and assimilate all foods that may be eaten. Kodol is not only a perfect digestant, but it is a reconstructive, tissue building tonic as well. Kodol relieves indigestion, Dyspepsia, Sour Stomach, Heartburn, Palpitation of the Heart and Constipation. You will like it.

Digests What You Eat

Rests the stomach, rebuilds the tissues and gives firm flesh.

In bottles only. Two sizes, 45¢ each and one dollar.

PAIN

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and so prove it he has created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablets—coaxes blood pressure away from pain centers. Its effect is charming, pleasingly delightful. Gently though safely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure. If it's painful periods with women, same cause. If you are sleepless, restless, nervous, it's blood congestion—blood pressure. That sure-ty is a certainty, for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the unnatural blood pressure. Bruise your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain is—always. It's simply Common Sense. We sell at 25 cents, and cheerfully recommend

Dr. Shoop's Headache Tablets

J. W. BRYAN.

It's a pleasure to tell our readers about a Cough Cure like Dr. Shoop's. For years Dr. Shoop has fought against the use of opium, chloroform or other unsafe ingredients commonly found in cough remedies. Dr. Shoop, it seems has welcomed the Pure Food Drug Law recently enacted, for he has worked along similar lines for many years. For nearly 20 years Dr. Shoop's Cough Cure containers have had a warning printed on them against opium and other narcotic poisons. He has thus made it possible for mothers to protect their children by simply insisting on having Dr. Shoop's Cough Cure. Sold by Bryan's Drug Store.

The more dignity a man has the less use the world has for him.

Croup can positively be stopped in 20 minutes. No vomiting—nothing to sicken or distress your child. A sweet pleasant and safe Syrup called Dr. Shoop's Croup Cure, does the work and does it quickly. Dr. Shoop's Croup Cure is for croup alone, remember. It does not claim to cure a dozen ailments. It's for croup, that's all. Sold by Bryan's Drug Store.

A woman has but little use for a man who thinks he is the whole thing.

Does Coffee disagree with you? Probably it does! Then try Dr. Shoop's Health Coffee. Health Coffee is a clever combination of parched cereals and nuts. Not a grain of real coffee, remember. Dr. Shoop's Health Coffee, yet it's flavor matches closely old Java and Mocha coffee. If your stomach heart or kidneys can't stand coffee drinking, try Health Coffee. It is wholesome, nourishing and satisfying. It's safe even for the smallest child. Sold by T. E. Hooker & Co.
