Newsp Notes From a Hustling Town Briefly Told

Ayden N. C. Oct. 12, 1907.

Mrs. J. E. McLawhorn, of Greene county, and Mrs. Daisy Speight, of Graingers, have been visiting the family of W. L. McLawhorn this week.

Some 10 or 15 persons from here attended the Red Men's pow-wow at Greenville Thursday night.

W. G. Smith and Clayton Turnage have been to Washington this week.

Mr. and Mrs. Ben Smith, Mrs. C. C. Bland and Mrs. C. L. Patrick are away in attendance upon the Primitive Baptist Association this week, at Elm City.

Amos Tyson, of Goldsboro, is here on a visit to his mother.

Harry Skinner, of Greenville, was here Friday on professional business in a J. P.'s court.

Jesse Cannon, Rev. R. H. Jones, William Forest and wife and J. S. Hines left yesterday to attend the Disciple convention now in session at Norfolk.

There was a large number of bales of cotton sold on this market yesterday.

Thad Hart has been to Coxville.

The Pythians at their next regular meeting, Wednesday evening, anticipate a fine oyster supper, squirrel on toast and many other attractive features.

W. L. Browning, book keeper for the J. R. Smith Co after an absence of several weeks at his home in Martin county, confined with fever, has recovered and is again at his post. His friends are all glad to see him for he is an unusually popular young man.

R. W. Smith and W. F. Hart have purchased the Pitch Kettle Seine Beach and will put it in thorough condition. They will raise the beach and widen the channel so as to operate a seine near 200 yards next season.

Rev. R. H. Jones has resigned as pastor of the Ayden Christian church to take effect 3rd Sunday in October. He goes from here with the best wishes of all who know him.

W. T. Hart and wife are off to Kinston on pleasure and business.

The firm of Hart & Cox of this place have mutually retired from business, selling out their stock of feed.

That portion of our town from Cannon & Tysons to the bank now is all occupied and seems like old times. When Smith & Bro., Mr. Davis and others were over there. This is a good section for business as in town.

Picnics.

A number of little folks went over to House station on the morning train to have a picnic today. Another party had a picnic in the park at Greenville Heights. It was a beautiful day for such outings.

Quarterly Meeting.

Rev. H. Bell, D. P. E. of the Washington District, will hold his fourth quarterly meeting this coming Sunday, Oct. 13th, 1907, at the A. M. E. Zion church of this town. All members and friends of this church are earnestly asked to attend sometime during the day. All are invited to come.

Rev. R. Henry Sawyer, Jr. Pastor

Weather.

Fair tonight and Sunday, cold or tonight with frost in exposed places. Colder Sunday in eastern portion.

TEACHERS ASSOCIATION.

First Meeting of New School Year.

The weather was ideal for the Teachers' Association today and more than one hundred were present.

After the devotional exercises by Prof. Cole, of Grifton, Gov. Jarvis, of Greenville, was presented by Prof. Ragsdale. The governor was feeling well and gave a most excellent address. He referred to the great calling of the teacher by saying that great generals and admirals go down in history because of the power displayed by the armies they command. A greater power than these are the church and school house. The foundation of the great conference at Hague was brought about by the influence of the teachers and missionaries. Men and women do not accomplish much unless they have enthusiasm for their work. The future of Pitt county depends upon the great teaching force in it and the enthusiasm with which they shall do their work.

Governors and judges are what we make them. Under a democracy it is necessary to train sovereign power which rests within the people and this reaches the governors and judges.

In 1882 the Supreme court of North Carolina decided that there should be a limit to taxation levied for school purposes regardless of the provision in the constitution for a four months school term. Only a few days ago the Supreme Court reversed the decision and said that enough taxes should be levied by the commissioners to support a four months term, thus showing the effect of the educational sentiment in our State upon our courts. The man or the woman who is not in the profession because of the deep interest which they should have, ought to get out.

After several short talks by the teachers the committee reported the following officers for next year:

H. B. Smith, Greenville, President.

W. H. Cale, Grifton, Vice President.

Miss Elizabeth Boashall, Winterville, Secretary.

Miss Randolph Archer, Falkland, Reporter.

Mistakes of the Past.

The old method of cutting down forests and piling into log heaps and burning valuable timber, just to get fresh land to skim over and then turn out, has cost the country many millions dollars. It is estimated that the timber burned in log heaps on one plantation in this country, the W. B. Marsh plantation would net more money now in original forests than all the profits realized from the cultivation of the land in a life time. And the same thing is true of hundreds of other farms in the country. If the owners could have seen the future as it would be, they could have cultivated just enough land to make a living, adopting a system of improvement of the few acres cultivated, the original forests would now net them more money than they realized from their many years of hard labor in carrying into practice the old cutdown wear-out methods—Our Home.

February 30, 1904.

Did you ever hear of a February 30? The Marine Journal says: On a ship voyaging across the Pacific ocean at the end of February, 1904, a leap year, an inquisitive passenger found a menu dated February 30. At first he thought he had come across a typographical error, but had to change his opinion. The dinner was given on the Siberia while crossing from Yokohama to San Francisco. A day is gained between Japan and America, and as the event happened on this occasion at the end of February, leap year, the date of February, 30 was right.

Mr. McMath will be 92 years old next December and Mrs. Lindley will be 94 next May. Both of them are remarkably well preserved, and we hope may live several years longer. Mrs. Lindley is the mother of our good old friend Manly Lindley, who is over 70 years old.—Pittsboro Record.

The Norfolk & Southern railroad will run excursions to Raleigh two days next week during the state fair.

Quite a number of teachers from here attended the teachers' association at Greenville today.

Sight of Telegram Too Much For Negroes, Who Drops Dead

Winston-Salem, Oct. 11.—Excited at the sight of a telegram being delivered to her by one of the local messenger boys, a negro woman named Banks dropped dead at her home on Liden street yesterday afternoon at 1 o'clock. It was at first thought that the woman had only fainted and a physician was hurriedly summoned. Dr. Hall, colored, was called in and made an examination. The woman was dead when he arrived. He pronounced her death due to heart trouble, which was doubtless produced by the sight of the telegram. The woman had been ill for several days and it is thought that this was the cause of the complete collapse at the sight of the telegram. The messenger boy was terribly frightened when the woman fell to the floor and rushed out after a physician.

Stray Taken Up.

About August 1st there took up with my stock a male hog, weighing 50 or 60 pounds, unmarked, body white with black rump and head. I now have this hog taken up and held for owner who can get same by proving property and paying charges. This Oct. 10th, 1907.

Mrs. Cassie Chadwick died Thursday night in the penitentiary at Columbus, Ohio, where she was a prisoner for bank wrecking. The shroud should now be drawn around her faults and let her be forgotten.

They are giving the woman credit for the recent prohibitory victory in Asheville. Women are responsible for most of the good things that come around.

The Mount Olive Tribune has done itself proud in a handsome 40-page industrial and historical issue in magazine form. It is a creditable paper, filled with interesting matter and illustrations showing the progress and advantages of Mt. Olive, Goldsboro and Wayne county.

Frequently a special term of court is ordered to be held in some county in the State. And it is not unusual for the holding of a regular court to be missed because of the judge being sick. To meet emergencies that arise under such conditions the State could not do better than elect an extra judge whose duty it shall be to hold the special terms of court and also take the place of any judge who may be sick, so that no courts may be missed.

One only has to talk among the farmers to learn that the Farmers Consolidated Tobacco Company continues to grow in popularity. The farmer who through a bit of prejudice on his own part, or misrepresentation on the part of others, stands aloof and refuses to co-operate with the company, is simply not awake to his best interest. As long as the farmer is at the mercy of the buyer of his products so far as price is concerned, just so long will he play the small end of the game. Organization is the only means through which the farmer can be independent and control the price of his own products. The manipulations of the cotton market against him is a striking proof of this. The Farmers Consolidated Tobacco Company offers the opportunity of being in control of at least one of his products. It carries on its own business and the profits arising from it go back into the pockets of those who grow the product.

The old lady has struck it rich and struck it right, at last Mrs. Carrie Nation is now the "leading woman" of a theatrical company touring the West in a play called "Ten Nights in a Bar Room" and that was first put on when Noah found a spot of ground dry enough to accommodate the play and the audience. The star gets \$200 a week which is no doubt sufficient to overcome her prejudices against the wickedness of the stage. But we must give her her due. With the money she makes she proposes to establish a Keeley shop in Washington where the unfortunately may be made over at small cost. - Charlotte Chronicle.

Bert Barber, of Elton, Wis., says "I have only taken four doses of your DeWitt's Little Early-Riser and they have done more for me than any other medicine I have ever used. The End of the Earth.
 The ancient Persians believed in the renovation of the earth. A comet in the course of its revolutions will strike the earth and set it on fire. Rivers of molten metals will float down the mountains and deluge the valleys. All men must pass through these streams. The good will find them like baths of milk. The evil will find them like torrents of lava, but they will be purified thereby and finally will join the good upon the new earth and sing praises to the eternal source of all. This belief was held also among the American Indians and the Hindoos. The Egyptians believed the earth would be destroyed by fire and water. The Chaldeans said that when all the planets met in the sign of Capricorn the earth would be overwhelmed with a deluge of water, and whenever they all met in Cancer it would be consumed by fire.

No Distinguishing Marks.
 "Were there any marks about him by which he could be described?" asked the detective.
 "Yes," eagerly replied the father of the runaway boy, "his trousers were nearly worn through at the knees, and he had in one of his pockets, as I heard my wife say a day or two ago, a knife with a broken blade, a pistol cartridge that had been fired off, a match, some of the wheels of an old watch, a leather shoestring, a broken key, a bunch of twine, two or three white pebbles, a piece of lead, some buttons from the last bicycle show, a stump of a lead pencil and a bit of red chalk."
 And the detective wrote in his memorandum book, "No distinguishing marks."

How the Lantern Was Invented.
 King Alfred the Great is credited with originating the lantern. He was so bothered by the candle flames blowing in the wind that he protected them by putting the candles in cow horns, which he ordered to be scraped thin. Our grandfathers made lanterns by punching holes and slits in properly shaped pieces of tin, which were then soldered together. The light which came through the little cuts was always very dim and flickering. It was this kind of lantern which the old town watchmen used to carry when they went about calling the hours and the weather in rhyme:
 "This one o' the clock; midnight is past.
 Sleep on, good friends, the time thou hast,
 For rise ye must at early dawn."
 "This one o' the clock and Tuesday morn."

Talking Shop.
 "How about the stovepipe joke?" inquired the first humorist.
 "I didn't have the nerve to take it down this year," responded the second gloom dispeller.
 "What of the automobile joke?"
 "I'm working on the new models now."
 "And the bathing suit joke?"
 "More abbreviated than ever this season."
 "How about the appendix joke?"
 "Ah, cut it out!" - Louisville Courier-Journal.

Cough Caution
 Never, positively never poison your lungs. If you cough—stop from a simple cold only—you should always keep your throat and chest clear of all irritants. Don't blindly suppress it with a stupefying poison. It's strange how some things finally come about. For twenty years Dr. Shoop has constantly warned people not to take cough mixtures or prescriptions containing Opium, Chloroform, or similar poisons. And now—a little late though—Congress says "Put it on the label." Poisons are in your Cough Mixture. Good! Very good! Hereafter for every reason, mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must be law by the label. And it's not only safe, but it is said to be the best that ever was. A truly remarkable cough remedy. Take a chance then, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop packages with others and note the difference. No poison marks there! You can always be on the safe side by demanding

 For scratches, burns, cuts, insect bites and the many little hurts common to every family, DeWitt's Carbolyzed Witch Hazel Salve is the best remedy. It is soothing, cooling, clean and healing. Be sure you get DeWitt's. Sold by J. L. Wooten's Drug Store.

Deafness Cannot be Cured
 by local applications, as they cannot reach the diseased part of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.
 We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, F. J. GENEVY & CO., Toledo, O. Sold by Druggists, 75c. Make Hall's Family Pills for constipation.

I will mail you free, to prove merit samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart or The Kidneys. Troubles of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—mean Stomach weakness, always. And the Heart, and Kidneys as well, have their controlling or inside nerves. Weaker these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves". Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write to-day for sample and free Book. Dr. Shoop, Racine, Wis. The Restorative is sold by Bryans Drug Store.

 There is no case of indigestion, no matter how irritable or how obstinate that will not be speedily relieved by one of Kodol. The main factor in curing the stomach of any disorder is rest, and the only way to get rest is to actually digest the food for the stomach itself. Kodol will do it. It is a scientific preparation of vegetable acids containing the very same juices found in healthy stomach. It conforms to the Pure Food and Drugs Law. Sold by John L. Wooten.

TO MY FRIENDS.

Having been away for several months I wish to announce to my friends and patrons of the "empire" of Pitt that I am still connected with the firm of Chas. M. Stoff, and if bachelors are allowed to misuse the happy term home as a synonym for a "hanging out place" I still call Greenville my home, and while I intend to be away from Greenville a great deal of my time during this fall a postal card of box 325, Greenville, will reach me within a day or two. We now have a number of slightly used upright pianos, some of which have been rented during the summer months, others which were temporarily used by artists at the exposition and for orchestral work, at bargain prices.

We also offer a special school piano for \$225.00 fully measuring up in standard to any \$350.00 instrument. This piano is especially built for college and school work for the special price named above and is fully guaranteed by my firm for 10 years. Those interested in a school piano or in a good slightly used piano for the home should write me at once and will profit by it, and as ever I am always mindful of my patrons' protection and interest as well as my firm's interest. Grateful of past patronage. Very respectfully,
G. C. JOYNER,
Box 325 Greenville, N. C.

THE new Fall overcoats are certainly very snappy; you'll find your kind here. It is hardly necessary to say that Hart Schaffner & Marx clothes are always all-wool; you get no cotton mixture stuff under that name.
