

Rigid Boat Inspection Ordered for Summer.

Special to Reflector.

New York, April 3.—Steam boat, tug and barge captains whose craft carry inspection certificates issued by the New York office of the Federal Hulls and Boilers' Inspection Service, have been surprised by a new and stringent order from Inspector-General Adler, providing that renewals of certificates this season shall depend upon the examination of various craft by inspectors who did not make the preceding inspection and who shall give no warning of their official visit. The new order further provides that, in addition to the regular inspection, reinspection of ferryboats and excursion boats shall be made at least three times a season. Six of the inspectors have been removed temporarily to other districts on the Atlantic Coast, and other places have been filled from Philadelphia. Inspection of boats that have been overhauled for the summer service will be made sometime in April. Again some time in June, after the excursion season opens, the first reinspection will be made, and there will be two more in the summer at times when the skippers are least expecting them.

The session will last two days, and there will be a dinner at which Andrew Carnegie will preside. Among those who will speak are James W. Bright, professor of English philology in Johns Hopkins University, the latest member of the society.

AN ACT TO ALLOW THE TOWN OF GREENVILLE TO ISSUE BONDS.

The General Assembly of North Carolina do enact:

Section 1. That the board of aldermen of the town of Greenville is hereby authorized and empowered to issue bonds in the name of the town of Greenville, in such denominations and forms as it may determine, to an amount not exceeding seventy-five thousand dollars (\$75,000.00) payable thirty (30) years from their date.

Section 2. That said bonds shall bear interest at no greater rate than six per cent. per annum, and the interest shall be made payable semi-annually, and the said bonds shall in no case be sold, hypothecated or otherwise disposed of, for less than their par value.

Section 3. That the said bonds shall be signed by the mayor and attested by the clerk, and shall be sealed with the corporate seal of the town of Greenville, and shall have interest coupons attached thereto, which said bonds and their coupons shall be exempt from town taxation until after they become due, and the coupons shall be receivable in payment for town taxes. That for the purpose of paying the interest on said bonds as the interest becomes due, it shall be the duty of the board of aldermen, and they are hereby empowered so to do, to levy and collect each year a sufficient special tax upon all subjects of taxation, which are now or may hereafter be embraced in the subjects of taxation, under the charter of said town, and in the manner and at the same time as other taxes are levied and collected under the said charter. Provided, that the taxes collected under this act for the payment of said interest coupons as afore said, shall be used for no other purpose, and it shall be the duty of the town treasurer as said coupons are paid to cancel the same, and return them to the board of aldermen with a report showing their number and amount, to be further canceled or destroyed by the board of aldermen, and the treasurer shall make such report and turn in said coupons, as often as he has said coupons.

Section 4. That the board of aldermen shall not issue said bonds or any of them, nor levy nor collect said tax until they shall have been authorized and empowered so to do, by a majority of the qualified registered voters of said town, at an election to be held at such time and place as the said board shall appoint, of which, notice shall be given for twenty (20) days in some newspaper published in the said town, and at said election those favoring the issue of said bonds as specified, and the levy and collection of the tax for the payment of the said bonds and coupons shall vote a written or printed ticket with the words thereon, "For Bonds," and those opposing it shall vote a written or printed ticket with the words thereon "Against Bonds." The board of aldermen shall order an entirely new registration of voters, and the said board of aldermen may call an election under this act, at any time it may see fit after giving the proper notice.

Section 5. That the said bonds may be issued for the purpose of constructing, extending, enlarging and maintaining the sewerage system now in course of construction, and for the purpose of paving or otherwise improving the

streets, and aid in establishing a training school in or near the town of Greenville, if one shall be authorized by law. And the board of aldermen are hereby authorized to use so much of the proceeds of the sale of said bonds for either of said purposes, as they may deem proper, and said money shall not be used for any other purpose.

Section 6. That beginning ten years from the ratification of this act, the board of aldermen of the said town shall begin to set aside from the taxes and other revenues of said town a sinking fund to pay the principal of said bonds at maturity, and for this purpose they may levy a special tax not to exceed the sum of fifteen (15) cents on every one hundred (100) dollars worth of taxable property and forty-five (45) cents on every taxable poll within said town, unless a greater sum shall be authorized by a special act of the General Assembly, ratified and approved by the qualified voters of said town at a special election to be held for that purpose.

Section 7. That all laws and clauses of laws in conflict with this act are hereby repealed.

Section 8. That this act shall be in force from and after its ratification.

In the General Assembly read three times and ratified, this the 2nd day of March, A. D., 1907.

Hint to The Railroads.

If inter-State railroads would consent to come into some such harness or that in which the national banks work, much or all of what they call the hysteria of the people might confidently be expected to disappear. Thus, also, railway securities would become safe investments for the people and there could be no trouble about selling to the people enough securities to raise money to make proper extensions and improvements.

As the main features of such adequate regulation and control of the railways by the government we suggest these:

1. Examination of accounts by government examiners.
2. Publicity of accounts in prescribed form.
3. Control of issue of stocks and other securities.
4. Control of rates by forbidding discrimination directly or by rebate.

By all this we mean that the Federal government should exercise a financial police control over the railways and make the corporations which own and operate them deal fairly and openly with the people as the national banks are required to do.—Charlotte Observer.

RESOLUTIONS OF RESPECT.

Adopted by the Mother's Club of Winterville.

Whereas, it hath pleased our Heavenly Father to remove from earth one of our members, Mrs. Mary Smith, who will be sadly missed because of her intense devotion for the Mother's Work, for the excellent Christian influence that she always exerted and for her untiring efforts for the betterment of every home in her reach:

Resolved 1st, That we bow in humble submission to our Father's will.

2nd, That in memory of her, and her unconquerable zeal in this work though tottering with age, we will re-double our energies in this line.

3rd, That we extend our heartfelt sympathy to the members of her family, knowing that our loss is her gain.

Mrs. A. D. Cox, Com.

Horses Burned at New Bern.

A disastrous fire occurred at New Bern early this morning at 3 o'clock which destroyed J. M. Arnold's stables and 20 horses and four reidsence, entailing a loss estimated by The Journal at \$40,000. The fire started in Arnold's stables, which was quickly burned, communicated to Mrs. Richardson's boarding house, which was entirely destroyed, and its contents. Occupants of the boarding house barely had time to escape with their lives.—Kinston Free Press, 2nd.

PITT COUNTY BANKS.

A Record of Which the County is Proud.

The Reflector publishes the statements of the seven banks in Pitt county, showing the condition of their business on the 22nd of March, and they make a record that can be pointed to with pride. Beside the three splendid banking houses in this town—the Bank of Greenville, the Greenville Banking & Trust Co., and the National Bank of Greenville—there are fine banks at four other points in the county, all of them doing excellent business. These are the Bank of Ayden, the Bethel Banking & Trust Co., the Bank of Farmville and the Bank of Winterville.

This makes seven banks in the county, and each one of them is admirably officered and managed. The men and the institutions have the full confidence of the public. The deposits in these seven banks on the 22nd of March aggregated only a fraction less than \$557,000. This is creditable to the people of the county as well as to the banks.

Eightieth Anniversary.

Mr. Robert T. Wilson, one of Chicod's best citizens and a man highly esteemed, celebrated his eightieth birthday, on Tuesday, at his home near Grimesland. He was born April 2nd, 1827, and is an active man for his years. Mr. and Mrs. W. H. Ricks (the latter his daughter) of Greenville; his son, Mr. J. P. Wilson and wife, of Grimesland; Mr. and Mrs. F. J. Berry and Mrs. O. B. Carmalt, of Washington, spent the anniversary with him. A sumptuous dinner was served, and no guest ate heartier or could tell a better joke than Mr. Wilson.

DOING MUCH GOOD.

Building and Loan Association Helps the Town.

The board of directors of The Home Building & Loan Association were in monthly meeting, Tuesday night, and found the affairs of the association moving along splendidly. It was decided to open a new series of stock, the third, on the first Saturday in May. The association will be just a year old that day and the annual meeting of the stockholders will be held on the Tuesday night following.

Not everybody realizes how much good this association, even though young, is doing in Greenville. Several homes have been built through its help, mortgages have been lifted from others, and there are applications for loans at every meeting of the board of directors. The report of the secretary and treasurer at the annual meeting will show that fully a \$25,000 business has been done the first year.

Audience Delighted.

The Labadie Faust Company entertained a large audience at the Grand last night, and delighted them with a strong presentation of that celebrated play. Mr. Labadie's conception of the part of Mephisto was interesting innovation on the usual interpretation of the part. Much of the monotony of the scene was relieved by the introduction of some clever comedy work with Dame Martha.

Able support was given Mr. Labadie by Mary Von Tromp Labadie as Marguerite. Her voice is very good and her manner artistic. The scenery was exceptionally fine, the broken scene being excellent.—Peoria (Ill.) Times.

"Faust" will appear here Friday night, April 5th. Seats on sale at Reflector Book Store tomorrow.

Change of Agency.

Having sold my General Insurance Agency at this place to Messrs Moseley Bros., I take this means of advising my many patrons of the transfer of all my insurance business to said Moseley Bros., and soliciting for them a continuance of all my business. In making this transfer I feel that all interests of the assured will be carefully guarded. For some time I shall be with Messrs. Moseley Bros. and wish to assure all concerned that every courtesy and kindness will be shown in this new agency that could have been shown by myself.

Again thanking my friends for their liberal patronage, I beg to remain, with best wishes

Those who can afford it might do well to keep a supply of both coal and ice on hand to be ready for weather emergencies.

This weather must have fooled even the ground hog. We expect he got back near to his hole and is wondering if he had best crawl in again.

The publication of Harriman's letter with the statement that he personally contributed \$50,000 to help elect President Roosevelt and that the latter asked him to raise \$200,000 for that purpose, certainly places the president in a bad light. It is recalled that just before the last presidential election Judge Parker, the Democratic candidate, made the charge that the corporations were large contributors to the Republican campaign fund, which charge President Roosevelt vehemently denied and denounced as false. Now that the facts have come out it is seen that the president himself was knowingly making a false statement.

RANDOM REFLECTIONS.

By a Contributor.

Undoubtedly one way of "curbing swollen fortunes" is squeezing the money out of stocks.

The revelations of graft seem to have shocked San Francisco almost as much as the earthquake.

A Kansas man asserts that he recently saw a rat with horns. As the authorities insist that the prohibition law is being enforced in Kansas, there must be something radically wrong with the soda fountain in that State.

The alienists should also examine the Thaw jury to see if all of its members continue to be sane.

If the Jamestown exposition is ready for the opening, in that respect it will be unlike any other that was ever held.

The man who introduced that lick-the-editor bill in the Pennsylvania legislature, may be trying to convince his constituents that he is not in the mollycoddle class of statesmen.

A Dakota man aged sixty has married a girl of twenty, while his son married the girl's mother aged forty-four. People with nothing else to do can now busy themselves with this latest relationship puzzle.

On the same day recently, a man paid \$65,000 for a picture, and another \$7,000 for a dog. Which is further evidence of the present high cost of living.

After the Thaw trial will come the mending of some reputations which were more or less frizzled by the performance.

The green goods king of New York has been sent to jail, a circumstance which gives Mr. Harriman more room to work, but also food for reflection.

The cartoonists are representing the president playing tag among the presidential aspirants. Fairbanks is so thin that he never gets touched.

Carie Nation appeared in the Boston State house to harangue

the legislators, but as she couldn't talk Bostonese, the police escorted her to the elevator and rang the bell.

The report that Mr. Rockefeller donated \$50,000,000 to uplift the Chinese was greatly exaggerated. He appears to have dropped six bits on the plate for foreign missions.

Ryan wants to take the railroads out of Wall street. He'd like to put them in his own little sack.

"Next," calls President Roosevelt to the railroad presidents," says the Baltimore Sun. Then another goes in and gets trimmed.

Josiah Flynt, or whoever coined the word "graft," probably never dreamed it would get to the San Francisco degree.

Seemingly, it has not occurred to the sleuths who are looking for Uncle Sam's missing \$173,000 in Chicago, to search the gentleman who has been participating in that continuous-performance poker game.

The veterinary surgeon who has been employed by the Hagenback circus to pull a tooth from the jaw of a lion is not likely to waste any time in asking his patient whether it hurt.

Speaker Cannon is reported to have had the time of his life on the trip to Panama, but as he manages to have the time of his life wherever he happens to be, there seems to be no need of getting excited over it.

"Why are so many women invalids?" asks Good Health. Presumably, because the doctors need the money.

The "captains of industry" who are announcing that they will henceforth take the public into their confidence, are likely to find the fighting shy of confidence games just now.

A LIQUID COLD CURE
—AND—
LAXATIVE COUGH SYRUP

THE ORIGINAL

The Red Clover Blossom and the Honey Bee on Every Bottle.

"A Cold or a Cough nearly always produces constipation—the water all runs to the eyes, nose and throat instead of passing out of the system through the liver and kidneys. For the want of moisture the bowels become dry and hard." Nearly all other cough cures are constipating, especially those containing Opates. Kennedy's Laxative Honey and Tar moves the bowels, contains no Opates.

KENNEDY'S
LAXATIVE
HONEY AND TAR

Relieves Colds by working them out of the system through a copious action of the bowels.

Relieves Coughs by cleansing and strengthening the mucous membranes of the throat, chest, lungs and bronchial tubes.

For Croup, Whooping Cough, La Grippe, Influenza, Bronchitis, and all Coughs, Colds, Lung and Bronchial affections no remedy is equal to Kennedy's Laxative Honey and Tar. Children like it.

Put up in 25c, 50c and \$1.00 bottles at the Laboratory of E. C. DeWitt & Co., Chicago, U.S.A.

Heart Strength

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the Heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing Hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and wasting nerve centers. It builds; it strengthens; it offers real, genuine heart help. If you would have strong Hearts, strong digestion, strengthen these nerves—re-establish them as needed, with

Insatiable Love for Biddies.

Down at 700 West Fifth street is a hen, just an ordinary, every day hen, with no pedigree, and with no blue ribbons on exhibition as witness of honors won at poultry shows. But notwithstanding this, she is fowl out of the ordinary, by reason of an unlimited love for biddies. Recently Mrs. Miller, who owns her, added to her brood until she had 75 chickens. Every one of these she is caring for diligently. Yesterday another hen came off with 14 chickens and the protector of 75 made vigorous attempts to kidnap the other's 14. -Charlotte Observer.

Speaking at Pactolus.

Let every man, woman, boy and girl come out and hear these gentlemen. A good evening is promised every one who will come.

NOTICE TO THE VOTERS OF PITT COUNTY.

Notice is hereby given to the voters of Pitt county that the board of county commissioners, at their meeting on the first Monday of April, 1907, it being the first day of said month, ordered that an election be held at the various voting places in said county on Tuesday, May 14th, 1907, for the purpose of taking the sense of the qualified voters of said county on the proposition to confer upon the board of county commissioners of said county the authority to issue and sell interest bearing coupon bonds, of said county, not to exceed the sum of fifty thousand dollars to run for thirty years and to bear interest at a rate not to exceed six per cent. The proceeds of the sale of said bonds to be used in aiding in erecting suitable buildings at some point in Pitt county for a training school for white teachers, and the excess, if any, of the fund arising from the sale of said bonds, after securing the location of said school in the county, to be used in the purchase of machinery for the use of the convicts in working the public roads and to aid building and repairing bridges in the county of Pitt. A new registration of the voters has been ordered for said election, so that it may be definitely and accurately ascertained who are qualified voters at said election. The law authorizing said election requires those favoring the issuing of said bonds to vote a written or printed ballot with the words thereon, "for bonds" and those opposed to vote a written or printed ballot with the words thereon "against bonds." The registration books will open on Thursday, April 11th, 1907, and close at sunset on Saturday, May 4th, 1907. Only those who register can vote. By order of the board of county commissioners of Pitt county. This the 1st day of April 1907. Attest: R. W. King, Chairman, Richard Williams, Clerk, 11d 47w
