CONDITION OF CROPS.

Government Figures on Wheat, Corn Potatoes and Tobacco.

Washington, Sept. 10.—The crop reporting board of the bureau of statistics of the department of agriculture in its report today finds as follows:

Condition of corn on September 1st, was 80.2 as compared with 82.8 last month; 90.2 on September 1st, 1906, and a 10 year average of 81.

The average condition of spring wheat when harvested was 77.1 as compared with 79.4 last month and 83.4 for 1906 at the time of harvesting.

The average condition of potatoes on September 1st was 80.2 against 86.5 one month ago, 85.3 on September 1, 1906, 80.9 on September 1, 1906 and a ten year average of 79.4.

The average condition of tobacco on September 1, was 82.5, against 82.8 one month ago, 86.2 on September 1, 1906, 85 on September 1, 1905, and a five year average of 82.8.

Both Sides Wrong.

There is a sentiment in our State that is so bitter against the railroads and corporations generally that people who cherish it could not possibly do justice to them if they wanted to. There are folks in North Carolina who hate the Southern Railway so cordially that they would rejoice in its ruin. However, this feeling of bitterness does not obtain among the people to any very considerable extent. They may be misled, but they would not knowingly do injustice even to the Southern. At a time like this it behooves every citizen to calmly study the questions that arise out of this railroad controversy from all sides rather than from one. The railroads are not the people's enemies but their friends. They have been of incalculable service in developing the State. The impairment of the credit of either or all of these great systems would be a calamity. There is a good deal written about the railroads that is not true. While they have sinned they have been some what sinned against. On the other hand, the lurid picture of ruin in the railroads and their friends are painting is all bosh. Nobody should be deceived by the threats of disaster. The Southern Railway, we have no doubt, is making as much money today as it did under the 3 1/2 and 2 1/2 cent rate. They must be carrying 50 per cent. more passengers under the new law than under the old law. The prophecies of evil they are making are very tiresome. We dare say if the railroads were assured the rate reduction would stop where it is they would call off their lawyers and quit, but they are afraid if they yield this point others and greater reductions will be demanded. We would advise our people not to go wild on this question—either way. Happy the candidate who preserves his equilibrium in this period of passion. We need the railroads, and we must not be unjust to them but they also need us and would find life lonesome without us.—Charity and Children.

Come on With Your Guess.

NEW TEMPERANCE LEGISLATION

Attention of School Men Called to the Act Relating to Scientific Temperance Instruction in Public Schools.

State Superintendent Joyner is sending to the superintendents and teachers of North Carolina a leaflet containing the act of the last Legislature relating to scientific temperance instruction in the public schools. In the leaflet is also printed a letter from superintendents teachers and school officers, in which, among other things he says:

"I beg to call the attention of all county and city superintendents of schools, all school officers and all teachers to the following act of the General Assembly of 1907, relating to scientific temperance instruction in the public schools, and to urge upon them and immediate compliance with the provisions of this law. I rejoice in the growth of temperance sentiment in North Carolina, in the decrease of drunkenness, and the increase of sobriety among our people. The surest means of promoting temperance in all its forms among the present and future generations is to teach the children, in school and home, the truth, demonstrated by science and experience, in regard to the nature and effect of alcoholic drinks narcotics. Let the truth, without exaggeration, be taught to the children about this subject as about other subjects. This question is one of reason and judgment, not of mere sentimentality, and the appeal should be made to reason and judgment. It is not the purpose of the law, as I understand it, to make a fad of scientific temperance instruction, not to displace other important subjects in the curriculum of the public schools, but simply to require this important subject to be given its relative share of time and attention."

RAILROAD DECISION.

Pennsylvania Two Cent Rate Declared to Be Unconstitutional.

Philadelphia, Pa., Sept. 10.—Judges Wilson and Audenreid, in common pleas court, decided unconstitutional the two cent railroad fare law passed by the last Legislature. The case upon which the decision was made will be at once taken to the State Supreme Court.

The two cent fare law was passed by the Legislature as a result of agitation during the last political campaign, all parties pledging themselves in favor of such legislation. The railroads, led by the Pennsylvania and Reading, made a strong fight against the enactment of the law, but both branches of the Legislature passed the bill with practically a unanimous vote. The law was to go into effect October 1st. The decision of the court takes up 110 typewritten pages. After reviewing its limitations in the present case and declaring the "Pennsylvania Railroad Company is not vested with any immunity from the exercise of the power of the Legislature to regulate rates," the court takes up the contention of the company that the two cent fare is unreasonable, sustains the contention, and grants the injunction asked for.

TAMPERING WITH WELL.

Somebody Keeps Putting It Out of Use.

Elder-H. B. Tucker tells us that some wanton persons have been causing considerable trouble to the well at Red Banks church, four miles from town. An old fashioned sweep was first used at the well, but somebody tore this down. Then a wheel with chain and bucket was provided, but the chain was soon carried away. Recently a pump was put in the well, but in less than a week this was broken and rendered useless. The well is at a convenient place for people to get water when passing, and it was kept in use as a matter of public convenience. Why any one should be so wanton as to keep injuring the well we are unable to see. Some people are very thoughtless of the comfort and convenience of others.

Governor Glenn in Washington.

Washington, D. C., Sept. 11.—Governor Robert B. Glenn of North Carolina, who arrived in Washington today enroute to Atlantic City, confidently predicts his state's victory in the rate hearing now in progress in the case of the State vs. The Southern Railway.

"I shall not go upon the stand nor take any active part in the hearing, other than to exercise what you might call a rather general supervision.

"From reports to hand at this time I have every reason to be satisfied with the slowing the state has made.

"As I see it," continued the governor, "the railroad company has lost its own case. The showing the company itself has made so far demonstrates that they can well afford to put the 2 1/2 cent rate into effect.

"When our witnesses go upon the stand we shall prove conclusively that the volume of business is increasing in the State of North Carolina with wonderful regularity and the 'hard luck' tales, such as the railway company is now telling, will be utterly disproven."

Trade Report.

Bradstreet's Saturday will say for Richmond, Va., and vicinity: Wholesale dealers in dry goods and notions have fall shipments well under way and some filling-in orders are noted, which swell the amount of business which already exceeds the average. Local jobbers of railway and machinists' supplies are active and through the season business made a greater average than usual. The price of lumber continues about the same as last week. Continued favorable reports regarding cotton and tobacco crops in Virginia and North Carolina are being received. Retail is at the usual end-season dullness. Collections show no improvement.

Fire in Charlotte Depot.

Charlotte, N. C., Sept. 11.—The Southern passenger station was the scene of a fire this afternoon, which threatened for a few minutes to involve the whole building, the blaze destroying a number of valuable records in the file room connected with the office of the superintendent—records that it may be impossible to restore.

The fire occurred while the clerks in the file room were absent at dinner and was first discovered by the stenographer in the superintendent's office. The damage to the building will approximate about \$800.

A BUMPER BREAK.

Nearly 400,000 Pounds in One Day.

After the rain Wednesday it was expected that the tobacco market would have a lighter sale today than during the last week or two. But it did not turn out that way. Today was clear and some cooler, and tobacco rolled in from every direction. It was the largest break of the season and there have been few such in the history of the market.

Conservatives times placed the sales at the defferent warehouses as follows: Star 90,000, Liberty 95,000, Gum 75,000, Parham 60,000, Centre Brick 60,000 a total of 380,000 pounds. That sounds like selling tobacco, and shows that Greenville is the best market in the State.

Convention of Postmasters.

Raleigh, N. C., Sept. 11.—A call has been issued for a convention of the fourth-class postmasters of North Carolina to be held here October 15 and 16, and plans are also maturing for a meeting of the 105 presidential postmasters in the state to meet here at the same time. Postmaster Willis G. Briggs, of the Raleigh office, being especially active in the preliminary work for calling together the presidential postmasters and also for the successful termination of the fourth class postmasters' The official call for the presidential postmasters to meet will be issued within the next few days, signed by practically all of these officials.

Struck by Lightning.

During the storm Wednesday afternoon lightning struck near the residence of Mr. T. E. Langley, about 3 miles from town. A horse in the yard was killed. Mrs. Langley was on the porch at the time and was seriously shocked.

A Winston newspaper man got interested in the law bearing on attempted suicide and after questioning many lawyers found that attempted suicide is a misdemeanor. That is to say, a man who attempts to take his own life is as liable, legally, to punishment as if he had assaulted another person. Many people do not know, probably, that an attempt on one's life is an offence under our law.—Stateville Landmark.

Dr. Murphy Dead.

Dr. P. L. Murphy, who since 1882 has been superintendent of the state hospital at Morganton, died there Wednesday after a long illness.

Valuable Farm For Rent.

On account of ill health I shall rent or lease for a term of five years my farm containing 100 acres of cleared land with all necessary out houses, in good state of cultivation. Produces corn, cotton, tobacco and all other crops grown in this county. Man with team preferred. Apply to F. M. Smith.

A Law of Nature.

The rain was falling. Somebody had made an observation to this effect, conversation having languished:

"Did you ever know of a rain that didn't fall?" asked a querulous person.—New York Times.

Safer Behind the Bars.

"The man with fifteen wives was sentenced to a year in the penitentiary."

"I'll wager something handsome that he dreads the day when they let him go."—Cleveland Plain Dealer.

MOVEMENTS OF THE PEOPLE

Those Who Come and Go—Some Know You—Some You Know

James Averett went to Oxford today.

W. B. James and two little sons went to Grindool today.

J. B. Peed has moved his family here from Washington.

C. D. Rountree returned Wednesday evening from Seven Springs.

Miss Fannie Dupree, of Rocky Mount, is visiting Mrs. Neta Whichard.

Mr. F. V. Johnston has purchased a portion of the Herbert Edmonds lot next to the Centre Brick warehouse, on Dickinson avenue.

He Left the House.

While a lady was feeding a hungry tramp the other day she discovered he was pocketing her silver spoons.

Opening the door, she exclaimed, "Drop those spoons, you scoundrel, and leave the house!"

"But, madam!"

"Leave the house, I say!" screamed the infuriated woman. "Leave the house!"

"I go, madam," said the tramp as he reached the front gate, "never to return. But before I go I would like to say that I did not intend to take your house."—Illustrated Bits.

Loaded.

The old man looked reflectively at the brass tip of his wooden leg.

"Then," he said, "the surgeons took me up and laid me carefully in the ammunition wagon, and"

"Hold on, captain," said a listener. "You don't mean the ammunition wagon. You mean the ambulance wagon."

But the captain shook his head. "No," he insisted, "I was so full of bullets that they decided I belonged to the ammunition wagon."

The Fireless Cooker.

The department of agriculture announces the patenting of a fireless cooker. If a tireless person is one who cannot get tired, a fireless cooker must be a cook who cannot be fired. Therefore let songs of praise and thanksgiving ring forth from every housetop, for the problem of the itinerant domestic has been solved.—New York Tribune.

Good Talker.

Mr. J. S. Farmer, traveling representative of the Biblical Recorder of Raleigh, came in Wednesday evening and spent today here in the interest of the paper. He made an interesting talk in the prayer meeting at the Baptist church last night that gave much pleasure to those present.

Back From Missouri.

Mr. Richard Wingate, of Contentnea township, who recently went on a prospecting trip to Missouri, returned a few days ago. He says Missouri is a rich, productive state, but that land and wages are both so high there that a farmer has much better prospects of making money right here in Pitt county.

Loneliness in Country and Town.

When a person of country "raising" first moves into a big apartment house it is something of a shock to find that there are no neighbors, in the country sense of the word. They are just the people who live above and below and around one—nothing more. Let the woman who thinks the country lonesome imagine her days spent in one of those flats that merely give view of roofs and water tanks, with perhaps, a little patch of sky; hurrying feet all about, but none to "neighbor" with. The only birds are the pugnacious city sparrows, who seem no more like real country birds than the Park Row gaming resembles a whole some farm child; the poor tree shed their leaves early, or make abortive efforts to bloom twice a year, as though they didn't know how a real out-of-doors tree should behave.

There is a vast difference between the loneliness of Mother Nature and the city isolation that surrounds us with an ocean of unseeing or unfriendly faces. If your lot is cast in the quiet country, it is well to remember that, after all, loneliness is a purely relative term; an isolated home may be full of love and kindness, while the thickly populated city is to many a hungry soul a solitude.—Rural New Yorker.

The ladies who are coming in from the country now to do their shopping would appreciate finding that rest room.

With cotton bringing around 12 1/2 to 13 cents, those who sold in advance from 10 to 11 can see what they missed.

Weliman is about to give up his expedition to hunt for the North Pole. Perhaps it is well enough for him to do so.

Son-in-law Nick is having something to say for dady-in-law Teddy, but we expect the latter will use his own stick and not leave it for Nick to carry.

Wilmington has begun making such mutterings over her saloon evils that we expect ere long the city will rise up and thrust them out. It is not easy for a barber-keeper to see his finish.

It does look like Secretary Cortelyou would stop lying about those campaign contributions, when the country has become convinced that Judge Parker told the truth about them.

The railroads berate North Carolina for being "a poor State," yet they cannot furnish enough equipment to handle the business this State gives them. Must be a lie out somewhere.

The funniest thing yet is this sent out from Washington:

"Unless reports are greatly exaggerated the North Carolina directors of the Southern railroad never retire at night without looking under the bed for Editor Josephus Daniels, of the Raleigh News and Observer."

That's a good joke. But then Editor Daniels is not going under the bed. He comes out in the open and fights, and fights for what he believes to be right. You can't down Josephus Daniels, but there's no back-door about the News and Observer.

North Carolina editors who have been denouncing the laxity of our divorce laws will do well to train their guns away from the Chicago and Dakota divorce courts for a while. The mill got busy in Rowan this week and five divorces were granted, in every instance infidelity being the cause for action. As it is in Rowan so it is in all the more populous counties of the State.—Salisbury Post.

We have a mighty State and a glorious people—none better—but North Carolina editors do not need to go abroad to find evils on which to train their guns, although all of us are too prone to look elsewhere than at home in such matters. Not only is the marriage bond lightly regarded, but homicide has become alarmingly common and other offences have increased in proportion to population, in some instances in advance of the increase in population.—Statesville Landmark.

HISTORIC NORTH CAROLINA.

Theodosia Burr's Portrait and the Mystery of Her Death.
The North Carolina State Historical exhibit, but recently installed in the History building at the same town exposition, forms one of the most interesting and valuable collections of its kind at the Tercentennial and reflects great credit upon the state and those individuals who are responsible for its presence. The exhibit, which is placed under the auspices of the Wachovia Historical society, a Moravian organization of Winston-Salem, N. C., is under the direction of Miss Lindsay Patterson, chairman of the committee; Miss Schenck of Greensboro, Miss Mary Hinton of Raleigh and J. A. Linbach of the Wachovia Historical society.

The Moravian exhibit is a most interesting collection of the handicraft and genius of the people of that denomination who settled in North Carolina in the early part of the eighteenth century and demonstrates their wonderful ingenuity. Among the relics of this exhibit is the first fire engine imported in this country; also one of the first printing presses, which was captured later by Cornwallis and used in the printing of his orders. Pottery, beadwork and pewter ware form an important part of the collection, which is exhibited for the first time outside of the State of North Carolina.

The state exhibit, which covers the entire early history of North Carolina from its beginning through the year of 1812, is replete with portraits of presidents, governors and statesmen who have been produced from within her borders; also famous documents, letters and other rare items from many of the old families of the state.

Relics from the famous battles of Guilford Court House and Morse Creek bridge also form part of the exhibit. The portraits are among the most interesting of the exhibit, consisting of the noted John White collection of Indian pictures presented by Colonel B. H. Cameron, the portraits of President Jackson, Pope and Johnson, two of Reynolds' portraits and a famous portrait of Theodosia Burr by an unknown artist.

The portrait of Theodosia Burr, daughter of Aaron Burr, the saddest and most romantic character in American history, has a history too remarkable to pass over without some mention. Theodosia Burr (Mrs. Alston, wife of Governor Alston of North Carolina) set sail from Georgetown, N. C., to meet her father, Aaron Burr, in New York upon his arrival from Europe. The ship she sailed in was lost at sea, and nothing was ever known of the fate of this beautiful woman until recently, when the picture which now forms part of the history exhibit at the exposition was found in the possession of an old woman whose remarkable story proves without a doubt that Theodosia came to her death at the hands of pirates. The portrait was found in the shanty of a very old woman at Nags Head, N. C., who told the story of how a piratical crew lured ships on to the shallows by false lights, benefiting by the resulting wrecks. The painting found in her possession was given her by one of the pirates as his share of the booty taken from a ship that was without a doubt the one on which Theodosia Burr set sail never to be heard of again.

The collection of silver services presented by some of the most noted families of the state also adds greatly to the value of the collection. The exhibit in its entirety is one of the handsomest and best chosen which have been installed at the exposition and must be seen to be appreciated.

Going Out on Strikes.
"I do not think there's any excuse for a man going out on strikes," remarked a large, smiling young man on an Eddy street car.
"Uh-huh," observed a passenger.
"That's one of your bloomin' capitalists. That's their talk."
"When he can't reach 'em," resumed the large young man, "a fellow ought to let 'em pass, but when they do come his way he ought to watch his chance and lam 'em good, soak 'em for all he's worth."
"Gosh! I thought he was a capitalist, but he talks like a red eyed anarchist."

The car stopped. The large, smiling young man headed for the Olympic club.
"Wonder who that is?" queried a passenger.
"Him?" said another passenger.
"Why, that's Jack Gleason, manager of the San Francisco team."—San Francisco Chronicle.

Tattooed Dogs.
For a long time dog owners have been at a loss to know just how they could place permanent identification marks upon their pets. Dog owners are out of the question on account of the numerous petty thieves who make a specialty of leading them from dogs all over the city. An inventive Chinaman of the Peninsula, who heard of the dog's operations, has hit upon a plan which makes collars useless. His name is Len Hung, and he is an expert in tattooing. Len reads the law and found columns in the newspapers and gets in touch with the owner all over the city. He tattoos the master's initials under the dog's left ear and also any private mark that the owner desires. The marks are guaranteed to last as long as the ear or until the animal has been sent to dog heaven.—Philadelphia Record.

Kidneys
Cause more trouble than any other organ of the body. The function of the kidneys is to separate inorganic salt and water in the process of circulation, and to remove them and their attendant poisons from the body through the bladder. Therefore when the kidneys become diseased and weak they are naturally unable to perform their work properly, and pain in the back, inflammation of the bladder and urinary disorders are the result. It is imperative that a prompt relief be afforded, which is impossible unless you remove the cause.
DeWitt's Kidney and Bladder Pills promptly eliminate poisons from the system and at the same time make the kidneys well and strong.
For Weak Kidneys, Backache, inflammation of the bladder and all urinary troubles DeWitt's Kidney and Bladder Pills are unsurpassed.

PANACEA MINERAL WATER CURES.

Read one among a hundreds of such testimonials. "I have suffered with NERVOUS Dypepria for past 10 years and have received more beneficial and lasting results from the use of PANACEA MINERAL WATER than from any other remedy of the many I have had prescribed for me. It gives me great pleasure to testify to its marvelous results in my own case and many others I have personally observed."

I will mail you free, to prove merit samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart or The Kidneys. Troubles of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—mean Stomach weakness, always. And the Heart, and Kidneys as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves". Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write to-day for sample and free Book. Dr. Shoop, Racine, Wis. The Restorative is sold by Bryans Drug Store

The wise man looked not at the thermometer during July and August.

When you feel the need of a pill take DeWitt's Little Early Riser. Small, safe pill, sure pill. Easy to take, pleasant and effective. Drives away headaches. Sold by John L. Wooten's drug store

You can never make another noise with the cracker that has been exploded.

A prompt, pleasant, good remedy for coughs and colds, is Kennedy's Laxative Cough Syrup. It is especially recommended for babies and children, but good for every member of the family. It contains no opiates and does not constipate. Contains honey and tar and tastes nearly as good as maple syrup. Children like it. Sold by John L. Wooten's Drug Store.

Some bargains are expensive.

Get a free sample of Dr. Shoop's "Health Coffee" at our store. If real coffee disturbs your Stomach, your Heart or Kidneys, then try this clever Coffee imitation. Dr. Shoop has closely matched Old Java and Mocha Coffee in flavor and taste, yet it has not a single grain of real Coffee in it. Dr. Shoop's Health Coffee Imitation is made from pure toasted grains or cereals, with Malt, Nuts, etc. Made in a minute. No tedious wait. You will surely like it. Sold by T. E. Hooker & Co

Politics sometime makes strange cellmates.

All stomach trouble are quickly relieved by taking a little Kodol after each meal. Kodol goes directly to the seat of the trouble, strengthens the digestive organs, supplies the natural digestive juices and digests what you eat. It is a simple, clean, pure, harmless remedy. Don't neglect your stomach. Take a little Kodol after each meal and see how good it makes you feel. Money back if it fails. Sold by John L. Wooten.

Worry never completed a task worth while.

Bert Barber, of Elton, Wis., says "I have only taken four doses of your Kidney and Bladder Pills and they have done for me more than any other medicine has ever done. I am still taking the pills as I want a perfect cure." Mr. Barber refers to DeWitt's Kidney and Bladder Pills, which are unequalled for Backache, weak kidneys, inflammation of the bladder and all urinary troubles. A weeks treatment for 25c. Sold by J. L. Wooten's Drug Store.

The vacation earned is the vacation enjoyed.

There is no case of indigestion, no matter how irritable or how obstinate that will not be speedily relieved by the of Kodol. The main factor in curing the stomach of any disorder is rest, and the only way to get rest is to actually digest the food for the stomach itself. Kodol will do it. It is a scientific preparation of vegetable acids containing the very same juices found in healthy stomach. It conforms to the Pure Food and Drugs Law. Sold by John L. Wooten.

The pies are just as good as ever—your "taster" is out of whack.

For scratches, burns, cuts, insect bites and the many little hurts common to every family, DeWitt's Carbolized Witch Hazel Salve is the best remedy. It is soothing, cooling, clean and healing. Be sure you get DeWitt's. Sold by J. L. Wooten's Drug Store.

The vacation we miss is the one we would have enjoyed the most.

Deafness Cannot be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.
We will give One hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh cure. Send for circulars, free.

PARKER FOUNTAIN PEN

The Reflector Book Store, which is sole agent in Greenville for the Parker Fountain Pen, is going to give away one of these famous Pens, absolutely free, to the person who guesses exactly or nearest to the number of pounds of tobacco sold on the warehouse floors of the Greenville market during the month of September.

The only condition in this guessing contest is that you come to the Reflector Book Store in person and write your name and guess, with a Parker Fountain Pen, on a list prepared for the guesses. If you have not a Parker pen of your own one will be loaned you with which to write your name and guess. The guessing will close at 9 o'clock p. m. Saturday, Sept 20th.

When Mr. C. W. Harvey, secretary of the Tobacco Board of Trade gives out the figures of the sales for September, the person who has guessed exactly or nearest to the right figure can call at Reflector Book Store and take his choice of pens from the 6 dozen case on display. The prices of these pens are from \$1. to \$6. and the lucky guesser can take his choice absolutely free.

For the information of guessers Secretary Harvey has furnished us the figures of the tobacco sales for the month of September for the last four years, which are as follows

September 1903	1,685,511
September 1904	1,916,468
September 1905	2,841,726
September 1906	2,839,660

Now get to guessing how much tobacco will be sold this September and win a

Parker Fountain Pen

Come in any time and let us talk it over with you and show you these excellent pens

Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. But I can now surely kill the pains and pangs of this deplorable disease.
In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, it uniformly cures all curable cases of this heretofore much dreaded disease. These sand-like granular wastes, found in Rheumatic blood seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend

Dr. Shoop's Rheumatic Remedy

Two Dyspeptics

If you are too fat it is because your food turns to fat instead of muscle—strength. If you are too lean the fat producing foods that you eat are not properly digested and assimilated.

Lean, thin, stringy people do not have enough Pepsin in the stomach, while fat people have too much Pepsin and not enough Pancreatin.

Kodol Dyspepsia Cure

contains all the digestive juices that are found in a healthy stomach, and in exactly those proportions necessary to enable the stomach and digestive organs to digest and assimilate all foods that may be eaten. Kodol is not only a perfect digestant, but it is a reconstructive, tissue building tonic as well. Kodol cures Indigestion, Dyspepsia, Sour Stomach, Heartburn, Palpitation of the Heart and Constipation. You will like it.

Digests What You Eat

Rests the stomach, rebuilds the tissues and gives firm flesh.

Dollar bottle holds 2 1/2 times as much as the trial, or 50-cent size. Prepared at the Lab. of Dr. Shoop & Co., Chicago, U.S.A.

The Greatest Indian Organizer.

Pontiac exemplified at once the best and the worst traits of the American Indian. He seemed not to have been so great a warrior as Osceola or as able a general in the field as Cornstalk or so unselfish a patriot as Tecumseh, but as an organizer among a people with whom organization is almost impossible and as a master of the treacherous statecraft of his race he probably surpassed them all. As soon as his death was known the French governor at St. Louis sent for his body and buried it with full martial honors near the fort. "For a mausoleum," Parkman finely says, "a great city has arisen above the forest here, and the race whom he hated with such burning rancor trample with unceasing footsteps over his forgotten grave."—New York Globe.

Were Superstitious Too.

A woman who takes her superstitions seriously started to enter a big department store one morning last week when she noticed a porter on a tall stepladder that stretched directly across the doorway. In spite of the fact that there were five women behind her eager to pass into the shop she came to a sudden halt, looked up at the ladder and cried out, "Oh, I'll never walk under that!" saying which she turned and strode away. Before she had gone far her sense of humor rose superior to her fear of ladders, and she looked to see if her remark had had any effect on those who had been within sound of her voice. Walking directly behind her were the five women who had heard her exclamation.—New York Press.
