

## FARMERS EDUCATIONAL MEETING.

### The Men Who Will Talk—All Are Specialists

Washington N. C., Aug. 2.—Your correspondent sought information today from Hon. John H. Small regarding the proposed series of agricultural meetings to be held to the county-seas of seven counties in the First congressional District. Mr. Small was enthusiastic over the meetings and was exceedingly gratified at the cordial response upon the part of the people of the several counties, particularly the more intelligent class of farmers. He said he had received a great number of letters expressing cordial approval of the movement, and the outlook was for a large attendance.

Mr. A. D. Shamel, who will discuss plant culture generally, and particularly the culture of corn and tobacco—is a native of Illinois; he is a graduate of the Agricultural College of that State and for a number of years was identified in the work of improving the corn crop of the central west. Mr. Shamel has done much valuable work in this connection and has published many important papers. For the past two or three years he has been engaged in the important work of improving tobacco, his principal work in this connection having been with wrapper leaf tobacco but he is now in charge of all the tobacco work of the Bureau of Plant Industry.

Mr. E. B. Boykin, another representative from the Bureau of Plant Industry is a Southern man and a graduate of the South Carolina Agricultural college. He has for a number of years been directly interested in practical questions relating to the improvement of cotton. He understands the needs of the South in this respect and is conducting valuable investigations relating to better cultural methods, better methods of farm management, systems of crop rotations, the utilization of better machinery, improvement of cotton by seed selection and other important phases of this great crop.

Prof. J. O. Wright is the Supervising Drainage Engineer of the United States Experiment Stations and is a native of North Carolina. He began the practice of engineering in Indiana and soon became identified with the drainage work. Since 1882, he has been connected with large drainage enterprises in various capacities. He has been engineer, supervisor and director in nearly all of the States where drainage has been carried on and is one of the best authorities on dredge boats and excavating machinery in this country.

The subject of Forestry will be discussed by Mr. F. G. Plummer, who is a civil engineer and forest expert of much experience. His principal field of work has been in the western states, although he has visited all the states in the Union. He has been an instructor in two educational institutions. He is the author of a number of professional papers and books dealing with scientific and forestry subjects. Mr. Plummer began making a specialty of forest work in 1895. At present he is supervising the compilation of a forest atlas for the Forestry Service. He is a student of conditions in Eastern North Carolina and can tell our people how they may well adopt methods which will preserve our timber.

## Non-political Politician.

Reidsville, Aug. 2.—Several months ago the internal revenue headquarters of this district decided to adopt the unique plan of trying lady officers in the service and a number of them were appointed, among them being Miss Maude Baker, to the position as clerk in the Reidsville office. At the time of her appointment it was predicted that her term of service would be of short duration, and that one of the local politicians would capture the plum. However, Miss Baker has filled the position so acceptably that she will probably continue to hold it for a long period. Aside from Postmaster Joyce, she holds the most lucrative government position here, and in some respects it is preferable even to his.

## WINTERVILLE ITEMS.

### Notes From Our Hurling Neighbor.

Winterville, N. C., Aug. 3. B. F. Manning returned from Norfolk Thursday evening.

Prof. F. C. Nye left Friday morning for Oak City on a canvassing tour for W. H. S. The catalogues have been received from the press and will be mailed out at once.

Prof. W. H. Ragsdale, of Greenville, spent Wednesday night at the home A. G. Cox. He and Mr. Cox went down into the lower part of the county Thursday looking after a school site and building.

A. D. Cox and M. G. Bryan went to Ayden Thursday.

Mrs. Emma Hicks, of Conetoe, came in Thursday evening to spend some time with her sister, Mrs. J. L. Jackson.

Mrs. J. L. Butt and children, who have been spending some time at Seven Springs, have returned home.

Miss Lala Chapman is spending the week with Misses Cora and Sadie Carroll near Grimesland.

Mr. and Mrs. R. G. Chapman and little Miss Clyde are visiting near Vanceboro.

Miss Emily Jenkins, of Wilson, is visiting Misses Pattie and Evelyn Stubbs.

Miss Francis Parker, of Enfield, is visiting Misses Emma and Bonner Kittrell.

J. F. Harrington and J. K. Barnhill returned from the Jamestown exposition Friday evening and report an excellent trip.

### A MIDSUMMER OUTING.

Last Thursday afternoon is one afternoon that will long be remembered by the members of the primary and infant classes of the Baptist Sunday school, and also by the members of the Sunbeam society, for then it was that Misses Mimie and Dora Cox and Hattie Kittrell took a large crowd of children off for the midsummer outing.

At a suitable hour, large farm wagons covered with hay were filled with light-hearted youths and in a short time all were off for a large, beautiful grove about six miles from the village.

Soon after reaching the desired spot, various outdoor games and sports were enjoyed. Then all feasted on watermelons and fruit. The afternoon passed only too quickly. Just as the sun disappeared behind the tree tops, a delightful luncheon was served, after which thoughts were turned toward the homeward ride which was indeed pleasant. All along the way, in spite of the grating noise of the wagons, could be heard merry

## CHILD HAS TWO ELBOWS.

### Another Story of Freak Comes From Virginia.

Mount Airy, N. C., Aug. 2.—A child was born to John Soots and wife in Virginia, some distance from this city, which is indeed an odd creature. It has two elbows on each arm. Otherwise the little fellow is very much like other babies, except on the right hand there is no thumb where a thumb ought to be, but at the root of the forefinger there is a well developed thumb. The child is one month old, and is doing well.

The home of the Soots is within three miles of the place where the babe was born that talked immediately after its birth.

This strange freak of nature is no "fish story," but a fact, some of the best people in the neighborhood vouching for every word of it.

## SERVICES TOMORROW.

## Greensboro to Beaufort.

Instead of making up trains at Goldsboro, in the future the Norfolk & Southern will carry the Southern trains from Greensboro through to Beaufort. The only change being in crew and engines. This will certainly be a benefit to the traveling public. —Kinston Free Press.

## Peonage Case.

The trial of the government against E. A. Kline, on the charge of peonage, will begin in the special term of Federal court at Beaufort on Tuesday, 6th. Quite a number of persons here who are witnesses in the case will go down to Beaufort Monday.

## MOVEMENTS OF THE PEOPLE

### Those Who Come and Go—Some Know You—Some You Know

Leon Rives returned Friday evening from Hamilton.

O. L. Joyner returned Friday evening from Richmond.

W. H. Dail, Jr., returned Friday evening from Robersonville.

Dr. R. L. Carr returned Friday evening from a trip to the western part of the State.

R. J. Cobb, Mr. and Mrs. D. C. Moore and son, David, Bailey and Howell Moore; Mr and Mrs. H. C. Edwards and son, Clifton, returned Friday evening from Norfolk.

Paul Mitrick came in Friday evening from Girard, Ohio. He is enroute to Beaufort where he is a witness in the peonage case before the Federal court. We hope he can be induced to again locate in Greenville.

When the party reached the home-town, it was already past the "little folks" bed time. Good nights were hurriedly exchanged and the anticipated time was a thing of the past only to be cherished by pleasant memories.

## BRYAN IS COMING.

### The Great Nebraskan Will Speak at Central Carolina Fair.

Greensboro, Aug. 2.—Definite arrangements have been made whereby William Jennings Bryan will address here on Wednesday of the Central Carolina Fair week—October 16th.

The newspapers and the ten thousand premium lists, being mailed by Secretary Garland Daniel, will spread the news broadcast and the fact that Bryan is coming to the Greensboro fair will soon be fixed in the minds of all North Carolina and adjacent states and this will lead to the formation of a resolution by thousands that they are going to be in Greensboro Wednesday, October 16, to see and hear Bryan.

## Greenville Gains.

The Wilson people regret the departure from the city of Messrs E. B. Ferguson and Arthur Fulghum, representatives of the American and Imperial Tobacco Companies, respectively. Mr. Ferguson goes to Greenville and Mr. Fulghum to Kinston.

Mr. Ferguson, during his five years' residence in Wilson, has made friends which are strong and lasting who see him leave the city with the deepest regret.

Mr. Fulghum is an old Wilson boy, who has friends galore, all of whom are sorry to see him make his departure.

Best wishes and success to both. —Wilson Times.

## Another Probable Candidate.

Winston-Salem, N. C., Aug. 2.—Will Prof. J. Allen Holt, one of the principles of Oak Ridge Institute, be in the race for the Democratic nomination for congress in the Fifth district? The information reaches here that Professor Holt is being importuned by many of his friends to run, and that he has the matter under serious consideration. Professor Holt represented Guilford county in the last legislature, and he was recognized as one of the leaders in the senate.

## Take His Breath.

The editor of the Winston Business Guide is urging his delinquent subscribers to come forward and pay up, so he can take a trip to Europe this summer. My goodness! What next? Who ever heard of a country editor being able to go to Europe? We want our subscribers to pay us what they owe so that our creditors will permit us to stay in this country. —Sevierville (Tenn) Hornet.

## To Outlaw The Southern.

Raleigh, N. C., Aug. 2.—A bulletin received this morning from Montgomery says as a result of the litigation brought by the Southern against the New Alabama laws the franchise of Southern Railway Company will be formally revoked today under the outlaw statutes.

## Peonage Case Falls Through.

In the hearing before U. S. Commissioner C. B. Hill, at New Bern yesterday, of the peonage case, in which Mr. I. H. Barrus, of Pollocksville, was defendant, it developed that Mr. Barrus had brought civil suit against the prosecutor—who by the way failed to show up—for the collection of a debt and not a criminal action, so the peonage charge fell through. —Kinston Free Press.

## All Help Out.

The editor of The Reflector will be at Beaufort next week attending the peonage trial before the Federal court. During his absence the paper will be in charge of Mr. G. B. Craven, who has been with us for some time, and any items of news sent in will be appreciated. The business office down stairs will be in charge of Mr. J. B. Whichard, who would like for collections to be large enough for him to make a good report and keep the wheels moving. If our friends will help out in news items and collections the editor will hardly be missed.

## A Word to Subscribers.

During the dull summer is a hard time to make collectors owing to the scarcity of money, and for that reason The Reflector has had little to say to its subscribers about paying. But with the opening of the tobacco season money ought to be more plentiful and we make the request of every subscriber to pay for the paper just as soon as he can. Do not wait for a bill or to be notified by a blue cross mark on your paper. It has been a hard summer on the paper and we need all that is due us.

## Everybody Come.

That will be an important meeting here Monday when people from all parts of the county will be here to confer with the Chamber of Commerce as to the best means of promoting Greenville and Pitt county. Mr. Andrew Joyner, press correspondent of Greensboro, has written that he will be here to take part in the meeting, and Mr. F. L. Merritt, land and industrial agent of the Norfolk & Southern railroad, is also expected. Monday should be made a day that will count for Pitt county.

## Rate Law Hardship.

Greensboro, Aug. 2.—It is said that the management of the Aberdeen & Asheboro Railroad are seriously discussing the question of discontinuing the passenger trains on the road. Asked the matter, Superintendent J. R. Page is quoted as saying that his company had no desire to go out of the passenger business, but as it costs five cents a mile to carry passengers, the new rate increases considerably the loss on passenger business.

## Rainfall For July.

Mr. C. V. York, who keeps the government record of rainfall here, gives us the following report for July:

Total rainfall during month 6.41 inches, number of rainy days 7, heaviest rainfall in 24 hours 1.48 inches on 27th.

Compared with July 1906, total rainfall for month was 16.32 inches, number of rainy days 17, heaviest rainfall in 24 hours 2.86 inches.

## Kinston Tobacco Market.

Though there was not so much tobacco on the market today, each warehouse seemed to have its full share. The prices were as good and as high as yesterday. The Kinston tobacco market is certainly humming and it promises to continue so. There has not been a single complaint at the prices. The Imperial Company went on the floor today and bought some little tobacco. It has been customary for them to wait for some time after the opening break before entering the market. —Free Press.

## AROUND ABOUT TOWN

### Some of the Things that Happen in Greenville and Neighboring

First Saturday.

Tobacco market opens Monday.

Nabob peanut butter at J. M. Reuss.

County commissioners will meet Monday.

Buy a nice iron bedstead, cheap at S. M. Schultz.

Before winter comes somebody ought to be looking out for that wood sawing outfit. It is not going to be an easy matter to get wood out.

Those little ads in The Reflector count. A gold watch and a gold pin were both returned to their owners in the last few days by means of this paper.

## Weather.

Fair tonight and Sunday, cooler tonight on the coast.

## They Keep Going.

Today a large number of the recent industrial exhibits of The Reflector were shipped to Mr. F. L. Merritt, land and industrial agent of the Norfolk & Southern railroad at Norfolk. These will be distributed among visitors at the Jamestown exposition and elsewhere to attract the attention of people to this section.

## Things That Disturb.

We wish that dog killing monster recently reported to be operating in Virginia, could be turned loose in Greenville.

If the factory whistles could develop such a case of sore throat that they could not blow, there would be some glad people.

The warehouse bells will now be joining the company of early morning sleep destroyers.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart or The Kidneys. Troubles of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment and not the cause. Weak Stomach nerves—the inside nerves—mean Stomach weakness, always. And the Heart, and Kidneys as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves". Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write to-day for sample and free Book. Dr. Shoop, Racine, Wis. The Restorative is sold by Bryans Drug Store.

The wise man looked not at the thermometer during July and August.

When you feel the need of a pill take DeWitt's Little Early Riser. Small, safe pill, sure mill. Easy to take, pleasant and effective. Drives away headaches. Sold by John L. Wooten's Drug Store.

You can never make another noise with the cracker that has been exploded.

A prompt, pleasant, good remedy for coughs and colds is Kenney's Laxative Cough Syrup. It is especially recommended for babies and children, but good for every member of the family. It contains no opiates and does not constipate. Contains honey and tar and tastes nearly as good as maple syrup. Children like it. Sold by John L. Wooten's Drug Store.

Some bargains are expensive.

Get a free sample of Dr. Shoop's "Health Coffee" at our store. If real coffee disturbs your stomach, your Heart or Kidneys, then try this clever Coffee imitation. Dr. Shoop has closely matched Old Java and Mocha Coffee in flavor and taste, yet it has not a single grain of real coffee in it. Dr. Shoop's Health Coffee Imitation is made from pure toasted grains or cereals, with Milk, Nuts, etc. Made in a minute. No tea or coffee. You will surely like it. Sold by T. E. Hooker & Co.

Politics sometime makes strange cellmates.

All stomach trouble are quickly relieved by taking a little Kodol after each meal. Kodol goes directly to the seat of the trouble, strengthens the digestive organs, supplies the natural digestve juices and digests what you eat. It is a simple, clean, pure, harmless remedy. Don't neglect your stomach. Take a little Kodol after each meal and see how good it makes you feel. Money back if it fails. Sold by John L. Wooten.

Worry never completed a task worth while.

Bert Barber, of Elton, Wis., says "I have only taken four doses of your Kidney and Bladder Pills and they have done for me more than any other medicine has ever done. I am still taking the pills as I want a perfect cure." Mr. Barber refers to Dr. Witt's Kidney and Bladder Pills, which are unequalled for Backache, weak kidneys, inflammation of the bladder and all urinary troubles. A weeks treatment for 25c. Sold by J. L. Wooten's Drug Store.

The vacation earned is the vacation enjoyed.

There is no case of indigestion, no matter how irritable or how obstinate that will not be speedily relieved by the use of Kodol. The main factor in curing the stomach of any disorder is rest, and the only way to get rest is to actually digest the food for the stomach itself. Kodol will do it. It is a scientific preparation of vegetable acids containing the very same juices found in healthy stomach. It conforms to the Pure Food and Drugs Law. Sold by John L. Wooten.

The pies are just as good as ever—your "taster" is out of whack.

For scratches, burns, cuts, insect bites and the many little hurts common to every family, DeWitt's Carbolized Witch Hazel Salve is the best remedy. It is soothing, cooling, clean and healing. Be sure you get DeWitt's. Sold by J. L. Wooten's Drug Store.

The vacation we miss is the one we would have enjoyed the most.

Piles get quick and certain relief from Dr. Shoop's Magic Ointment. Please note it is made alone for Piles, and its action is positive and certain. Itching, painful, protruding or blind piles disappear like magic by its use. Large nickel-capped glass jars 50cents. Sold by Bryans Drug Store.

Worry causes more perspiration than the heat of the sun.

Mothers who give their children Kenney's Laxative Cough Syrup invariably endorse it. Children like it because the taste is so pleasant. Contains honey and tar. It is the original laxative cough syrup and is unrivaled for the relief of croup. Drives the cold out through the bowels. Conforms to the Pure Food and Drug Law. Sold by John L. Wooten.

**A BRAVE DAIRYMAID.**

By Her Ready Wit and Nerve She Saved the Title Deeds.

It was astonishing how many succeeded in baffling pursuit from the field of Culloden. The kilt gave great freedom to the limbs. Most of the men were inured to long marches and could exist on little food. They knew the passes through the hills, and the best hiding places were pointed out to them by the country people, who kept them from starving and would give no information.

A reward of £30,000 was promised for news that would lead to the arrest of Prince Charlie. Many knew where he was, but no word ever reached the camp of the garrison of the victor, and the prince issued through the midst of vigilant enemies and got away safely to France.

The adventures of the Jacobites were numberless. This is how a dairymaid saved her master: After King George's army had subdued the rebels they went through the country dispossessing King James' friends of their lands. A captain with a band of soldiers was sent to take possession of MacLachlan's land. They surrounded the house and would not let any persons out without searching them. There was a dairymaid there called Christine Sinclair, who was washing the house at the time.

She knew the soldiers would try to take the title deeds of the lands and, going to her mistress, said she could save them.

"What can you do, Christine?" said her mistress. "They will put a sword through you if they find you with the deeds."

But the dairymaid insisted that were the papers given to her she could get them away through the midst of all the soldiers. At last the lady allowed Christine to wrap the deeds in one of the cloths with which she washed the floors. A dry clout, or napkin, was selected and the papers wrapped up in this. She put this dry cloth inside one of the wet cloths she had used and wrung it to make it look like the rest. She then put all the cloths in a basket and went out to spread them to dry on a green.

When she got to the door a hostile officer with a guard was standing there. He stopped her and asked, "What have you in your hands?"

She let down the basket at his feet and said to him, "There it is for you."

He took his bayonet and pushed the cloths backward and forward with it. When he saw what he thought was nothing but a lot of wet cloths with the water wrung out of them he said, "You may lift them away with you."

Christine went to the green and spread the cloths there, but took out the title deeds and, placing them in her bosom, concealed them.

The soldiers searched the house and made the lady take an oath that what she said about ignorance of them was the truth. She could do this with a good conscience, as only Christine knew what had happened to them, so the titles to the property were saved by the ready wit of her brave dairymaid. — Chambers' Journal.

**Love and the Fan.**

Probably the first European women to use fans were the Portuguese, perhaps introduced by merchants from their trade with Japan, though we find mention of their having them in the fourteenth century. In France the inventory of Charles V., at the end of the same century, mentions a folding ivory fan. Doubtless Catherine de Medici, with her knowledge of and love of the luxuries of Italy, introduced fans to her sisters in France. The many wives of Henry VIII. of England and their court ladies were used to holding fans, and Queen Elizabeth had as many as twenty-seven in her elaborate wardrobe. Fans grew into general use about this time in Italy, France and Spain. A regular code of signals was arranged, so ladies and their admirers were able to carry on a regular flirtation. — Chicago Record-Herald.

**Auction Sales.**

Sales by auction, so far from being an invention of late years, were known as far back as the time of the Romans. It was supposed by some that they chiefly used the plan to dispose of the spoils taken in war. As these sales were said to take place under the spear, it is fair to conclude that they stuck a long spear in the ground to mark the place where the sale would be held. It was long the custom in England to mark the time during which bids might be offered by burning an inch of candle, the last offer before the light went out being of course the one that took the article on sale. This custom led many to make no bid until the candle was nearly out, and many often delayed so long that the end of the flame still found them silent.

**Heart Strength**

Heart strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the Heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

**Dr. Shoop's Restorative**

are caused by indigestion. If you eat a little too much, or if you are subject to attacks of indigestion, you have no doubt shortness of breath, rapid heart beats, heartburn or palpitation of the heart. Indigestion causes the stomach to expand—swell, and puff up against the heart. This crowds the heart and interferes with its action, and in the course of time the heart becomes diseased.

**Kodol Dyspepsia Cure**

digests what you eat, takes the strain off of the heart, and contributes nourishment, strength and health to every organ of the body. Cures Indigestion, Dyspepsia, Stomach, Inflammation of the mucous membranes lining the Stomach and Duodenum, Tract, Nervous Dyspepsia and Catarrh of the Stomach.

After eating, my food would distress me by making my heart palpitate and I would become very tired. I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured. MRS. LORING N. OHOLS, Penn Yan, N. Y.

I had stomach trouble and was in a bad state and heart trouble with it. I took a codol bottle. Cure for about four months and it cured me. D. KAUBER, Nevada.

## The Savory Seamless Roaster

Is far superior to any other Roaster made, not an ounce of substance lost. Other roasters waste from 10 to 20 per cent. The Savory seamless roaster needs no water, grease or attention of any kind. It simply asks to be let alone. Retains all juices and flavors, renews the youth of the toughest fowl. One great feature of the Savory roaster is the oval bottom, with the ordinary flat bottom roaster the moisture brought out of the meat by cooking has no chance to accumulate and is burned and dried up in the bottom of the pan. In the oval bottom this meat juice flows continuously to the lowest point of the bottom, where it is turned into steam and condensed on the surface of the meat. This condensation continues until the roast has become heated through to the temperature of the atmosphere in the roaster, when the condensation stops and the browning of the roast begins.

The Savory roaster is self basting and self browning. The bottom is raised off the oven by the outside heat-retaining jacket, which applies a uniform heat to the roast from all sides.

The Savory roaster is in a class to itself. Is guaranteed to give satisfaction when used according to directions. Buy one, take it home, go by the directions, use it thirty days, if not all we claim forth, return it to us and we will give you back your money, providing the roaster when returned, is in good condition.

See our window display of the Savory roasters. We will be glad to show you. Call and see them.

### LAND SALE

By virtue of a decree of the Superior Court, made in the special proceeding entitled, Mrs. J. D. Hyman, individually, and Mrs. J. D. Hyman, Guardian, ex parte. The undersigned commissioner will sell for cash before the Court house door in Greenville at public auction on Monday the 2nd day of Sept. 1907 the following described lot of land situate in the town of Greenville, and being part of lot No. 52 in plot of said town, known as the old Eborn house lot, beginning on the corner of Green and Second streets running North with Green St. 120 feet, thence East parallel with second st. 70 feet, thence south parallel with Green st. 110 feet, thence west with second st. 70 feet to the beginning. Said lot being sold for division. This the 2nd day of August 1907.

**F. G. James,**  
Commissioner.

Not so long ago there was a large dance at Fort Sam Houston, a most elaborate affair, splendidly arranged and thoroughly appreciated by all fortunate enough to be among the guests. Among them at the affair was a very clever young woman, who is at all times appreciated as a good story, even should she be concerned therein. She is much liked by a number of the young officers at the post and was escorted to the ball by one of them.

This special officer, bent upon doing things in the proper manner, sent one of the Filipinos to a florist shop to procure flowers for the young woman. The Filipino thoroughly distinguished himself, making a large purchase at a cost of \$4 or \$5.

He was also to deliver the purchase. Like a good "go-go" he bowed directions and staggered under the heavy load of flowers and a young woman.

"What do you think of the delivery?" said the young officer, "I can't say anything about it."

"I don't know," he answered, "I don't see no orange for Jack."

PLACE fifty different makes of Women's shoes together. Ask ten women to make a choice. Nine of them will pick the "QUEEN QUALITY" SHOE. We have tested and proved this. There must be a reason why "QUEEN QUALITY" outsells all other women's shoes in the world.
