WINTERVILLE ITEMS.

From our Husting Neighbor.
Winterville, N. C., June 5.
Mr. and Mrs. L. F. Elliott went to Kinston Tuesday.

M. G. Bryan returned from near Stokes Monday after having visited relatives several days. While away he was very sick but is about well again, we are glad to know.

Remember that the Oxford orphanage class will be here Thursday night. They give excellent entertainments and we hope to give them a full house. Nothing deserves our sympathy more than the orphan children of our State.

Last Thursday and Friday the girls' dormitory had its usual appearance again, bringing back to us the memories of school times.

As announced heretofore, the Philthea class of the Kinston Baptist Sunday school, accompanied by Rev. B. W. Spilman and Misses Lena Spain and Emma Pollock, came up Friday morning on their first outing trip. They occupied the girls' dormitory while here, preparing their own meals. They were not able to carry out the intended program on account of the rain.

On Friday night the citizens of the town and community tendered them a most delightful but informal reception in the tastily decorated auditorium of Winterville High school. Ice cream and cake were served after some time had been spent in various games. Never have we had more pleasant visitors than these. Mr. Spilman knows exactly how to conduct an outing tour: to make it enjoyable not only to his class but also to those who have the pleasure of entertaining them. We were sorry indeed when the time came for them to leave. They returned to Kinston Saturday morning. They have a standing welcome to come and enjoy our beautiful school grounds whenever they wish. May this not be their last visit.

The third quarterly meeting of Grimesland and Vaceboro circuit will be held in Winterville on Friday, June 7th, 1907. Rev. A. McCullen, the presiding elder will preach at 11 o'clock a. m., and at night. Every one is cordially invited.

We are glad to note that G. R. Dixon, who has been suffering from appendicitis, is recovering. Thos. Dawson, who has just returned from the A & M. college, is visiting relatives here.

L. L. Kittrell and A. G. Cox went to Greenville Tuesday.

Mrs. W. E. Hooks, of Ayden, is visiting Mrs. A. W. Ange.

B. G. Taylor went to Kinston Saturday. We are glad to know that Mrs. Taylor, who is in the hospital there, is improving rapidly.

Mrs. Frank White has returned home after visiting her parents for sometime. Miss Sibyl Taylor, her sister, accompanied her.

Misses Louise Satterthwaite returned to her home at Pactolus Tuesday after spending some time with her schoolmate, Miss Janie Kittrell.

Miss Venetia Cox and Olive Butt spent Saturday and Sunday visiting relatives in Ayden.

Weather.

Fair tonight and Thursday. Cooler tonight in northern and western portion.

RESOLUTIONS OF RESPECT.

Adopted by Memorial Baptist Church and Sunday School.

As it has pleased Almighty God in His providence to remove by death from our midst Brother W. F. Burch, resolved 1st, That we bow in humble submission to His divine ruling, although we shall miss him from our church, Sunday school and choir in which he was always a willing and cheerful member, and that while we sympathize with and commend his loving wife and children to Him who alone can give the comfort they most need in their affliction.

2nd, That a copy of these resolutions be spread upon the records of this church, and a copy furnished to the bereaved family, and a copy to The Daily Reflector with request to publish.

The Good Newspaper.

In the old plantation days those who subscribed for newspapers laid little stress upon the value of a paper for furnishing business opportunity. The planter lived on his plantation. He wanted the general news of the State, the United States, and the world; but industrial and business news concerned him little. He was not looking for opportunity in these fields. He took a newspaper largely for his entertainment and to post him generally.

The modern newspaper is a totally different institution. It must not only furnish everything that the planter desires, but it must furnish specific information about the progress of all sorts of business and manufacturing movements. If somebody is going to build a house the lumberman, the brick man, the carpenter and others, not only want to know it, but they want to know to whom to apply to sell their wares and make contacts. Therefore the good newspaper becomes an important adjunct of the business of the lumber man, the brick man, the carpenter and others. For the merchant it must tell where new goods are made, where a good supply of apples and other fruits can be obtained from a new field and in a thousand and one ways, it must put enough information of a commercial character within reach of each subscriber that he may make back in the year, not only the subscription price, but sometimes the subscription price many fold.

In the modern newspaper in the midst of an industrial world, the advertisements become almost as much of importance as much of the reading matter is. By watching the announcement of the merchants and taking advantage of the prices made public, the housewife can save 10 per cent. on the cost of running a house, and the paper becomes at once a valuable business asset in the household.

Those people who look upon a newspaper as sort of luxury or a literary indulgence, totally fail to appreciate how much work is done by the news gatherers of a modern paper to furnish information upon the basis of which important profits may be made. Therefore, for the enterprising man a good modern newspaper is an investment and not an indulgence. Besides the money value exhibited, it is educational, and is an important factor in training children to acquire the habit of reading and educating the mind to comprehend what is going on daily. — Charlotte Chronicle

FARMVILLE AND GREEN SPRINGS.

Doings of the Week in That Section.
Farmville, N. C. June 4th.

There has been much of passing interest with us the past week.

Wednesday, May 29 fair and coal, crops looking very bad, cotton especially.

A quiet wedding occurred in Farmville about 3 o'clock, Mr. James Herring, of Wilson and Miss Ruth Beaman being married at the home of the bride's mother, Mrs. Mary Beaman, by Elder Moore, pastor of the Christian church.

Thursday—The little son of Arden Tucker, who died at Winterville of meningitis, was brought here and buried in the family burial ground of A. J. Tyson.

Friday—cool and rainy.

B. M. Lewis visited Green spring and says the water is fine, and that his family has improved much from its use.

Mrs. Mary Tyson and daughter, Miss Ada, are visiting Mrs. Lucy Barrow, in Greene county.

Saturday—cool and rainy some more with showers growing heavier.

We had the pleasure of a hand shake from our old friend L. A. Cobb, of Kinston, who says it was the first visit to our town in thirteen years. Things don't look like they used to. He spent Saturday and Sunday with his brother, B. P. Cobb, at the old home place in Beaver Dam.

Mrs. S. W. Erwin and children spent Saturday with Mrs. Martha Joyner and enjoyed the pure waters of Green spring. She informs us of a somewhat strange coincidence at the home of her neighbor and father-in-law, S. P. Erwin. A little bird had wandered its way into his sitting room and selected a spot to dwell for awhile. Among the many cozy corners none seemed to suit its fancy like the mantel, and in one of the niches of the clock it built a nest and deposited five little eggs upon which it is sitting with as much grace as Queen Victoria on her royal throne or Mrs. Roosevelt in the upholstered palace of Uncle Sam. Perhaps this may be one of the Norfolk & Southern secret service time keepers, or some of the descendants of Poe's raven that perched above his door.

Sunday—rain, rain, cold and colder. But the rains and winds are never weary and why should we be? for the sun may be shining tomorrow although it is cloudy today.

A little child of John Tyson, of Beaver Dam, died at his home on the T. A. Nichols farm.

What about the training school? We are getting anxious to hear. And another thing we want to see is better roads over which the teachers can get to the school. Unless roads around Greenville are better than up here, the teachers would have to fly or wade.

There was a terrible hail storm in the Otter creek section from Crisp to Turnage, covering nearly five miles. On the Rufus Moore farm the hail was 3 inches deep an hour after the storm. Two houses on H. C. Turnage's farm were blown down. Walter Gardner was on his way home from church and the pelting hail stones made his horse run away and came near killing him.

The baby of Dr. C. C. Joyner, died this morning, Tuesday.

CELEBRATION AT BEAUFORT.

It Will be a Great Occasion.

The people of Beaufort are making great preparations for the mammoth celebration on the 8th of June. There will be at least from five to ten thousand visitors present on that date and it bids fair to be the greatest occasion of its kind ever pulled off in North Carolina. There will be plenty to eat for all who come. Arrangements have been made for great quantities of fish to be fried on that occasion and barbecue to be cooked, and in addition thereto there will be picnic baskets furnished by the ladies of Beaufort.

The committee on invitation, composed of M. Leslie Davis, chairman, J. F. Duncan, Benjamin May, J. S. Duncan, H. I. Potter and B. J. Bell authorize the announcement that the public are cordially invited to be present and to participate in the celebration.

All railroads in the State have greatly reduced rates for this occasion.

The governor, United States senators, the entire North Carolina congressional delegation will be in attendance and all the State officers and in all probability the Supreme court. There has never been such a notable gathering of distinguished men in North Carolina as will be present on this occasion on the 8th. The Honorable George B. Cofelyou, secretary of the treasury, has been invited to be present. He has not signified his acceptance as yet, but has ordered the revenue cutter Seminole, stationed at Wilmington, to be present at the celebration, to carry the Governor and State officers out and around the harbor and to sea as far as Cape Lookout.

This great day will go down in history as the celebration of the beginning of the great industrial development in Beaufort and in Eastern North Carolina.

TO BE NO MORE SEASONS.

"The Last of the Prophets" Says Winter and Summer Will Be Alike, With Snow in July.

York, Pa.,—Lee L. Spangler, who has styled himself for a number of years as "the last of the prophets," has issued another remarkable bulletin.

This time he is more specific in his statements. He now asserts that the world will come to an end in nineteen months. He warns all the people to beware and look out for the dissolution of the world.

Spangler says there will no more seasons; that summer and winter will be as one, and there will not be any way of telling one from the other. Snow in July need not be a surprise, and sleigh riding is likely to be one of the summer pastimes. He adds: "There will be more black spots to occur on the sun's disk, and by the latter part of 1908 the sun will be entirely black. The earthquakes will shake all the principal cities of the nations. Great excursions will occur, and there will be great distress in the land until end shall come."

Kinston Votes Bonds.

The town of Kinston held an election Monday on the question of issuing bonds to the amount of \$35,000 to qualify the town for bidding on the location of the Eastern training school for teachers. Out of a total registered vote of 571 there were 459 cast for bonds, 5 against bonds, 107 not voting. That was a good vote for the bonds and shows the progressive spirit of Kinston.

Big Military Carnival in Norfolk.

Special to Reflector.

Norfolk, Va. June 5.—The big military carnival and athletic carnivals scheduled for the Jamestown exposition, from June 5 to 11, began today. It is open to members of the regular army, who are classed as professionals, and members of the National Guard of the United States, who are amateurs in the eyes of the American athletic union. The carnival is divided into two sets of events one for the regulars, the other for national guardsmen. Two days will be devoted to sports participated in by the members of the regular army. These events will be similar to those held annually at Madison Square Garden, New York, which are pulled off during that period known as "military week". The remainder of the period for the carnival will be given over to the National guardsmen and this will be more of an amateur event. Three teams of six men each will be sent from New York alone for this event, and other cities are showing equal interest.

First Kiln of Brick.

Mr. W. H. Dail, Jr., who established a brick making plant here recently, finished burning his first kiln of 100,000 brick on Tuesday. An examination of the brick shows them to be an excellent article, hard, smooth and of good finish. Mr. Dail is to be congratulated and we hope his enterprise will meet abundant success. His plant supplies a need that Greenville has long felt.

WEDNESDAY JUNE 5th 1907.

SLAPPED NORTHERNER'S FACE

An incident occurred during the Confederate reunion at Richmond that was not down on the program, and in which a Tennessee veteran, named Pearson, figured as the hero.

According to the story Pearson and several old soldiers were in a store on Broad street, when a New Yorker, whose name was not learned and who had evidently been drinking, began making himself disagreeable, cursing and applying even more offensive epithets to Confederate soldiers in general. Finally Pearson, becoming disgusted, approached the Northerner and catching him by one ear with one hand, with the other soundly slapped his jaws and rebuked him for his offensive language and gratuitous insults. The man did not resent the slap.

The conclusion of the incident was the expression of commendation and appreciation of Comrade Pearson's act by a North Carolina veteran, who witnessed the incident. Approaching the manly Tennessean, the Carolinian drew a gold ring from his own finger and slipped it on one of Pearson's fingers, with the wish that every time he looked at it he would recall the incident.

Representative R. B. Winborne, of Hertford, is mentioned as a candidate for the nomination of attorney general by the next Democratic State convention.

Eastern training school interest is centering around Raleigh today, the several towns competing for the school having representatives there to place bids in the hands of the State board of education. If Pitt county does not get the school we shall be greatly surprised, and everybody else likewise.

Mr. C. C. Moore, president of the North Carolina division of the Southern cotton growers' association, is being mentioned as the probable successor of Mr. S. L. Patterson as State commissioner of agriculture. Mr. Patterson's health is reported to be such that he will not be a candidate for renomination, and he may resign before his present term expires.

What Ails the Weather.

Vigorously disclaiming responsibility for the much-cursed weather of the past two months and admitting that he can't fully explain just what ails the atmosphere, Weather Chief Willis, L. Moore proceeds to give the public such information as he possesses. Regarding the main cause there seems to be no doubt. A succession of high pressure areas, producing clear and cold weather in the far North, have forced cold currents of air into areas of low pressure extending to the far South. High atmospheric pressure is common every year in the North and low atmospheric pressure in the South,

specially during the spring, and freakish weather is usually due to their failure to properly counterbalance each other. For two months past high pressure has had things all its own way; it has been like the stronger of two football teams, and all the playing has been in low pressure's territory. Hence the cold weather extending from Canada to the Gulf. It is this persistent superiority of high pressure which Mr. Moore can't explain; he understands the immediate but not the remote cause. We only hope it won't continue through summer, as was the case during the memorable year 1816, when winter kept on unbroken and December was the warmest month—Charlotte Observer.

England manufactures sixty-four per cent. of the cotton fabrics required by the world—England paid \$177,707,190 for raw cotton and for the cotton goods exported got back half a billion dollars. To Africa alone England sent cotton goods worth \$32,644,600, while the United States sent to Africa only \$500,000 worth. While the South is building more mills, this country must go forward rapidly to catch up with England, and it will never do it so long as our protective tariff erects walls that prevent our trading with other countries.—Raleigh News and Observer.

Origin of Kissing the Book.

The exact origin of kissing the book in English courts, though modern, is obscure. It is not, I should say, a matter of legal obligation, but seems to be merely a custom dating from the middle or end of the eighteenth century. If a witness claims to follow the law according to Coke and to take his "corporal oath" by touching the book, who shall refuse him his right? The "kissing" act seems akin indeed to what the "fancy" call somewhat unpleasantly a saliva custom, which in modern life exists in very few forms, though many of the lower classes still spit on a coin for luck.—Cornhill Magazine.

The Well Knit College Chap.

Ethel's big sister has an ardent admirer who is a college athlete—a big, broad shouldered chap. Ethel overheard her sister say that he was well knit. The next evening when the young man called Ethel went into the parlor to entertain him. "Do you know what sister says about you?" demanded Ethel. "No. Something nice, I hope," said the young man. "Oh, yes; it's very nice," replied Ethel. "She says you are beautifully crocheted."—Judge.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh cure. Send for circulars, free. F. J. GENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

BORK, PUBLISHERS, MARAON, 47 W. 25TH ST., NEW YORK. New Garden Seeds. For Spring Planting at Cobb & Wooten's The Druggists

When you feel the need of a pill take a DeWitt's Little Early Riser. Small pill, safe pill, sure pill. Easy to take—pleasant and effective. Drives away headache. Sold by John L. Wooten's drug store.

A woman would rather break a \$5 bill than a 10 cent dish.

For scratches, burns, cuts, insect bites and the many little hurts common to every family, DeWitt's Carbolyzed Hazel Salve is the best remedy. It is soothing, cooling, clean and healing. Be sure you get DeWitt's. Sold by J. L. Wooten's Drug Store.

Faith is believing what everything else goes to prove isn't so.

A prompt, pleasant, good remedy for coughs and colds, is Kennedy's Laxative Cough Syrup. It is especially recommended for babies and children, but good for every member of the family. It contains no opiates and does not constipate. Contains honey and tar and tastes nearly as good as maple syrup. Children like it. Sold by J. L. Wooten's Drug Store.

A hard thing to do is to laugh at the jokes you expect other people to laugh at when you tell them.

Bert Barber, of Elton, Wis., says "I have only taken four doses of your Kidney and Bladder Pills and they have done for me more than any other medicine has ever done. I am still taking the pills as I want a perfect cure." Mr. Barber refers to DeWitt's Kidney and Bladder Pills, which are unequalled for Backache, weak kidneys, inflammation of the bladder and all urinary troubles. A weeks treatment for 25c. Sold by J. L. Wooten's drug Store.

The man who thinks twice before he speaks very often keeps his mouth shut.

All stomach trouble are quickly relieved by taking a little Kodol after each meal. Kodol goes directly to the seat of the trouble, strengthens the digestive organs, supplies the natural digestive juices and digests what you eat. It is a simple, clean, pure, harmless remedy. Don't neglect your stomach. Take a little Kodol after each meal and see how good it makes you feel. Money back if it fails. Sold by John L. Wooten.

No, Maude, dear; the up-stairs maid is not necessarily made up.

There is no case of indigestion, no matter how irritable or how obstinate that will not be speedily relieved by the use of Kodol. The main factor in curing the stomach of any disorder is rest, and the only way to get rest is to actually digest the food for the stomach itself. Kodol will do it. It is a scientific preparation of vegetable acids containing the very same juices found in a healthy stomach. It conforms to the Pure Food and Drugs Law. Sold by John L. Wooten.

The first time a man falls in love he imagines he is in a bottomless pit.

Mothers who give their children Kennedy's Laxative Cough Syrup invariably endorse it. Children like it because the taste is so pleasant. Contains honey and tar. It is the original laxative cough syrup and is unrivaled for the relief of croup. Drives the cold out through the bowels. Conforms to the Pure Food and Drug Law. Sold by John L. Wooten.

President Roosevelt must have felt a draught when he sturched the home of Fairbanks.

Piles get quick and certain relief from Dr. Shoop's Magic Ointment. Please note it is made alone for Piles, and its action is positive and certain. Itching, painful, protruding or blind piles disappear like magic by its use. Large nickel-capped glass jars 50cents. Sold by Bryans Drug Store.

The spirit of the martyred McKinley seemed to hover over the bier of his life companion.

Get a free sample of Dr. Shoop's "Health Coffee" at our store. If real coffee disturbs your Stomach, your Heart or Kidneys, then try this clever Coffee imitation. Dr. Shoop has closely matched Old Java and Mocha Coffee in flavor and taste, yet it has not a single grain of real Coffee in it. Dr. Shoop's Health Coffee Imitation is made from pure toasted grains or cereals, with Malt, Nuts, etc. Made in a minute. No tedious wait. You will surely like it. Sold by T. E. Hooker & Co.

"The garden spot of the world," said a library delegate in referring to Asheville. He "said a mouthful."

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart or The Kidneys. Troubles of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—mean Stomach weakness, always. And the Heart, and Kidneys as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves". Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write to-day for sample and free Book. Dr. Shoop, Racine, Wis. The Restorative is sold by Bryans Drug Store.

ALL OVER THE HOUSE.

The Art of Washing Stockings Properly—Domestic Lore.

The first essential in washing stockings is to have an absolutely clear, clean soap solution in tepid water. Shake the stockings to remove all the dust possible, put in right side out, rub well, turn and rub on the wrong side. If the color is at all delicate rub the feet first, then the legs, so as not to leave long in the water. Rinse thoroughly, wring dry and hang from the tops of the stockings, so that if the water settles, leaving a little discoloration, it will be in the toe instead of the leg.

The black stockings now are usually fast. If the colored stockings show signs of running or fading they may be set with alum or salt, remembering, however, that alum sets dirt as well as color.

Silk stockings should be washed and rinsed in lukewarm water and wrung between towels. Iron stockings from the toe, following up to the heel, then fold the leg with the seam in the middle, leaving the foot uncreased.

To Remove Blackheads.

First of all, understand that "blackheads" are merely dirt that has accumulated in the pores, enlarging them, and the only way to rid the skin of this deposit is to wash it out and contract the pores so they will not fill again. Have a bowl of very warm, but not hot, water, and wring soft cloths out of it. Lay these on the face until the skin is soft, warm and pink. Press out any of the blackheads that will come without bruising, touching each spot with a drop of diluted alcohol, half water, afterward. Then take fresh warm water and a good soap and wash the face with the palms of the hands, rubbing hard. Rinse and repeat. Dry on a soft warm towel and examine the skin in a hand mirror. You will be surprised at the improvement. Fill the skin with a good cold cream and repeat every night.

The Care of the Cellar.

The cellar must be carefully attended. It should be kept dry, clean and well ventilated. The walls and ceilings should be brushed at least twice a year. The walls should be whitewashed in the spring. Sweep the floor frequently, being careful to clean out all the corners.

Great care should be taken that no boxes, pails, baskets or barrels are left standing about with fruit or a few vegetables in them, as decaying vegetables are a source of disease. Water must not be allowed to lie on the cellar floor, as the cellar should be perfectly dry. A damp cellar is a dangerous place.

Care of the Dining Table.

A simple method of caring for a dining room table is to rub hard with a soft flannel moistened with paraffin oil and turpentine, then with a piece of soft old linen. Let rest for an hour and rub hard with a piece of chamois. White spots may be removed by rubbing with kerosene. If deep rub gently and rapidly with linseed oil and powdered rotten stone. Do not use great pressure, and be sure not to let the powder get dry.

Cleaning White Paint.

To clean the finest white enamel woodwork a reliable painter recommends a couple of tablespoonfuls of baking soda in a pail of warm water, full enough to work with conveniently. This removes the dirt like magic. Clear baking soda rubbed on the enamel would remove the most obstinate stains, but would take the gloss with it, so one should guard carefully against using soda indiscriminately.

Combing the Hair.

When long hair is much tangled, it is difficult to comb it without pulling out much of it. To avoid this comb it out first with the fingers by running them up through it close to the head; then pull out the ends, and it will comb out easily. This is a great help, especially when it is matted after a spell of sickness.

A Shoe Hint.

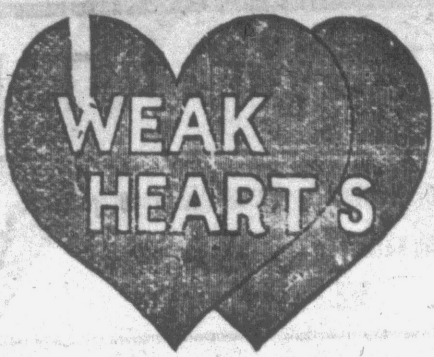

To prevent oxford shoes from slipping up and down at the heel glue a piece of velvet about 2 by 3 1/2 inches in the heel of the shoe, and you will find no more holes in your hose from that cause. This will save the housewife considerable patching.

Cushions For Hatpins.

Hatpin cushions should be covered with plush and filled with rice. The rice is heavy, and the cushion will stay in its place. Plush will show the holes made by the pins less than any other fabric.

For an Injured Finger Nail.

A bruised finger nail should be held in hot water for half an hour. This will often prevent the blood from settling under it and turning it black or blue.

are caused by Indigestion. If you eat a little too much, or if you are subject to attacks of Indigestion, you have no doubt had shortness of breath, rapid heart beats, heartburn or palpitation of the heart. Indigestion causes the stomach to expand—swell, and puff up against the heart. This crowds the heart and interferes with its action, and in the course of time the heart becomes diseased.

Kodol Dyspepsia Cure

digests what you eat, takes the strain off of the heart, and contributes nourishment, strength and health to every organ of the body. Cures Indigestion, Dyspepsia, Sour Stomach, Inflammation of the mucous membranes lining the Stomach and Digestive Tract, Nervous Dyspepsia and Catarrh of the Stomach.

After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured. MRS. LORING NICHOLS, Penn Yan, N. Y.

I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me. D. KAUBLE, Nevada, O.

Cough Caution

Never, positively never poison your lungs. If you cough—even from a simple cold only—you should always heal, soothe, and ease the irritated bronchial tubes. Don't blindly suppress it with a stupefying poison. It's strange how some things finally come about. For twenty years Dr. Shoop has constantly warned people not to take cough mixtures or prescriptions containing Opium, Chloroform, or similar poisons. And now—a little late though—Congress says "Put it on the label. If poisons are in your Cough Mixture, Good! Very good!! Hereafter for this very reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance then, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and note the difference. No poison marks there! You can always be on the safe side by demanding

Wellman's Party Assembled at Spitzbergen.

Special to Reflector.

London, June 5.—Walter Wellman's party assembled at Spitzbergen today, to make preparations to start for the North pole, which will be made between July 20 and August 10. Mr. Wellman hasn't expressed much confidence of reaching the pole in recent interviews. He said "Our first endeavor will be to reach the North pole. Once there, we shall return by whatever route is most favorable. You must not think we are overconfident of being successful. Far from it I know so much about the nature of our expedition that I am almost afraid of it." Major Hersey, of the United States meteorological department, will be one of the three men who will accompany Wellman. Mr. Wellman's two daughters will arrive at Spitzbergen at the end of July by a tourist steamer, probably too late to see their father off.
