PITT COUNTY ROAD LAW.

A Bill To Be Entitled An Act To Authorize The Board Of County Commissioners Of Pitt County To Issue Bonds In The Sum Of \$200,000 To Build And Improve The Public Roads Of Said County.

The General Assembly of North Carolina do Enact:

Section 1. That for the purpose of building, grading and otherwise improving the public roads of Pitt county the board of commissioners of said county is hereby authorized, empowered and directed to issue bonds of the county to an amount not exceeding \$200,000, in denominations not exceeding \$1,000, bearing interest from the date thereof at not exceeding the rate of five per cent. per annum with interest coupons attached payable semi-annually at such time and places as may be directed by said board of county commissioners; such bonds to be of such tenor, and transferable in such way, and the principal thereof payable at such time or times, not exceeding thirty years from the date thereof, and at such place or places as the said board of county commissioners may determine: Provided, that none of the bonds authorized by this act shall be disposed of either by sale, exchange, hypothecation or otherwise for a less price than their face value.

Section 2. Such bonds and coupons shall be numbered and shall be signed by the chairman of said board of commissioners of said county and attested by the treasurer of said county and shall bear the corporate seal of said county.

Section 3. A record shall be kept by the said board of commissioners in a separate book for that purpose of all bonds sold, and to whom, the amount, and date of sale, and the issuing of each bond and its number.

Section 4. In order to pay the interest on said bonds and create a sinking fund for taking up said bonds at maturity and supporting the chain gang or convict force, and establishing altering and maintaining the public roads of said county of Pitt in good condition the board of commissioners for said county, or other authorities vested with levying taxes for said county, shall annually compute and levy at the time of levying other taxes a sufficient special tax on all polls, all real estate and personal property and all other subjects of taxation which said commissioners or other authorities now or hereafter may be allowed to levy taxes upon for any purpose whatever, always observing constitutional equation between the tax on property and the tax on polls: Provided, there shall not be at any time levied in the county of Pitt, for the purpose of road improvement, and including all expenditures made necessary by this act, a tax greater than twenty five cents upon the hundred dollars of property and seventy five cents on each poll.

Section 5. That it shall be the duty of the board of commissioners of the county of Pitt, to annually invest any and all moneys arising from the special tax for sinking fund in the purchase of any of said bonds at a price deemed advantageous to said county by said board of commissioners and to be agreed upon between them and the owners thereof. But in case said county bonds can not be purchased, the said commissioners shall invest said sinking fund upon approved

security and upon terms advantageous to said county.

Section 6. That any money of said sinking fund so loaned shall have the legal rate of interest in North Carolina and any interest from said fund shall be annually invested in the same way.

Section 7. That the money arising from the sale of the said bonds shall be used to purchase approved road working machinery, to survey, to lay out, to grade and build, improve and maintain the public roads of said county by contract or otherwise, and in guarding and maintaining such convict force as may from time to time be assigned to work on said roads.

Section 8. That the bonds herewith provided for shall be deposited in some safe deposit company or bank to be agreed upon by said board of commissioners and the treasurer of Pitt county, and only drawn out on the joint order of the said board of commissioners and the treasurer of said county, as needed for carrying out the purposes of this act.

Section 9. When any of said bonds are sold the proceeds shall be turned over to the county treasurer of Pitt county, who shall keep said funds and all other funds provided for in this act, which may come into his hands separate from all other funds, and he shall keep separate accounts of the same and said county treasurer, before any fund provided for in this act shall be paid over to him, shall execute an official bond payable in the usual manner in a sum at least as great as the sum that may come into his hands by reason of this act, conditioned for his faithful safe keeping of the same, rendering an account in respect thereto and in all things holding, disbursing and accounting for the same as required by law.

Section 10. That all expenses incurred by the county commissioners on account of meetings held by reason of duties imposed by this act shall be paid on their order out of the funds provided for in this act.

Section 11. The board of commissioners of Pitt county shall audit and ascertain the accounts of the sheriff for all taxes levied and collected under this act, and make settlement of the same between said sheriff and the county treasurer, and said board of commissioners may prosecute any necessary action for the recovery of any such road taxes against any officer failing to account for the same.

Section 12. That said board of county commissioners shall use the funds derived from the sale of the said bonds for the purpose of constructing and improving the public roads in said county in such manner as to them may be deemed most beneficial and effective.

Section 13. The said treasurer shall not be allowed any commissions on receipts of the amount received from the sale of said bonds, but for the paying out of said amount he shall be allowed a commission of one half of one per cent: provided, however, he shall be allowed the usual commissions allowed county treasurers for receiving and disbursing the amount annually collected from taxes to pay the interest on said bonds.

Section 14. For the purpose of ascertaining the wishes of the voters of Pitt county upon the question of issuing such bonds and improving the roads as provided for in this act an election shall be held at all the voting precincts in Pitt county on the

first Tuesday in May in the year 1907, it being the seventh day of the said month of May. At said election all voters in Pitt county qualified to vote in said election may vote a written or printed ticket. Those who favor the purpose of this act may vote a written or printed ticket with the words "For Road Improvements" thereon, and those who oppose the purpose of this act shall vote a ticket with the words "Against Road Improvements" written or printed thereon. And if a majority of the voters of Pitt county qualified to vote at said election shall vote "For Road Improvements" then the bonds provided for in this act shall be issued and sold according to the provisions herein contained. The said election shall be held in the manner provided for by law for the election of members of the General Assembly, except as is otherwise or differently provided for in this act. There shall be a new registration of said voters of said county for said election, and the registration books for new registration shall be opened from the sixth day of April, 1907, at twelve o'clock noon, and shall be closed on the 4th day of May, 1907, at sunset.

The registrars and judges of election of each precinct shall meet at their respective precincts on Saturday, the 4th day of May, 1907, at nine o'clock a. m., and shall hear any complaint for refusing of registration and also all challenges which may be made against any person admitted to registration, but no name shall be erased from the registration list without notice to said person and a hearing, and said hearing may be on said day or on any day after the registration books have been closed to and including the day of election. The registrars and judges of election shall be appointed by the board of commissioners for the county of Pitt not later than the first Monday in March, 1907, and the list of persons so appointed shall be published for two weeks in some newspaper published in Pitt county during the month of March, 1907. There shall be appointed one registrar and two judges of election for each precinct, and the said registration and election shall be held in all respects like the elections for members of the General Assembly are held, except as is otherwise or differently provided in this act. At the close of the election in each precinct the votes shall be counted and returned, over the signatures of the registrars and judges at election, or a majority of them, to the board of commissioners for the county of Pitt. Abstracts or blanks for this purpose shall be prepared by said board of commissioners and furnished to each precinct, and the registrar or one judge of election shall be chosen as a messenger to transmit said returns to said board of commissioners. Said returns shall be executed in triplicate. One copy shall be transmitted as aforesaid to the board of commissioners of Pitt county, one copy to the clerk of the Superior court of said county and one copy retained by the registrar of each precinct. On the second Monday in May, 1907, being the thirteenth day of said month and the Monday succeeding the election, the board of commissioners for the county of Pitt shall meet as a canvassing board and shall receive the returns of said election, and shall canvass and judiciously

pass upon the same and declare the result of said election. If a majority of the voters of Pitt county qualified to vote at said election shall have voted "For Road Improvements" then the bonds provided for in this act shall be issued and sold. At any election held under this act any person who shall not have been entitled to registration while the said registration books were open for registration, but shall have become entitled to registration after said registration books were closed, and before or on the day of election shall be entitled to register on the day of election and vote.

Section 15. That if a majority of the voters of Pitt county qualified to vote at the election hereinafore provided for shall fail to vote. "For Road Improvements" at such election then in that event the same question may be again submitted to the voters of Pitt county, by order of the board of commissioners of the county of Pitt, at such time or times as said board of commissioners shall designate and appoint in the year 1908 and the year 1909: Provided that if at any such election a majority of the voters of said county qualified to vote in any such election shall vote "For Road Improvement" then no further election shall be held on said question, but the board of commissioners of said Pitt county shall proceed to issue and sell bonds of said county to an amount not exceeding \$200,000 in the manner and for the purposes specified hereinbefore. There shall be a new registration for each and every election. Such elections shall be held in the manner provided for by law for the election of members of the General Assembly, except as is otherwise or differently provided in this act. The board of commissioners of Pitt county shall at least thirty days before any such election appoint one registrar and two judges of election for each precinct, and a list of the persons so appointed shall be published for two weeks next succeeding their appointment, in some newspaper published in said county.

THE LEGISLATURE

What the Law Makers Are Doing.

At Saturday's session Senator Murrell introduced a bill to increase the salary of Superior court judges to \$3,500 per year.

Senator Fleming introduced a bill authorizing the holding of an election in Pitt county on the question of issuing \$200,000 bonds for road improvements. The Reflector is publishing this bill.

The joint committee on liquor traffic, at the request of Representative Jones set next Thursday afternoon, 7th, as the date for hearing advocates and opponents of the bill to allow the town of Bethel, in Pitt county, to vote on the question of prohibition or dispensary.

The Ways of the Horse are Inscrutable.

A horse and buggy stood in front of a club house. As a man came out of the house and got in the buggy the horse gave a sudden plunge and started to run away. At about the fifth bound a colored man came to the rescue and brought the animal to a halt. The driver got out patted the horse, thanked the colored man and handed him a green-back.

"Looks like he's had a scare of some sort; been hit or something," suggested the colored man.

"Hardly that. He's a slow-going, cool-headed old chap, and there's nothing around to frighten him. Got to dozing and had a bad dream, eh, billy?"

Then the driver gave a final love slay to Billy's brown flank; jumped inside and clattered away.

And a woman who happened to be passing the club house considered it her bounden duty to stop at a tree box and say things to a small boy who was fitting a pebble to a bean shooter.—Washington Star.

One of the evil effects of lynching is seen in the acquittal at Statesville on Wednesday of three of the negroes charged with the murder of the Lyerly family in Rowan county. There is little doubt that one, if not all three were guilty of that heinous crime, but in their haste to avenge the shocking murder the mob lynched the other murderers whose testimony was depended upon to complete the chain of evidence against all the brutes. As it stands, the lynching has enabled some of the red-handed devils to go unwhipped of justice. Consequently, the murder is not as completely avenged as if the law had been allowed to take its course. —Wilmington Star.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucus surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they have offered One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

It's a pleasure to tell our readers about a Cough Cure like Dr. Dr. Shoop's. For years Dr. Shoop has fought against the use of opium, chloroform or other unsafe ingredients commonly found in cough remediators. Dr. Shoop, it seems has welcomed the Pure Food Drug Law recently enacted, for he has worked along similar lines for many years. For nearly 20 years Dr. Shoop's Cough Cure containers have had a warning printed on them against opium and other narcotic poisons. He has thus made it possible for mothers to protect their children by simply insisting on having Dr. Shoop's Cough Cure. Sold by Wooten's Drug Store.

To stop a cold with "preventives" is safer than to let it run and cure it afterwards. Taken at the "sneeze stage" preventives will head off all colds and Grippe and perhaps save you from Pneumonia or Bronchitis. Preventives are little toothsome cold cure tablets selling in 5 cent and 25 cent boxes. If you are chilly, if you begin to sneeze, try Preventives. They will surely check the cold, and please you. Two Dyspeptics

If you are too fat it is because your food turns to fat instead of muscle—strength. If you are too lean the fat producing foods that you eat are not properly digested and assimilated.

Lean, thin, stringy people do not have enough Pepsin in the stomach, while fat people have too much Pepsin and not enough Pancreatine.

Kodol Dyspepsia Cure

contains all the digestive juices that are found in a healthy stomach, and in exactly those proportions necessary to enable the stomach and digestive organs to digest and assimilate all foods that may be eaten. Kodol is not only a perfect digestant, but it is a reconstructive, tissue building tonic as well. Kodol cures Indigestion, Dyspepsia, Sour Stomach, Heartburn, Palpitation of the Heart and Constipation. You will like it.

Digests What You Eat

Rests the stomach, rebuilds the tissues and gives firm flesh.

Each bottle holds 94 times as much as the trial, of 50 cent size.

Prepared at the Laboratory of E. C. DeWitt & Co., Chicago, U. S. A.

Weak Kidneys

Weak Kidneys, surely point to weak kidney nerves. The kidneys, like the heart, and the stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the kidneys alone is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine is scanty, or if you have symptoms of Bright's disease, or if you are troubled with dropsy, or if you are suffering from any of the above, get Dr. Shoop's Restorative at once, and see what it can and will do for you.

THE CURSE OF INDIA

CASTE, WHICH FIXES THE STATUS OF EVERY HINDOO.

No Man Can Rise From the Class However Unclean, In Which He Was Born—Neither Wealth Nor Success Affects the Caste of Any One.

In the fixed scale of descent in India some classes are merely inferior, while some are "unclean" or "untouchable," but from whatsoever class a man be born in he has no escape but death. Children born in an "unclean" caste remain "unclean," children born in an inferior caste remain as their fathers were. Nothing that they can do can in the slightest degree change their situation. They were born "unclean," their ancestors were "unclean," their descendants will be "unclean" till the end of the chapter.

To give a few illustrations from many, a weaver is less "unclean" than a carpenter, a carpenter is above a house cleaner, a house cleaner is above a street cleaner, and a street cleaner is above a pariah or no caste man. Every trade or occupation has its exact place, arbitrarily fixed, in the scale of degradation.

Above all the men that labor with their hands in whatsoever way are the tradesmen and shopkeepers, also with subdivisions into classes; above the tradesmen is the useless and now almost idle warrior class; above the warriors is the Brahman or priestly class, and with these grand divisions the structure of the system is complete.

Wealth or material situation or success has nothing to do with the caste of any man. You may hire for your cook or valet a Brahman of the purest strain serene, who for weeks before you engaged him may have been on the verge of starvation. The meager beggar to whom you toss alms in the road may be of a very high caste. The well fed groom, resplendent in gorgeous livery, flashing by on a carriage that covers the beggar with dust, is very likely of a caste a mile below the beggar. Time no more than effort can break down these walls of division. One of the wealthiest and most distinguished families in Calcutta, the famous Tagore family, lost caste about two centuries ago. Members of this family have received honor from the government, have conferred great benefits upon city and country and have been noted for their numerous charities and benefactions. One exerted himself all his life to further native education. Another helped to endow Calcutta university. All are enormously rich, and all bear enviable reputations for goodness, honesty and philanthropy. But the wall of caste has never fallen for them. They are still hated and avoided by their countrymen exactly as they were at the beginning of their exclusion. In the streets of Calcutta is many a ragged artisan that would not sit on the same bench with a Tagore or touch the end of his robe.

Pain, suffering, penury, even death itself, is nothing to the Hindoo compared with the loss of caste. Many a Hindoo that in the old days would yield nothing to the most fiendish tortures quickly surrendered his secrets when threatened with something that would contaminate him—a piece of cowskin, perhaps, or a glass of water that had been touched by a pariah. In I suppose, thousands of cases persons that have hopelessly lost their caste have abandoned their homes and wandered miserably along the roads until death overtook them. Thousands of others have thrown themselves into the Ganges or deliberately starved.

Three Brahman girls who had been degraded by a Mussulman went before a judge to demand vengeance and when the judge declined to interfere killed themselves in the courtroom.

At a town called Buj Buj a widow lost caste by falling in love with a man beneath her. As loss of caste by one member of the family degrades the others also, her eldest son immediately swallowed poison and died, and his remaining brethren fled the country.

A husband shares a wife's degradation. A wife goes down the steps with a husband. For more than 100 years a Brahman family of Santipur has been outcaste because one member fell in love with the daughter of a shoemaker.—Charles Edward Russell in Cosmopolitan Magazine.

Pronunciation.

Here is a curious couplet which illustrates in one sentence the various values of the combination "ough" and shows how strikingly inconsistent are the spelling and pronunciation of some English words. The lines may be supposed to be the words of an invalid who had a strong will and was determined to live in spite of his ailment:

Though the tough cough and hiccup, ploughed me through,
Yet o'er life's lough my course I will pursue.

Hot and Cold.

Pete Persimmon—Yeas, Ah reckon Ah am fated to be a bachelor. Ah lubed a gal once, but she threw cold watah on mah suit. Henry Ham-Well, dat's bettah den gettin' mahbed en habin' yo' wife throw hot watah on yo' suit. Dat's what mine does ebery time I stay out after 10.—Chicago News.

The Cause of Trouble.

She—I can't understand why Lord Busted wants a divorce. His wife had half a million when he married her. He—Yes, and she's got every penny of it still. That's the trouble.—Pick-Me-Up.

Constant complaints never get pity.—German Proverb.

POKE BERRIES.

The Plight of the Partridge That Had Been Eating Them.

One night a little after dusk as we were about to go into the house our younger brother saw something dark moving behind the dog kennel. The older boy reached in as far as he could, and with the help of his father, who stood at the other end of the kennel, he drew out a fluttering female partridge that acted so qugerly we could not make out what was the matter, for she did not seem to be hurt. There was no blood stains on her feathers, no marks anywhere, but she could neither walk nor fly, and what was the strangest of all, she did not appear frightened, and every one, I think, knows that nothing living is shier than a partridge. We marveled at the sight as she sat quietly in the older boy's hand, breathing very fast, but showing absolutely no fear.

Suddenly our younger boy exclaimed: "Oh, I know what ails her! She's drunk! She's been eating poke berries!" Sure enough. We had all read about partridges getting drunk on poke berries, but had forgotten it.

We took her into the house, and she sat on the table while we ate our supper. How indescribably funny she looked sitting there by my plate, allowing me to stroke her smooth, brown mottled back, permitting—the wild woods thing—familiarities from each one of us! Poor, helpless, drunken little dame! Her bill would partly open and shut, and if we put her up on her feet she would sway and totter, with half closed eyes and drooping tail and wings. How we laughed, and how we regretted that we had no camera, and so were unable to take her picture! What a chance for Mr. Job! Not another such chance would any one be likely to have in a lifetime!

As I held her up against my face and felt the soft faint little puff of breath from her bill against my cheek, she seemed the very spirit of quintessence of all that is woody—shy, remote and inaccessible—and yet there she was, right in my hand.—B. A. Hitchcock in Cutting Magazine.

About That Home

Do You Contemplate Owing One?

If so the first thing to consider is a good lot in a desirable location and you cannot be better suited in a lot than the

Sam White Property.

No property surpasses this for a desirable home. Lots can be bought there now at reasonable prices and on easy terms. There is every indication that property around Greenville is going to be higher, and the longer you defer buying the lot the higher it will cost.

This property is located only 5 minutes walk from the business part of the town. See Sam White and let him explain prices and terms.

Notice of Dissolution.

Oscar Hooker having withdrawn from the firm of R. L. Smith & Co., composed of R. L. Smith and Oscar Hooker, which has heretofore existed and had its principle place of business in the town of Greenville, N. C., the said firm is hereby dissolved by mutual consent, from and after this date.

In the dissolution the said Oscar Hooker takes all the notes and accounts which were contracted at their Greenville, Farmville and Snow Hill places of business, and all persons owing said firm debts contracted at said places will, therefore, please make payment to said Oscar Hooker.

And said R. L. Smith takes all the notes and accounts which were contracted at their Washington and Vanceboro places of business, and all persons owing said firm debts contracted at said Washington and Vanceboro places, will please make payment to said R. L. Smith. Witness our hands and signatures this 7th day of January, 1907.

R. L. Smith,
 O. Hooker.

R. L. Smith having purchased the interest of Oscar Hooker in all horses and mules owned by the firm of R. L. Smith & Co the said R. L. Smith will continue to run Sale and Exchange Stables at the same place, and will be glad to have the patrons of the former firm favor him with a continuance of their patronage. This the 7th day of January 1907. R. L. Smith.

Having sold to R. L. Smith all my interest in the horses and mules owned by the firm of R. L. Smith and Company, he will continue to run Sale and Exchange Stables at the same old stand, and I take pleasure in commending him to the favor and patronage of the public. This the 7th day of January 1907. O. Hooker.

Life, Not Death.

There is much difference in the psychological effect of the two ideas "life" and "death." This was illustrated, says the writer of "Letters From a Surgeon," in the case of General Frank Bartlett, who was wounded on the Fredericksburg pike in 1863. General Bartlett was brought to the surgeon bleeding profusely from a wound in his head. He was unconscious and white as death. The surgeon called his name, but could not rouse him. Passing his finger into the wound, he found the ball had not penetrated the bone, but had simply cut an artery in the scalp. This the surgeon bound with a ligature. He laid the general on the ground and completed dressing the wound.

"No harm done, old boy," he shouted. "This is only a flesh wound. You will be all right when I take a stitch or two."

The good news seemed to bring General Bartlett to consciousness. He rallied completely.

"I thought I was done for," he said. "Well, if I'm all right, here goes."

Before the surgeon could stop him he was in the saddle and riding at the best gait of his horse back to the front again.

The Ways of the Moonshiner.

The ways of the moonshiner are pretty much the same everywhere. A suitable location consists of a secluded spot with water in abundance. It is important, should he ever be called upon to defend a case in court, for the question of the ownership of the land upon which the still is located, to be involved in doubt; hence the moonshiner gets as near the line of his own land or the land he controls as possible. The stills are primitive affairs and are often made complete in the neighborhood in which they are operated. With two or three square yards of sheet copper the still maker requires but a few hours to make the "biller." Home-made hogsheads are usually used as fermenters, and the only thing that the illicit distiller has to send "off yander arter" is the worm. Being difficult to secure, the moonshiner prizes his "worm" highly, and that part of the distillery is usually taken away when the operator leaves.—David A. Gates in Metropolitan Magazine.

Origin of "Bluestockings."

Burke, apropos of "Evelina," paid Fanny Burney this high compliment: "We have had an age for statesmen, an age for heroes, an age for poets, an age for artists, but this—with a gallant bow to Fanny—"is the age for women." The name "bluestockings," given to these distinguished women, arose, according to Fanny Burney in her "Memoirs of Her Father," from an apology made by Mr. Stillingfleet in declining an invitation of Mrs. Vesey's to a literary meeting at her house. "I am not properly dressed for such a party," he pleaded. "Pho, pho," she cried, taking him and his dress all in at a glance, "don't mind dress! Come in your blue stockings." This he did, and "those words ever after were fixed in playful stigma upon Mrs. Vesey's associations."—T. P.'s London Weekly.

What We Stand On.

The density of the earth as a whole has been estimated, with close agreement among the scientists who have made the determination by different methods, to be about 5.5, or five and a half times as heavy as an equivalent sphere of water. On the other hand, the average density of the materials forming the accessible parts of the earth's crust is between 2.5 and 3, so that the mean density of the whole globe is about twice that of its outer part. This indicates that the central part of the earth is composed of heavier materials and may even be metallic, which condition, says the Engineering and Mining Journal, would accord perfectly with the nebular hypothesis.
