CHANGE IN N. & S. SCHEDULES.

Corporation Commission Orders Connections With A. C. L. Trains at Newbern and Kinston.

Through the influence of the corporation commission an agreement has been made between the A. C. L. and the N. & S. railroads whereby important connections will be made at Kinston and at Newbern. The making of these connections will necessitate a change of schedule of three passenger trains on the Beaufort division of the Norfolk & Southern and two on the Atlantic Coast Line.

Norfolk & Southern train No. 1, which passes Kinston at 8:56 a. m., will come 30 minutes earlier to make connection at Newbern with the A. C. L. train which will be deferred in leaving 30 minutes. Train No. 4, the Norfolk & Southern will leave Morehead 20 minutes later in the afternoon so as to make connection at Newbern with the A. C. L. from Wilmington and reach Kinston at 7:30 p. m., thus insuring connection with the A. C. L. train from Weldon. No. 3, on the Norfolk & Southern will also be 30 minutes later, passing Kinston at 5:10 p. m., instead of 4:40 p. m., and make connection at Newbern with the A. C. L. from Wilmington.

The date when these schedules go into effect is not made known yet. — Kinston Free Press.

Under River For Brooklyn.

Special to Reflector:

New York, April 4.—Brooklynites fully expect to go under water and underground from the Battery to Flatbush avenue by September, according to a statement made by Chief Engineer Rice of the Rapid Transit Commission. "I can safely predict," said Mr. Rice, "that the Brooklyn subway system will be in operation to the Borough Hall by some time in June. I cannot exactly designate the day, but the trains will be running before the 1st of July. For the remainder of the route from Borough Hall to Flatbush avenue, I can say it will be completed and ready for September 1st. This work has been delayed by the change in the plans from a two-track to a four-track subway, and the contractors have experienced some difficulty in securing the additional steel which this change necessitated." Great progress, Mr. Rice said, was being made in finishing the tubes under the East River. These, he said, will be ready for the installation of the tracks and the signal system within four weeks.

Weather

said town, thence in a northerly direction with the eastern boundary of said town to south eastern corner of second ward, thence in a westerly direction with the southern boundary of second ward and fifth street to the beginning.

Sec. 4. That this act shall be in force from and after its ratification.

Sec. 5. That all laws and clauses of laws in conflict with this act are hereby repealed.

In the General Assembly read three times and ratified, this the 4th day of March, A. D., 1907.

Pittsburg Trying for a Sub-Treasury.

Special to Reflector.

Pittsburg, Pa. April 4.—Bankers here have been working hard to have a sub-treasury established in Pittsburg. They will fight on, although they don't feel much encouraged. It is said the scheme has been frowned on in Washington. The matter was first brought to the attention of Secretary Shaw, before he left the cabinet, and he opposed the plan so hard that Pittsburg bankers hesitate to bring the matter before Secretary Cortelyou. The Pittsburg advocates who carried the proposition to Washington said that Atlanta had been urging a sub-treasury at that place, but Secretary Shaw gave assurance that the government was trying to discourage the establishment of any more such institutions.

Wheat Yield Well Up To The Average.

Special to Reflector.

Chicago, April 4.—With the law of supply and demand so much against it, the wheat market is doing remarkably well in matter of price stability. New low records have been reached for the season, but accompanying it is an undeniable and strong faith in the general situation. The faith seems to indicate a well set conclusion that, no matter what may be lacking in buoyant influences abroad, the home consumption is potent enough to keep values somewhere the current level, and that if widespread damage should be inflicted on winter wheat higher prices are certain to ensue.

Methodist Conference Discussing Union With United Brethren.

Special to Reflector:

Washington, April 3.—Today the seventy-ninth annual session of the Methodist Episcopal church commenced at the Rhode Island Avenue Methodist Protestant church, with ministers and laymen from each circuit in the states of Maryland, Delaware, with some portions of New Jersey, Pennsylvania, and Virginia, in attendance. Greater interest than usual is felt in the deliberations, as the proposed union with the United Brethren and Congregational churches will be discussed.

New College Dedicated at Dubuque.

Special to Reflector.

Dubuque, Iowa, April 4.—The main building of the Presbyterian German Theological college was dedicated today and extra exercises will be held tomorrow. The college is just about completed at a cost of \$100,000. This afternoon a German programme of great interest was filled, Rev. Schmidt, of Preston, Ills. receiving the building formally. The dedication address was made by Rev. John Shaw, D. D. The service of dedication was very elaborate.

May Settle Ice Company Fight.

Special to Reflector.

Chicago, April 3.—The adjourned meeting of the Knickerbocker Ice Company is being held today. An injunction obtained by the minority interests to prevent the voting of the majority stock held by the Western Ice Company, precluded a quorum while it was in force. There is, however, a report that an amicable settlement will be reached today.

Falling Walls Catch Firemen.

Special to Reflector.

New York, April 4.—During a fierce fire here this morning in a warehouse on Maiden Lane, twenty firemen were buried under falling walls. All of them were hurt, two of them so seriously that they may die. Fire Chief Croaker was also hit by flying bricks and slightly hurt.

TWO FREIGHT WRECKS.

Atlantic Coast Line Hit Twice Same Day.

Two wrecks to freight trains occurred on the Atlantic Coast Line, Wednesday afternoon, and all trains were delayed about four hours in consequence.

One of these wrecks was about two miles above Bethel, where in some unaccountable way five cars were thrown off the track and about 350 feet of the track badly torn up. No one was hurt, though one of the crew jumped out of the cab without injury. It took several hours to get the track cleared and repaired.

The other wreck occurred near Scotland Neck, where two cars derailed. This was not so serious as the wreck near Bethel and the trouble here was soon remedied so train could pass.

Commission Hearing Harriman's Counsel.

Special to Reflector.

Washington, D. April 4.—The Interstate Commerce Commission is hearing today counsel for E. H. Harriman as to his answering certain questions which he did not answer at the session at which he appeared. The commission has talked of asking the court to compel Mr. Harriman to answer those questions. The counsel are also submitting additional testimony and presenting arguments regarding the contention that the Union Pacific and Southern railroads are parallel and competing lines. The commission will also bring on any additional points they see fit.

Faust is Coming Soon.

Mr. Hubert Labadie and his company will present "Faust" at Masonic opera house on Friday night, April 5th.

The scenery and electrical effects are said to be exceptionally fine, and the company has a most excellent reputation, having played "Faust" for the past nine years with great success. Read the following recent notice of their performance:

Without exaggeration, the production of "Faust" given by Labadie Company at the opera house last evening was one of the best ever seen in our city. Mary Van Tromp-Labadie as Marguerite carried off the honors easily. Her portrayal of Goethe's immortal character was as finished as any the stage affords today. Hubert Labadie as Mephisto sustained the part evenly and well. The scenery was all special. The electrical effects were particularly good.—Hornellsville, (N. Y.) Daily.

TUESDAY, APR. 4th, 1907

The warmest March and coldest April is making 1907 do right well as a weather record breaker.

President Roosevelt up and says that Mr. Harriman lied. He was hardly expected to say less.

If Teddy calls many more people liars he may get on the war path before he reaches the Jamestown fair.

Every man in Pitt county wants to get interested in the election for bonds to be held next month. The result of that election means much to the county.

The have some names out in Chicago. Dunne was the Democratic candidate for mayor and Busse was the Republican candidate. The election was held Tuesday, and what Busse done for Dunne was a plenty.

The Baptist people of the state, than whom no people in the world are more devoted to the principles of human liberty and the utter and everlasting separation of church and state, are severely criticizing the legislature for appropriating \$1,000 to the holiness school and orphanage at Marion. While they care little about that school receiving the money, they are strongly opposed to the principle at stake. They are right. The state should never give a dollar to any religious sect or church, or church institution. Of course there is added antagonism to the gift in some places because the holiness church is regarded as a menace to useful church work, causing discussions in churches and communities and teaching the absurd doctrine of sinless perfection, often with disastrous results to brain cells.—Lexington Dispatch.

The use of the legend "In God We Trust" on some of the coins of the United States grew out of—according to a writer in the Chicago News—a letter written by a Maryland farmer to Salmon P. Chase when he was secretary of the treasury. The News writer says: "The letter was written in November, 1861, the writer urging that we should, as a Christian people, make some recognition of the Deity on our coins. Mr. Chase referred the letter to Director Pollock of the mint, who approved the suggestion and proposed one of the legends, 'Our Country, Our God,' or 'God Our Trust.' Mr. Chase then referred the matter to congress, and again in 1862 and in 1863 he urged that the matter be acted on. Finally, April 22, 1864, congress authorized the coinage of a two-cent bronze piece, and on it was stamped the legend 'In God We Trust,' instead of 'E Pluribus Unum.' Subsequently, on March 3, 1865, the director of the mint, with the approval of the secretary of the treasury, was authorized to place the legend on all gold and silver coins susceptible of that addition thereafter to be issued. The legend is taken from the following line in 'The Star Spangled Banner,' 'And this be our motto: In God is our trust.'

"I tell you," said the inspector, leaning back in his chair, "detective work is not the snap it's cracked up to be."

"Were you ever badly taken in?"

"Well, rather. The worst I was ever fooled was by a pretty, baby-eyed, innocent looking young angel. I could have sworn she was an angel."

"And wasn't she?"

"Well, I guess not! She had a temper like a western cyclone, and once when I attempted to call her down I thought an earthquake had struck me."

"How did you happen to discover her real character?"

"Simply enough—I married her."—London Telegraph.

Lumber.

"Lumber," according to the London Chronicle, acquired a new dignity "when it crossed the ocean and shook off all association with the lumber room. But the word's earlier history is still more curious if the conjecture is right that makes 'lumber room' older than 'lumber,' its contents, and explains the former as 'Lombard room,' the room in which the Lombard banker and broker stored his miscellaneous pledges. Undoubtedly in the seventeenth and eighteenth centuries a 'lumber house' was a pawnshop, 'in the lumber' meant in pawn, and a man in jail was metaphorically 'lumbered,' or 'in Lombard street.'"

For years Dr. Shoop has fought against the use of opium, chloroform or other unsafe ingredients commonly found in cough remedies. Dr. Shoop, it seems has welcomed the Pure Food Drug Law recently enacted, for he has worked along similar lines for many years. **A LIQUID GOLD CURE
—AND—
LAXATIVE COUGH SYRUP**

The Red Clover Blossom and the Honey Bee on Every Bottle.

"A Cold or a Cough nearly always produces constipation—the water all runs to the eyes, nose and throat instead of passing out of the system through the liver and kidneys. For the want of moisture the bowels become dry and hard." Nearly all other cough cures are constipating, especially those containing Opium. Kennedy's Laxative Honey and Tar moves the bowels, contains no Opium.

**KENNEDY'S
LAXATIVE
HONEY AND TAR**

Relieves Colds by working them out of the system through a copious action of the bowels.

Relieves Coughs by cleansing and strengthening the mucous membranes of the throat, chest, lungs and bronchial tubes.

For Croup, Whooping Cough, La Grippe, Influenza, Bronchitis, and all Coughs, Colds, Lung and Bronchial affections no remedy is equal to Kennedy's Laxative Honey and Tar. Children like it.

Heart Strength

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the Heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing Hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescriber—is alone directed to these weak and wasting nerve centers. It builds; it strengthens; it offers real, genuine heart help. If you would have strong Hearts, strong digestion, strengthen these nerves—re-establish them as needed, with

Dr. Shoop's Restorative

About That Home

Do You Contemplate

Owning One?

If so the first thing to consider is a good lot in a desirable location and you cannot be better suited in a lot than the

Sam White Property.

No property surpasses this for a desirable home. Lots can be bought there now at reasonable prices and on easy terms. There is every indication that property around Greenville is going to be higher, and the longer you defer buying the lot the higher it will cost.

This property is located only 5 minutes walk from the business part of the town. See Sam White and let him explain prices and terms.

Mr. Forbes Gets a Fall.

Mr. C. S. Forbes was this morning inspecting some of the work at his new residence that is going up. He climbed up to the second story and when about to descend was letting himself down by a rope. The rope broke and he fell to the first floor. Fortunately no bones were broken, but he was jarred severely by the fall.

Eyes On Greenville.

Greenville is attracting attention from all quarters. We have been shown a letter which Mr. B. A. Moseley, the real estate man, received from a party in a Northern state making inquiries about Greenville and expressing a desire to locate here. The writer of the letter said Greenville had been recommended as an ideal town to locate in, and the purpose of the inquiring to Mr. Moseley was to plan for coming here.
