Who is to Read it.

When one contemplates the enormous amount of writing that is done monthly, weekly and daily in this country and committed to print he can but wonder who is to read it all. Those of us who see half dozen, a dozen or a hundred newspapers and magazines a week have no conception of the thousands and thousands of publications that are being ground out by the presses of the land every hour. Where ever you turn at a postoffice, a news stand or any other place where reading matter is in evidence you see numerous publications of which you had not heard before. Who writes them all and who is to read them all? And yet we have now and then heard it said that we are not a reading people. We may not be a people who read wisely but a great quantity of reading matter of one kind or another is scattered about the land. To be sure, some of it is bad and worthless, but much of it is good; and whether or not we are strictly a reading people, one sometimes wonders if all the printed matter that is sent out will ever be read.

Agcd Lady Suicides.

Greensboro, N. C., July 31.—Mrs. Mary Sykes, mother of two prominent druggists here, aged sixty years, committed suicide this afternoon by shooting herself through the head with a pistol. Despondency over the death of a son a year ago is supposed to have caused the deed. She had been dead two hours when found stretched on the bed her son died on, lifeless with the pistol lying beside her. The interment will be at the old home in Fayetteville.

Stage Report False, Says Evelyn.

New York, July 31—Evelyn Nesbit Thaw, wife of prisoner Harry Thaw, indignantly denies a report published here today, that she intends to return to the stage.

"It is a deliberate and unqualified falsehood," she said.

Reflectors Go Abroad.

A supply of the recent industrial edition of The Reflector have been sent abroad for distribution in foreign countries with a view of attracting immigrants to this section. Mr. T. K. Bruner will distribute a number of these papers on his European tour.

NORTH CAROLINA WEEK AT THE JAMESTOWN EXPOSITION

Jamestown Exposition, V., August 1st—The official program for North Carolina week at the exposition has been arranged and features have been provided for nearly every day in the week. There will be daily military exercises by the North Carolina military band. The detailed program for the week is as follows:
August 13—Governor Glenn, staff and official party will arrive via Seaboard Air Line railway, at Portsmouth, about 5:30 p. m. They will be met at the station by a committee from the North Carolina Society of Norfolk, who will escort them to their hotel in Norfolk, where they will be the guests of the North Carolina Society.

August 14—At 10 a. m. the Governor and party will be driven over the city of Norfolk in automobiles, bearing the colors of the State of North Carolina.

1 p. m. Upon the arrival of the Governor of North Carolina at the exposition ground he will be received at the gates by a reception committee consisting of the officials of the Jamestown Exposition Company, and escorted to the North Carolina State building, where he will remain during North Carolina week.

4 p. m.—The Governor and official party will visit the North Carolina exhibits in the various exhibit palaces, where they will be received by members of the North Carolina commission.

August 15—At 11 a. m. the governor of North Carolina will leave the North Carolina State building, accompanied by his staff, members of the North Carolina commission and a military escort of the North Carolina State troops, arriving at the auditorium building at 11:30 a. m., where the following exercises will take place:

Not Through With Railroads.

Raleigh, N. C., July 31.—Governor Glenn today spoke of a letter he had mailed to the freight traffic management and other officials of the various railway companies.

In this letter he invited the railway people to send representatives to Raleigh who are invited to confer with him and the corporation commission concerning the matter of the better adjustment of freight rates and charges.

Governor Glenn said today that he would fix a date soon for the examination to begin into the freight discriminations against North Carolina points and in favor of Virginia cities.

Prohibition in Georgia.

Atlanta, July 31.—The Hardeeman prohibition bill, passed by the Georgia Senate some days ago was adopted by the House tonight by a vote of 139 to 39. Two amendments added to the bill by the House will make it necessary for the measure to go back to the Senate for concurrence, of which there is no doubt and the bill then will go to Governor Hoke Smith for his signature which has been practically pledged, and prohibition will become a law in Georgia.

The amendments today permit the sale of pure alcohol by retail druggists on the prescription of a reputable physician and also allow wholesale druggist to carry pure alcohol in stock for sale only to retailers.

The bill prohibits the manufacture or keeping on hand in any place of business, the sale, or giving away to induce business within the State, of any liquor that may produce intoxication. The new law is to become effective January 1, 1908.

Went Over Precipice

Asheville, N. C., July 31.—A young couple, whose names could not be learned, had a thrilling experience and with a narrow escape from serious injury on sunset mountain Sunday afternoon by the overturning of a buggy in which they were driving. The accident occurred at a point in the road where the mountain rises high on one side with almost a precipice of 75 to 100 feet on the other. The horse, buggy and occupants went over this eminence and rolled part of the way down the mountain side. The couple escaped injury, however, as did also the horse, but the buggy was considerably damaged.

The accident occurred almost at or near the same place where a horse and buggy with an Asheville gentleman and his wife and child went over several weeks ago, resulting in painful injury to the husband and wife and damage to the vehicle.

East Carolina Progress.

Greensboro, N. C. July 31—A Baltimore Shoe drummer, who was at a hotel here last night, was profuse in his comments on the great development of Eastern North Carolina. He said that at every cross roads store, he found trade brisk and determination to go ahead brisker. In the larger towns, he declared he had never seen such enterprise anywhere. Old things were fast passing away, he said and the people were imbued with the spirit of moving forward. Speaking of the wealth of that section, he said the railroad developments there only proved what he had known all along that the residents of that whole section had not realized how well off they were as soon as the capitalists North had who were always on the lookout for fields of investment, and they had chosen the lumber and railroad field for the present as the best form of investing, expecting greater things in the way of manufacturing by local capital later. He was particularly complimentary of the spirit of progress in Pitt county, and remarked that every where he went in that "empire" of about 15 towns he found merchants in good fix, farms well cultivated, and everybody united for progress.

THE EAGLE'S EYE.

Why It Can See Nearby or Distant Objects Equally Well.

All birds of prey have a peculiarity of eye structure that enables them to see near or distant objects equally well. An eagle will ascend more than a mile in perpendicular height, and from that elevation can perceive its unsuspecting prey and pounce upon it with unerring certainty. Yet the same bird can scrutinize with almost microscopic nicety an object close at hand, thus possessing a power of accommodating its sight to distance in a manner to which the human eye is unfitted and of which it is totally incapable.

In looking at a printed page we find that there is some particular distance, probably ten inches, at which we can read the words and see each letter with perfect distinctness, but if the page be moved to a distance of forty inches or brought within a distance of five inches we find it impossible to read it at all. A scientific man would therefore call ten inches the focus or focal distance of our eyes. This focus cannot be altered except by the aid of spectacles.

But an eagle has the power of altering the focus of its eye just as it pleases. It has only to look at an object at the distance of two feet or of two miles in order to see it with perfect distinctness.

Of course the eagle knows nothing of the wonderful contrivance that the Creator has supplied for its accommodation. It employs it instinctively and because it cannot help it. The ball of the eye is surrounded by fifteen little plates called sclerotic bones. They form a complete ring, and their edges slightly overlap each other. When it looks at a distant object, this little circle of bones expands, and the ball of the eye, being relieved from the pressure, becomes flatter. When it looks at a very near object, the little bones press together, and the ball of the eye is thus squeezed into a pouter or more convex form.

The effect is very familiar to every one. A person with very round eyes is near sighted, and a person with flat eyes, as in old age, can see nothing except at a distance. The eagle, by the mere will, can make its eyes round or flat and see with equal clearness at any distance.

Odde and Ends.

The relationships in the Johnson family are confusing to a listener who hears them set forth by Pomp Johnson, the head of the house.

"Dere's eight in my fam'ly," he said to a sojourner in the town for whom Mrs. Johnson was doing some fine sewing, "and 'pears like we could get along all right if 'twasn't for de lef' overs."

The visitor looked puzzled.

"Dere's Granny Sommers, dat b'longed to my fus' wife," explained Mr. Johnson, "an' her lazy son by her fus' marriage 'fore she took Gran'pa Sommers; an' dere's my fus' wife's fus' husband's son, dat's jes' natchelly weak an' never did any work in his life. If 'twasn't for Granny Sommers an' her c'nnection, de rest ob us would nebber hab a mite o' trouble getting along; but dey keep us jes' where we are. But I 'cumulated dese three lef' overs, and I reckon it's my duty to look after 'em, wid Mrs. Johnson's help."

The Pitman and the Owl.

A pitman, when coming through a plantation not far from Barnsley, found an owl, almost dead. Picking it up, he thought he might pull it round if he kept it warm, so, taking his mother's shawl, for she was in bed and knew nothing of the proceedings, he wrapped up the poor bird and placed it beside the fire. Next morning, on his mother's arrival in the kitchen, she saw the owl perched on the hob. She exclaimed, "Why, I always thought our Georgie was a clever lad; blessed if he hasn't gone and stuck a neb on the cat!"—Dundee Advertiser.

There Were Others.

"Am I the only girl you ever loved?"

"Oh, no," he answered promptly. "You are the sixth."

"The sixth!" she exclaimed, suddenly relieving his shoulder of the weight of her head.

"Yes," he said coldly; "there were five before you—my mother, an aunt and three sisters."

And thereafter she endeavored to be more specific when she asked questions.

To Cemetery Lot Owners.

The cemetery committee of the board of aldermen is now having the enclosure cleaned and put in good condition. All lot owners are to co-operate with the committee, and if such owners will have their lots cleaned off at once and the trash placed in the walks the town carts will haul it off for them. All lots should be cleaned as early as possible.

E. G. Flanagan, Chairman Committee.

Moved.

A southern politician told of an incident in connection with a slight earthquake that visited one of the gulf states not so many years ago. The shaking of the earth was distinctly felt all over the state, but especially in the state capital. The legislature was in session at the time, and nearly every member thereof ran out of the stathouse when that structure began to vibrate a disposition to turn itself over. Of course there was an end to legislative proceedings for that day. When the body had reconvened it was found that some member of a grimly humorous turn had made an entry on the journal of the legislature in these words: "On motion of the house, the legislature adjourned."—Harper's Weekly.

The Doctor Knew.

"Doctor, what do you think is the matter with my little boy?"

"Why, it's only a borristified exegesis antisemiotically emanating from the germ of the animal refrigerator, producing a prolific source of irritability in the pericranial evidences of the mental profundity."

Mr. Bryan has two fair dates for North Carolina this fall, at Raleigh and Greensboro. He will catch the ear of the people.

Georgia has got on the water wagon in good shape. Both branches of the legislature in that State passed the prohibition bill and Governor Smith promptly signed it.

Having won such a victory in the passenger fare matter, Governor Glenn is now turning his efforts to secure a regulation of the discrimination in freight rates.

"North Carolina is the only cotton State that manufactures more cotton than it produces, says the Wilmington Star. And it's the only State that does a lot of things, and the only State that don't do a lot of things, that other States do do.

The general disposition to look on the Cortelvon boom as a joke may be due to the hot weather, and then again, it may be due to the Republican leaders' cold feet.

It is rather bold in a man who has succeeded in making the Republican elephant do so many unheard of things to denounce anybody for nature-faking.

Who says the colored race is not making progress? In Mississippi a mob of negroes has just lynched a negro.

Helpful Hints.
 To remove grease spots from carpets use a little pure ox gall.
 To clean willow ware scrub with salt water and wipe dry with clean cloth.
 Wash furniture before varnishing with hot table beer.
 In storing away stove pipe brush over with a gill each of linseed oil and kerosene and a tablespoonful of turpentine.
 To clean spots on leather, make a paste of mealy potatoes, vinegar, turpentine and dry mustard. Rub off when dry.

Grape Juice.
 Stem the grapes, put in a crock and wash. Cover the grapes with water. Boil fill the seeds separate from pulps, then strain through cheesecloth. To every quart of juice add a pint of sugar. Boil until quite a thick sirup and can as any fruit. When ready for use add water so as to make it whatever consistency desired. While boiling do not allow the juice to jelly.

Simple Spool Holders.
 A simple little device for holding the spool when crocheting is a wire hairpin with the ends bent in at right angles a quarter of an inch above each end. Snap the ends into the holes in a spool or into the sides of a ball, hook the head of the pin over a button on the waist or some other convenient place and run no further risk of soiled wool or silk through drooping.

Tomato Salad.
 For a pretty and most delicious salad use solid ripe tomatoes (as many as persons to be served), wash the tomatoes and scoop out a portion of the centers, filling with crisp chopped cucumbers, then place each tomato on three or four crisp lettuce leaves. Serve with either mayonnaise or French dressing.

Dry Cleaning Hairbrushes.
 To clean hairbrushes take a cup of cornmeal and fill the brush, rubbing gently with the hand. As it absorbs the grease and dirt shake it out and use fresh meal till the brush is cleaned thoroughly. This is better than ammonia, as there is no water to injure or loosen the back of the brush.

To Remove Rust.
 For removing rust from polished steel an effective mixture is made by taking ten parts of tin putty, eight parts of prepared buckhorn and 250 parts of spirits of wine. These ingredients are mixed to a soft paste and rubbed in on the surface until the rust disappears.—Engineer.

Baby Bands.
 Take the best parts of soft old woolen underwear and cut two pieces 7 by 8 inches. Stitch the sides together with embroidery silk. Take two pieces of ribbon four inches long for shoulder straps. This makes a fine cheap band.

Dust In the Eye.
 Should anything get into the eye, one drop of sweet oil should be dropped in the corner of it, but if it be mortar or lime, bathe with a weak solution of water and vinegar.—Housekeeper.

Tomato Butter.
 Several pounds of tomatoes, three pounds of sugar, one pint of vinegar, one ounce of cinnamon, one half ounce of cloves, ground; boil till thick. Can and seal.

The Picnic Salad.
 If a salad is to be carried with the picnic lunch, pack the ingredients in a wooden chopping bowl and pack in center a fruit jar filled with cracked ice and sealed.

Keeps the Salt Dry.
 To prevent salt from becoming damp or hardening in the shaker, place a few grains of rice in the shaker when filling.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

Heart Strength

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Possibly, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the Heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.
 This clearly explains why as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing hearts. Dr. Shoop first sought the cause of all this painful, palpitating, aching, throbbing heart distress. Dr. Shoop's Restorative—this popular prescription—is also directed to these weak and wasting nerve centers. It builds it strengthens; it offers real, genuine heart help. If you would have strong hearts, strong digestion, strengthen these nerves—re-establish them as needed, with

I will make you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart or The Kidneys. Troubles of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—mean Stomach weakness, always. And the Heart, and Kidneys as well have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves". Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write to-day for sample and free Book. Dr. Shoop, Racine, Wis. The Restorative is sold by Bryans Drug Store.

The wise man looked not at the thermometer during July and August.

When you feel the need of a pill take DeWitt's Little Early Riser, San-It, safe pill, sure pill. Easy to take, pleasant and effective. Drives away headaches. Sold by John L. Wooten's drug store.

You can never make another noise with the cracker that has been exploded.

A prompt, pleasant, good remedy for coughs and colic, is Kennedy's Laxative Cough Syrup. It is especially recommended for babies and children, but good for every member of the family. It contains no opiates and does not constipate. Contains honey and is of a taste nearly as good as maple syrup. Children like it. Sold by John L. Wooten's Drug Store.

Some bargains are expensive.

Get a free sample of Dr. Shoop's "Health Coffee" at our store. If real coffee disturbs your Stomach, your Heart or Kidneys, then try this clever Coffee imitation. Dr. Shoop has closely matched Old Java and Mocha Coffee in flavor and taste, yet it has not a single grain of real coffee in it. Dr. Shoop's Health Coffee Imitation is made from pure toasted grains or cereals, with Milk, Nuts, etc. Made in a minute. No tedious wait. You will surely like it. Sold by T. E. Hooker & Co.

Politics sometime makes strange cellmates.

All stomach trouble are quickly relieved by taking a little Kodol after each meal. Kodol goes directly to the seat of the trouble, strengthens the digestive organs, supplies the natural digestive juices and digests what you eat. It is a simple, clean, pure, harmless remedy. Don't neglect your stomach. Take a little Kodol after each meal and see how good it makes you feel. Money back if it fails. Sold by John L. Wooten.

Worry never completed a task worth while.

Bert Barber, of Elton, Wis., says "I have only taken four doses of your Kidney and Bladder Pills and they have done for me more than any other medicine has ever done. I am still taking the pills as I want a perfect cure." Mr. Barber refers to DeWitt's Kidney and Bladder Pills, which are unequalled for Backache, weak kidneys, inflammation of the bladder and all urinary troubles. A weeks treatment for 25c. Sold by J. L. Wooten's Drug Store.

The vacation earned is the vacation enjoyed.

There is no case of indigestion, no matter how irritable or how obstinate that will not be speedily relieved by the use of Kodol. The main factor in curing the stomach of any disorder is rest, and the only way to get rest is to actually digest the food for the stomach itself. Kodol will do it. It is a scientific preparation of vegetable acids containing the very same acids found in healthy stomach. It conform to the Pure Food and Drugs Law. Sold by John L. Wooten.

The pies are just as good as ever—your "taster" is out of whack.

For scratches, burns, cuts, insect bites and the many little hurts common to every family, DeWitt's Carbolic Witch Hazel Salve is the best remedy. It is soothing, cooling, clean and healing. Be sure you get DeWitt's. Sold by J. L. Wooten's Drug Store.

The vacation we miss is the one we would have enjoyed the most.

Piles get quick and certain relief from Dr. Shoop's Magic Ointment. Please note it is made alone for Piles, and its action is positive and certain. Itching, painful, protruding or blind piles disappear like magic by its use. Large nickel-capped glass jars 50cents. Sold by Bryans Drug Store.

Worry causes more perspiration than the heat of the sun.

Mothers who give their children Kennedy's Laxative Cough Syrup invariably endorse it. Children like it because the taste is so pleasant. Contains honey and tar. It is the original laxative cough syrup and is unrivaled for the relief of croup. Drives the colic out through the bowels. Conforms to the Pure Food and Drug Law. Sold by John L. Wooten's Drug Store.

Other After Dinner Speakers May Profit by This Example.

The popular after dinner speaker rose to respond to a toast.

"Gentlemen," he said, "the unexpected flatter argument in which your toastmaster has introduced me this evening reminds me of a story which strikes me as being appropriate to the occasion."

"By the way, how many of you have heard the story of the Pennsylvania farmer and the young wolf he bought for a 'coon dog'? Will those who are familiar with it from having listened to it half a dozen times or more please raise their hands?"

An overwhelming majority of his auditors raised their hands.

"Thanks, gentlemen," he said. "I shall not inflict it upon you."

With their rapturous applause still ringing in his ears he sat down. He made the hit of the evening.—Chicago Tribune.

Sour Stomach

No appetite, loss of strength, nervousness, headache, constipation, bad breath, general debility, sour risings, and catarrh of the stomach are all due to indigestion. Kodol relieves indigestion. This new discovery represents the natural juices of digestion as they exist in a healthy stomach, combined with the greatest known tonic and reconstructive properties. Kodol for dyspepsia does not only relieve indigestion and dyspepsia, but this famous remedy helps all stomach troubles by cleansing, purifying, sweetening and strengthening the mucous membranes lining the stomach.

Mr. S. S. Ball, of Ravenswood, W. Va., says: "I was troubled with sour stomach for twenty years. Kodol cured me, and we are now using it in milk for baby."

FOR BACKACHE--WEAK KIDNEYS TRY DEWITT'S KIDNEY AND BLADDER PILLS—Safe and Effective Prepared by E. O. DEWITT & CO., Chicago J. W. BRYAN.

are caused by indigestion. If you eat a little too much, or if you are subject to attacks of indigestion, you have no doubt had shortness of breath, rapid heart beats, heartburn or palpitation of the heart. Indigestion causes the stomach to expand—swell, and puff up against the heart. This crowds the heart and interferes with its action, and in the course of time the heart becomes diseased.

Kodol Dyspepsia Cure

Digests what you eat, takes the strain off the heart, and contributes nourishment, strength and health to every organ of the body. Cures Indigestion, Dyspepsia, Stomach Inflammation, the mucous membranes lining the Stomach and Digestive Tract, Nervous Dyspepsia and General Weakness of the Stomach.

After eating, instead of distressing me by making my heart palpitate and I would become weak and unable to get a bottle of Kodol and it gave me immediate relief. After using a few bottles I am again well. MRS. LORING NICHOLS, Penn Yan, N. Y.

I had stomach trouble and was in a bad state of mind. I took a bottle of Kodol and it gave me immediate relief for about four months and it cured me. D. KAUBER, Nevada, C.

About That home

Do You Contemplate

Owning One?

If so the first thing to consider is a good lot in a desirable location and you cannot be better suited in a lot than the

Sam White Property.

No property surpasses this for a desirable home. Lots can be bought there now at reasonable prices and on easy terms. There is every indication that property around Greenville is going to be higher, and the longer you defer buying the lot the higher it will cost.

This property is located only 5 minutes walk from the business part of the town. See Sam White and let him explain prices and terms.

The Savory Seamless Roaster

Is far superior to any other Roaster made, not an ounce of substance lost. Other roasters waste from 10 to 20 per cent. The Savory seamless roaster needs no water, grease or attention of any kind. It simply asks to be let alone. Retains all juices and flavors, renews the youth of the toughest fowl. One great feature of the Savory roaster is the oval bottom, with the ordinary flat bottom roaster the moisture brought out of the meat by cooking has no chance to accumulate and is burned and dried up in the bottom of the pan. In the oval bottom this meat juice flows continuously to the lowest point of the bottom, where it is turned into steam and condensed on the surface of the meat. This condensation continues until the roast has become heated through to the temperature of the atmosphere in the roaster, when the condensation stops and the brown ing of the roast begins.

The Savory roaster is self basting and self browning. The bottom is raised off the oven by the outside heat-retaining jacket, which applies a uniform heat to the roast from all sides.

The Savory roaster is a class to itself. Is guaranteed to give satisfaction when used according to directions. Buy one, take it home, go by the directions, use it thirty days, if not all we claim forth, return it to us and we will give you back your money, providing the roaster when returned, is in good condition.

See our window display of the Savory roasters. We will be glad to show you. Call and see them.

RACE CHARACTERISTICS.

Legend of the Broken Devil and Its Influence Upon the World.

The personified devil has had many queer stories told regarding himself and his doings, but it is doubtful if there is a more curious one than that known to the gleaners of mediæval folklore as the "Legend of the Broken Devil." According to the story, which is given in Kinsey's "Book of European Myths" and also in Oleson's "Scandinavian Folklore," when the devil was cast out of heaven he struck the earth at a place in the Swiss Alps which to this day bears the name of Devil's Light. Judging from the broken place in the mountain, which is about one-half mile wide by four miles long, the fall was not only "far and swift," but the devil was a pretty good size.

The indentation in the mountain is not the only result of the fall (or rather the "fall"), if we are to believe the legend. According to the story the poor devil was broken into four different pieces, and each of these four pieces rolled off in a different direction. The "head, horns and horrid bloodshot eyes" rolled off into savage country, which in later times was named Spain. The heart, which "slowly pulsed for years and at each rise and fall gushed torrents of blue black blood," lodged in a mountain gorge in a country which has since been named Italy. The stomach, "horrid machine for grinding infants' bones and generating sulphurous flames which were from time to time belched out between the fanglike teeth," found lodgment in Germany, and the feet, "which never yet had trodden the horrid paths of hell, but were cloven for such awful purposes," did not stop after the break until they reached the center of France.

The people of those four different countries immediately began to worship the parts of the devil which had alighted in their respective territory, and since that day the Spaniards have been haughty, the Italians arrogant, the Germans gluttons and the French great dancers.

How a Small Snake...

The breathing operation in a snail is one of the queerest processes imaginable and is carried on without the least semblance of lungs. The orifice through which he takes his supply of "the breath of life" is of course called the mouth, notwithstanding that it is situated in the side of his great suckerlike foot. The process of breathing is not carried on with anything like regularity, as it is in most creatures, the mouth simply opening occasionally to let in a supply of fresh air, which is expelled by the same opening as soon as the oxygen has been exhausted. The snail's peculiar mouth is provided with a tongue set with hundreds of fine teeth.
