

### Mrs. Bettie Sutton Dead.

Mrs. Bettie Perkins Sutton, widow of the late Mr. Hugh A. Sutton, died very suddenly Thursday evening, a little past 6 o'clock, at the home of her daughter, Mrs. D. J. Whichard, with whom she lived. She was in her 77th year, and while she had been in feeble health for some time apoplexy was the immediate cause of her death. Up to within a few minutes of her death she seemed as well as for sometime, but only lived a short while after being stricken. Her sudden death was a sad shock to her relatives and host of friends.

Mrs. Sutton was a woman of strong character, and as a friend none was more kind or devoted. She was always ready to do an act of kindness to others and her life is a long record of good deeds. For many years she was a member of the Baptist church, and was an earnest, faithful Christian. By her relatives, her friends and her church she will be sadly missed.

Her only surviving child is Mrs. D. J. Whichard, but she leaves a number of grand children and one great grand child, also one brother, Mr. J. J. Perkins and one sister, Miss A. M. Perkins.

The funeral took place at 6 o'clock Friday afternoon in Cherry Hill cemetery, service being conducted by Rev. J. E. Ayscue. The pall bearers were Messrs. W. B. Wilson, F. G. James, R. Williams, D. L. Jamies, R. A. Tyson, C. T. Mumford, J. G. Bowling, J. C. Tyson, J. G. Moye, R. C. Flanagan and J. N. Hart.

There were many beautiful floral tributes from sympathetic friends.

### TO THE PEOPLE OF PITT COUNTY.

As you know after a sharp contest, we have succeeded in securing the Eastern Training School. There are now great opportunities for the county and therefore for you. There is now an absolute necessity for a forward movement along all lines. We need to let the world know the resources and possibilities of the county. We need to consult with each other and plan together that this may be done. We can move if we will. The only question is will we do it? We can now have a great institution of learning in our very midst from which there will go out an influence, enthusiasm, and spirit that will stir this old county from center to circumference. Coming with this will be general development in every portion and section of the county. With these things in view the Chamber of Commerce of Greenville has decided to request the citizens of Pitt to meet in Greenville on Monday, August 5th, at 12 o'clock in, for the purpose of discussing ways and means and for planning for the further advertisement and advancement of the county. We desire especially that each town and village unite with the country surrounding it and have a large delegation present on the above named day if we will come together we can accomplish something. Whatever is done for our progress we may expect to be instrumental in its being done. We shall hope for a great meeting on Monday, August 5th, and that results far reaching in their power and tendency towards a greater uplift along all lines will speedily come.

By order Chamber Commerce July 19th, 1907  
C. E. Bradley Sec.  
J. L. Wooten, President.

### EASTERN LEAGUE WILL

#### PASS INTO HISTORY

#### Last Game of the Season Will be Played Today

The Washington Messenger says:

"The tragic death of one of Tarboro's players, illness of others and still others returning home with the body of their comrade, has put Tarboro in such a hole in the baseball situation as to make it impossible for that town to continue the season out. The officials of the Eastern Carolina League held a meeting last night at Rocky Mount. It was decided to disband the league unless another city was willing to come in and take the Tarboro franchise.

The Daily Messenger wired Mr. Joseph B. Ramsey, at Rocky Mount, and received the following reply:

"Unavoidable circumstances are that Tarboro team will disband. Unless another city will take Tarboro's franchise, league season will end Saturday."

The breaking up of the baseball season is to be regretted. Washington is willing to finish the season, but unless another city comes forward by Saturday, the Eastern Carolina League will be disbanded for this season."

#### Woman Deputy Marshal.

Greensboro, July 26.—While it is not generally known, the Western District of North Carolina has one of the few perhaps the only one—lady deputy marshal in the United States. There is nothing to prevent a marshal appointing one, but it is not generally considered the place for a woman. The woman who holds that position in this district is Miss Nessie Myrick, a niece of Marshal Milliken's. Miss Myrick went to Salisbury yesterday afternoon to serve a restraining order upon the Hon. Hayden Clement, assistant attorney general for the State of North Carolina. The order is one of the many processes that have been issued since the beginning of the litigation relative to the enforcement of the State's new rate law. Miss Myrick recently served the papers in Reidsville in the case of Jas. P. Richardson & Co., against the American Tobacco Company.

#### An Educator's Opinion.

Greensboro, N. C., July 25, 1907.  
Dear Mr. Whichard:

The town and county owe you a lasting debt for the excellent special edition of The Reflector which you issued recently. It is a splendid piece of work, and the good that it will do Greenville and Pitt county is difficult to estimate. The time was most opportune for the special edition because the whole State is wanting to know who we are and what sort of place Greenville is, and the paper has been widely read.

With heartily good wishes,

I am Very truly Yours,  
H. B. Smith.

#### Jolly Joe Dead.

Roanoke, Va., July 26.—A message from Wytheville, Va., announces the sudden death at Eickory, N. C., of Melvin Grubb, known as the Virginian giant. Grubb's side show name was "Jolly Joe," and he had traveled extensively. He was a native of Wythe county, was 24 years of age. He weighed 702 pounds.

### will Not Preach Tomorrow.

The Reflector announced a few days ago that Rev. R. R. Fleming, of Newton, Kansas, who is spending a vacation with relatives in this county, would preach in the Memorial Baptist church here tomorrow morning and night. A letter from Mr. Fleming states that he cannot be here tomorrow, but that he will come the first Sunday in August.

### IMPORTANT EDUCATIONAL MEETING.

#### Experts From U. S. Department of Agriculture Will Discuss Crop Culture, Public Roads, Drainage, and Forestry.

Washington, N. C. July 24th, Editor Reflector:

There will be a most important educational meeting for the farmers and other citizens, held in Greenville, Friday, August 9th.

This meeting will be addressed by experts from the United States department of agriculture. There will be two experts from the bureau of plant industry, one of whom will discuss corn and tobacco, and the other will discuss cotton. There will be an expert on drainage, who will discuss the important subject of drainage of our farm lands. An expert from the bureau of forestry will tell us how to cut our timber and yet at the same time preserve it for the future. There will be an expert on public roads, who will discuss the question of the best roads for Eastern North Carolina, and how to construct and maintain same. In addition Prof. Joseph Hyde Pratt, our State geologist, will be present and will talk on the value of our peat deposit and other subjects.

All of these questions are of paramount importance, I have known for some time that our people were not availing themselves fully of the benefits from the administration of the United States department of agriculture. It is our department and we are entitled to share in the results of all the valuable investigations, which are being conducted by its experts. I feel that there is no better way of acquainting our people with the work of this department and of disseminating valuable information than by holding these series of meetings.

The meetings will be begun at 10:30 a. m. and there will be morning and afternoon sessions. Each speaker is an expert in his line, and will talk about twenty-five minutes. Stereoptican views will be used wherever night meetings can be held.

Meetings will be held at the following times and places:

Plymouth, Wednesday August 7th.

Washington, Thursday, Aug. 8th.

Greenville, Friday, Aug. 9th.

Williamston, Saturday, Aug. 10th.

Gatesville, Monday, Aug. 12th.

Winton, Tuesday, Aug. 13th.

If the meetings at these six county seats shall meet with the approval of the people, then another series of meetings will be held in the remaining counties of the district during the early fall.

Very Respectfully,  
Jno. H. Small.

#### Weather.

Showers and cooler tonight, Sunday partly cloudy, probably showers in eastern portion.

Rev. J. E. Ayscue, who is off on a vacation, came home Friday to conduct the funeral of Mrs. Bettie Sutton and returned to Henderson today.

### Indicted For Peonage.

Through Special Government Agent Hoyt a warrant was sworn out before U. S. Commissioner C. B. Hill against Mr. I. H. Barrus, a prominent business man and farmer of Poocksville, charging peonage. Mr. Barrus is in the city and the hearing is set for Saturday morning before the commissioner.

The alleged peonage charge is based on an action by Mr. Barrus against a negro who had contracted to do some work for Mr. Barrus for supplies advanced, and jumped his contract, whereupon Mr. Barrus had the negro indicted under the Uzzell act of the North Carolina legislature, and tried before a magistrate. The justice found the negro guilty under the act of the North Carolina general assembly and he was forced to return to Mr. Barrus' employ to work out the amount. This, according to the federal authorities, is a violation of United States statute of 1867 and in direct violation of the constitution.

The case will be watched with interest, as it involves the question of the constitutionality of the act, and may occasion another "conflict" of state and federal courts, as the state will probably contend for its constitutionality.—New Bern Sun.

### OUR GOVERNOR GLENN

#### WILL STAND PAT

#### Railroad Officials Need Not See Him Unless—

Governor Glenn has announced that it is needless for the Southern Railway officials to see him unless they are willing, as a condition precedent to any negotiations, to immediately put the 2 1/2 cent rate into effect, and says: "the rate law must be recognized before I will consider any adjustment."

The governor also instructs the solicitors to indict the higher officials and not the agents.

An extra session of the general assembly is probable unless the railroads put into operation the 2 1/2 cent rate.

### WINTERVILLE ITEMS.

#### Notes From Our Hustling Neighbor.

Winterville, N. C., July 27. Roy T. Cox went to Greenville Friday evening on business.

J. E. Greene, our excellent railroad agent, is taking a few days off visiting relatives in New Bern. Mr. Clarence Barnhill, of Bethel is here in his place.

Prof. G. E. Lineberry, who had been away during the past six weeks taking a special course at Chicago University, returned home Thursday evening. He left this morning for Rocky Mount where he will meet Mrs. Lineberry and children who have been away during the summer in Roberson county. They are expected tonight.

Our section had a delightful rain yesterday afternoon which was very much needed.

Chas. Smith, who has charge of the school grounds, is planting corn, turnips, etc., for fall use at the dormitories. His gardens are fine.

There are two excellent tennis courts and the ball ground has been put in good shape having had many improvements put in since commencement. The maples are growing beautifully and the lawn looks fresh and green. The time is near at hand when the grounds will attract picnic and outing parties from a distance to come and enjoy its comforts. A party from Kinston came here on an outing tour last spring and expressed themselves as have had a most delightful trip.

We deeply sympathize with Mr. and Mrs. D. J. Whichard in their sad bereavement in the death of Mrs. Sutton.

Mrs. Sarah Jones who spent some time here visiting her daughter, Miss Susan, returned to her home in Ayder Friday.

Mrs. Martha Cobb and daughter, Miss Lena of Conetoe, have been visiting Mrs. J. L. Jackson. Mrs. Cobb returned home this morning.

The reputation of Winterville High school is growing all the time Thursday Prof. Lineberry received a letter from a gentleman of Pender county wishing to enter three children, the youngest being seven years old. There were two very young ones here last year from Florida but these are younger.

Mrs. Lou Hicks returned to her home near Conetoe after having spent some time with her sister, Mrs. J. L. Jackson.

S. T. Hicks, of Greensboro, has accepted a position with L. H. Pender as plumber.

### Rowland's go Back to Jail.

Raleigh, July 25.—Supreme Court Justice Connor at 1 o'clock this afternoon rendered his decision in the Rowland case, under the writ of habeas corpus.

Justice Connor refused bond to either prisoner, and directed the sheriff to remand and keep in the common jail until the next sitting of the Superior court, and instructed the clerk to tax the costs of the special habeas corpus hearing in the general bill of costs to follow the final determination of the case.

The aconitine poison purchased from the wholesale druggist here, as shown in evidence, is believed to have done the business for the prisoners, and their case looks blacker today than it ever has.

### Girl Fatally Burned.

Morehead City, N. C., July 26.—While lighting a kitchen stove with kerosene oil, Mary Guthrie, thirteen-year-old daughter of Mr. and Mrs. Elijah Guthrie, was burned to death here yesterday. The young lady poured oil on the wood, and after striking a match, stood with the can over the fire. An explosion resulted, and her clothing caught fire. She ran, screaming, into the streets, and assistance quickly came, but her injuries were such that she died in a few hours.

### Attempted to Wreck Train.

Fayetteville, N. C., July 26.—Nat and Charles McKeller, negro boys, ten and eleven years old, were tried in magistrate court this afternoon and are now in jail charged with attempt to wreck train No. 89 south-bound mail and passenger at Parkton, N. C., by placing a heavy cross tie on track. The engine struck the tie before it could be stopped and the track was torn up for twenty feet.

### "O, Just For One Shiver."

Thus did the big fat man pine this morning on the postoffice steps as he mopped great big translucent drops of sweat from his large round bald head. He had walked up the sunny side of West Trade from the Southern station. "I would give the biggest five dollar bill I ever saw right now to have my teeth chatter so hard that half of them would be knocked out of their sockets," he added, as he wiped his moist jaws with a soaked handkerchief. "You say that the Seaboard don't leave for Wilmington before 5 o'clock? Heavens."—Charlotte Chronicle.

### MULE HAD "HORSE SENSE."

#### Remarkable Case of Dumb Brute's Instinct of Self Preservation.

The mule has never been credited with having a great deal of sense, but the instinct of self preservation as evidenced by one in this city yesterday was so pronounced as to give color to the belief that he is endowed with "horse sense," at least. Hitched to a dray, the mule was thrown to the ground in a collision with a truck, at South Front and Hancock streets. His head fell across the railroad track and being pinioned by the shafts he could not release himself, and an approaching train made it dangerous for the man to do anything for him. The cars came on and the mule lifted his head, bent his neck nearly double and let the wheels pass without hurting him. This is vouched for by reliable eye witnesses.—New Bern Sun.

COLIC AND DIARRHOEA Pains in the stomach, colic and diarrhoea are quickly relieved by the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by all Druggists and Dealers in Patent Medicines.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart or The Kidneys. Troubles of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—mean Stomach weakness, always. And the Heart, and Kidneys as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves". Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write to-day for sample and free Book. Dr. Shoop, Racine, Wis. The Restorative is sold by Bryans Drug Store.

Worry never completed a task worth while.

Bert Barber, of Elton, Wis., says "I have only taken four doses of your Kidney and Bladder Pills and they have done for me more than any other medicine has ever done. I am still taking the pills as I want a perfect cure." Mr. Barber refers to DeWitt's Kidney and Bladder Pills, which are unequalled for backache, weak kidneys, inflammation of the bladder and all urinary troubles. A week's treatment for 25c. Sold by J. L. Wooten's Drug Store.

The vacation earned is the vacation enjoyed.

There is no ease of indigestion, no matter how irritable or how obstinate that will not be speedily relieved by the use of Kodol. The main factor in curing the stomach of any disorder is rest, and the only way to get rest is to actually digest the food for the stomach itself. Kodol will do it. It is a scientific preparation of vegetable acids containing the very best of nature's healthy stomach. It conforms to the Pure Food and Drugs Law. Sold by John L. Wooten.

The pies are just as good as ever—your "taster" is out of whack.

For scratches, burns, cuts, insect bites and the many little hurts common to every family, DeWitt's Carbolized Witch Hazel Salve is the best remedy. It is soothing, cooling, clean and healing. Be sure you get DeWitt's. Sold by J. L. Wooten's Drug Store.

QUEEN CUSTOMS.

Queen's Island is a Place Where Customs are Different.

Shackleton writes of the very curious customs and habits of the islanders in Guernsey, one of the Channel Islands.

"I found that in everything Guernsey is different from that is different from any other place at twenty; the weight of the pound is on Thursday; the guinea is ten times smaller than the pound; to reduce English pounds to guineas multiply by twenty and divide by thirty-two, and you will have the Guernsey pounds and every English shilling.

"When they are paying by or quarter day. Beyond a long line of islanders with banners and other islanders with banners, for parts of rents and taxes are payable in wheat and corn, in butter and eggs and chickens and red, and contracts calling for chickens are likely to specify the minimum length of 'queue'."

"Does a man wish to sell or devise his real estate? He is not a free agent. The eldest son has the right indefeasible to the house and to part of the land, and the other children have the right to the remainder. If there are no children and one man makes a deed of sale, it must be publicly announced, and any one of his neighbors at the seventh day may stop the transaction and purchase the land himself. One easily understands why land remains in the same families for generations."

"A man dies, leaving personal property, and divides it into as many shares as he has children. There are children of the eldest son who have two shares, and the other children divide the rest in order of age. The original division is so fair and honest, and is made by the youngest who survives, takes the share that is left."

Uncongenial diet. Perhaps you have noticed that convulsions of the bladder which is known as "tabby" is best to be treated with rest. Extension of the rest is a bad matter.

Not long ago a lady was visiting the studio of a portrait painter and trying to make herself as agreeable as possible in return for a welcome and afternoon tea. She enjoyed the pictures, although in each case they seemed to her much idealized, and she went from one to another, civilly expressing her approbation.

"Ah," she said to her hostess, "you must tell me about them! Who is this?"

"Mrs. Lorraine."

"I don't know her; charming, but of course I can't speak for the likeness."

"I try to be faithful," said the artist humbly.

"Oh, I know! I know! And who is the very pretty lady in brown?"

"That," said the other, with some frigidly, "is Mrs. Lorraine."

Why Tabby For Cat?

A Florentine authority says that when we use the word "tabby" associated with cat we go back to the time when Mohammed, second Arab governor of Mecca, when he was there was a cat in his house called "Atta". The cat was made of silk and was made this stuff, which was striped, and so in time "tabby cloth" became common in Europe; hence in low Latin "attabia," in Spanish "tabbi," in French "tabis" and in German "tabin." Pepys tells of "tabby waistcoats with gold lace," and in the eighteenth century there are many references to "tabby silks" worn by great ladies. Today in the south tabby means a striped stuff.

Founder of Modern Geology.

The early history of geology consisted of two schools, the one insisting on the doctrine of catastrophes, the other on the doctrine of uniformity. The former regarded those changes which have manifestly taken place in the history of the planet as having occurred at epochs abruptly, while the other school, reposing on the principle of the invariability of the laws of nature, insisted that affairs have always gone on at the same rate and in the same way as they do now. Of this latter school Sir Charles Lyell (born 1797, died 1871) was the creator.—New York American.

Making It Worth While.

A passerby was amazed at seeing an Irishman poking a dollar bill through a crack in a board walk.

"What under the sun are you doing that for?" he asked.

"Why, y' see, sir," replied the Irishman without looking up from his work, "a minute ago Oi dropped a nickel through this crack, an' now Oi'm puttin' a dollar through so's to make it worth me' while to pull up th' walk an' get th' nickel."

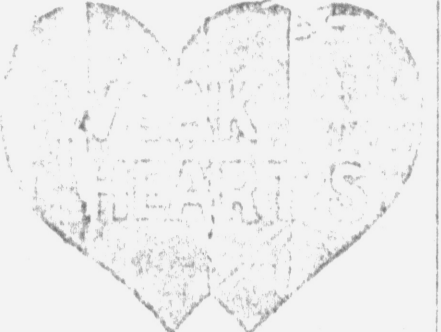

—Everybody's.

Rheumatism

I have found a tried and tested cure for Rheumatism. Not a remedy that will straighten the crooked limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. But I can now surely kill the pains and pang of this deplorable disease.

In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfect, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, it uniformly cures all curable cases of this heretofore much dreaded disease. These sand-like granular wastes, found in Rheumatic Blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend

Dr. Shoop's Rheumatic Remedy

are caused by indigestion. If you eat a little too much, or if you are subject to attacks of indigestion, you have no doubt the shortest cut of breath, rapid heart beats, or other palpitation of the heart. Indigestion causes the stomach to expand—swell and puff up against the heart. This crowds the heart and interferes with its action, and in the course of time the heart becomes diseased.

Kodol Dyspepsia Cure

digests what you eat, takes the strain off of the heart, and contributes nourishment, strength and health to every organ of the body. Cures indigestion, dyspepsia, Stomach inflammation of the stomach, indigestion, flatulence, the Stomach and Liver, and Tracheitis, Dyspepsia and other ailments of the Stomach.

I had stomach trouble and was in a bad way. I had trouble with my stomach and was in a bad way. I had trouble with my stomach and was in a bad way. I had trouble with my stomach and was in a bad way.

## The Savory Seem ss Roaster

Is far superior to any other Roaster made, not an ounce of substance lost. Other roasters waste from 10 to 20 per cent. The Savory seamless roaster needs no water, grease or attention of any kind. It simply asks to be let alone. Retains all juices and flavors, renews the youth of the toughest fowl. One great feature of the Savory roaster is the oval bottom, with the ordinary flat bottom roaster the moisture brought out of the meat by cooking has no chance to accumulate and is burned and dried up in the bottom of the pan. In the oval bottom this meat juice flows continuously to the lowest point of the bottom, where it is turned into steam and condensed on the surface of the meat. This condensation continues until the roast has become heated through to the temperature of the atmosphere in the roaster, when the condensation stops and the browning of the roast begins.

The Savory roaster is self basting and self browning. The bottom is raised off the oven by the outside heat-retaining jacket, which applies a uniform heat to the roast from all sides. The Savory roaster is in a class to itself. Is guaranteed to give satisfaction when used according to directions. Buy one, take it home, go by the directions, use it thirty days, if not all we claim forth, return it to us and we will give you back your money, providing the roaster when returned, is in good condition. See our window display of the Savory roasters. We will be glad to show you. Call and see them.
