NORFOLK & SOUTHERN RAILWAY.

The Road That is Developing Eastern North Carolina.

The Norfolk & Southern railway is the only line reaching North Carolina's famous seashore resorts, Morehead City and Beaufort, and owns and operates the Atlantic Hotel, Morehead City, where the meeting of the North Carolina Press Association will be held July 17th and 18th, which will be attended by representatives of practically all the newspapers of the State of North Carolina.

The Norfolk & Southern railway has greatly improved the Atlantic and North Carolina railroad, now its Beaufort division, between Goldsboro and Morehead City, and recently constructed and opened for traffic a magnificent bridge between Morehead City and Beaufort, about a mile in length, affording Beaufort, one of the oldest towns of the State, its first railroad facilities.

It has also recently opened its new line between New Bern and Washington, N. C., and between Washington and Greenville and Farmville, N. C., thereby connecting some of the most important towns of Eastern North Carolina, which before, while geographically near together, have been comparatively inaccessible and most difficult to reach for want of direct railway communication. All these difficulties are now overcome, and with the permanent passenger service in effect on its old lines established on the new lines, the service of the Norfolk & Southern will be unsurpassed in this State.

In addition to these new lines, the Norfolk & Southern is now completing a line reaching from Washington, N. C., through Greenville and Farmville and Wilson, through to Raleigh, placing the capital of the State in closer relation with its hitherto inaccessible Eastern portion than was some years ago thought possible, on account of the many waterways of that section. The completion of this new main line will establish another through route between Raleigh and Norfolk, and with the completion of its proposed bridge, over five miles in length, across Albatraz sound between Mackey's Ferry and Edenton, N. C., where trains are now transferred on the steamer "Garrett," will work one of the greatest achievements and add more to the development of Eastern North Carolina than, perhaps, any event in the history of the State. This new line will also establish direct communication between Norfolk, Suffolk, Elizabeth City, Edenton, Washington, New Bern, Morehead City, Beaufort, Kinston, and Goldsboro, as well as Greenville, Farmville, Wilson and Raleigh, and also to and from Bayboro, and Oriental, N. C., which for years have only been reached by river transportation of uncertain and unsatisfactory character.

A study of the great work being done and the enormous capital required to perfect this system will prove of value to all those interested in the welfare of the State and its vast opportunities for business activity of every character. It is worthy of note to say that this company has accepted the new passenger rate law of the last legislature, as authorized by the corporation commissioners, and is now charging three cents per mile, first class,

over its new lines and those under construction, and two and one-fourth cents per mile over its old lines, although its entire system is under construction and being completed to perfect its service and business and provide the people of the Eastern part of the State a through railway line reaching all accessible sections at a great cost and probably least at a temporary sacrifice.

It has also placed in effect the twenty-five percent reduction in joint freight rates, in accordance with the act of the last legislature, and apparently in every way is trying to harmonize its interest with the people of the State, and, as is well known, is now furnishing probably the best freight and passenger service and more satisfaction to its patrons than was thought possible with the great congestion which has existed on so many other lines.

It has also inaugurated a new fast freight line between its territory, New York, Philadelphia, Baltimore and other Eastern cities, providing for the through movement of freight cars north and south via the N. Y. P. & N. and Pennsylvania railroads.

Mr. Frank S. Gannon, a well and widely known railroad man, is its president, and its other officers are identified with our State and its people.

Norfolk & Southern Agent.

The Norfolk & Southern railroad has made Mr. J. L. Hassell freight and passenger agent for Greenville station. Mr. Hassell was formerly of Edenton and has been with the Norfolk & Southern many years. He has already begun his duties here and will soon move his family to Greenville.

Easy to Find Out.

A young colored man applied to Register of Deeds Williams for a marriage license. The usual questions were being asked, and when the register came to the query "What is the name of the man's father?" the applicant replied "I dono, sir, but he's rite ober dor in jail, wate er minnit an' I'll go fin' out."

Flood Rains And Poor Crop P. p. c's.

Mr. Jesse Quinerly, of Centerville, was here to lay and said the Grifton and Centerville sections, in fact all through Swift creek, were visited by flood rains on both Saturday and Tuesday that did great damage. He says the crop prospects in that section are the poorest he has seen in many years. Mr. A. G. Cox says the rains were also severe in Contentnea.

All persons interested should be present on that day. By order of the Board of Commissioners.

AYDEN ITEMS.

Newsy Notes From a Husling Town. Ayden, N. C. July 5, 1907.

The Red Spring and the G. C. bands, colored, made the air lively with music of various notes before arrival of train yesterday morning.

Clarence Cannon, John Coward, Elmer Gardner, John Nobles and W. E. Hooks went to see the game of ball between New Bern and Kinston Thursday.

In a game of ball here yesterday between Grifton and a team composed of Greenville and Ayden, all colored, the former wiped up the earth with the latter, the score being 10 to 2 in favor of Grifton.

Miss Nettie O'Neal, of Oriental, who has been visiting Mrs. R. I. Corbett for quite a long while, returned to home yesterday.

William Blount, of Grifton, is here on a visit to his father, W. S. Blount.

J. R. and R. W. Smith, with Miss May Smith left yesterday to spend the day with an aunt, near Pactolus, whom they have not seen for 22 years.

Crowds of negroes left here Thursday for Greenville and Shermidine. A large crowd also came here to celebrate.

Every member of Eureka Lodge No. 167 K. of P. is requested to be present at the meeting next Wednesday night as important business will demand their attention.

The Masons held a very interesting meeting yesterday.

Wednesday morning there was a surprise party around at the home of Mrs. Sack Smith. Her daughter, Miss Nora, was happily united in marriage to Mr. W. H. Davenport, of Kinston. No one had heard a whisper and knew nothing until the happy couple drove to the depot to leave on the train for their home. Many, however, were the friends there present to tender congratulations and wish them a pleasant journey and happy life. Mr. Davenport is truly to be congratulated for he has won as a bride one of Ayden's best and fairest young ladies. Rev. R. H. Jones performed the ceremony.

Miss Pattie Norris, of Farmville is visiting Miss Annie Ross. If the training school is to lie between Greenville and Kinston, why not let Ayden have it? We will take care of it all right.

Misses Janie Kittrell, of Winterville, and Anabel Kittrell, of Grifton, spent Tuesday and Wednesday in Ayden with friends.

Joyner in a mansion, Joyner principal a ten strike surely, with a spare to throw away? What \$1,000 per acre. That's cheap.

The Free Press force are all taking in the Jamestown exposition from the editor down. We wish them a nice time. They work hard, get out a clean, newsy paper every week and a little recreation and sightseeing will do them good.

Miss Agnes Dixon left for Jamestown Tuesday morning.

Miss Annie Dixon spent Tuesday in Greenville.

Archie Tripp has returned to Norfolk.

Board of Education.

The board of education of the county met Monday and organized by re-electing A. G. Cox as chairman. W. H. Ragsdale was also re-elected superintendent of schools of the county.

The board held another meeting today to receive the treasurer's report, to apportion the school fund for the year, and to appoint committee men for the several school districts.

THE ALDERMEN.

Starting Off the Year's Work.

The new board of aldermen held the first regular business meeting of the new year Thursday night all but one of the members being present.

Mayor Wooten appointed the following standing committees for the year:

Finance—Aldermen Carr, Woodward and Bowen.

Streets—Aldermen Johnson, Forbes and Moore.

Cemetery—Aldermen Flanagan, Mooring and Moore.

Market—Aldermen Bower, Johnson and Mooring.

Ordinances—Aldermen Forbes, Flanagan and Woodward.

Lights and water—Aldermen Woodward, Carr and Flanagan.

The levying of special license taxes and the fixing of salaries of officers was deferred to a subsequent meeting.

J. R. Moore and W. B. Wilson, whose terms as trustees of the graded school had expired, were re-elected to succeed themselves.

T. M. Hooker, who had been elected one of the dispensary commissioners, declined to accept and Ollen Warren Jr., was elected to fill the vacancy.

The annual report of the dispensary was filed.

The board will meet again on Monday night, 8th.

SPECIAL NOTICE

The great sale of C. T. Munford's which has alarmed the entire section of the country regarding the enormous reduction in prices, of the very best grades of merchandise, is about at a close and the wise consumers who have made their purchases, have found that they have been benefited by saving a great deal.

This sale was to close Saturday night July 6th, but owing to the fact that a telegram was received by Mr. Gawdet, of Atlanta, Ga., stating serious misfortune occurred to his family, he was compelled to leave for home.

Nevertheless as has been advertised regarding free trip and expenses paid for 10 days to the exposition, ticket to be drawn by the lucky person will positively take place Saturday night. Be sure to attend. Who can tell? Probably you are the lucky person, and you know what that means, a glorious time at our expense.

And last but not least we have decided that in addition to what we have already done in this sale, that for the benefit of those who were unable to attend this gigantic, price cutting sale to continue same for another week, beginning Monday July 8th and ending July 13, during which time goods will be sold regardless of cost.

In order to give those who have not attended this sale the same benefit as to the consumers who already are in possession of tickets for the lucky number. We will begin Monday, July 8th, to issue with every dollar purchase—a ticket the drawings of which will take place Saturday night, July 13th, and to the lucky person will give a free ticket to the great Jamestown exposition.

Remember what this means, one stands as good show as the other and by making your purchase tomorrow before the drawing takes place still entitles you to chances for the first trip. Why not take both chances.

C. T. Munford.

A Point That Brings Success

The wide-awake country merchant is rapidly coming to the conclusion that the best way to meet the competition of the city merchant, the department stores and mail order houses is to fight them with their own weapons. The day when a man can put in a stock of goods and sit down and wait for business is past. He has to hustle for it, and advertise his goods, in order that people may know that he has what they want. A merchant who knows how to advertise never complains of dull times. When things quiet down, he advertises a little more, and in this way keeps things moving all the time.—Exchange.

To stand a debtor off and defer payment (probably making lying promises to him all the while) until a time when the statute of limitation may be pleaded and then take advantage of the law to avoid payment is not the act of an honest man.—Henderson Gold Leaf.

Don't laugh at the man in the hickory shirt, jeans pants and baggys. He may own a thousand acres of land worth \$20 an acre, and have more money out on interest than you have seen in a year.—Nashville Herald.

Notice of Dissolution of Partnership.

The partnership heretofore existing between A. H. Taft and W. H. Ricks in the town of Greenville under the firm name of A. H. Taft and Company is this day dissolved by mutual consent. A. H. Taft will continue to do business in the store next to Taft and VanDyke and W. H. Ricks in the store next to Fleming and Mooring. Those indebted to the firm will make their payments according to their contracts with the firm and a prompt settlement is requested. Each debtor will be notified at which store to make his payment but no one need wait for such notice to make his payments. He may call at either store and each of us will be glad to see him and all other friends to whom we return thanks for their patronage and of whom we solicit a continuance. Greenville, N. C. Didn't Understand Latin.

When Senator Pettus was leaving the White House not long ago after an interview with the president some one asked him a question about the Brownsville investigation. "It's all damnum absque injuria, and I'm sick of it," replied the venerable Alabamian, and on his face there was a look of disgust.

"I told the president that I was tired of the whole thing and wanted to go home," he continued, "and, what is more, I'm going home pretty soon too. I won't agree to any trip down to Texas or anywhere else that some of these fellows are proposing, and, what's more, I'll not agree to adjourn and meet again to take up the subject."

Then the senator put his hat on and left.

"He must be feeling bad today," said one of the doorkeepers of the executive offices. "I never heard him swear that way before."

A translation of the senator's Latin would be "damaged without perjury."

Sounded Like Chinese.

General J. Franklin Bell, chief of staff, had charge of the arrangements for entertaining the visiting foreign military attaches at the Jamestown exposition. One afternoon the Chinese representative called at his office to pay his respects. Though he had previously been presented to him, he could not for the life of him remember his name. He had guarded against this contingency by keeping the cards of the various foreigners in his desk. He surreptitiously slipped his hand down, picked up a card from what he thought was the Chinese rack and read, "Colonel Long Winn." The Chinaman gracefully submitted to being called Long Winn, though an instant too late General Bell remembered that Colonel Long Winn is a United States officer and military secretary to Lieutenant General Arthur MacArthur.—St. Louis Republic.

Antiquity of the Oyster.

The oyster is an old citizen. The Roman satirist, Juvenal, sings his praises, and doubtless his flavor was well known to Cæsar, Augustus and the other distinguished gentlemen of old Rome. It would not be pressing the case too far to assume that Plato and his old friends, Socrates, Pericles and Phidias, and the rest of the immortal group who made Athens famous, knew what it was to taste the "delightful bivalve." For that matter, the accumulation of oyster shells in the kitchen middens of the neolithic age show that oysters were appreciated for thousands of years before either Pagan or Atilian was heard of.

Poor Rockefeller Officers are giving him a chase again and will not let him stop long enough to rest.

By the time the fighting railroads get the courts in every county through which they run filled with suits against them, they will wish they hadn't.

They had war on the "War Path" at the Jamestown exposition sure enough, the other day. The Kentucky and South Carolina guardsmen were encamped there, and several hundred of the soldiers went out roughing it. They run over door keepers to the shows and generally took possession whenever they appeared. When officers undertook to make them keep order a riot ensued. Usually the State military organizations contain many tough characters.

Some people hesitate about taking a few days trip to the Jamestown exposition, because it is said not to be complete, but there is already more there than can be seen in a month. The alderman of New Bern threw out a drag net after special license taxes and pulled in every imaginable enterprise. The price for the "privilege" is pretty steep. We do not see how many people can afford to do business there. High privilege taxes check the business progress of a town.

RANDOM REFLECTIONS.
 By a Contributor.

Just as the sensational investigation is concluded, the 25th Infantry breaks out again in Texas. Marse Henry's candidate may have a winning smile, but Mr. Bryan possesses the kind that wont come off. Senator Pettus also suffers the embarrassment of having an alternate Senator waiting to step into his shoes. Abe Hummel is said to be quite happy at Blackwell's. It is a good thing when a man finds his place in life. An exchange announces; "Foraker in the field." When we last heard from him, we supposed that he had taken to the woods. Jack London now runs the risk of being called a mollycoddle, in admitting that he does not know much about the habits of animals. A Lee for Governor of Virginia! He ought to win in a walk! A pupilist known as the "Human Anvil" was arrested in New York. And now it is said that potatoes will be utilized in the manufacture of lead pencils. That will do as well as anything else as an excuse for raising the price of pencils and potatoes. Although one judge has decided that a mollycoddle is one who shirks his part of the world's work, the average boy is going to continue sidestepping the job of splitting kindling wood as long as he can.

"A shiver went through the passengers," says a realist writer in a tripping railroad story. As a matter of fact, it probably was the Pullman porter. The growth of beer drinking in France is said to be one of the causes of the present wine-grower agitation. Naturally the idea of Milwaukeeizing France has brought fourth hints of another revolution. Luckily, John D. Rockefeller is a bit of a humorist. Otherwise he would be unable to see the lighter side of his arrest for automobile speeding.

There seems to be no prospect whatever, of ascertaining precisely how Booker T. Washington stands on the Brownsville case. When it comes to drawing political horoscopes, Mr. Watterson does not limit his services to any one party.

SAVED A SCALPING.
 A Peculiar Experience In an Indian Uprising.

Indian warfare has produced many weird and unexpected situations, and the mind of the romancer has created more. But the strangest of them all will hardly surpass in novelty an experience which befell a citizen of Wyoming in the late Ute uprising. The Indians were sweeping across northern Wyoming near the Montana line and were being gradually surrounded by troops poured in from several quarters. The whites were armed for their own defense, and on several occasions conflicts had been narrowly averted.

One morning James J. Callahan of Arvada went out at daybreak with two cow punchers to cross the range in order to look at some stock. Suddenly out of the sagebrush there rose up around them a dozen Indians, who, had their covered before any of them could draw a weapon.

With their hands in the air, the three white men faced a serious situation. "Things looked mighty blue," said Mr. Callahan afterward. "We had made up our minds that we were likely to part with our back hair."

As they sat thus the leader of the Utes approached and when he drew near gave a warwhoop which to Mr. Callahan's ears had a certain familiar and civilized twang to it. It verged on a college yell.

"Yah, there, Jimmy Callahan!" cried the warrior. "What are you doing out here? I'm Billy Birdseye, '95!"

Billy Birdseye it was sure enough, although hardly recognizable by his old Dartmouth comrade. Son of Chief Kannapap, leader of the Ute uprising, Billy was actively directing the operation of this party of his father's scouts and keeping well in practice to take his father's place in case of need. He came running forward to shake hands with Mr. Callahan, while his followers lowered their guns and exchanged wondering remarks in their own tongue. But the strangest part of the adventure was still to come. From a pocket Billy Birdseye fished out two slips of pasteboard. They were tickets to the Princeton-Dartmouth football game, to be played in New York a week later. "Here, Jimmy, take these," he said. "I was going east to see the game myself, but this business has come up to prevent. You may as well go along and see the fun and meet the boys again." The tickets called for two choice seats in the front row, center of the field, and Mr. Callahan, whose hair had by this time settled firmly into place, went east the next day to use them. Queer pictures must have been conjured up in his mind as the "rooters" for Princeton and for Dartmouth shattered the air with their college yells.—Youth's Companion.

COLIC AND DIARRHOEA
 Pains in the stomach, colic and diarrhoea are quickly relieved by the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by all Drug gists and Dealers in every town.

It isn't always the cheerful man who has the most cheering.

I will not be free, to prove merit, sample of my Dr. Shoop's Restorative, as a Box on either Dyspepsia, The Heart, The Kidneys, Troubles of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is getting the result of your ailment, and not the cause. Weak Stomach nerves--the inside nerves--mean Stomach weakness, always. And the Heart, and Kidneys as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves". Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write to-day for sample and free Book. Dr. Shoop, Racine, Wis. The Restorative is sold by Bryans Drug Store

Many a married man is silent hero.

A prompt, pleasant, good remedy for coughs and colds, is Kennedy's Laxative Cough Syrup. It is especially recommended for babies and children, but good for every member of the family. It contains no opiates and does not constipate. Contains honey and tar and tastes nearly as good as maple syrup. Child-like. Sold by J. L. Wooten's Drug Store.

Drivers of delivery wagons are always there with the goods.

Get a free sample of Dr. Shoop's "Health Coffee" at our store. If real coffee disturbs your Stomach, your Heart or Kidneys, then try this elixer Coffee imitation. Dr. Shoop has closely matched Old Java and Mocha Coffee in flavor and taste, yet it has not a single grain of real Coffee in it. Dr. Shoop's Health Coffee imitation is made from pure toasted grains or cereals, with Malt, Nuts, etc. It is in a minute. No coffee is wait. You will surely like it. Sold by T. E. Hooker & Co.

It's a pity that most can't live on food for reflection.

All stomach trouble are quickly relieved by taking a little Kodol after each meal. Kodol goes directly to the seat of the trouble, strengthens the digestive organs, supplies the natural digestive juices and digests what you eat. It is simple, clean, pure, harmless remedy. Don't neglect your stomach. Take a little Kodol after each meal and see how good it makes you feel. Money back if it fails. Sold by John L. Wooten

We would never suspect how good some people are if they didn't tell us.

Bert Barber, of Elton, Wis., says "I have only taken four doses of your Kidney and Bladder Pills and they have done for me more than any other medicine has ever done. I am still taking the pills as I want a perfect cure." Mr. Barber refers to DeWitt's Kidney and Bladder Pills, which are unequalled for Backache, weak kidneys, inflammation of the bladder and all urinary troubles. A weeks treatment for 25c. Sold by J. L. Wooten's Drug Store.

A man's idea of a close friend is one who will lose a up occasionally.

There is no case of indigestion, no matter how irritable or how obstinate that will not be speedily relieved by the use of Kodol. The main factor in curing the stomach of any disorder is rest, and the only way to get rest is to actually digest the food for the stomach itself. Kodol will do it. It is a scientific preparation of vegetable acids containing the very same juices found in healthy stomach. It conforms to the Pure Food and Drugs Law. Sold by John L. Wooten

When you want a letter badly, it's a sure sign it won't come.

For scratches, burns, cuts, insect bites and the many little hurts common to every family, DeWitt's Carbolyzed Witch Hazel Salve is the best remedy. It is soothing, cooling, clean and healing. Be sure you get DeWitt's. Sold by J. L. Wooten's Drug Store.

A pawnshop where we could hock our troubles would fill a long-felt want

Music has charms in the country where the houses are a mile apart.

Mothers who give their children Kennedy's Laxative Cough Syrup invariably endorse it. Children like it because the taste is so pleasant. Contains honey and tar. It is the original laxative cough syrup and is unrivaled for the relief of croup. Drives the cold out through the bowels. Conforms to the Pure Food and Drug Law. Sold by Jno. L. Wooten

When you feel the need of a pill tank DeWitt's Little Early Riser, Smh pill, safe pill, sure pill. Easy to take pleasant and effective. Drives away headaches. Sold by John L. Wooten's drug store.

FOR THE LITTLE ONES.

The Game of My Pond Requires Quick Thought and Action.

Take a piece of stout cord about a yard long, tie one end to a cane and on the other end make a knot that will slip quickly about any object put in it. This rod and line are for fishing. The players now sit around a table, one holding the rod. In the middle of the table is a circle marked by crayon or a circular piece of paper.

The fisherman cries, "My pond!" At that every player puts his forefinger in the circle. The fisherman then cries, "Your pond!" The fingers then go rapidly back. He may call these commands rapidly and try to catch a player in "his pond" when he should be in "my pond." At such an error a forfeit is paid.

Meanwhile the fisherman tries to slip his knot over some finger, and when he does so that player becomes the fisherman.

The Celestial Equator.

The terrestrial equator is an imaginary circle around the earth, equally distant at every point from the north and south pole, thus dividing the earth into two equal hemispheres. The celestial equator is simply the terrestrial equator extended upward or outward to the heavens. The ecliptic is the apparent path of the sun around the sky. It is called the ecliptic because it is in the path that eclipses of the sun and the moon take place. The zodiac is an imaginary belt extending about nine degrees on each side of the ecliptic. It gets its name from the Greek word "zoo-on," animal, the allusion being to the names given by the ancients to the twelve signs of the zodiac, through which the sun appears to move during the year.—Chicago News.

Riddles.

What is it that goes around and around and never once stops? The earth.

When does a man's hair resemble a packing box? When it stands on end.

Who steps in after tea? U.

What is it that occurs once in a minute, twice in a moment and not once in 100 years? The letter "M."

What most resembles half a cheese? The other half.

When may a man's pocket be said to be empty and yet have something in it? When it has a hole in it.

What word is it which has five letters, yet when two are taken away it leaves one? Stone.

What Vaudeville Means.

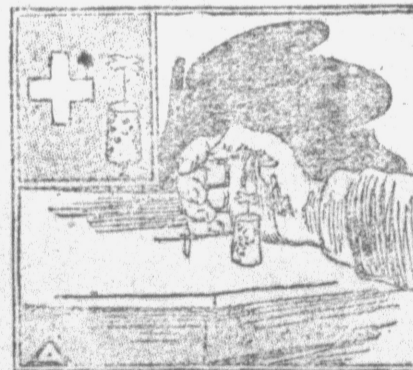

Vaudeville entertainments in our theaters have become so popular and so general that some interest attaches to the queer origin of the term. It is a corruption of Vaux de Vire, the name of two picturesque valleys of Normandy. It was originally applied to a song with words relating to some story of the day. These songs were first composed by a fuller, who lived at Vire, and, having become popular in France, they were called by the name of their native place, Vaux de Vire. The origin of the name was soon lost sight of, however, and it took its present form, vaudeville.

To Make Invisible Ink.

Take one ounce of chloride of cobalt and add to it four times its bulk of water. Write with a clean quill pen upon paper. The writing will be invisible, but on warming it gently before the fire or lamp the letters will appear. If the writing be allowed to get cold it will disappear again, but will reappear if again warmed.

The Moving Cross.

Cut a little cross out of fine tissue paper. Stick a needle through

its center and then force the point of the needle in the top of a cork.

Place the hollowed part of your hand on one side of the cross. It will soon move and begin to turn around upon the needle.—Philadelphia North American.

Our Flag.

I'll tell you all about our flag. With its red and white and blue; How it came to have so many stars And pretty stripes so few.

The thirteen stars are for thirteen states That first into our Union came; For each new state we have added a star.

But have kept the stripes the same. And these states reach from east to west.

On both the oceans' shores, And over all this proud flag waves And the "Land of Freedom" scars.—Philadelphia Ledger.

are caused by indigestion. If you eat a little too much, or if you are subject to attacks of indigestion, you have no doubt had shortness of breath, rapid heart beats, heartburn or palpitation of the heart. Indigestion causes the stomach to expand—swell, and puff up against the heart. This crowds the heart and interferes with its action, and in the course of time the heart becomes diseased.

Kodol

Dyspepsia Cure

Digests what you eat, takes the strain off of the heart, and contributes nourishment, strength and health to every organ of the body. Cures Indigestion, Dyspepsia, Sour Stomach, Inflammation of the mucous membranes lining the Stomach and Digestive Tract, Nervous Dyspepsia and Catarrh of the Stomach.

After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured. MRS. LORING NICHOLS, Penn Yan, N. Y.

I had stomach trouble and was in a bad state as to heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me. D. KAUBLE, Nevada, O.

Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments, must be combined. One is local, one is constitutional, but both are important, both essential. Dr. Shoop's Night Cure is the local. Dr. Shoop's Restorative, the Constitutional. The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood ailments. The "Night Cure," as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, eases nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well

Thoughts. Thoughts are certainly able to spread themselves without the aid of looks or language. Invisible seed that floats from their parent plant can root itself wherever it settles, and thoughts must have some medium through which they sail till they reach minds that can take them in, and there they strike root, and whose crops of the same sort come up just as if they were indigenous and naturally belonging to their entertainers. This is even more true in great matters than in small. Jean Ingelow.

The Savory Seemless Roaster.

Is far superior to any other Roaster made, not an ounce of substance lost. Other roasters waste from 10 to 20 per cent. The Savory seamless roaster needs no water, grease or attention of any kind. It simply asks to be let alone. Retains all juices and flavors, renews the youth of the toughest fowl. One great feature of the Savory roaster is the oval bottom, with the ordinary flat bottom roaster the moisture brought out of the meat by cooking has no chance to accumulate and is burned and dried up in the bottom of the pan. In the oval bottom this meat juice flows continuously to the lowest point of the bottom, where it is turned into steam and condensed on the surface of the meat. This condensation continues until the roast has become heated through to the temperature of the atmosphere in the roaster, when the condensation stops and the brown ing of the roast begins.

The Savory roaster is self basting and self browning. The bottom is raised off the oven by the outside heat-retaining jacket, which applies a uniform heat to the roast from all sides. The Savory roaster is a class to itself. Is guaranteed to give satisfaction when used according to directions. Buy one, take it home, go by the directions, use it thirty days, if not all we claim forth, return it to us and we will give you back your money, providing the roaster when returned, is in good condition. See our window display of the Savory roasters. We will be glad to show you. Call and see them.
