## THE CHAMBER OF COMMERCE.

### MR. F. M. WOOTEN GIVES SOME GOOD REASONS WHY.

#### Wake Up, Mr. Business Man, and Listen. Are You Doing Your Duty to Yourself and Greenville?

In the interest of the Greenville Chamber of Commerce:

Why have the town of Greenville? The question seems absurd, there are so many reasons for its existence and all of us agree on one reason, that order may be preserved and personal and property rights protected to all who are in its boundaries.

Why have a Chamber of Commerce? To answer by analogy, for the same reason that a man has a wife or a woman has a husband, that each may have a help meet—to increase—the property and personal property and good order of the other, and to live for the other. And just so can a Chamber of Commerce increase the town, its property, its prosperity and good order and eliminate selfishness. No unselfish or even selfish man can deny these conclusions. Therefore it is the duty of every man in the community to make some sacrifice to maintain and promote the strength and usefulness of the Greenville Chamber of Commerce. The sacrifice is only temporary for every man will gain some benefit arising from an aggressive and well supported community building organization that every man in every business has an interest.

So I say to you that it is the duty of every man who has a particle of personal or property interest in this community to attend the meeting of the Greenville Chamber of Commerce to be held Friday night, and to contribute his time, thought and experience to its maintenance and usefulness; and every other meeting to be held by it in the future. There are other business organizations in the community having for these purposes the upbuilding of particular interest, but their interests do no conflict with the interest of the Chamber of Commerce, but do work together. Instead of yielding to a disposition to stand out and criticize. Come into the organization and put forth your efforts to correct the wrong which think exist.

Frank Wooten.

#### Great Times Ahead.

Greenville is to have some lively times for the next few weeks. The first attraction is a merry-go-round that is now setting up for business. On the 21st a criminal term of Superior court will begin, and on the same date a carnival will open for a week. Then on the 2nd of October we are to have Cole's Circus. In the midst of other things the graded school will open on the 24th inst. Who says there will not be something doing?

#### Be on Hand.

Every tobacco man, every merchant, every professional man, every business man, every working man, and everybody else who is interested in Greenville's prosperity, is invited to meet at the court house Friday night at 8 o'clock. Show your interest by your presence.

#### Republican Convention.

The Republicans will hold township meetings on Saturday, 12th, to select delegates to a county convention to be held in Greenville on Saturday 19.

## Select Officers for Their Ability.

### EDITOR REFLECTOR:

We heartily endorse what was said in Tuesday's issue of your paper, in the article signed "V." It will be a sad day when officers and representatives of the people who are to serve the interest of the public, are to be chosen with out respect to fitness. There will be no inducement to any one to give good service if he has got to get out after two terms, and an officer giving poor service has the same two terms as the one giving good service. If this shall be the rule it will be to the interest of every person elected to office to give the cheapest and poorest service possible, and thereby get all he can out of the office for the time he holds it.

Again, if the two-term argument is to hold, then every voter has as much right as any other voter to hold office, and we had better at once adopt a lottery plan, or let each voter draw straws for the office. This is true if efficiency is to count for nothing.

It is currently reported that the letter which appeared in your paper Monday advocating the theory above referred to, was signed by several Republicans, some who have been recommended by the Republican party of Pitt county, and appointed as Republican poll holders. We are sure that the Democrats who signed the article did not know that it was to be signed by Republicans also. Of course, every Republican wishing the success of his own party, wants to see every good, faithful and efficient Democrat office holder defeated in the Democratic primary.

Efficient service in office and faithful work for the Democratic party when not in office, has always here to fore counted for promotion in our party, and whenever this ancient policy shall be forsaken and abandoned by Democrats, then we need not longer expect men to give their best service to the party, and even sacrifice their business interest for its success.

We believe the better theory is, that a man before he claims the right to office at the hands of the Democratic party, should not only show fitness and qualification but also loyal service to the Democratic party.

## Republican County Convention and Public Speaking.

Pursuant to the action of the Republican county executive committee, held in the town of Greenville, on August 22nd, 1908, the Republican convention for the county of Pitt is hereby called to meet in the court house of Greenville, on Saturday, Sept. 19, 1908 for the purpose of nominating candidates for the various county offices of Pitt county.

To this convention, all citizens of Pitt county who favor local self-government, and are opposed to the issuance of county bonds without first submitting them to the people, and who favor the location and construction of a county home commensurate with the Christian and civilized spirit of the age, and all persons who favor retrenchment and reform in the management of our county affairs, and who expect to vote the National and State Republican ticket, are requested to attend this convention, and will be recognized as delegates thereto.

Hon. Thomas Settle and Dr. Cyrus W. Thompson have been invited, and one or both of them is expected to be present and address the convention. To this speaking the public generally is cordially invited.

### Running a Newspaper.

Running a newspaper is just like running a hotel, only different. When a man goes into a hotel and finds something on the table which does not suit him, he does not raise hives with the landlord and tell him to stop his old hotel. Well hardly. He sets the dish to one side and wades into the many dishes that suit him. It is different with some newspaper readers. They find an article occasionally that does not exactly suit them and without stooping to think it may please hundreds of other readers, make a grand stand play and tell the editor how a paper should be run, and what should be put in it. But such people are becoming fewer every year.—The Enfield Progress.

### Carried Bullet 46 Years.

Winston-Salem, N. C., Sept. 9.—After carrying an ounce ball in his right leg for 46 years Mr. M. T. Mitchel, a leading citizen of Stokes county, reports that it worked itself out yesterday. He served in the civil war as a member of Co. H, 22nd North Carolina regiment, and was wounded during the battle of Seven Pines, May 27, 1862. Mr. Mitchel says he frequently suffered immense pain ever since the ball was fired into his leg.

### Train Has Narrow Escape.

Tuesday afternoon the Coast Line freight came very near getting into serious trouble just this side of Ayden. Some miscreant had placed a piece of timber like a log standard on the track, probably with the intention of doing mischief. Capt. Turrentine was at the throttle and as the obstruction was run upon in day light, he was able to stop his engine and save the train, thus narrowly escaping an accident.

### Meekins Nominated for Congress.

The Republican convention of this district, held in Washington Wednesday, nominated Isaac M. Meekins, of Elizabeth City, as their candidate for congress.

## GENERAL NEWS.

### Happenings in Various Parts of the World.

Washington, D. C. Sept. 9.—A total of 397,924 bales of cotton ginned from the growth of 1908 to September 1, and 6,631 active ginneries are announced in the census report on cotton issued today.

Sioux Falls, S. D., Sept. 9.—W. D. Boyce, a Chicago millionaire newspaper man, owner of the Saturday Blade, was granted divorce to-day. His contention was that his rise from a poor man to affluence turned his wife's head. She entered social life and no longer paid any attention to him.

### This Year's Cotton.

The government's September cotton report in 1906, the year of the record-breaking 13,305,000-bale crop, showed a slightly better condition than the equivalent report for 1908, but it deals with an acreage 700,000 larger. Though the condition this year has undoubtedly fallen off farther since August 25, the report's latest date of observation, a crop of not under 13,500,000 bales and perhaps quite 14,000,000 seems almost assured. The abundance of labor available for picking is one of the large crop factors; it will, at the same time, render lower price more easily borne by many growers. Let no one fail to consider that even if prices are not satisfactory, so large a crop promises much for the grower and the whole South. Of unusually good quality as well as quantity, it will help the now hard-pressed spinner to fresh prosperity—a prosperity in whose absence the grower himself cannot long prosper. The least encouraging prospect for the near future seems to lie in the fact that foreign spinners, whose heavy buying at good prices held up the market last year, are now themselves victims of depression and consequently very poor buyers. Southern cotton growers have before them this fall and winter a problem decidedly difficult, but not too difficult, we hope, for their intelligence and courage.—Charlotte Observer.

### Patronize Home.

By patronizing home merchants you are rewarded by always having good enterprising merchants at home. Patronize them and they will benefit you in more ways than one.

You are rewarded by seeing your patronage and the power of your influence in building up and maintaining your own town; patronize home merchants, home industry and home enterprise of all kinds in preference to those of any other place.

Spend your money at home with people who have interest in your town. By doing this the town is kept up, property is made more valuable, conveniences are enlarged and opportunities for financial improvements are opened.—Mt. Olive Tribune.

### Registration of Music Pupils

We shall be very glad if all persons desiring to enroll for music lessons at the graded school this year will do so before the 10th. The number Miss Gaston can take is limited. The committee will be glad to employ an assistant if the patronage will justify it. Please call on or phone me at the office of the graded school.

### Never Forsake a Friend.

Whatever happens never forsake a friend. When enemies gather, when sickness falls upon the heart, when the world is dark and cheerless is the time to try true friendship. They who turn from the scenes of distress betray their hypocrisy and prove that interest only moves them. If you have a friend who loves you, who has studied your interest and happiness, be sure to sustain him in adversity. Let him feel that his love was not thrown away. Real fidelity may be rare, but it exists in the heart. They only deny its worth and power who never loved a friend or labored to make a friend happy.—Ex.

### Peculiar Accident.

Mr. J. R. Daniel, of New Hope township, met with quite a painful accident Sunday night while engaged in smoking out mosquitoes by means of gun powder. A spark from the pan of live coals popped in the powder flask causing it to explode and fearfully burning Mr. Daniel's face and hands. Fragments of the bottle hit his eight-year-old daughter cutting a gash in her forehead. His 6 year old son was also struck from the explosion, causing a gash in his throat.—Goldsboro Headlight.

THURSDAY, SEPT. 10, 1908

Orville Wright is doing some good stunts with his flying machine.

All the colleges are having the usual largest opening in their history.

Even if the Baltimore Sun is for Taft, it does not seem to be doing him much good.

A strong fight is being made against Joseph G. Cannon, of Illinois, to prevent his re-election to congress. There is no man whose defeat would give more joy to people throughout the country than Speaker Cannon.

The Durham Herald says "the eagerness of Democrats for office has about killed the primary in this State." Pretty close to the truth. We believe the present campaign has given the people of Pitt county about as much of voting primaries as they want.

It is a pity that they will not let Grover Cleveland rest in his grave. The disposition of New York Republican papers to bring out articles claiming that they were written by Mr. Cleveland just before his death, shows the desperate straits these papers have reached in their effort to make sentiment for Taft. We do not believe any honest people will give credence to the alleged Cleveland articles.

According to the Hendersonville Times, O. F. Toms, who was nominated for lieutenant governor by the republicans, on his return home says that he would rather be nominated for lieutenant governor by the Republicans than elected governor by the Democrats.—New Bern Sun.

There are plenty of others who can say the same thing. Any of us had rather see Mr. Toms nominated for lieutenant governor by the Republicans than to see him elected governor by the Democrats.

Every person feeling an interest in Greenville's advancement and prosperity should show this interest by being present at the joint meeting of the Chamber of Commerce and the Tobacco Board of Trade in the court house at 8 o'clock Friday night. Meetings like the one proposed are helpful to the community, and much good should come from this gathering of business men. Both of these organizations have already accomplished much for both the town and county, but there is yet more that can be done and ought to be done in this direction. Let no one have an excuse for not being present.

### The Savings in Good Roads.

The office of public roads in the Federal department of agriculture recently issued a bulletin showing what bad roads cost the farmers of the county. It

tells the farmers that on the unimproved roads of this country, which includes almost all of them, it cost them on the average 19 cents a mile for every ton of produce which they haul. The English and French farmers using the hard, smooth roads of those countries pay only 7 to 13 a mile for the same work. The difference in cost, which the farmers of this county had to meet for moving the harvest of 1905-6, amounted to \$12,719,278. Our farmers, therefore, get \$12,000,000 less for a single harvest than they would have received if the roads of this country were improved to the European standard of good public highways.

The very low price that is offered for new crop cotton is stirring the farmers up. They say that the holding of cotton last year was not a circumstance to the holding that will be done this year, and they are going to organize as never before.—Greensboro Headlight.

The labor organizations at Chicago didn't act Monday as if they thought Bryan was seeking to ruin the manufacturing business of the country and throw them all out of a job.—Greensboro Telegram.

If the present trend continues without serious interruption the country will make a noise like Mr. Bryan on election day.—Charlotte Observer.

### ASLEEP IN BATTLE.

Uncontrollable Desire in Situations of Great Tension.

It is not an unknown thing for a soldier to fall asleep even when ostensibly taking an active part in an action. A case in point is supplied by an interesting communication from a London surgeon who served in South Africa. He writes:

Any one who has seen men in situations of great tension knows that some of them—in fact, a small minority of them—may be overcome by an uncontrollable desire to sleep. It affects some men more than others. At Honning spruit, June, 1900, the writer happened to be the only surgeon on the spot when Colonel Bullock was attacked for about nine hours by a Boer force double his own in numbers better armed and assisted by artillery. We were without this invaluable assistance. The Boers failed to take the post.

During the attack the writer visited a trench in which one man was badly hit and another was lying apparently dead, except that he had not the color of a man killed in action. The writer turned him over to get a better look at him and found the man had been sound asleep, and this was not the only case of sleeping that day.

Colonel Bullock's force was called upon to repel an attack at about 7 a. m. on empty stomachs, were obliged to lie face downward in shallow trenches and endure the shell and rifle fire from all but invisible foes, and in the sun, after a sleepless night of travel in railway trucks, a few of them went to sleep. The main cause, the writer believes, was the tension of the situation in the absence of active physical exertion.

The writer felt the same desire for sleep, but active employment kept him awake. The wounded, except the most severely wounded, soon succumbed to the beautiful action of this natural anaesthetic.—British Medical Journal.

### Law Against Teeth and Hair.

"There was a law once against false teeth," said the antiquary, flashing his superb set in a wide smile. "Yes, and if your wife wore false teeth or hair you could divorce her."

He took down a curious old book to prove his statement and read the following from a British act of parliament of 1870:

"That all women, of whatever age, rank, profession or degree, whether virgins, maids or widows, that shall from after the passing of this act impure, reduce or betray into matrimony any of his majesty's male subjects by scents, paints, cosmetics, washes, artificial teeth, false hair, Spanish wool, iron stays, hoops or high heeled shoes shall incur the penalty of the laws now in force against witchcraft, sorcery and such like misdemeanors, and that the marriage, upon conviction, shall stand null and void."

### VOTE FOR THE NEW CANDIDATES.

Pitt County Democrats Should Do Away With Third Terms.

Rally! Boys! Rally!  
To the grand old Democratic flag, and let the majority of the Democratic voters be compensated for the noble work, in harmony which was so faithfully carried out in our first primary for the support of our many friends. Now we realize that all can not hold an office. And we do not think it just for one to hold office more than two terms, and we do not approve of any more third term doctrine.

Not that we think any the less of the present office holders who have made officers that have faithfully performed their duties, and men against whom there is not a word of complaint. Now we appeal to the voters to cast their votes for the new men on Saturday, the 12th day of September. There being only eight hundred and fifty two votes out of two thousand five hundred and forty six cast for L. W. Tucker, and five hundred and thirty five out of two thousand three hundred and fifty two cast for Williams, eight hundred and three out of two thousand three hundred and ninety eight cast for S. T. White.

Therefore we the undersigned Democratic voters, do hereby appeal to the better judgment of the voters of old Pitt, and ask them to vote for the new candidates on second primary, September the 12th, 1908, which are as follows: S. I. Dudley for sheriff, W. M. Moore for register of deeds, W. B. Wilson, for treasurer.

# The Farmers Consolidated Tob Co.

(HOME OFFICE, GREENVILLE, N. C.)

WILL OPERATE WAREHOUSES THE COMING SEASON AT  
Greenville, Robersonville, Wilson, Kinston

It is the experience of every stockholder in this company that he never made a better investment, for the five years of its operations the original stockholders have been paid 113 1-2 per cent in cash dividends. That is the result of co-operation, good management and sound business methods.

Again it is the experience of every farmer who has sold his tobacco at the warehouses of this company that he received higher prices than other houses could obtain. For the coming season the company is prepared to even surpass the fine record it has made in the past, hence it is to the interest of the farmers to sell their tobacco with this company.

## THE GUM WAREHOUSE

on the Greenville market, will this season be in charge of that prince of warehousemen, Capt. J. R. Hutchinson, formerly of Wilson, whom you have only to try to be convinced of his ability to please you.

## THE STAR WAREHOUSE

The warehouses at Robersonville, Wilson and Kinston will be under capable and efficient managers who will carefully guard the interests of all who sell with them. The wise farmer will sell his tobacco with

## PRINTERS' BLUNDERS.

Comic Effects Frequent in the Days When Bad Copy Was the Rule.

Typographical errors that produced weird or comical effects are described by the St. Louis Republic in an article recalling the days when all of that newspaper's type was set by hand, before the introduction of typesetting machines, when the copy, instead of being typewritten, was turned over to the printer in an infinite variety of good, bad and indifferent chirography. Comparatively few of the errors were allowed to contribute to the gaiety of the subscribers, as the majority were squelched in the "house of correction," as the proofroom was facetiously termed. From a collection made by a proofreader the following instances of ridiculous misreading of copy are taken:

"His blushing bride" was transformed into "his blustering bride."

A captain was said to have "served with destruction in the Confederate army," but the writer thought he wrote "distinction."

Two pictures entitled "The Galley Slave" and "Each In Their Turn" were referred to as "The Galley I Love" and "Enoch In Shin Town." - Having in mind the influence of former citizens of the land of the shamrock upon the political destinies of the town, what more natural than that the printer man should set up an "Irish district court" where it had been the "first district court?"

Professor Frank Gecks was mentioned as having rendered "violent selections" rather than "violet selections."

Somebody was quoted as saying that "all the singing folks on the vaudeville stage have hundreds of wives," but the copy, when carefully examined, was found to read "husbands or wives" and a sensation in the theatrical world was averted.

"They sailed for three days around the cape and finally slaughtered a small Italian" was corrected to read "sighted a small island."

On one occasion the reporter wrote of certain "dwarfed and hungered children," who were made to appear perhaps more pathetic when the compositor substituted the words "doorfed and haggard."

"He takes delight in talking on his family shame" was a shameful thing to say about him, for "favorite theme" was meant.

"Red Cross Society Will Fight Corbett" was the way the typesetter transformed the copy concerning a crusade against cholera.

## The Language of the Seas.

On board ships of many different nations orders are now given in the English or American language. Every vessel that sails from a foreign port must have a captain who can talk American. A ship which called at Redondo Beach had a German captain and a Chinese crew. "How do you give your commands?" he was asked. "In English, of course," he replied. "It is the language of the seas." - Los
